INDEPENDENT AUDITORS' REPORT

To The Honorable Members of the Board of Trustees Pittsburg County Public Works Authority Crowder, Oklahoma

I have audited the accompanying financial statements of the business-type activities of the Pittsburg County Public Works Authority, Crowder, Oklahoma, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Pittsburg County Public Works Authority's basic financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statement that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the Unite States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the Pittsburg County Public Works Authority, Crowder, Oklahoma as of June 30, 2015, and the changes in financial position and cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

The Pittsburg County Public Works Authority has not presented Management's Discussion and Analysis that the Governmental Accounting Standards Board has determined is necessary to supplement, although not required to be part of, the basic financial statement. My opinion on the basic financial statements is not affected by the missing information.

In accordance with Government Auditing Standards, I have also issued my report dated October 8, 2015, on my consideration of The Pittsburg County Public Works Authority's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of my audit.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The Pittsburg County Public Works Authority (hereinafter called "The Authority") is a public trust created on June 26, 1962. The Authority was organized in accordance with Oklahoma State Statute, Title 60, Public Trust Authorities, which qualifies it for exemption from federal and state income taxes. The beneficiary of the public trust is Pittsburg County, Oklahoma. The purpose of The Authority is to provide water services to the towns of Canadian, Crowder and the surrounding vicinity.

The purposes of this trust are to institute, furnish, provide and supply to the inhabitants, owners and occupants of property, and to industrial, commercial and mercantile establishments and enterprises, located in Pittsburg County, any or all improvements, services and physical facilities for the safeguarding of public health, the protection of persons and property, and the conservation and implementation of public welfare, of such kinds and characters that the same may be an authorized or proper function of the Beneficiary of this Trust, or any component thereof, or by law made subject to the supervision of its governing body or of its officers, which said improvements, services and physical facilities may be supplementary or wholly extraneous to any such improvement, service or physical facility that presently is, or hereafter may be furnished, provided or supplied by or under the supervision of the Beneficiary, or any component thereof.

The financial statements of the Pittsburg County Public Works Authority have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The accounting policies of The Authority conform to Generally Accepted Accounting Principles (GAAP) as applicable to governmental units. The Proprietary fund applies Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict Governmental Accounting Standards Board (GASB) pronouncements, in which case, GASB prevails.

Depreciation has been calculated on each class of depreciable property using the straight-line method, with one-half year's depreciation in the year of acquisition. Estimated useful lives are as follows:

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees Pittsburg County Public Works Authority Crowder, Oklahoma

I have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the Pittsburg County Public Works Authority, Crowder, Oklahoma, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Pittsburg County Public Works Authority's basic financial statements and have issued my report thereon dated October 8, 2015 which did not include Management's Discussion and Analysis.

Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered the Pittsburg County Public Works Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Pittsburg County Public Works Authority's internal control. Accordingly, I do not express an opinion of the effectiveness of the Pittsburg County Public Works Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses, or significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Pittsburg County Public Works Authority, Crowder, Oklahoma's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of the Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Sincerely,

Ragel Orbour
