INDEPENDENT AUDITOR'S REPORT

Board of Directors Pontotoc County Rural Water District No. 8 Ada, Oklahoma

We have audited the accompanying financial statements of the business-type activities of the Pontotoc County Rural Water District No. 8 (the District), Ada, Oklahoma, as of and for the year ended December 31, 2016, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as

evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the District as of December 31, 2016, and the respective changes in financial position and cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5-8 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplemental information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 28, 2017 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting or on compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

Pontotoc County Rural Water District No. 8 Management's Discussion and Analysis December 31, 2016

Our discussion and analysis of the Rural Water District No. 8, Pontotoc County's financial performance provides an overview of the District's financial activities for the fiscal year ended December 31, 2016. Please read it in conjunction with the District's financial statements that begin on page 13.

FINANCIAL HIGHLIGHTS

- The District's total operating revenues exceeded total operating expenses by \$177,062. Overall, the District had a net income of \$182,833, and its cash and cash equivalents increased by \$262,177 in the current fiscal year.
- The District is not indebted on any loans at this time.
- Membership in the District continues to increase, from 1,708 in 2015 to 1,753 in 2016.
- The District began allocating funds in 2013;

\$125,000 plus \$1 of the \$5 rate increase per meter into a Building Fund, \$100,000 plus \$1 of the \$5 rate increase into a Capital Expenditure Fund, \$275,000 plus \$3 of the \$5 rate increase to Future Water Expense Fund, \$300,000 plus any excess into the Operating Fund.

Using This Report

This report is presented in a format consistent with the presentation requirements of the Governmental Accounting Standards Board (GASB) Statement No. 34, as applicable to the District's basis of accounting.

Basis of Accounting

The District has elected to present its financial statements in the accrual basis of accounting. According to the accrual basis, revenues are recorded when earned and expenses are recognized when incurred. This policy is in accordance with generally accepted accounting principles.

The Financial Statements

One of the most important questions asked about the District's finances is, "Is the District as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position, the Statement of Revenues, Expenses and Changes in Net Position, and the Statement of Cash Flows report information about the District and about its activities in a way that helps answer this question. These three statements report the District's net position and the changes in them. You can think of the District's net position – the difference between assets and liabilities – as one way to measure the District's financial health or financial position. Over time, increases or decreases in the District's net position are one indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in water rates paid or charged and the condition of the District's water system, to assess the overall health of the District.

The District has only one type of fund or activity, which is defined as *Business-type activities*. This is considered a proprietary fund. This means the District charges a fee to customers to help it cover all or most of the cost of certain services it provides.

Net Position, and Changes in Net Position

The District's Net Position was higher in 2016, increasing from \$4,171,519 to \$4,354,352. Looking at the Net Position and Net Expenses of business-type activities separately, however, two different stories can emerge. Our analysis below focuses on the Net Position (Table 1) and Changes in Net Position (Table 2) of the District's business-type activities.

Table 1 – Net Position:

	2016	2015	Variances

Total Net Position	\$ 4,354,352	4,171,519	182,833

Net Position of the District increased by 4.4 percent (\$4,354,352 compared to \$4,171,519). Unrestricted net position – the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements – increased from \$1,740,545 to \$1,997,988.

Table 2 – Changes in Net Position:

The District's total revenues increased by 11.5 percent (\$100,877). The total cost of all services increased by 25.5 percent (\$161,068).

Fixed Assets

At December 31, 2016 the District had \$2,374,224 invested in fixed assets, net of depreciation, including land, the water system, vehicles and equipment. The District added \$40,609 of improvements to the water system during the 2016 fiscal year.

Long-Term Debt

The District had no outstanding debt at December 31, 2016. New loan proceeds will be received soon on the construction projects.

Economic Factors and Next Year's Budget and Rates

The District attempts to absorb their rate and expense increases, but may be forced to increase customer rates if additional expenses are incurred.

The District's budget for fiscal year 2017 will remain much like previous years budgets. Your Board of Directors does anticipate small budget changes made primarily to better allow for office and field personnel operations, without the necessity of hiring additional part-time or permanent employees.

Contacting the District's Management

This report is designed to provide our customers and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information contact the District Office at P.O. Box 127, Ada, OK 74820 or call (580) 436-3065.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors Pontotoc County Rural Water District No. 8 Ada, Oklahoma

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the accompanying financial statements of the Pontotoc County Rural Water District No. 8 (the District), Ada, Oklahoma, as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated March 28, 2017.

Internal Control Over Financial Reporting

Management of the District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting in order to determine our auditing procedures that are appropriate for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting reporting.

Our consideration of the internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified no deficiencies in the internal controls that we considered to be material weaknesses.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that

there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

PONTOTOC COUNTY RURAL WATER DISTRICT NO. 8 NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2016

Note A – Significant Accounting Policies

Business Activity

Pontotoc County Rural Water District No. 8 (the District) was formed under the provisions of Title 82, O.S. 1981, Sections 1324.1-1324.26 inclusive. The District operates as a nontaxable government agency to service residents of the Pontotoc County Rural Water District No. 8. The District's primary income is from the sale of water to its members in an area around Latta, Oklahoma.

Basis of Accounting

The financial statements are prepared on an accrual basis of accounting, which is in compliance with accounting principles generally accepted in the United States of America (GAAP), and which recognizes revenues when earned and expenses as incurred. Interest earnings on certificates of deposit are recorded when such interest is actually received by the District. Generally accepted accounting principles include all relevant Government Accounting Standards Board (GASB) pronouncements.

Cash

The District's cash accounts are with the Citizens Bank, Ada, Oklahoma, and are detailed as follows:

	Decembe	December 31,		
	2016	2015		
Operating Account Less: Outstanding checks	\$ 1,460,948 (4,748)	1,700,846 (2,224)		
Balance	\$ 1,456,200	1,698,622		

Reserved Account

The reserve account is a rental deposit account. These funds have been deposited in a checking account at Citizens Bank, Ada, Oklahoma, which is insured by the federal government. At December 31, 2016, the reserved balance was \$11,898.

At December 31, 2016, the District allocated the above cash balances and the rental deposit (reserve) account balance into the following areas:

\$	193,584	into the Building Fund
	176,394	into the Capital Expenditure Fund
	450,438	into the Future Water Expense Fund
	640,532	(remaining funds) into the Operating Fund
<u>\$1</u>	,460,948	Total

Collateral Pledged

It appears that all funds were adequately insured by FDIC coverage and additional collateral pledged by Citizens Bank as of December 31, 2016.

Investments

The District had the following outstanding investments at December 31, 2016:

Oklahoma Heritage Bank: Certificate of deposit No. 10467, due 4-12-17	\$ 252,513
Certificate of deposit No. 10468, due 4-12-17	252,513
Total	<u>\$ 505,026</u>

Fixed Assets

Any items purchased or constructed in excess of \$1,000 and a useful life of over two years is considered a fixed asset by the District, and will be depreciated over a specific time. Depreciation of the waterworks system and improvements is provided using the straight-line method based on a forty-year life. Equipment is depreciated over a 5-7 year life. Depreciation expense for the year is presented as an operating expense and closed, along with other operating expenses, directly to retained earnings.
