**INDEPENDENT AUDITOR'S REPORT**

To The Board of Directors  
Pontotoc County Conservation District

I have audited the accompanying financial statements of the governmental activities of the Pontotoc County Conservation District (the "District") as of June 30, 2011, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

As discussed in Note 1.C., the financial statements were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Pontotoc County Conservation District at June 30, 2011, and the changes in financial position, for the year then ended, on the basis of accounting described in Note 1.C., which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, I have also issued my report dated July 26, 2011 on my consideration of the District's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of my audit.

The District has not presented the Management's Discussion and Analysis required by the Governmental Accounting Standards Board (GASB) that the GASB has determined is necessary to supplement, although not required to be part of, the basic financial statements. The omission of this information does not affect the opinion expressed on the financial statements as a whole.

Pauls Valley, Oklahoma  
July 26, 2011

**PONTOTOC COUNTY CONSERVATION DISTRICT #85**  
**STATEMENT OF NET ASSETS - MODIFIED CASH BASIS**  
**JUNE 30, 2011**

---

<b>ASSETS</b>	
Cash	\$12,613
Investments	33,990

**PONTOTOC COUNTY CONSERVATION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
For the fiscal year ended June 30, 2011**

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Except for the use of a modified cash basis of accounting as discussed in Note 1.C., the District complies with accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles (GAAP) includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. In the government-wide financial statements and the fund financial statements for the proprietary funds, Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, have been applied unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this Note.

**1.A. FINANCIAL REPORTING ENTITY**

Garvin County Conservation District was established pursuant to Title 82 of Oklahoma State Law. The purpose of the District is to provide for the conservation of the renewable natural resources of this state, and for the control and prevention of soil erosion, and for the prevention of floodwater and sediment damages, and for furthering the conservation, development, utilization and disposal of water and thereby to preserve and develop natural resources, control floods, conserve and develop water resources and water quality, prevent impairment of dams and reservoirs, preserve wildlife, preserve natural beauty, promote recreational development, protect the tax base, protect public lands and protect and promote the health, safety and general welfare of the people of this state.

The Oklahoma Conservation Commission provides oversight and management to the Oklahoma Conservation Districts pursuant to Title 27-A of the Oklahoma State Statutes.

The accompanying financial statements include all functions and activities over which the Conservation District exercises financial accountability. The District is considered a primary government as defined by the Governmental Accounting Standards Board (GASB) and has no other component units within its reporting entity.

**1.B. BASIS OF PRESENTATION**

Government-Wide Financial Statements

The Statement of Net Assets and Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. The Garvin County Conservation District has no business-type activities as of June 30, 2011.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into two major categories: governmental and proprietary. The District presently has no proprietary funds. The District is considered a governmental entity as defined by the Governmental Accounting Standards Board (GASB). There is only one fund, which is the General Fund.

GOVERNMENTAL FUND TYPES

General Fund

The General Fund is the primary operating fund of the District. It is used to account for all activities except those legally or administratively required to be accounted for in other funds.

**1.C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING**

Measurement focus is a term used to describe "how" transactions are recorded within each fund type. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

**PONTOTOC COUNTY CONSERVATION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
For the fiscal year ended June 30, 2011**

---

Measurement Focus

In the government-wide Statement of Net Assets and the Statement of Activities the governmental activities are presented using the economic resources measurement focus as defined in item a. below.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate:

- a. All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

Basis of Accounting

In the government-wide Statement of Net Assets and Statement of Activities and the fund financial statements, governmental activities are presented using a modified cash basis of accounting. This basis recognizes assets, liabilities, net assets/fund equity, revenues and expenditures/expenses when they result from cash transactions with a provision for depreciation in the government-wide statements. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

If the District utilized the basis of accounting recognized as generally accepted, the governmental fund types would use the modified accrual basis of accounting.

Modified Accrual Basis - Revenues would be recognized when "measurable and available". Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or soon enough hereafter to pay current liabilities.

Expenditures (including capital outlay) would be recognized when the related fund liability is incurred, except for general obligation bond principal and interest which would be reported when due.

**1.D. ASSETS, LIABILITIES AND EQUITY**

Cash

For the purpose of the balance sheet, "cash" includes all demand accounts held by the District.

Investments

For the purpose of the balance sheet, "investments" include certificates of deposit with maturities longer than 3 months. At June 30, 2011, the District had three certificates of deposit considered investments.

Accounts Receivable

As a result of the cash basis of accounting, accounts receivable and other revenue related receivables are not reported in the financial statements.

Capital Assets

*Government-Wide Statements*

In the government-wide financial statements, capital assets are accounted for as assets in the Statement of Net Assets. All capital assets are valued at historical cost, or estimated historical cost if actual is unavailable. The District has determined that all assets with a cost of more than \$1,000 will be capitalized.

**PONTOTOC COUNTY CONSERVATION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
For the fiscal year ended June 30, 2011**

---

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation.

*Fund Financial Statements*

In the fund financial statements, capital assets acquired for use in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

If the Oklahoma Conservation Commission (OCC) gives the District funds to purchase an asset, even a portion of the funds, the OCC records the purchase as an asset on their books.

Net Assets and Fund Balance

In the government-wide financial statement, net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt, consists of capital assets, reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when limitations on their use change the nature of normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, laws or other governments, or are imposed by law through constitutional provisions or enabling legislation.

In the fund financial statements, governmental funds report the hierarchy of fund balances. The hierarchy is based primarily on the degree of spending constraints placed upon use of resources for specific purposes versus availability of appropriation. An important distinction that is made in reporting fund balance is between amounts that are considered *nonspendable* (i.e., fund balance associated with assets that are *not in spendable form*, such as inventories or prepaid items, long-term portions of loans and notes receivable, or items that are legally required to be maintained intact (such as the corpus of a permanent fund)) and those that are *spendable* (such as fund balance associated with cash, investments or receivables).

Amounts in the spendable fund balance category are further classified as restricted, committed, assigned or unassigned, as appropriate.

**Restricted** fund balance represents amounts that are constrained either externally by creditors (such as debt covenants), grantors, contributors or laws or regulations of other governments; or by law, through constitutional provisions or enabling legislation.

**Committed** fund balance represents amounts that are useable only for specific purposes by formal action of the government's highest level of decision-making authority. Such amounts are not subject to legal enforceability (like restricted amounts), but cannot be used for any other purpose unless the government removes or changes the limitation by taking action similar to that which imposed the commitment.

**Assigned** fund balance represents amounts that are intended to be used specific purposes, but are neither restricted nor committed. Intent is expressed by the governing body itself, or a subordinated high-level body or official who the governing body has delegated the authority to assign amounts to be used for specific purposes. Assigned fund balances includes all remaining spendable amounts (except negative balances) that are reported in governmental funds other than the general fund, that are neither restricted nor committed, and amounts in the general fund that intended to be used for specific purpose in accordance with the provisions of the standard.

**Unassigned** fund balance is the residual classification for the general fund. It represents the amounts that have not been assigned to other funds, and that have not been restricted, committed, or assigned to specific purposes within the general fund.

**1.E. REVENUE AND EXPENDITURES**

Reimbursements

The District receives reimbursements from the Oklahoma Conservation Commission (OCC). The funds for operation of the OCC and the conservation districts are appropriated annually by the legislature for the Commission to allocate to each district on a reimbursable basis. The funding is broken down into the following program areas:

**PONTOTOC COUNTY CONSERVATION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
For the fiscal year ended June 30, 2011**

---

- Administration
- Watershed Planning and Archeology
- Field Services
- Small Watersheds Flood Control Fund
- Abandoned Mine Land (AML) Reclamation Program
- Water Quality Management

Program Revenues

In the Statement of Activities, revenues that are derived directly from each activity or from parties outside the District's reimbursements are reported as program revenues. The District has the following program revenues in each activity:

General Government: plat book sales.

All other governmental revenues are reported as general.

Expenditures/Expenses

In the government-wide financial statements, expenses are reported on the modified cash basis and are classified by function or activity for governmental activities.

In the fund financial statements, expenditures are classified by category.

**1.F. USE OF ESTIMATES**

The preparation of financial statements in conformity with the other comprehensive basis of accounting used by the District requires management to make estimates and assumptions that affect certain reported amounts and disclosures (such as estimated useful lives in determining depreciation expense); accordingly, actual results could differ from those estimates.

**1.G. DIFFERENCES FROM GAAP**

Basis of Accounting

As discussed in Note 1.C., the District reports both the government-wide financial statements and the fund financial statements on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

**NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

**2.A. DEPOSITS AND INVESTMENTS LAWS AND REGULATIONS**

In accordance with O.S. Title 62, Section 516.3, all uninsured deposits of municipal funds and other political subdivisions in financial institutions must be secured with acceptable collateral valued at the lower of market or par. The District's deposits were properly insured by FDIC Insurance carried by depository banks.

**NOTE 3 - DETAIL NOTES - TRANSACTION CLASSES/ACCOUNTS**

**3.A. CASH**

Custodial Credit Risk

At June, 2011, the District held deposits of approximately \$64,218 at financial institutions. The District's cash deposits, including the interest-bearing certificates of deposit, are entirely covered by the Federal Depository Insurance (FDIC) or direct obligation of the U.S. Government insured or collateralized with securities held by the District or by its agent in the District's name.

**PONTOTOC COUNTY CONSERVATION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
For the fiscal year ended June 30, 2011**

Investment Interest Rate Risk

The District does not have a formal investment policy that limits the investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Investment Credit Risk

The District has no policy that limits its investment choices other than the limitation of state law as follows:

- a. Direct obligations of the U.S. Government, its agencies and instrumentalities to which the full faith and credit of the U.S. Government is pledged, or obligations to the payment of which the full faith and credit of the State is pledged.
- b. Certificates of deposits or savings accounts that are either insured or secured with acceptable collateral with in-state financial institutions, and fully insured certificates of deposit or savings accounts in out-of-state financial institutions.
- c. With certain limitation, negotiable certificates of deposit, prime bankers acceptances, prime commercial paper and repurchase agreements with certain limitations.
- d. County, municipal or school district tax supported debt obligations, bonds or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality, or school district.
- e. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligation of the National Mortgage Association.
- f. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs (a.-d.).

The investments held at June 30, 2011 are as follows:

Type	Weighted Average Maturity (Months)	Credit Rating	Market Value	Cost
Investments				
Certificates of deposit	6.00	N/A	\$33,990	\$33,990
Total Investments			<u>\$33,990</u>	<u>\$33,990</u>

**3.B. CAPITAL ASSETS**

Capital asset activity resulting from modified cash basis transactions for the fiscal year ended June 30, 2011 was as follows:

	Balance at July 1, 2010	Additions	Deductions	Balance at June 30, 2011
<i>Governmental activities:</i>				
Machinery and Equipment	-	8,797	-	8,797
Less accumulated depreciation for: Machinery and Equipment	-	943	-	943
Governmental activities capital assets, net	<u>-</u>	<u>7,854</u>	<u>-</u>	<u>\$ 7,854</u>

**PONTOTOC COUNTY CONSERVATION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
For the fiscal year ended June 30, 2011**

---

**NOTE 4 - OTHER NOTES**

**4.A. EMPLOYEE PENSION AND OTHER BENEFITS**

The District participates in one employee pension system as follows:

<u>Name of Plan/System</u>	<u>Type of Plan</u>
Oklahoma Public Employees Retirement Plan	Cost Sharing Multiple Employer - Defined Benefit Plan
<u>Oklahoma Public Employees' Pension and Retirement System</u>	

The Oklahoma Conservation Commission, as the employer, participates in one statewide cost-sharing multi-employer defined benefit plan on behalf of the employees working at least 1,000 hours per month. The system is funded by contributions from participants, employers, insurance premium taxes, and state appropriations, as necessary.

The following is a summary of eligibility factors, contribution methods, and benefit provisions.

Obtaining separately issued financial statements	Oklahoma Public Employees Retirement System 6601 N. Broadway, Suite 129 Oklahoma City, OK 73116
Eligibility to participate	All full-time permanent employees of a participating local government
Authority establishing contribution obligations and benefits	State Statute
Employee's contribution rate (percent of covered payroll)	3.5%
Commission's Contribution rate (percent of covered payroll)	15.5%
State obligation	State appropriation to fund the unfunded actuarial accrued liability
Period required to vest	7 ½ years, of which 6 must be fulltime service
Eligibility and benefits for distribution (full-time)	2% of the average highest 3 years' annual covered compensation received during the last 10 years of participating service multiplied by the number of years of credited service.
Deferred retirement option	No
Provisions for:	
Cost of living adjustments (normal retirement)	Yes
Death (duty, non-duty, post retirement)	Yes
Disability (duty, non-duty)	Yes
Cost of living allowances	No

**PONTOTOC COUNTY CONSERVATION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
For the fiscal year ended June 30, 2011**

---

Trend Information

Contributions required by State Statute and paid to the System for fiscal years 2009, 2010 and 2011 were \$7,154, \$8,023 and \$xxxx respectively. These contributions represent 100% of the required contribution in each fiscal year.

Related Party Investments

As of June 30, 2011, the System held no related-party investments of the District.

**4.B. COMMITMENTS AND CONTINGENCIES**

Commitments

As a result of the District's use of the cash basis of accounting, accrued amounts related to compensated absences (annual leave and sick leave) earned but unpaid at year-end are not reflected in the financial statement. The compensated absence commitment at June 30, 2011, including employer related costs, is \$xxxx .

Contingencies:

The District is not involved with any legal proceedings, which normally occur in the course of governmental operations at this time. Therefore, the financial statements do not include accruals or provisions for loss contingencies.

While legal proceedings cannot be foreseen, the District feels that any settlement or judgment not covered by insurance carried by the Commission would not have a material effect on the financial condition of the District.

**4.C. SUBSEQUENT EVENTS**

Management has evaluated subsequent events through September 1, 2011

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON  
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

The Board of Directors  
Pontotoc County Conservation District

I have audited the financial statements of the Pontotoc County Conservation District, as of and for the year ended June 30, 2011, and have issued my report thereon dated July 26, 2011, which was a special report on the District's use of a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Except as noted in my report dated July 26, 2011, I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The District did not present the Management's Discussion and Analysis or the Budgetary Comparison Schedule as required by the Governmental Accounting Standards Board.

Internal Control over Financial Reporting

In planning and performing my audit, I considered the District's internal control over financial reporting as a basis for designing my audit procedures for the purpose of expressing my opinion on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the District's internal control over financial reporting.

My consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the organization's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles, such that there is more than a remote likelihood that a misstatement of the organization's financial statements that is more than inconsequential will not be prevented or detected by the organization's internal control. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the basic financial statements will not be prevented or detected by the organization's internal control.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my

audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of management, all applicable federal and state agencies, and those other Governments from which federal financial assistance was received and is not intended to be and should not be used by anyone other than these specified parties.

  
Kristi Dobbins, CPA
