Independent Auditor's Report

The Honorable Board of Education
Tri-County Interlocal Co-Op, School District K001
Ringling, Oklahoma 73401

We have audited the accompanying fund type and account group financial statements of Tri-County Interlocal Co-Op, School District K001, Carter County, Oklahoma as of and for the year ended June 30, 2011, which collectively comprise the District's regulatory financial statements as listed in the table of contents. These financial statements are the responsibility of the Tri-County Interlocal Co-Op. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in Note 1, Tri-County Interlocal Co-Op, School District K001, Carter County, Oklahoma prepares its financial statements in conformity with the accounting and financial reporting regulations prescribed or permitted by the Oklahoma State Department of Education, which differ from accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

100 E Street S.W., Suite 200 | Ardmore, OK 73401

Telephone (580) 223-6454 | FAX 1-800-858-9329

In our opinion, because of the effects of the matter discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of each fund of Tri-County Interlocal Co-Op, School District K001, Carter County, Oklahoma as of June 30, 2011, or changes in financial position for the year then ended.

In our opinion, the financial statements referred to above, present fairly, in all material respects, the assets, liabilities and fund equity arising from regulatory basis transactions of each fund type and account group of Tri-County Interlocal Co-Op, School District K001, Carter County, Oklahoma, as of June 30, 2011, and the revenues collected and expenses paid and budgetary results for the year then ended on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 5, 2012, on our consideration of Tri-County Interlocal Co-Op, School District K001's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contract and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to express an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Tri-County Interlocal Co-Op, School District K001's financial statements as a whole. The statement of statutory, fidelity and honesty bonds, and schedule of accountant's professional liability insurance are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards, is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of State, Local Governments, and Non-Profit Organizations*, and is also not a required part of the financial statements. The schedule of expenditures of federal awards is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole. The statement of statutory, fidelity and honesty bonds, and schedule of accountant's professional

liability insurance have not been subjected to the auditing procedures applied in the audit of the basic financial statements and accordingly, we do not express an opinion or provide any assurance on them.

Tri-County Interlocal Co-Op, School District K001
Notes to Financial Statements
June 30, 2011

1. Summary of Significant Accounting Policies

The basic financial statements of the Tri-County Interlocal School District K001, Carter County, Oklahoma (the "District") have been prepared in conformity with the regulatory basis of accounting prescribed or permitted by the Oklahoma State Department of Education, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States. The more significant of the District's accounting policies are described below.

A. The Reporting Entity

The District was created under Title 70 of the Oklahoma Statutes and is a separate entity for operating and financial reporting purposes. The District is comprised of Thirteen (13) school districts who have entered into an interlocal cooperative agreement for the purpose of performing services, duties, functions, activities, obligations or responsibilities as demanded by the Boards of Education for the benefit of the students. The District is part of the public school system of Oklahoma under the general direction and control of the State Board of Education and the participating school districts and is financially dependent on State of Oklahoma for support. The general operating authority for the public school system is the Oklahoma School Code contained in Title 70, Oklahoma Statutes.

The governing body of the District is the Board of Education composed of superintendents of member schools. The appointed executive director is the executive officer of the District.

In evaluating how to define the district, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria established by the Governmental Accounting Standards Board (GASB). The basic, but not the only, criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the District and/or its citizens, or whether the activity is conducted within the geographic boundaries of the district and is generally available to its patrons.

Tri-County Interlocal Co-Op, School District K001
Notes to Financial Statements
June 30, 2011

1. Summary of Significant Accounting Policies – (continued)

A. The Reporting Entity – (continued)

A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the District is able to exercise oversight responsibilities. Based upon the application of these criteria, there are no potential component units included in the District's reporting entity.

B. Fund Accounting

The District uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain district functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

Funds are classified into two categories: governmental and fiduciary. Each category, in turn, is divided into separate "fund types." The District has one fund, general fund which is a governmental fund type, and one account group.

Governmental Fund Types

Governmental funds are used to account for all or most of a government's general activities, including the collection and disbursement of earmarked monies (special revenue funds), the acquisition or construction of general fixed assets (capital projects funds), and the servicing of general long-term debt (debt service funds).

General Fund - The general fund is used to account for all financial transactions except those required to be accounted for in another fund. Major revenue sources include state and local property taxes and state funding under the Foundation and Incentive Aid Program. Expenditures include all costs associated with the daily operations of the schools except for programs funded for building repairs and maintenance, school construction and debt service on bonds and other long-term debt. The general fund includes federal and state restricted monies that must be expended for specific programs.

Tri-County Interlocal Co-Op, School District K001
Notes to Financial Statements
June 30, 2011

1. Summary of Significant Accounting Policies – (continued)

B. Fund Accounting – (continued)

Account Groups

Account groups are not funds and consist of a self-balancing set of accounts used only to establish accounting control over long-term debt and general fixed assets not accounted for in proprietary funds.

General Fixed Asset Account Group - This account group is used to account for property, plant and equipment of the school district.

Memorandum Only - Total Column

The total column on the basic regulatory financial statements is captioned "memorandum only" to indicate that it is presented only to facilitate financial analysis. Data in this column does not present financial position, results of operations or cash flows in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

C. Basis of Accounting and Presentation

The District prepares its financial statements in a presentation format that is prescribed by the Oklahoma State Department of Education. This format is essentially the generally accepted form of presentation used by state and local governments prior to the effective date of GASB Statement No. 34, *Basic Financial Statements-Management's Discussion and Analysis-for State and Local Governments*. This format significantly differs from that required by GASB 34.

The basic financial statements are essentially prepared on a basis of cash receipts and disbursements modified as required by the regulations of the Oklahoma State Department of Education (OSDE) as follows:

- Encumbrances represented by purchase orders, contracts, and other commitments for the expenditure of monies and are recorded as expenditures when approved.
- Investments are recorded as assets when purchased.
- Warrants payable are recorded as liabilities when issued.
- Long-term debt is recorded when incurred.
- Accrued compensated absences are recorded as an expenditure and liability when the obligation is incurred.

Tri-County Interlocal Co-Op, School District K001
Notes to Financial Statements
June 30, 2011

1. Summary of Significant Accounting Policies – (continued)

C. Basis of Accounting and Presentation – (continued)

This regulatory basis of accounting differs from accounting principles generally accepted in the United States of America, which require revenues to be recognized when they become available and measurable, or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred for governmental fund types.

Estimates - The preparation of financial statements in conformity with the regulatory basis of accounting requires the District to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Noncash Transactions - The State of Oklahoma paid approximately \$5,533 directly to the teacher retirement fund on behalf of the District's employees; this payment is reflected in the accompanying statement of revenue and expenditures as an increase to both revenue and expenses.

D. Budgets and Budgetary Accounting

The District is required by state law to prepare an annual budget. A preliminary budget must be submitted to the Board of Education by December 31 for the fiscal year beginning the following July 1.

Prior to September 1, the District must file with the county excise board, a budget for the current fiscal year including an itemized statement of estimate of needs and probable income from all sources including ad valorem taxes. This budget, if not protested, becomes the legal budget for the District.

Under current Oklahoma Statutes a formal budget is required for all funds except for trust and agency funds. Budgets are presented for all funds that include the originally approved budgeted appropriations for expenditures and final budgeted appropriations as adjusted for supplemental appropriations and approved transfers between budget categories.

E. Assets Liabilities and Fund Equity

For budgetary purposes, appropriations lapse at the fiscal year end. Outstanding encumbrances at fiscal year end do not lapse until liquidated. Adjustments resulting from liquidated encumbrances are reflected as adjustments to prior year encumbrances in the statements of revenues and expenditures.

Tri-County Interlocal Co-Op, School District K001
Notes to Financial Statements
June 30, 2011

1. Summary of Significant Accounting Policies – (continued)

E. Assets Liabilities and Fund Equity – (continued)

Investment Policy - The District's investment policies are governed by *Oklahoma Statutes*. Permissible investments include direct obligations of the United States government and agencies; certificates of deposit of savings and loan associations, and bank and trust companies; and savings accounts or savings certificates of savings and loan associations, banks and trust companies. Collateral is required for demand deposits and certificates of deposit for all amounts not covered by federal depository insurance.

Inventories - The value of consumable inventories at June 30, 2011 is not material to the financial statements.

Compensated Absences - Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure of the governmental funds that will pay it. There are no amounts of vested or accumulated vacation leave.

Fund Balance - Fund balance represents the funds not encumbered by purchase order, legal contracts, and outstanding warrants.

F. Revenue, Expenses and Expenditures

State Revenues - Revenues from state sources for current operations are primarily governed by the state aid formula under the provisions of Article XVIII, Title 70, Oklahoma Statutes. The State Board of Education administers the allocation of state aid funds to school districts based on information accumulated from the districts.

After review and verification of reports and supporting documentation, the State Department of Education may adjust subsequent fiscal period allocations of money for prior year errors disclosed by review. Normally, such adjustments are treated as reductions or additions of revenue of the year when the adjustment is made.

The District receives revenue from the state to administer certain categorical educational programs. State Board of Education rules require that revenue earmarked for these programs be expended only for the program for which the money is provided and require that the money not expended as of the close of the fiscal year be carried forward into the following year to be expended for the same categorical programs. The State Department of Education requires that categorical education program revenues be accounted for in the general fund.

Tri-County Interlocal Co-Op, School District K001
Notes to Financial Statements
June 30, 2011

2. *Cash and Investments*

Custodial Credit Risk - Custodial credit risk for deposits is the risk that in the event of a bank failure, the District's deposits may not be returned or the District will not be able to recover collateral securities in the possession of an outside party. The District's policy requires collateral for demand deposits and certificates of deposit for all amounts not covered by federal deposit insurance. As of June 30, 2011, cash deposits of \$547,562 were fully insured or collateralized by a pledging bank's agent in the District's name. All funds were held as demand deposits at a local bank.

3. *Employee Retirement System*

The District participates in the state-administered Teachers' Retirement System of Oklahoma (the "System"), which is a cost-sharing, multiple-employer public employee retirement system (PERS). The administration, benefits, and funding of the System are governed by Article XVII, Section 70 of the Oklahoma Statutes. The System is administered by a board of trustees which acts as a fiduciary for investing the funds and governing the administration of the System. The System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Teachers' Retirement System of Oklahoma, P.O. Box 53524, Oklahoma City, Oklahoma 73152.

The District, the State of Oklahoma and the participating employee make contributions. The contribution rates for the District and its employees are established by and may be amended by Oklahoma Statutes. The rates are not actuarially determined. The required contribution for the participating members is 7% of compensation. Contributions received by the System from the State of Oklahoma are used to offset required employer contributions. For the 2011 fiscal year, the District contributed 9.5% . The District is allowed to make the required contributions on behalf of participating members. In addition, if a member's salary is paid in part by federal funds, the contribution on that portion of salary must be matched by the District at a rate of 6.5%.

The District's total contributions for 2011, 2010 and 2009 were approximately \$84,000, \$104,600 and \$104,500, respectively equal to the required contribution for the year. These contributions include the District's statutory contribution and the federal match.

Tri-County Interlocal Co-Op, School District K001
Notes to Financial Statements
June 30, 2011

3. *Employee Retirement System*

Ten-year historical trend information is presented in the Teachers' Retirement System of Oklahoma Annual report. This information is useful in assessing the plan's accumulation of sufficient assets to pay pension benefits as they become due.

4. *Contingencies*

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

Note to the Schedule of Expenditures of Federal Awards

The Schedule of Expenditures of Federal Awards includes the federal grant activity of Tri-County Interlocal Co-Op, School District K001. The schedule is prepared using the cash receipts and disbursements basis. Therefore, some amounts presented in the schedule may differ from amounts presented in or used in the preparation of the basic financial statements.

***REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING
STANDARDS***

The Honorable Board of Education
Tri-County Interlocal Co-Op, School District K001
Carter County, Oklahoma

We have audited the financial statements of each fund type and account group of Tri-County Interlocal Co-Op, School District K001, as of and for the year June 30, 2011, which collectively comprise Tri-County Interlocal Co-Op, School District K001's basic financial statements and have issued our report thereon dated March 5, 2012. Our report was modified because the District's policy is to prepare its financial statements in accordance with the regulatory basis of accounting prescribed by the Oklahoma State Department of Education. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Tri-County Interlocal Co-Op, School District K001's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Tri-County Interlocal Co-Op, School District K001's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Tri-County Interlocal Co-Op, School District K001's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to

100 E Street S.W., Suite 200 | Ardmore, OK 73401

Telephone (580) 223-6454 | FAX 1-800-858-9329

prevent or detect and correct misstatements on a timely basis. A *material* weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified certain deficiencies in internal control over financial reporting, described in the accompanying schedule of findings and questioned costs, as items 2011-01 and 2011-02, that we consider to be significant deficiencies in internal control over financial reporting. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Tri-County Interlocal Co-Op, School District K001's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Tri-County Interlocal Co-Op, School District K001's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit Tri-County Interlocal Co-Op, School District K001's response and accordingly we express no opinion on it.

This report is intended solely for the information and use of the Board of Education, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Rahhal Henderson Johnson, PLLC

Ardmore, Oklahoma
March 5, 2012

***INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE
WITH OMB CIRCULAR A-133***

The Honorable Board of Education
Tri-County Interlocal Co-Op, School District K001
Carter County, Oklahoma

Compliance

We have audited the compliance of Tri-County Interlocal Co-Op, School District K001, Carter County, Oklahoma with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011. Tri-County Interlocal Co-Op, School District K001, Carter County, Oklahoma's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Tri-County Interlocal Co-Op, School District K001, Carter County, Oklahoma's management. Our responsibility is to express an opinion on Tri-County Interlocal Co-Op, School District K001, Carter County, Oklahoma's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Tri-County Interlocal Co-Op, School District K001, Carter County, Oklahoma's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

100 E Street S.W., Suite 200 | Ardmore, OK 73401

Telephone (580) 223-6454 | FAX 1-800-858-9329

We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Tri-County Interlocal Co-Op, School District K001, Carter County, Oklahoma's compliance with those requirements.

In our opinion, Tri-County Interlocal Co-Op, School District K001, Carter County, Oklahoma complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011.

Internal Control Over Compliance

Management of Tri-County Interlocal Co-Op, School District K001, Carter County, Oklahoma is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Tri-County Interlocal Co-Op, School District K001, Carter County, Oklahoma's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Tri-County Interlocal Co-Op, School District K001's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Board of Education, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specifies parties.

Tri-County Interlocal Co-Op, School District K001
Schedule of Findings and Questioned Costs
For the Year Ended June 30, 2011

Section II – Financial Statement Findings

2011-01 Retirement

Condition: Regular annual compensation did not include all amounts paid to the participating employee.

Criteria: Oklahoma Statutes Section 17-101 “Regular annual compensation shall include all salary, group health, annuities and pension plans which qualify as a fringe benefit.

Context: Amounts paid as other employee benefits (American Fund) and health insurance was not included in regular annual compensation used for computing retirement contribution.

Cause: Coding within the payroll system was not updated for all codes..

Effect: Estimated underpayment of the employee contribution tested in the amount of \$1,601.

Recommendation: The payroll codes used for other benefits needs to be reviewed to ensure they are properly included in the regular annual compensation used for computing retirement contribution.

Views of Responsible Officials and Planned Corrective Actions: The payroll codes will be reviewed to determine that all codes, which should be part of the regular annual compensation used for computing the retirement computation, are included.

2011-02 Financial Reporting

Condition: The District does not have a financial reporting system in place to ensure that all financial information is disclosed in the appropriate accounting period and in accordance with the modified cash basis of accounting and State Department of Education guidelines.

Criteria: The responsibility for the financial statements remains with management even when the preparation of the financial statements is transferred to a service provider. An individual with sufficient awareness of disclosure requirements should be designated to oversee the preparation of the financial statements.

Tri-County Interlocal Co-Op, School District K001
Schedule of Findings and Questioned Costs
For the Year Ended June 30, 2011

Cause: The internal control structure of the District focuses primarily on daily operations. The District does not currently have a system in place to determine appropriate financial statement disclosures. The District does have a system that determines the trial balances used in financial statement preparation are final.

Effect: A process to determine that the year-end financial reporting disclosures are in accordance with accounting and regulatory requirements does not exist.

Recommendation: We recommend that the District evaluate the costs of providing for the additional assistance needed for the year-end financial reporting process to determine it is in accordance with accounting and regulatory requirements.

Views of Responsible Officials and Planned Corrective Actions: The District's current budget constraints do not allow for the addition of an outside consultant to assist in the year-end financial reporting process. Management reviews the disclosures as presented to determine that they are accurate.

Section III – Federal Award Findings and Questioned Costs

None reported

Tri-County Interlocal Co-Op, School District K001
Summary of Prior Year Findings
For the Year Ended June 30, 2011

Financial Statement Findings

Section II – Financial Statement Findings

2010-01 *Condition:* This finding was a significant deficiency stating that the District did not have adequate segregation of accounting duties over accounting functions.

Recommendation: The auditor recommended the District consider ways to segregate accounting functions to establish adequate internal controls.

Current status: This finding does not warrant further action. Segregations of duties related to accounting functions was effective.

Federal Award Findings and Questioned Costs

Department of Education

2010-2 IDEA, Special Education - CFDA 84.027, Grant Period- Year Ending June 30, 2010

Condition: This finding was a significant deficiency stating that the District did not obtain semi-annual certifications signed by the employee certifying they had been engaged solely in a single Federal program were not completed.

Recommendation: Semi-annual certifications should be completed, signed by the required employees and retained in compliance with OMB Circular A-87.

Current Status: This finding does not warrant further action. Certifications are now being obtained.

2010-3 IDEA, Special Education - CFDA 84.027, Grant Period- Year Ending June 30, 2010

Condition: This finding was a significant deficiency stating that the District does not have a written policy concerning the purchase and disposition of real property purchased with federal funds.

Recommendation: The auditor recommended a policy concerning acquisition and disposal of real property purchased with federal funds be approved and implemented.

Current Status: This finding does not warrant further action. A policy for purchase and disposition of real property purchased with federal funds is now in place.
