INDEPENDENT AUDITOR'S REPORT

Board of Directors
Pushmataha County Rural Water District No. 1
Clayton, Oklahoma

We have audited the accompanying financial statements of the business-type activities of the Pushmataha County Rural Water District No. 1 (the District), Clayton, Oklahoma, as of and for the year ended December 31, 2016, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as

evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Opinions

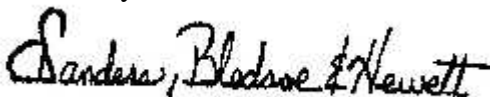

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the District as of December 31, 2016, and the respective changes in financial position and cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5-8 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplemental information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 24, 2017 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting or on compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

Pushmataha County Rural Water District No. 1
Management's Discussion and Analysis
December 31, 2016

Our discussion and analysis of the Rural Water District No. 1, Pushmataha County's financial performance provides an overview of the District's financial activities for the fiscal year ended December 31, 2016. Please read it in conjunction with the District's financial statements that begin on page 13.

FINANCIAL HIGHLIGHTS

- The District's total operating expenses exceeded total operating revenues by \$21,918. Overall, the District had a net loss of \$20,769, and its cash and cash equivalents decreased by \$27,149 in the current fiscal year. These amounts include \$46,691 in annual depreciation costs.
- The District approved a rate increase to water users in 2016, to keep up with the increased costs of purchasing water.
- The District paid off the Rural Development note in 2014, and has no outstanding debt at December 31, 2016.
- The District is cooperating with the Choctaw Nation to improve and expand the water system, which includes a new water tower.

Using This Report

This report is presented in a format consistent with the presentation requirements of the Governmental Accounting Standards Board (GASB) Statement No. 34, as applicable to the District's basis of accounting.

Basis of Accounting

The District has elected to present its financial statements in the accrual basis of accounting. According to the accrual basis, revenues are recorded when earned and expenses are recognized when incurred. This policy is in accordance with generally accepted accounting principles.

The Financial Statements

One of the most important questions asked about the District's finances is, "Is the District as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position, the Statement of Revenues, Expenses and Changes in Net Position, and the Statement of Cash Flows report information about the District and about its activities in a way that helps answer this question.

These three statements report the District's net position and the changes in them. You can think of the District's net position – the difference between assets and liabilities – as one way to measure the District's financial health or financial position. Over time, increases or decreases in the District's net position are one indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in water rates paid or charged and the condition of the District's water system, to assess the overall health of the District.

The District has only one type of fund or activity, which is defined as *Business-type activities*. This is considered a proprietary fund. This means the District charges a fee to customers to help it cover all or most of the cost of certain services it provides.

Net Position, and Changes in Net Position

The District's Net Position was higher in 2016, increasing from \$5,040,930 to \$5,083,590. Looking at the Net Position and Net Expenses of business-type activities separately, however, two different stories can emerge. Our analysis below focuses on the Net Position (Table 1) and Changes in Net Position (Table 2) of the District's business-type activities.

Table 1 – Net Position:

	2016	2015	Variances
Current and other assets	\$ 454,035	472,684	(18,649)
Capital assets, net	914,105	913,174	931
Total Assets	\$ 1,368,140	1,385,858	(17,718)
Current liabilities	\$ 17,223	14,172	(3,051)
Long-term liabilities	-	-	-
Total Liabilities	\$ 17,223	14,172	(3,051)
Invest. In capital assets, net			
of related debt	\$ 914,105	913,174	931
Unrestricted	436,812	458,512	(21,700)
Total Net Position	\$ 1,350,917	1,371,686	(20,769)

Net Position of the District decreased by 1.51 percent (\$1,350,917 compared to \$1,371,917). Unrestricted net position – the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements – decreased from \$458,512 to \$436,812.

Table 2 – Changes in Net Position:

	2016	2015	Variances
Revenues:			
Water revenue	\$ 297,015	259,171	37,844
Other sources	4,673	4,291	382
Interest	1,149	1,301	(152)
Total Revenues	\$ 302,837	264,763	38,074
Expenses:			
Water purchases	\$ 109,341	92,032	(17,309)
Salaries, taxes and benefits	90,262	87,405	(2,857)
Maintenance and repairs	34,748	28,410	(6,338)
Other expenses	42,564	40,763	(1,801)
Depreciation	46,691	46,204	(487)
Interest on debt	-	-	-
Total Expenses	\$ 323,606	294,814	(28,792)
Changes in Net Position	(20,769)	(30,051)	9,282
Net Position, Beginning	1,371,686	1,401,737	(30,051)
Net Position, Ending	\$ 1,350,917	1,371,686	(20,769)

The District's total revenues increased by 14.38 percent (\$38,074). The total cost of all services increased by 9.76 percent (\$28,792).

Fixed Assets

At December 31, 2015, the District had \$914,105 invested in fixed assets, net of depreciation, including land, the water system, vehicles and equipment. The District made improvements to the water system of \$47,622 in 2016, which includes some additional lines and meters, and the start of the new water tower project.

Long-Term Debt

The District was indebted to the Oklahoma Office of Rural Development on one note obtained for previously extensive extensions and the current water system, but was paid off in 2014. A new loan from USDA/Rural Development for \$1,442,000 was approved, but the District has reconsidered other options on this proposed project.

Economic Factors and Next Year's Budget and Rates

The District attempts to absorb Sardis Lake Water Authority rate increases, but may be forced to increase our customer rates if additional increases are made by the Authority.

The District's budget for fiscal year 2017 will remain much like previous years budgets. Your Board of Directors does anticipate small budget changes made primarily to better allow for office and field personnel operations, without the necessity of hiring additional part-time or permanent employees.

Contacting the District's Management

This report is designed to provide our customers and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information contact the District Office at P.O. Box 160, Clayton, OK 74536 or call (918) 569-4326.

CERTIFIED PUBLIC ACCOUNTANTS, LLP

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Directors
Pushmataha County Rural Water District No. 1
Clayton, Oklahoma

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the accompanying financial statements of the Pushmataha County Rural Water District No. 1 (the District), Clayton, Oklahoma, as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated February 24, 2017.

Internal Control Over Financial Reporting

Management of the District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting in order to determine our auditing procedures that are appropriate for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

Our consideration of the internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified a deficiency in the internal controls that we considered to be a significant deficiency, but not a material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material*

weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and responses as item 16-1, to not be a material weakness.

Compliance

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

District's Response to Findings

The District's response to the finding identified in our audit is described in the accompanying schedule of findings and responses. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

PUSHMATAHA COUNTY RURAL DISTRICT NO. 1
Disposition of Prior Year's Significant Deficiencies
December 31, 2016

Lack of Segregation of Duties

The exception that there were inherent limitations resulting from a small number of employees performing functions that would normally be divided among employees were a larger number available which prevented a proper segregation of accounting functions which is necessary to assure adequate internal accounting controls continued in the current fiscal year.

PUSHMATAHA COUNTY RURAL WATER DISTRICT NO. 1
Schedule of Audit Results and Responses
December 31, 2016

Section 1 – Summary of Auditor’s Results:

1. An unqualified opinion report was issued on the financial statements.
2. The audit disclosed a significant deficiency in the internal controls which was not considered a material weakness.
3. The audit disclosed no instances of noncompliance.

Section 2 – Findings relating to the financial statements required to be reported in accordance with GAGAS:

16-1 – Lack of Segregation of Duties

Condition-

The inherent limitations resulting from a small number of employees performing functions that would normally be divided among employees were a larger number available prevent a proper segregation of accounting functions, which is necessary in order to assure adequate internal accounting controls.

Criteria-

An organization should ensure that there is a proper segregation of duties regarding cash collections and the payment of expenses.

Cause-

The District is not large enough to justify the hiring of additional personnel.

Effect-

There is always the possibility that not all collections are actually receipted or deposited, and the possibility that funds expended are not used for actual District obligations.

Recommendation-

The current procedures should not be changed. However, there should be additional personnel instilled into the collection, receipt, deposit, reconciliation and payment procedures when this becomes economically possible.

Response-

Additional personnel will be hired when the actual funds are available.

The accompanying notes are an integral part of the financial statements

PUSHMATAHA COUNTY RURAL WATER DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016

Note A – Significant Accounting Policies

Business Activity

Pushmataha County Rural Water District No. 1 (the District) was formed under the provisions of Title 82, O.S. 1981, Sections 1324.1-1324.26 inclusive. The District operates as a nontaxable government agency to service residents of the Pushmataha County Rural Water District No. 1. The District's primary income is from the sale of water to its members in an area around Clayton, Oklahoma.

Measurement Focus, Basis of Accounting and Basis of Presentation – Fund Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with Generally Accepted Accounting Principles (GAAP) promulgated in the United States of America. The accounting and financial reporting treatment is accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and liabilities associated with the operation are included on the statement of net position. The operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total assets. Depreciation expense is provided for capital assets based upon estimated useful lives. Financial activity is accounted for on the flow of economic resources measurement focus using the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

Reporting Entity

The District is an independent, self-contained reporting entity with no associated component units. It is operated in a manner similar to a private business enterprise where the cost (expenses, including depreciation) of providing water services is financed through user charges. The District purchases its water from the Sardis Lake Water Authority.

Cash

The District's cash accounts are with the Shamrock Bank N.A., Clayton, Oklahoma, and are detailed as follows:

	December 31,	
	2016	2015
Operating Account	\$ 41,325	53,315
Less: Outstanding checks	(177)	1,039

Total Investments	<u>\$ 381,214</u>	<u>394,088</u>

Custodial Credit Risk - At December 31, 2016, the District held deposits of approximately \$422,539 at financial institutions. The District's cash deposits, including interest-bearing certificates of deposit, are entirely covered by Federal Depository Insurance (FDIC) or direct obligation of the U.S. Government insured or collateralized with securities held by the District or by its agent in the District's name.

PUSHMATAHA COUNTY RURAL WATER DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016

Note A – Significant Accounting Policies – cont'd

Fixed Assets

Fixed assets obtained prior to December 31, 1984, are carried at estimated cost, which is equivalent to the loan proceeds and grants obtained to finance the purchase of property, plant, and equipment. A fixed asset is any item with a cost in excess of \$500 and a useful life of five years or longer. Subsequent additions are recorded at cost. Depreciation of the waterworks system and improvements is provided using the straight-line method based on a forty-year life. Equipment is depreciated over a five-year life. Depreciation expense for the year is presented as an operating expense and closed, along with other operating expenses, directly to retained earnings.

The fixed asset information for the District is shown below:

	12/31/2015 Amount	Additions	Deletions	12/31/2016 Amount
Land	\$ 2,000	-	-	2,000
Office equipment	49,025	-	-	49,025
Plant and water sys.	1,910,435	47,622	-	1,958,057
Vehicles	24,450	-	-	24,450
Total Fixed Assets	1,985,910	47,622	-	2,033,532
Less: Accumulated Depreciation	(1,072,736)	(46,691)	-	(1,119,427)
Total	<u>\$ 913,174</u>	<u>931</u>	<u>-</u>	<u>914,105</u>

Note B – Accounts Receivable

Billings for accounts receivable at December 31, 2016 were \$34,208. Allowance for doubtful accounts at December 31, 2016 was computed at \$2,736, or 8.00%.

PUSHMATAHA COUNTY RURAL WATER DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016

Note C – Long-Term Debt

The District has no outstanding debt at December 31, 2016.

Note D- Contributed Capital

Contributed capital was provided by grants from the Rural Economic and Community Development and other sources to assist in building and improving the water system totaling \$568,172. In 1999, water system equipment, valued at \$500,000, was donated to the District by the Choctaw Nation of Oklahoma. In 2000, a REAP grant was received from Oklahoma Water Resources Board in the amount of \$99,900. These funds were used to construct additional water system equipment. Also in 2000, a REAP grant was received from the Kiamichi Economic Development District of Oklahoma (KEDDO) in the amount of \$11,994, to assist in the purchase of a dump truck and backhoe trailer. In 2002, KEDDO contributed \$13,100 for the erection of a steel building for storage and maintenance of District equipment. In 2005, a REAP grant was received from the Oklahoma Water Resources board in the amount of \$99,999. These funds were used to construct additional water system equipment. Also in 2005, an Emergency grant was received from the USDA, Rural Development in the amount of \$130,800, to assist in building and improving the water system.

Note E- Water Usage

Water purchased, sold, and lost by the District is detailed as follows:

	2016	2015
