Independent Auditor's Report

To the Board of Education, Putnam City Independent School District No. 1 Oklahoma City, Oklahoma:

Report on the Financial Statements

We have audited the accompanying regulatory financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Putnam City Independent School District No. 1 as of and for the year ended June 30, 2013, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Putnam City Independent School District No. 1's management. Our responsibility is to express opinions on these financial statements based on our audit.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting practices prescribed by the Oklahoma State Department of Education; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

www.eidebailly.com

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described more fully in Note 1, Putnam City Independent School District No.1 has prepared these financial statements using accounting practices prescribed by the Oklahoma State Department of Education, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to comply with the requirements of the Oklahoma State Department of Education. The effects on the financial statements of the variances between these regulatory basis of accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles paragraph, the financial statements referred to in the first paragraph do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Putnam City Independent School District No. 1, as of June 30, 2013, or changes in financial position for the year then ended.

Opinions on Regulatory Basis of Accounting

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the respective financial position on a regulatory basis of the governmental activities, each major fund and the aggregate remaining fund information of the Putnam City Independent School District No. 1, as of June 30, 2013, and the respective changes in financial position on a regulatory basis thereof for the year then ended in conformity with the basis of accounting described in Note 1.

Emphasis of Matter

Effect of Adopting New Accounting Standards

As described in Note 1 to the financial statements, the College adopted the provisions of GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position.* The opinion is not modified with the implementation of this GASB Statement.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Putnam City Independent School District No. 1's financial statements as a whole. The management's discussion and analysis, the combining nonmajor fund financial statements, the statement of changes in assets and liabilities – all activity funds, the budgetary comparison schedules – general, building, and child nutrition funds, the statement of statutory, fidelity and honesty bonds, and the schedule of accountants' professional liability insurance affidavit information are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular *A-133, Audits of States, Local Governments, and Non-Profit Organization,* and is also not a required part of the financial statements.

The management's discussion and analysis is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We have applied certain limited procedures to the management's discussion and analysis, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The combining nonmajor fund financial statements, the statement of changes in assets and liabilities – all activity funds, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, combining nonmajor fund financial statements, , the statement of changes in assets and liabilities – all activity funds, and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The budgetary comparison schedules – general, building, and child nutrition funds, the statement of statutory, fidelity and honesty bonds, and the schedule of accountants' professional liability insurance affidavit have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 26, 2013 on our consideration of Putnam City Independent School District No. 1's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Putnam City Independent School District No. 1's internal control over financial reporting and compliance.

Each Bailly LLP

Oklahoma City, Oklahoma November 26, 2013

Introduction

The discussion and analysis of Putnam City Schools financial performance provides an overall review of district financial activities for the fiscal year ended June 30, 2013. The intent of this discussion is to convey relevant facts and commentary regarding the financial performance of the organization for the reporting period. A thorough examination of the financial statements and thoughtful reading of the related notes to those statements will aid in evaluating the financial position of the district.

Putnam City Schools prepares financial statements in a format consistent with that established by the Governmental Accounting Standards Board (GASB). The financial statements are essentially prepared on a basis of cash receipts and disbursements modified as required by the regulations of the Oklahoma Department of Education and are more fully described in Note 1 to the financial statements. The financial highlights of Fiscal Years 2012 and 2013 and a comparative analysis of financial information from those years is presented to aid the reader in a more meaningful understanding of the district's financial performance for Fiscal Year 2013.

Financial Highlights

Fiscal Year 2013 operations generated significant budget activity for the district's primary operating fund, the General Fund. Current information is presented alongside that of Fiscal Year 2012 to illustrate changes in General Fund balance. Both years are presented on the regulatory basis of accounting.

	Beginning						
	 Balance	 Revenues Expenses			Ending Balance		
FY 2012	\$ 16,366,325	\$ 123,054,303	\$	123,260,905	\$	16,159,723	
FY 2013	16,159,723	123,196,032		124,563,153		14,792,602	

Net Assessed valuation amounts and growth rates are presented below. Prospects for continued growth in local revenues are being monitored.

Applicable Fiscal Year	Net Assessed Valuation	Growth
2010	896,072,867	1.17%
2011	898,845,574	0.31%
2012	901,481,941	0.29%
2013	900,862,513	-0.07%
2014	913,247,788	1.37%

Net Assessed valuation provides the basis for the calculation of county Ad Valorem (property) taxes that are distributed to the district each year. The benefit of this growth is felt in the Building Fund; however, ad valorem tax revenue is a direct off-set against state aid funding.

Using the Putnam City Schools Audit Report and Financial Statements

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the user can understand Putnam City School District as a financial whole. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities

These statements provide information about the activities of the whole district. The change in net position is important because it identifies whether the financial position of the district has improved or diminished. The cause of this change may be the result of many factors, including, but not limited to, state and federal funding, changes in the property tax base, investment rates of return, bond activity and current legislation affecting school funding or education mandates. In the Statement of Net Position – regulatory basis and the Statement of Activities-regulatory basis, all district activities are considered to be of the governmental type. This includes instruction, support services, operation and maintenance of plant, pupil transportation, and extracurricular activities.

Fund Financial Statements

District operations are reported in governmental funds. These funds focus on cash flows, that is how money flows into and out from those funds and the balances left at the end of the fiscal year. These funds are reported using the regulatory basis of accounting described above. The governmental fund statements provide a detailed view of general government operations and the basic services they provide. Governmental fund information helps determine whether there are more or less financial resources that can be spent in the near future to finance educational programs.

The fund financial statements presented in the report provide detailed information about major funds. The district uses many funds to account for thousands of financial transactions each year. However, these fund financial statements focus on the most significant funds. By way of dollar volume, the most important of these funds are the General Fund, Debt Service Fund and Building Fund.

General Fund Budgeting Highlights

The district budget is constructed according to Oklahoma law and accounts for transactions on the basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund. Putnam City uses a zero-based budgeting method for approximately 90% of the General Fund budget. A zero-based budget builds each cost center budget based upon specific planned expenditures. The remaining ten- percent is programmed using an incremental method of budgeting. This method uses historical spending levels as a base and reduces or increases the base budget for changes in current year needs. Historically, eighty-five to ninety percent of Putnam City Schools General Fund budget is made up of the salary and benefits of the 2,300 full-time people employed by the district.

Table B Analysis of Changes in Net Position (in millions)

Net Position

Net Position increased \$9.78 million from Fiscal Year 2012 to 2013. The operating position of the district as expressed in terms of General Fund balance decreased \$1,367,122 in Fiscal Year 2013.

Revenues

General Fund revenue increased 0.12% from FY 2012 to FY 2013. Receipts into the Building Fund increased 3.44%. A \$156,000 increase in insurance loss recovery proceeds accounted for the change. Revenues into the Debt Service Fund (also referred to as Sinking Fund) are received pursuant to ad valorem tax levies calculated to meet the fiscal years' principal and interest payments on bonded indebtedness.

Expenditures

General Fund expenditures increased \$1.3 million, or 1.06% from 2012 to 2013. The increase was a result of staffing and salary increases. Building Fund expenditures increased 15.13%, primarily due to expenditures related to construction of a new elementary. Sinking Fund principal retirements decreased \$2,370,000 in FY13 while interest payments decreased \$244,813.

Fund Balances

As mentioned above, the General Fund fund balance decreased \$1,367,122 to \$14,792,605. Building Fund balance realized a decrease of \$918,860 to \$7,811,076. Sinking Fund fund balance decreased \$872,785 in FY13.

Capital Assets

Capital assets increased due to infrastructure improvements, transportation equipment and technology enhancements financed primarily from the Building and Bond funds.

Debt

On November 10, 2009, the Putnam City Schools patrons voted to approve an \$80,655,000 bond issue to be sold in five releases. The delivery of the bond proceeds began in January 2010 and will conclude in January 2014. On March 30, 2010, the District entered into a sublease agreement with the Oklahoma County Finance Authority (the Authority) in which the Authority advanced \$49,820,000 in educational facilities bond, series 2010. The remaining proceeds will be received through the release of General Obligation Bonds. On February 12, 2013 Putnam City patrons voted to approve a \$6,000,000 bond issue to be sold in a single release.

Current Issues

For Fiscal Year 2012-2013 and beyond, the district will seek to establish the most efficient and effective means to align faculty with an increasing overall student population. Since state aid funding is directly linked to weighted average daily membership and grade level fluctuations are unpredictable at best, the projection of future available state resources is challenging.

Contacting the District's Chief Financial Officer

This financial report is intended to provide our citizens, taxpayers, investors and creditors with a general overview of district finances and to confirm our commitment to accountability for the monies entrusted to our stewardship. Questions about this report or additional financial information should be directed to Shannon Meeks, Chief Financial Officer, Putnam City Schools, 5401 NW 40th Street, Oklahoma City, Oklahoma 73122.

Putnam City Independent School District No. 1

Oklahoma County, Oklahoma

Reconciliation of Statement of Revenues, Expenditures and Changes in Fund Balances – Governmental Funds to Statement of Activities – Regulatory Basis For the Year Ended June 30, 2013

Total net changes in fund balances - governmental funds	\$	5,139,467
The change in nets position reported in the statement of activities is different because:		
Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement allocated over their estimated useful lives as annual depreciation expenses in the statement of activities. This is the amount by which capital outlays exceed depreciation during the period. Depreciation Expense (7,092,75) Capital Outlays	· ·	28,312
In the statement of activities, compensated absences are measured by the amounts earned during the year, however, for governmental funds expenditures for these items are measured in the amount of financial resources used (essentially the amounts actually paid). This year, vacation and sick leave earned exceeded amounts used.		53,132
Bond proceeds are reported as financing sources in governmental funds and thus contribute to the change in fund balance. In the statement of net position, however issuing debt increases long-term liabilities and does not affect the statement of activities. Similarly, repayment of principal is an expenditure in the governmental funds but reduces the liability in the statement of net position.Debt Issued (22,295,00) Debt Repayments\$ (22,295,00) (22,880,00)Debt repaid this year exceeded issues.Debt Repayments22,880,00)	,	585,000
The usage of USDA commodities are not reported as expenditures in the governmental funds but are reflected in the accrual-based government-wide financial statements.		(40,684)
Resources provided in the debt service fund in accordance with Oklahoma Statute 62-431 are not a liability at the district-wide level but are considered a component of restricted net position.		4,022,547
Change in net position of governmental activities	\$	9,787,774

Note 1 - Summary of Significant Accounting Policies

The Putnam City Independent School District No. 1 (the District) is a corporate body for public purposes created under Title 70 of the Oklahoma Statutes and accordingly is a separate entity for operating and financial reporting purposes. The District is part of the public school system of Oklahoma under the general direction and control of the State Board of Education and is financially dependent on the State of Oklahoma for support. The general operating authority for the public school system is the Oklahoma School Code contained in Title 70 of the Oklahoma Statutes.

The District prepares its financial statements in a presentation format that is, in substance, the format established by the Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments*.

GASB Statement No. 34 established a financial reporting model for state and local governments that included the addition of management's discussion and analysis, district-wide financial statements, required supplementary information and the elimination of the effects of internal service activities and the use of account groups to the already required fund financial statements and notes.

<u>The Reporting Entity</u> - The District is a corporate body for public purposes created under Title 70 of the Oklahoma Statutes and accordingly is a separate entity for operating and financial reporting purposes. The governing body of the District is the Board of Education composed of elected members. The appointed superintendent is the executive officer of the District.

Basic Financial Statements – Government-Wide Statements

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The District does not have any activities classified as business-type activities.

In the government-wide Statement of Net Position, the District's governmental activities are reported on the cash receipts and disbursements basis modified as required by the regulations of the Oklahoma Department of Education to include inventory, capital assets and long-term debt and obligations. The District's net position is reported in three parts – net investment in capital assets; restricted net position; and unrestricted net position.

In the government-wide Statement of Activities, the District's governmental activities, are reported on the cash receipts and disbursements basis modified as required by the regulations of the Oklahoma Department of Education and reports both the gross and net cost of each of the District's programs and functions. The functions are also supported by general government revenues. The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly

associated with the function. Charges for services include charges and fees to students or customers who purchase, use or directly benefit from the goods, services or other privileges provided by a given function. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

All interfund transactions are eliminated in the district-wide statements.

The net costs are normally covered by general revenue (property taxes, State and Federal aid, other taxes etc.).

The government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities. Separate financial statements are provided for governmental funds. Major individual governmental funds are reported in separate columns in the fund financial statements.

Basic Financial Statements – Fund Financial Statements

Governmental fund financial statements are reported using the cash receipts and disbursements basis of accounting modified as required by the Oklahoma Department of Education to include investments and inventories on hand, encumbrances issued, and warrants outstanding. The fund financial statements provide reports on the financial condition and results of operations of the governmental fund category on a basis required by the cash basis and budget laws of the State of Oklahoma.

The District reports the following major governmental funds:

<u>General Fund</u> is the primary operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

<u>Debt Service Fund</u> is used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt.

Additionally, the District reports the following fund types that are included in other governmental funds:

Governmental Funds:

- 1. Special Revenue Funds The District accounts for resources restricted to, or designates for, specific purposes by the District or a grantor in a special revenue fund.
- 2. Capital Projects Funds The proceeds from long-term financing and revenues and expenditures related to authorized construction and other capital asset acquisitions are accounted for in a capital projects fund.

<u>Basis of Accounting</u> - Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

As to the basis of accounting, the basic financial statements are essentially prepared on a basis of cash receipts and disbursements modified as required by the regulations of the Oklahoma Department of Education as follows:

- Encumbrances represented by purchase orders, contracts, and other commitments for the expenditure of monies and are recorded as expenditures when approved. The excess of encumbrances issued in the prior year over amounts subsequently paid is shown as an adjustment of prior year encumbrances in the fund financial statements and as a reduction of program expenses in the government-wide statements.
- Warrants/Checks payable are recorded as liabilities when issued.
- Investments and inventories are recorded as assets when purchased and reduced when used.
- Capital assets reported in the government-wide statements are recorded when acquired and depreciated over their useful lives. Capital assets are not recorded at the fund level.
- Long-term debt in the government-wide statements is recorded when incurred. General obligation bonds payable is recorded at the fund level.
- Accrued compensated absences are recorded as an expenditure and liability when the obligation is incurred at the district wide level but not at the fund level.
- Financial resources provided in the debt service fund in accordance with Oklahoma Statute 62-431 are reported as fund liabilities. In the government-wide statements, these resources are shown as restricted net position.

This regulatory basis of accounting differs from accounting principles generally accepted in the United States of America, which would have required the government-wide financial statements to be presented on the accrual basis of accounting. The fund financial statements were to be presented on the modified accrual basis of accounting.

<u>Inventories</u>: Inventories consist of expendable and non-commodity food supplies held for the District's use and are carried at cost using the first-in, first-out method. Inventories are accounted for using the consumption method where materials and supplies are recorded as an asset when purchased.

On the government-wide financial statements, United States Department of Agriculture (USDA) food commodities are recorded as revenue when received at fair value at the date of receipt and as an expense when used. USDA food commodities are not reported in the governmental funds.

<u>Capital Assets</u>: Capital assets purchased or acquired with an original cost of \$2,500 or more are reported at historical cost or estimated historical cost. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

School Buildings	50 years
Site Improvements	20 years
Portable Classrooms	25 years
Kitchen Equipment	15 years
Business Machines and Computers	5 years
Licensed Vehicles	8 years
Audio Visual Equipment, Musical Instruments	10 years

<u>Compensated Absences</u> - Support personnel are eligible for paid sick leave benefits after 90 days. Sick leave is accrued at different rates depending on number of contract days worked. Upon termination, resignation, retirement or death, unused sick leave is reimbursable. The rate of reimbursement for support personnel ranges from \$10.25 to \$35.00 per day for sick leave depending on number of years of employment.

Certified personnel are provided 10 days of sick leave and 3 days of personal business leave during each year. Unused personal business leave converts to cumulative sick leave at year end.

Support personnel, who contract for at least twelve months, accrue vacation by month after the completion of a full year. The rate of accrual is based on the number of contract days an employee works. Unused vacation time may be carried to the next year. Reimbursement for unused vacation is at the employee's current rate of pay.

<u>Budgets and Budgetary Accounting</u> - The District is required by state law to prepare an annual budget. No later than October 1, each board of education shall prepare a financial statement and estimate of needs to be filed with the applicable county clerk and the State Department of Education. Once the county excise board has approved the estimate of needs, the board shall adopt a final budget within 45 days or the second regularly scheduled board meeting. No later than 15 days prior to adoption of a final budget, the board must conduct a public hearing for purposes of taking public comments. The final budget may be revised upon approval of the Board of Education in open meeting.

A budget is legally adopted by the Board of Education for the General Fund, Building Fund, Child Nutrition Fund, and the Debt Service Fund that includes revenues and expenditures.

Budgets generally assume the expenditure of all available resources. Therefore, when the legal budget is prepared, it is assumed these funds will not have a carryover balance to a subsequent year. Program revenue received but not spent is restricted and deferred to the subsequent fiscal year.

<u>Deposits</u> - The District considers all cash on hand, demand deposits, money market checking and certificates of deposit, held at an individual bank which are subject to early withdrawal penalties no matter what the maturity period, to be cash. All short-term cash surpluses are maintained in a cash pool, the earnings from which are allocated to each fund based on month-end deposit balances. State statutes require collateral for deposits in excess of insured amounts. The collateral's market value must exceed the insured deposit.

<u>Property Tax Revenues</u> - The District is authorized by state law to levy property taxes which consist of ad valorem taxes on real and personal property within the District. The County Assessor, upon receipt of the certification of tax levies from the county excise board, extends the tax levies on the tax roll for submission to the county treasurer prior to October 1. The county treasurer must commence tax collection within fifteen days of receipt of the tax rolls. The first half of taxes is due prior to January 1. The second half is due prior to April 1.

If the first payment is not made timely, the entire tax becomes due and payable on January 1. Second half taxes become delinquent on April 1 of the year following the year of assessment. If not paid by the following October 1, the property is offered for sale for the amount of taxes due. The owner has two years to redeem the property by paying the taxes and penalty owed. If at the end of two years the owner has not done so, the purchaser is issued a deed to the property.

<u>State Revenues</u> - Revenues from state sources for current operations are primarily governed by the state aid formula under the provisions of Article XVIII, Title 70, Oklahoma Statutes. The State Board of Education administers the allocation of state aid funds to school districts based on information accumulated from the districts.

After review and verification of reports and supporting documentation, the State Department of Education may adjust subsequent fiscal period allocations of money for prior year errors disclosed by review. Normally, such adjustments are treated as reductions or additions of revenue of the year when the adjustment is made.

The District receives revenue from the state to administer certain categorical educational programs. State Board of Education rules require that revenue earmarked for these programs be expended only for the programs for which the money is provided and require that the money not expended as of the close of the fiscal year be carried forward into the following year to be expended for the same categorical programs. The State Department of Education requires that categorical educational program revenues be accounted for in the general fund.

<u>Interfund Transfers</u> - During the course of normal operations, the District has transactions between funds including expenditures and transfers of resources to provide services, purchase assets and service debt. Transactions that are normal and recurring between funds are recorded as transfers.

<u>Use of Estimates</u> – The preparation of financial statements requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

<u>Net Position and Fund Balance</u> - District-Wide Financial Statements – When the District incurs an expense for which it may use either restricted or unrestricted net position, it uses restricted net position first unless unrestricted net position will have to be returned because they were not used.

Net Position on the Statement of Net Position includes the following:

Net Investment in Capital Assets – The component of net position that reports the difference between capital assets less both the accumulated depreciation and the outstanding balance of debt, excluding unspent proceeds, that is directly attributable to the acquisition, construction or improvement of these capital assets.

Restricted for Debt Service – The component of net position that reports the amount of funds restricted for payment of principal and interest on debt. This amount is restricted by enabling legislation.

Restricted for Buildings – The component of net position that reports the excess of property taxes and other revenue collected in excess of expenses for operation of the District's buildings. This amount is restricted by enabling legislation.

Restricted for Child Nutrition – The component of net position restricted for use by the child nutrition fund. This amount is restricted by regulations of the Oklahoma State Department of Education.

Restricted for School-based Activities– The component of net position that reports the assets restricted for use by student organizations and extracurricular activities. This amount is restricted by regulations of the Oklahoma State Department of Education.

Unrestricted – The difference between assets and liabilities that is not reported as restricted for any particular purpose.

Governmental Fund Financial Statements – The District adopted Governmental Accounting Standards Board Statement No. 54, which redefined how fund balances of the governmental funds are presented in the financial statements. The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

<u>Nonspendable</u>: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. The District had no nonspendable amounts at June 30, 2013.

<u>Restricted:</u> This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. The District has classified school construction expenditures as being restricted because their use is restricted by state statute or legislation regarding use of expenditures. Debt service resources are to be used for future servicing of the revenue note and are restricted through debt covenants. Child Nutrition resources are restricted for food services. Other purposes are restricted for scholarship and endowment purposes from contributors.

<u>Committed:</u> This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of Education. These amounts cannot be used for any other purpose unless the Board of Education removes or changes the specified use by taking the same type of action (resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The District has classified school program activities as being committed because their use is imposed by the Board of Education regarding use of expenditures.

<u>Assigned:</u> This classification includes amounts that are constrained by the District's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board of Education or through the Board of Education delegating this responsibility to management through the budgetary process. The District has assigned funds for education that are to be used for instruction, support services, outlays and other operating expenditures.

<u>Unassigned:</u> This classification includes the residual fund balance for the General Fund. The unassigned classification would also include any negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of assigned fund balance amounts. The District has not established a formal stabilization arrangement regarding minimum funding requirements.

As of June 30, 2013, fund balances are comprised of the following:

As of june 50, 2013, fund balances are con	<u> </u>	General Fund	eneral Debt Service		Other Governmental Funds		Total Governmental Funds	
Fund balances:								
Restricted for: School construction Debt service Food services Gifts from donors Total Restricted	\$	- - - -	\$	1,347,069	\$	34,385,347 1,457,835 101,118 35,944,300	\$	34,385,347 1,347,069 1,457,835 101,118 37,291,369
Committed to: School program activities Total Committed		<u> </u>				1,944,204 1,944,204		1,944,204 1,944,204
Assigned to: Instruction Support services Non-instruction services Capital outlay Capital outlay		780,005 337,083 1,210,664		- - - -		3,148 296,322 158,466		780,005 340,231 1,506,986 - 158,466
Other outlays Total Assigned		2,327,752		-		457,936		2,785,688
Unassigned Total fund balances	\$	12,464,850 14,792,602	\$	1,347,069	\$	(202,224) 38,144,216	\$	12,262,626 54,283,887

The District would typically use restricted fund balances first, followed by committed resources, and then assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to defer the use of these other classified funds.

<u>New Accounting Pronouncement</u> - In June 2011, the GASB issued Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position.* The objective of this Statement is to provide financial reporting guidance for deferred outflows of resources and deferred inflows of resources as defined by GASB's Concepts Statement No. 4. It also amends the net asset reporting requirements in Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis- for State and Local Governments,* and other pronouncements by incorporating deferred outflows and deferred inflows of resources into the definition of net assets and by renaming it as net position, rather than net assets. The requirements of this Statement have improved financial reporting by standardizing the presentation of their effects on a government's net position.

Note 2 - Deposits

At June 30, 2013 the cash balance includes cash pool amounts and certificates of deposits. The bank balance of deposits at June 30, 2013 was \$85,438,189. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. State statutes require collateral for amounts in excess of federally insured amounts. The deposit policy for custodial risk requires compliance with the provisions of state law. The bank balances were completely covered by federal depository insurance and by collateral held by the District's third party agent in the District's name.

Note 3 - Long-term Liabilities

The long-term liability balances and activity for the year were as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Amounts Due within One Year
Bonds Payable Lease Revenue Payable Compensated Absences	\$ 61,930,000 23,835,000 5,473,216	\$ 22,295,000 1,620,341	\$ (13,760,000) (9,120,000) (1,673,473)	\$ 70,465,000 14,715,000 5,420,084	\$ 17,215,000 14,715,000 1,534,022
Total governmental activity long-term liabilities	\$ 91,238,216	\$ 23,915,341	\$ (24,553,473)	\$ 90,600,084	\$ 33,464,022

Payments on bonds are made by the debt service fund with property taxes. Compensated absences and the obligation under capital leases are generally liquidated by the general fund. Bonds payable includes general obligation bond issues as well as lease revenue activity.

Bonds payable at June 30, 2013 are comprised of the following individual general obligation bond issues:

Issue Amount	Purpose	Date	Annual Payment		Final	Maturity Date	Interest	Total
¢ 10 1 10 000		1 /1 /0000	<i>•</i>	2 0 2 5 0 0 0	* 2 025 000	1/1/001 4	_	* 2 225 222
\$12,140,000	Building	1/1/2009	\$	3,035,000	\$ 3,035,000	1/1/2014	5	\$ 3,035,000
15,520,000	Building	1/1/2010		3,880,000	3,880,000	1/1/2015	3	7,760,000
15,385,000	Building	1/1/2011		3,845,000	3,850,000	1/1/2016	2.5-3	11,540,000
25,835,000	Building	1/1/2012		6,455,000	6,460,000	1/1/2017	3	25,835,000
16,295,000	Building	1/1/2013		4,070,000	4,075,000	1/1/2019	1-1.5	16,295,000
6,000,000	Building	6/1/2013		1,500,000	1,500,000	6/1/2019	2	6,000,000
	C C							\$ 70,465,000

State statutes prohibit the District from becoming indebted in an amount exceeding the revenue to be received for any fiscal year without approval by the District's voters. Bond issues have been approved by the voters and issued by the District for various capital improvements. These bonds are required to be fully paid serially within 25 years from the date of issue. General obligation bonded debt of the District is limited by state law to 10% of the assessed valuation of the District. The legal debt limit at June 30, 2013 is approximately \$91,325,000.

The annual requirements to amortize all bond debt outstanding as of June 30, 2013 including interest payments are as follows:

Period						
Ending					Total Debt	
June 30,	Prir	ncipal	Inter	rest	Service	_
						_
2014	\$ 17,	215,000	\$ 1,55	6,188	\$18,771,188	
2015	19,	755,000	1,44	6,000	21,201,000	
2016	15,	885,000	1,00	5,600	16,890,600	
2017	12,	035,000	62.	5,600	12,660,600	
2018	5,	575,000	36	1,050	5,936,050	
	\$ 70,	465,000	\$ 4,99	4,438	\$75,459,438	

Proceeds of general obligation bond issues are recorded in the Capital Projects Fund and at least 85% of the proceeds are restricted to the use for which they were approved in the bond elections. There is approximately an additional \$18.7 million in approved but unissued bonds.

Note 4 - Employee Retirement System

<u>Plan Description</u> - The District contributes to the state-administered Oklahoma Teachers' Retirement System ("the System"), a cost-sharing, multiple-employer public employee retirement system (PERS). The System is administered by a board of trustees. PERS provides retirement, disability and death benefits to plan members and beneficiaries. Oklahoma State Statute 70, Article 17 assigns the authority to establish and amend benefit provisions to the PERS Board of Trustees. The System issues a publicly available report that includes financial statements and required supplementary information for PERS. That report may be obtained by contacting the Oklahoma Teachers' Retirement System.

<u>Funding Policy</u> –Under the System, contributions are made by the District, the State of Oklahoma, and the participating employees. Participation is required for all teachers and other certified employees and is optional for all other regular employees of public educational institutions who work at least 20 hours per week.

The contribution rates for the District and its employees, which are not actuarially determined, are established by statute and applied to the employee's earnings, plus employer-paid fringe benefits. The District was required by statute to contribute 9.5% from July 1, 2012 through June 30, 2013 of applicable compensation for the year ended June 30, 2012. Plan members are required to contribute 7% of their annual covered salary. The District pays full-time employees' contribution as allowed by statute. The District's contributions to PERS (net of retirement paid by the State of Oklahoma) for the years ending June 30, 2013, 2012, and 2011 were \$11,310,392, \$10,034,594, and \$10,182,070, respectively, equal to the required contributions for each year. State of Oklahoma contributions to the System on behalf of the District's employees for the year ended June 30, 2013 were \$775,849.

Note 5 - Contingencies and Commitments

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

The District is defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, the District believes the resolution of these matters will not have a material adverse effect on the financial condition of the District. Should a judgment be awarded against the District, it would be levied through the District's sinking fund over a three-year period pursuant to state law.

The District has designated approximately \$39.1 million dollars as of June 30, 2013 for outstanding construction projects.

During the year ended June 30, 2013, the District did not reduce insurance coverage from coverage levels in place as of June 30, 2013. No settlements have exceeded coverage levels in place during 2014.

Note 6 - Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions and natural disasters for which the District carries commercial insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

Note 7 - Capital Assets

Capital asset activity for the year ended June 30, 2013 was as follows:

	Beginning Balances	Increases	Decreases	Ending Balances
Capital Assets not being depreciated:				
Land	\$ 4,909,456	\$ -	\$-	\$ 4,909,456
Construction in progress	76,924,824	5,786,512	(7,279,582)	75,431,754
Total capital assets not being depreciated	81,834,280	5,786,512	(7,279,582)	80,341,210
Capital Assets being depreciated:				
Buildings	144,356,842	7,279,582	-	151,636,424
Equipment and Vehicles	17,018,266	1,334,551	(851,554)	17,501,263
Total capital assets being depreciated	161,375,108	8,614,133	(851,554)	169,137,687
Less accumulated depreciation for:				
Buildings	(58,059,879)	(5,348,121)	-	(63,408,000)
Equipment and Vehicles	(10,160,159)	(1,744,630)	851,554	(11,053,235)
Total accumulated depreciation	(68,220,038)	(7,092,751)	851,554	(74,461,235)
Total capital assets being depreciated, net	93,155,070	1,521,382		94,676,452
Capital assets, net	\$ 174,989,350	\$ 7,307,894	\$ (7,279,582)	\$ 175,017,662

Note 8 - Schedule of Transfers

Transfer From	Transfer To	 Amount	Nature of Transfer
General Fund Student Activity Fund Student Activity Fund	General Fund Student Activity Fund General Fund	\$ 7,400 462,002 387,734	Intrafund Transfer Intrafund Transfer Operating Transfer
	Total Transfers between Funds	\$ 857,136	

Transfers are used for (1) reimbursement of funds collected by one fund that are accounted for in another fund (2) return of funds in excess of budgetary requirements.

Note 9 - Sublease Agreement

The District entered into a sublease agreement on March 30, 2010 with the Oklahoma County Finance Authority (the Authority) in which the Authority advanced \$49,820,000 in educational facilities lease revenue bonds, Series 2010, to the District for the acquisition and construction of buildings, improvements, and furniture and equipment. The District will use future general obligation bonds for repayment of the funds to the Authority. The following schedule presents the revenue and payment activity per the agreement after June 30, 2012:

Maturity	Principal	Interest	Yield
March 1,	Amount	Rate	
2014	\$ 14,715,000	4.00%	2.600%

The trustee bank holds the cash and makes payments after authorization from the District.

Upon payment of the lease purchase acquisition payments, legal title will go to the District for all construction, acquisition and renovations completed with the revenue lease bonds. Total lease bond revenue projects in process at June 30, 2013 totaled approximately \$25,468,000.

Other Supplementary Information June 30, 2013 Putnam City Independent School District No. 1

Putnam City Independent School District No. 1 Oklahoma County, Oklahoma Budgetary Comparison Schedule – General Fund (unaudited) For the Year Ended June 30, 2013

	Budgeted Amounts Original/Final	Actual Amounts Budgetary Basis	Variance with Final Budget Positive (Negative)

Total Charges to Appropriations	125,650,160	124,570,553	1,079,607
Budgetary Fund Balance, June 30	\$ 10,215,626	\$ 14,792,602	\$ 4,576,976

Budgeting – No later than October 1 of each year, the board of education of each school district shall file with the State Board of Education an itemized expenditure budget and request for state appropriated funds for the ensuing fiscal year and an estimate of revenues from all sources to be received by the district during the ensuing fiscal year. Once the county excise board has approved the estimate of needs, the board shall adopt a final budget within 45 days or the second regularly scheduled board meeting. No later than 15 days prior to adoption of a final budget, the board must conduct a public hearing for purposes of taking public comments. The final budget may be revised upon approval of the Board of Education in open meeting.

Budgets generally assume the expenditure of all available resources. Therefore, when the legal budget is prepared, it is assumed these funds will not have a carryover balance to a subsequent year. Program revenue received but not spent is restricted and deferred to the subsequent fiscal year.

Note 1 - Basis of Presentation

The above schedule of expenditures of federal awards includes the federal grant activity of Putnam City

Independent School District No. 1, Oklahoma County, Oklahoma. The schedule is prepared

using a cash receipts and disbursements basis. Therefore, some amounts presented

in the schedule may differ from amounts presented in, or used in the preparation of the basic financial statements.

(1) Adjustment made for expenditures not expected to be federally reimbursed.

Sum of (a) total for expenditures for CFDA 84.048 equals \$437,968.

Non-cash commodities included in the above schedule are valued at the fair market value of the items received.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Education Putnam City Independent School District No. 1 Oklahoma City, Oklahoma

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Putnam City Independent School District No. 1 as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise Putnam City Independent School District No. 1's basic financial statements, and have issued our report thereon dated November 26, 2013. Our opinions were modified because the District prepares its financial statements on a prescribed regulatory basis of accounting.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Putnam City Independent School District No.1's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Putnam City Independent School District No. 1's internal control. Accordingly, we do not express an opinion on the effectiveness of Putnam City Independent School District No. 1's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not yet been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Putnam City Independent School District No. 1's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and question costs as item 2013-A.

Putnam City Independent School District No.1's Response to Findings

Putnam City Independent School District No.1's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit Putnam City Independent School District No. 1's responses and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Each Sailly LLP

Oklahoma City, Oklahoma November 26, 2013

Independent Auditor's Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance Required by OMB Circular A-133

To the Board of Education Putnam City Independent School District No. 1 Oklahoma City, Oklahoma

Report on Compliance for Each Major Federal Program

We have audited Putnam City Independent School District No. 1's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Putnam City Independent School District No. 1's major federal programs for the year ended June 30, 2013. Putnam City Independent School District No. 1's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on the compliance for each of Putnam City Independent School District No. 1's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Putnam City Independent School District No. 1's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Putnam City Independent School District No. 1's compliance.

Opinion on Each Major Federal Program

In our opinion, Putnam City Independent School District No. 1 complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect of each of its major Federal programs for the year ended June 30, 2013.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance, which is required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 2013-001. Our opinion on each federal program is not modified with respect to this matter.

Putnam City Independent School District No. 1's response to the noncompliance findings identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. Putnam City Independent School District No. 1's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Management of Putnam City Independent School District No. 1 (the District) is responsible for establishing and maintaining effective internal control over compliance with the compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses and significant deficiencies may exist that were not identified. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2013-001 to be a material weakness.

The District's response to the internal control over compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Each Barly LLP

Oklahoma City, Oklahoma November 26, 2013

Section I - Summary of Auditor's Results

Financial Statements	
Type of auditor's report issued	Modified-Adverse based on regulatory basis
Internal control over financial reporting:	
Material weakness identified	No
Significant deficiencies identified not	
considered to be material weaknesses	None reported
Noncompliance material to financial statements noted	No
Federal Awards	
Internal control over major programs:	
Material weakness identified	Yes
Significant deficiencies identified not	
considered to be material weaknesses	None Reported
Type of auditor's report issued on compliance for	
major programs	Unmodified
Any audit findings disclosed that are required to be	
reported in accordance with Circular A-133,	
Section .510(a)	Yes
Name of Federal Program or Cluster	CFDA number
Title I	84.010
Child Nutrition Cluster	10.553, 10.555,
	10.559
Education Jobs Fund (Ed Jobs) - ARRA	84.410
Dollar threaded durad to distinguish	
Dollar threshold used to distinguish	¢ 550.007
between Type A and Type B programs	\$ 550,927
Auditee qualified as low-risk auditee	No

Section II - Findings relating to the Financial Statements

2013-A	
Condition:	Student activity receipts are not deposited within the next business day or at least weekly if less than \$100.
Criteria:	Oklahoma Statutes Section 70-5-129 related to student activity funds states "deposits subject to the requirements of this section shall be made by the end of the next business day; however, if the deposit for a day totals less than \$100, a school district may accumulate monies required to be deposited into the fund on a daily basis until the total accumulated balance of deposits equals or exceeds \$100shall deposit accumulated monies not less than one time per week."
Cause:	Teacher sponsors are not turning funds over to financial secretaries on a daily basis and financial secretaries are not depositing daily as required by District policy and Oklahoma statutes.
Context:	Approximately 23% of deposits tested (9 deposits in our sample of 40) identified receipts where the teacher sponsor did not turn in funds daily to the financial secretary. We noted 2 instances where the financial secretary did not timely turn in the deposits within the next business day.
Effect:	Failure to comply with State law indicating a failure to exercise control over funds received from student activities.
Recommendation:	Requirements for daily submission of student activity funds should be monitored for all sites by District administration.
Response:	In recognition of the timely deposit requirement, the District implemented a Financial Secretary Expectation and a Sponsor Expectation plan in FY13. Seventy percent of the findings occurred prior to or during the implementation. The District is hopeful a decrease in such events will be recognized in the next fiscal year.

Section III - Findings and Questioned Costs for Major Federal Awards

2013-001 Time and Effort Control

U.S. Department of Education passed through the Oklahoma State Department of Education Title I CFDA #84.010

Condition:	Employees working with the Title I Program did not have proper time and effort documentation as required by OMB Circular A-87, Attachment B, paragraph 8.h.
Criteria:	As defined by OMB Circular A-87, Attachment B, paragraph 8h, documentation should be kept on employees who are paid with federal programs. The documentation certifies the federal program time they have performed, signed by employee and supervisor knowing first-hand knowledge of the work performed by the employee.
Cause:	The District does have a process in place to obtain time and effort documentation but it was not effective in correctly and timely identifying programs in which the employees work.

Context:	Seven of the 38 items selected did not have accurate federal programs identified.
	One of the 38 items selected was missing one of the year's required certifications
Questioned costs:	None
Effect:	The District is out of compliance with OMB Circular A-87, Attachment B,
	paragraph 8h regarding time and effort documentation.
Recommendation:	Control procedures should be implemented to ensure that time and effort
	documentation is received by employees paid with the federal funds.
Response:	The District recognizes a need for increased training and oversight in relation to
	time and effort documentation. Corrective actions have been taken.

Section II - Findings relating to the Financial Statements

at least weekly if less than \$100.	
Current Status: Repeat finding in the current year – see 2013-A.	

Section III - Findings and Questioned Costs for Major Federal Awards

No findings in prior year.
