## INDEPENDENT AUDITOR'S REPORT

The Board of Education  
Red River Technology Center No. 19  
Duncan, Oklahoma

### **Report on the Financial Statements**

I have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Red River Technology Center No. 19, Stephens County, Oklahoma, as of and for the year ended June 30, 2014, which collectively comprise the basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

### **Opinion**

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Red River Technology Center as of June 30, 2014, and the respective changes in its financial position and, where applicable, cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Auditing Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

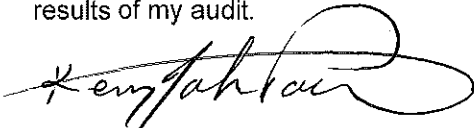

### Other Supplementary Information

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The Schedule of Expenditures of Federal Awards is presented for additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Nonprofit Organizations* and/or Oklahoma State Department of Education and is not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards is the responsibility of management and was derived from and relates directly to the underlying accounting records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial and other additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the supplementary information including the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the financial statements taken as a whole.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued my report dated February 23, 2015, on my consideration of Red River Technology Center No. 19, Stephens County, Oklahoma's, internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of my audit.

Kerry John Patten, C.P.A.  
Broken Arrow, OK  
February 23, 2015

**MANAGEMENT DISCUSSION AND ANALYSIS**

**RED RIVER TECHNOLOGY CENTER SCHOOL DISTRICT NO. 19**  
**DUNCAN, OKLAHOMA**  
**Management's Discussion and Analysis**  
**June 30, 2014**

The Management Discussion and Analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments, issued June 1999. Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

**Red River Technology Center (the District)**

The District is a part of the public CareerTech system of Oklahoma, under the direction and control of the Oklahoma State Board of Career and Technology Education. The District is located in Duncan, Oklahoma serving one main campus. The District serves 13 public school districts, including Bray, Central, Comanche, Duncan, Empire, Grandview, Marlow, Ryan, Temple, Terral, Walters, Waurika, and Velma. The District encompasses parts of Stephens, Jefferson, Carter, Comanche, Cotton, Garvin, and Grady counties. The major instructional program areas are Science, Technology, Engineering & Mathematics, Construction, Drafting, Health, Information Technology, Service Industry, and Welding. The District has three basic areas or types of instruction:

*Full-Time Programs* – The District offers 14 full-time programs. These programs are designed to lead to industry certifications, licenses, employment, and/or continuing education.

*Adult and Career Development* – These classes are designed around specific curriculum and are designed to provide an introduction to or enhance knowledge of specific topics.

*Business and Industry Services* – This division strives to meet the training and development needs of business and industry.

During fiscal year 2013-2014, the District served 488 students in full-time programs. There were 7,101 people served through industry specific training, 807 adults in adult and career training classes and 195 adults in adult education and literacy classes.

**Financial Highlights**

The District experienced growth of 9.14% in assessed valuation from fiscal year 2013 to 2014. The overall General Fund budget increased 1.07%.

After the completion of the Jerry D. Morris Business and Industry Service Center in 2005, the administration and board of education began plans for the next building project. In 2010 we began construction of a new health careers facility. The building is approximately 25,000 square feet with an approximate cost of 3.6 million dollars. The Delbert E. Morrison health building construction was completed in June 2011 and classes began there in July 2011.

**Overview of the Financial Statements**

The financial statements consist of three parts – Management's Discussion and Analysis, the Basic Financial Statements, and Required Supplementary Information. The three parts together provide a comprehensive overview of the financial condition of Red River Technology Center. The basic financial statements are comprised of two kinds of statements that present financial information from different perspectives:

See disclaimer in Auditors' opinion

**RED RIVER TECHNOLOGY CENTER SCHOOL DISTRICT NO. 19**  
**DUNCAN, OKLAHOMA**  
**Management's Discussion and Analysis**  
**June 30, 2014**

***Government-wide Financial Statements***

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Positions includes all of the District's assets and liabilities, with the difference reported as net positions. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

The two government-wide statements report the District's net assets and how they have changed. Net assets, the difference between the assets and the liabilities, are one way to measure the District's financial health or position.

Over time, increases or decreases in the District's net assets are an indicator of whether its financial health is improving or deteriorating, respectively.

To assess the overall health of the District, you need to consider additional non-financial factors such as changes in enrollment, changes in the property tax base, changes in funding by the federal and state governments, and the conditions of facilities.

***Fund Financial Statements***

The fund financial statements provide more detailed information about the District's *funds*, not the District as a whole. Funds are accounting devices that the District uses to keep track of specific sources of funding and spending for particular purposes. State law requires the use of certain funds.

The District has two kinds of funds:

*Government Funds* -- Most of the District's activities are included in governmental funds, which focus on the determination of financial position and change in financial position, not on income determination. The governmental fund statements provide a detailed short-term view of the District operations and the services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. The relationship (or differences) between governmental activities (reported in the State of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.

*Fiduciary Funds* -- The District is the trustee, or fiduciary, for the assets that belong to others. The District is responsible for ensuring that assets reported as these funds are used only for their intended purposes and by those to whom the assets belong. The District excludes these activities from the district-wide financial statements because it cannot use these assets to finance its operation.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data.

See disclaimer in Auditors' opinion

**RED RIVER TECHNOLOGY CENTER SCHOOL DISTRICT NO. 19  
DUNCAN, OKLAHOMA  
Management's Discussion and Analysis  
June 30, 2014**

**Financial Analysis of Red River Technology Center as a Whole**

**Net Positions**

The District's total net positions were \$13,289,726 at June 30, 2014

**NET Positions:**

<b>Fiscal Year Ended</b>	<b>June 30, 2013</b>	<b>June 30, 2014</b>
<b>Assets:</b>		
Cash and Investments	\$ 4,733,122	\$ 5,902,724
Other	7,940,866	7,644,194
<b>Total Assets</b>	<u>12,673,988</u>	<u>13,546,918</u>
<b>Total Liabilities</b>	<u>(139,407)</u>	<u>(257,192)</u>
<b>Total Net Assets</b>	<u>\$ 12,534,581</u>	<u>\$ 13,289,726</u>

Most of the District's net assets are invested in capital assets (buildings, land, and equipment). The remaining net assets are unrestricted. These unrestricted funds are used to fund the cash flow needs during the first half of the fiscal year as well as to accumulate funds for future building and improvement projects.

**Changes in Net Positions**

The District's improved financial position is the product of several factors. The most important of these are continued growth in net assessed valuation.

**Changes in Net Positions  
Fiscal Year Ended June 30, 2014**

	<b>FY 13</b>	<b>FY 14</b>
Beginning Net Positions	\$ 11,756,018	12,534,581
Net Positions	<u>12,534,581</u>	<u>13,289,726</u>
<b>Change in Net Positions</b>	<u>\$ 778,563</u>	<u>\$ 755,145</u>

**Government Activities**

This section will show a condensed financial comparison of revenues and expenses and provide explanations for significant differences.

To aid in the understanding of the Statement of Activities, some additional explanation is provided. Of particular interest is the format that is significantly different than a typical Statement of Revenue, Expenses, and Changes in Fund Balance. You will notice that expenses are listed in the first column with revenues from that particular program reported to the right. The result is a Net (Expenses)/Revenue. The reason for this kind of format is to highlight the relative financial burden of each of the functions on the District's taxpayers. It also identifies how much each function draws from the general revenues or if it is self-financing through fees and grants. Some of the individual line item revenues reported for each function are:

See disclaimer in Auditors' opinion

**RED RIVER TECHNOLOGY CENTER SCHOOL DISTRICT NO. 19  
DUNCAN, OKLAHOMA  
Management's Discussion and Analysis  
June 30, 2014**

**Government Activities (continued)**

District Sources of Revenue:

Ad Valorem property tax:	Taxes for current year and prior years, revenue in lieu of taxes
Interest:	Interest earning on investments and taxes
Tuition:	Tuition for full-time adult classes, short-term adult classes, safety training, and industry specific training
Local Sources:	Rental of school facilities, sale of surplus equipment, bookstore and livework revenue, and rebates
State Revenue:	Formula operations, Bid Assistance Program, Existing Industry Initiative, Training for Industry Program, Safety Training, professional development
Federal Revenue:	Carl Perkins Grant, Student Financial Aid (PELL Grants), Technology Centers that Work (TCTW), and Adult Education & Literacy (AEL)

**THE DISTRICT'S FUNDS**

The following schedule presents a summary of general, special revenue (building fund), revenue and expenditures for the fiscal year ended June 30, 2014, and the amount and percentage of increases and decreases in relation to the prior year.

Revenues	FY 13 Amount	Percent of Total	FY 14 Amount	Percent Of Total
Ad Valorem Taxes	\$ 4,322,050	56.7%	\$ 4,708,565	58.55%
Interest	\$ 11,346	.15%	\$ 14,357	.18%
Charges for services	\$ 557,205	7.31%	\$ 478,601	5.95%
State Funds	\$ 2,162,887	28.38%	\$ 2,258,772	28.09%
Miscellaneous	\$ 69,382	.91%	\$ 79,121	.98%
Operating Grants	\$ 499,339	%	\$ 502,489	6.25%
<b>Total Revenue</b>	<b>\$ 7,622,209</b>	<b>100%</b>	<b>\$ 8,041,905</b>	<b>100%</b>

See disclaimer in Auditors' opinion

**RED RIVER TECHNOLOGY CENTER SCHOOL DISTRICT NO. 19  
DUNCAN, OKLAHOMA  
Management's Discussion and Analysis  
June 30, 2014**

The net cost of all governmental activities this year was \$6,302,814. The governmental activities of the District include instruction, support services, operation of non-instructional programs, site improvements, and other uses. Examples of the types of expenses that can be found in these categories include:

*Instruction* – expenditures for direct classroom activities.

*Support Services* – expenditures to provide administrative, technical, and logistical support to facilitate and enhance instruction.

*Noninstructional Services* – activities concerned with providing non-instructional services to students, staff, and community.

*Facilities Acquisition and Construction* – expenditures involved with the acquisition of land and buildings, remodeling building, the construction of buildings and additions to buildings, installation or extension of service systems and other built-in equipment, and improvement to sites.

Expenditures	FY 13 Amount	Percent of Total	FY 14 Amount	Percent of Total
Instruction	\$ 2,893,932	40.14 %	\$ 2,989,679	41.05%
Support Services	\$ 3,177,526	44.08%	\$ 3,196,654	43.89%
Noninstructional Services	\$ 299,022	4.15%	\$ 353,626	4.85%
Depreciation: Unallocated	\$ 265,182	3.68%	\$ 294,778	4.05%
Capital Outlay	\$ 257,649	3.57%	\$ 9,699	.13%
Other Outlay & Uses	\$ 315,537	4.38%	\$ 439,498	6.03%
Bank Charges	\$ 3	0.000001%	\$ 0	0.0%
<b>Total Expenditures</b>	<b>\$ 7,208,851</b>	<b>100%</b>	<b>\$ 7,283,934</b>	<b>100%</b>

**Capital Assets**

Red River Technology Center's investment in capital assets for its governmental activities as of June 30, 2014, amounts to \$7,291,189 (net of accumulated depreciation). This investment includes land, buildings, building improvements, equipment, and vehicles.

Capital Assets at Year End		
	FY 13	FY 14
Land	\$ 40,000	\$ 40,000
Construction in Progress	110,459	0
Buildings & Improvements	8,888,409	8,895,209
Equipment	2,034,186	2,094,334
Vehicles	300,374	300,374
Total	11,373,428	11,329,917
Accumulated Depreciation	3,794,918	4,038,728
Total - Net	\$ 7,578,510	\$ 7,291,189

See disclaimer in Auditors' opinion

**RED RIVER TECHNOLOGY CENTER SCHOOL DISTRICT NO. 19**  
**DUNCAN, OKLAHOMA**  
**Management's Discussion and Analysis**  
**June 30, 2014**

**Financial Analysis of Red River Technology Center's Fund**

At June 30, 2014, the District's governmental funds reported a combined fund balance of \$5,937,712. The primary source of revenue for the governmental funds is ad valorem property tax, which is not received evenly throughout the fiscal year. The majority of property tax revenues are received between January 1 and April 30 of each year. The governmental funds must carry forward a fund balance large enough to finance the first six months of the fiscal year.

**General Fund**

The General Fund year-end balance is \$2,468,429. These unrestricted funds are required to meet the labor intensive and operating expenses for the first six months of the fiscal year 2015.

**Building Fund**

The Building Fund year-end balance is \$3,469,283. The remaining unrestricted funds are targeted for remodeling of current facilities, site improvements, new construction projects, equipment for the programs and building furniture needs.

**Fiduciary Funds**

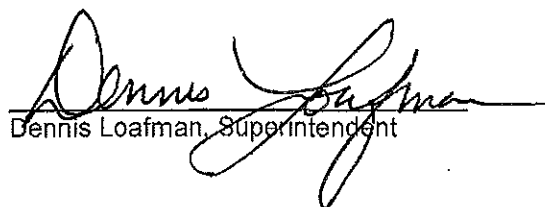

The Fiduciary Funds (Activity Funds) reported total net restricted fund balance of \$0.

**Capital Assets**

As of June 30, 2014, the District had \$7,291,189 in governmental funds invested in a broad range of capital assets, including land, buildings, furniture, and equipment.

**Contacting Red River Technology Center's Financial Management**

This financial report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of Red River Technology Center's financial position to show accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Superintendent's Office at Red River Technology Center, 3300 West Bois D'Arc, Duncan, Oklahoma, 73533.

Total Fund Balances	<u>\$ 2,468,429</u>	<u>\$ 3,469,283</u>	<u>\$ 5,937,712</u>
Total liabilities and fund balances	<u>\$ 2,738,068</u>	<u>\$ 3,517,661</u>	

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore, are not reported as assets in governmental funds. The cost of the assets is \$11,329,917 and accumulated depreciation is \$4,038,728. 7,291,189

Compensated absences are not due and payable in the current period and therefore, are not reported as liabilities in the funds. (70,607)

Property taxes receivable will be collected this year, but are not available soon enough to pay current period's expenditures, therefore they are deferred in the funds. 131,432

**\$ 13,289,726**

**RED RIVER TECHNOLOGY CENTER NO. 19  
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES  
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES  
FOR THE YEAR ENDED JUNE 30, 2014**

Net change in fund balances-governmental funds \$ 1,076,323

Amounts reported for governmental activities in the Statement of Revenues, Expenditures, and Changes in Fund Balance and Statement of Activities are different because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, in the Statement of Activities those costs are allocated over their estimated useful lives as depreciation expense. In the current period these amounts are:

Capital outlay expenditures	\$	120,741	
Loss on asset disposal		(2,826)	
Prior year CIP expensed		(110,459)	
Depreciation expense		<u>(294,778)</u>	
Excess of capital outlay over (under) depreciation expense			(287,322)

Compensated absences are not due and payable in the current period and, therefore, are not reported as liabilities in the funds. (14,049)

Because some revenues will not be collected for several months after the fiscal year end, they are not considered "available" and are deferred in the governmental funds. Deferred revenues decreased by this amount this year. (19,807)

Changes in net position of governmental activities \$ 755,145

The notes to the financial statement are an integral part of this statement.

**NOTES TO THE FINANCIAL STATEMENTS**

**RED RIVER TECHNOLOGY CENTER NO. 19  
STEPHENS COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENTS – GAAP BASIS  
FOR THE YEAR ENDED JUNE 30, 2014**

**1. Summary of Significant Accounting Policies**

The financial statements of the Red River Technology Center No. 19 (the "Center") have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") as applied to government units. The governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Center has elected to apply all applicable GASB pronouncements as well as Financial Accounting Standards Board ("FASB") pronouncements and Accounting Principles Board ("APB") opinions, issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements. The more significant of the Center's accounting policies are described below.

**A. Reporting Entity**

In accordance with the Governmental Accounting Standards Board Statement No. 14, "The Financial Reporting Entity," the Center has presented the entities, which comprise the primary government in the fiscal year 2012 basic financial statements.

The Center is a corporate body for public purposes created under Title 70 of the Oklahoma Statutes and, accordingly, is a separate entity for operating and financial reporting purposes. The Center is part of the public school system of Oklahoma under the general direction and control of the State Board of Education and is financially dependent on the State of Oklahoma for support. The general operating authority for the public school system is the Oklahoma School Code contained in Title 70, Oklahoma Statutes.

The governing body of the Center is the Board of Education composed of five elected members. The appointed superintendent is the executive officer of the Center.

As required by accounting principles generally accepted in the United States of America, the basic financial statements present the reporting entity which consists of the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion could cause the Center's basic financial statements to be misleading or incomplete.

**B. Basis of Presentation**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the Center. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) tuition or fees paid by students or citizens of the Center and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items, including state aid, that are not properly included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

**Fund Financial Statements**

The Technology Center segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Statements for governmental activities present each fund as a separate column on the fund financial statements.

Governmental funds are used to account for all or most of a government's general activities. The measurement focus of governmental funds is on the sources uses and balance of current financial resources. The Center has presented the following governmental funds:

**RED RIVER TECHNOLOGY CENTER NO. 19  
STEPHENS COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENTS - GAAP BASIS  
FOR THE YEAR ENDED JUNE 30, 2014**

**Summary of Significant Accounting Policies (continued)**

**Fund Financial Statements**

General Fund – The General Fund is used to account for all financial transactions except those required to be accounted for in another fund. Major revenue sources include state and local property taxes and state funding under the Foundation and Incentive Aid Program. Expenditures include all costs associated with the daily operations of the schools except for programs funded for building repairs and maintenance, school construction and debt service on bonds and other long-term debt.

Special Revenue Fund – The Center's Building Fund is a Special Revenue Fund and consists of monies derived from property taxes levied for the purpose of creating, remodeling or repairing buildings and for purchasing furniture and equipment.

**Fiduciary Fund Types**

Fiduciary funds are used to account for assets held on behalf of outside parties, including other governments, or on behalf of other funds within the Center. When these assets are held under the terms of a formula trust agreement, either a private purpose trust fund or a permanent fund is used.

The terms "permanent" and "private purpose" refer to whether or not the Center is under an obligation to maintain the trust principal. Agency funds generally are used to account for assets that the Center holds on behalf of others as their agent and do not involve measurement of results of operations.

The Center's Fiduciary Funds have been excluded from the government-wide financial statements.

Agency Fund – The Center's Agency Fund consists of the Activity fund. The Center's Activity fund is used to account for monies collected that are held on behalf of others as their agent and do not involve the measurement of results of operations. The administration is responsible under the authority of the Board, for collecting, disbursing and accounting for these funds.

**Account Groups**

GASB Statement No. 34 eliminates the presentation of account groups, but provides for these records to be maintained and incorporates the information into the governmental column in the government-wide statement of net position.

**C. Basis of Accounting**

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

Property taxes and interest and certain state and federal grants associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

RED RIVER TECHNOLOGY CENTER NO. 19  
STEPHENS COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENTS - GAAP BASIS  
FOR THE YEAR ENDED JUNE 30, 2014

**Summary of Significant Accounting Policies (continued)**

D. Budgets and Budgetary Accounting

A budget is legally adopted by the Board of Education for the General Fund and Special Revenue Fund that includes revenues and expenditures. These budgets are prepared on a budgetary basis of accounting. Budgetary control is maintained by fund, function, and activity and budgeted expenditures may not exceed appropriations at the fund level. Amendments may be made to the budget without approval by the governing body at the function and activity levels. Fund level budgetary amendments require approval of the governing body.

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting – under which purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable fund balance – is utilized in all governmental funds of the Center. Appropriations which are not spent lapse at the end of the fiscal year and encumbrances are reversed. On the first day of the following fiscal year, the encumbrances are reinstated and the expenditures are applied against that year's budget.

E. Net Position

The government-wide financial statements utilize a net position presentation. Net assets are categories of investment in fixed assets (net of related debt), restricted net position and unrestricted net position.

Investment in Fixed Assets (net of related debt) – is intended to reflect the portion of net assets, which are associated with non-liquid capital related debt. The net related debt is debt less the outstanding liquid assets and any associated unamortized cost.

Restricted Net Position - Restricted net position are liquid assets, which have a third party (statutory), limitation on their use.

Unrestricted Net Position – represent unrestricted liquid assets.

F. Assets, Liabilities and Cash Fund Balances

Cash and Cash Equivalents – The Center considers all cash on hand, demand deposits and highly liquid investments to be cash and cash equivalents. Investments consist of direct obligations of the United States Government and Agencies. All investments are recorded at cost, which approximates market value.

Property Tax Revenue and Receivables – The Center is authorized by state law to levy property taxes, which consist of ad valorem taxes on real and personal property within the Center. The County Assessor, upon receipt of the certification of tax levies from the County Excise Board, extends the tax levies on the tax roll for submission to the county treasurer prior to October 1. The County Treasurer must commence tax collection within fifteen days of receipt of the tax rolls. The first half of taxes is due prior to January 1. The second half is due prior to April 1.

If the first payment is not made timely, the entire tax becomes due and payable on January 2. Second half taxes become delinquent on April 1 of the year following the year of assessment. If taxes are delinquent and unpaid for a period of three years or more the real estate may be sold for such taxes.

Uncollected taxes assessed on valuations made each year are recorded in the Center's combined financial statements. Uncollectible personal and real property taxes are deemed to be immaterial because the property can be sold for the amount of taxes due.

Inventories – The cost of consumable materials and supplies on hand are immaterial to the financial statements, and the Technology Center has therefore chosen to report these items as expenditures/expenses at the time of purchase.

Capital Assets – Capital assets, which include property, plant and equipment, are reported in the government-wide financial statements.

All purchased capital assets are valued at cost when historical records exist and at an estimated historical cost where no historical records exist. Donated capital assets are valued at their fair market value on the date donated.

**RED RIVER TECHNOLOGY CENTER NO. 19  
STEPHENS COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENTS - GAAP BASIS  
FOR THE YEAR ENDED JUNE 30, 2014**

**Summary of Significant Accounting Policies (continued)**

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable.

Assets capitalized have an original cost of \$2,500 or more and over three years of useful life. Depreciation has been calculated on each class of depreciable property using a full year convention straight-line method. Estimated useful lives are as follows:

Buildings and structures	50 years
Improvements	50 years
Equipment	5-20 years
Vehicles	10 years

Compensated Absences – Full time members of the Center staff assigned to administration, instruction, clerical and members of staff assigned to housekeeping, maintenance, and transportation are eligible to accrue vacation with full pay, after one year of service with the Center. Vacation accrues at one day per month (except March and December) to a maximum of ten days per year. Vacation days can be accumulated and carried forward to the following year. Upon retirement or termination, the Center will purchase accumulated vacation under policy guidelines. The Center accrues vacation when the benefits are earned and it is probable that the employee will be compensated through paid time off or some other means.

Employees accumulate sick leave at a rate of one day per calendar month beginning the first day of employment. Unused sick leave can accumulate from year to year to a maximum of sixty days. Upon retirement or under certain conditions resulting in the elimination of positions due to the deletion of a center program, employees may be reimbursed for unused sick leave at the rate of \$15.00 per day for a maximum of seventy days.

Long-Term Debt – Long-term debt is recognized as a liability of the applicable governmental activities statement on net assets.

Fund Equity – Reserves represent those portions of fund equity not appropriable for expenditure or legally segregated for a specific future use.

**G. Revenue, Expenses and Expenditures**

Revenues are classified by source as follows:

Local – Revenue from local sources is revenue produced within the Center, which includes ad valorem taxes. It is available for current educational expenses and for other purposes authorized by the Technology Center.

Intermediate – Revenue from intermediate sources is revenue from funds collected by an intermediate administrative unit or political sub-division, like a county or municipality, and redistributed to the Technology Center.

State – Those revenues received from the State, which are dedicated or are appropriated by the State legislature. Some of this aid is restricted for specific purposes.

The Center receives revenue from the state to administer certain categorical educational programs. State Board of Education rules require that revenue earmarked for these programs be expended only for the program for which the money is provided and require that the money not expended as of the close of the fiscal year be carried forward into the following year to be expended for the same categorical programs. The State Department of Career & Technology Education requires that categorical educational program revenues be accounted for in the general fund.

Federal – Revenue from Federal sources is money originating from the Federal government and made available to the Technology Center either as direct grants or under various programs passed-through the State Department of Career & Technology Education.

**RED RIVER TECHNOLOGY CENTER NO. 19  
STEPHENS COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENTS - GAAP BASIS  
FOR THE YEAR ENDED JUNE 30, 2014**

**Summary of Significant Accounting Policies (continued)**

Expenditures are classified by function as follows:

Instruction Expenditures – Instruction expenditures include the activities dealing directly with the interaction between teachers and students. Teaching may be provided for students in a school classroom, in another location, such as a home or hospital, and in other learning situations, such as those involving co curricular activities. It may also be provided through some other approved medium, such as television, radio, telephone and correspondence. Examples of expenditures that might be included here are the activities of teacher assistant of any type (clerks, graders, teaching machines, etc.), which assist in the instructional process. The activities of tutors, translators, and interpreters would be recorded here. Department chairpersons who teach for any portion of time are included here. Tuition/transfer fees paid to other LEAs would be included here.

Support Services Expenditures – Support services expenditures provide administrative, technical (such as guidance and health) and logistical support to facilitate and enhance instruction. These services exist as adjuncts for fulfilling the objective of instruction, community services and enterprise programs, rather than as entitles within them.

Operation of Non-Instructional Services Expenditures – Activities concerned with providing non-instructional services to students, staff, and the community.

Facilities Acquisition and Construction Services Expenditures – Consist of activities involved with the acquisition of land and buildings; remodeling buildings; the construction of buildings and additions to buildings; initial installation or extension of service systems and other built-in equipment; and improvement to sites.

Other Outlays Expenditures – A number of outlays of governmental funds are not properly classified as expenditures, but still require budgetary or accounting control. These are classified as Other Outlays. These include debt service payments (principal and interest).

Other Uses Expenditures – This includes scholarships provided by private gifts and endowments; student aid and staff awards supported by outside revenue sources (i.e., foundations). Also, expenditures for self-funded employee benefit programs administered either by the District or a third party administrator.

Repayment Expenditures – Repayment expenditures represent checks/warrants issued to outside agencies for refund or restricted revenue previously received for overpayments, non-qualified expenditures, and other refunds to be repaid from Center funds.

**2. Use of Estimates**

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**3. Deposit Categories of Credit Risk**

Collateral is required for demand deposits and certificates of deposit for all amounts not covered by federal deposit insurance. The Center's investment policies are governed by state statute. Permissible investments include:

1. Direct obligations of the United States Government to the payment of which the full faith and credit of the government is pledged.
2. Obligations to the payment of which the full faith and credit of the state is pledged.

**RED RIVER TECHNOLOGY CENTER NO. 19  
STEPHENS COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENTS - GAAP BASIS  
FOR THE YEAR ENDED JUNE 30, 2014**

**Deposit Categories of Credit Risk (continued)**

3. Certificates of deposits of banks when such certificates of deposits are secured by acceptable collateral as in the deposit of other public monies.
4. Savings accounts or savings certificates of savings and loan associations to the extent that such accounts or certificates are fully insured by the Federal Savings and Loan Insurance Corporation.
5. Repurchase agreements that have underlying collateral consisting of those items specified in paragraphs 1 and 2 of this section including obligations of the United States, its agencies and instrumentalities, and where collateral has been deposited with a trustee of custodian bank in an irrevocable trust or escrow account established for such purposes.
6. County, municipal or school district direct debt obligations for which an ad valorem tax may be levied or bond and revenue anticipation notes, money judgments against such county, municipality or school district ordered by a court of record or bonds or bond and revenue anticipation notes issued by a public trust for which such county, municipality or school district is a beneficiary thereof. All collateral pledged to secure public funds shall be valued at no more than market value.
7. Money market mutual funds regulated by the Securities and Exchange Commission and which investments consist of obligations of the United States, its agencies and instrumentalities, and investments in those items listed above.
8. Warrants, bonds or judgments of the school district.
9. Qualified pooled investment programs, the investments of which consist of those items specified above, as well as obligations of the United States agencies and instrumentalities, regardless of the size of the district's budget. To be qualified, a pooled investment program for school funds must be governed through an Interlocal cooperative agreement formed pursuant to Title 70 Section 5-117b, and the program must competitively select its investment advisors and other professionals. Any pooled investment program must be approved by the Board of Education.

**Custodial Credit Risk:**

Deposits and Investments - The Center's demand deposits are required by law to be collateralized by the amount that is not federally insured. The District has a written investment policy, which permits investments as authorized by State Statute.

Certificates of deposit are collateralized at least by the amount not federally insured. As of June 30, 2014, the District had no deposits exposed to custodial credit risk.

**Interest Rate Risk:**

Investments are made based upon prevailing market conditions at the time of the transaction with the intent to hold the instrument until maturity. However, the Center has no formal written policy addressing interest rate risk.

**Credit Risk:**

The Center has no formal written policy addressing credit risk.

**RED RIVER TECHNOLOGY CENTER NO. 19  
STEPHENS COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENTS - GAAP BASIS  
FOR THE YEAR ENDED JUNE 30, 2014**

**4. Receivables**

Receivables consist of all revenues earned at year end and not yet received. Ad valorem tax collectable, but not available are deferred in the fund financial statements in accordance with the modified accrual basis of accounting, but not deferred in the government-wide financial statements in accordance with the accrual basis of accounting. The technology center had the following receivables at June 30, 2013:

	<u>General Fund</u>	<u>Building Fund</u>	<u>Total</u>
Ad Valorem Tax	\$ 159,735	\$ 63,703	\$ 223,438
Due from Activity Fund	23,467	-	23,467
Misc. Receivable	1,050	-	1,050
Due from Other Governments	98,168	-	98,168
Total – Accrual Basis	<u>282,420</u>	<u>63,703</u>	<u>346,123</u>
Less: Deferred Revenue	<u>(83,054)</u>	<u>(48,378)</u>	<u>(131,432)</u>
Total – Receivables - net	<u>\$ 199,366</u>	<u>\$ 15,325</u>	<u>\$ 214,691</u>

**5. Capital Assets**

A summary of changes in general fixed assets for the year ended June 30, 2014, follows:

	<u>Balance July 1, 2013</u>	<u>Additions</u>	<u>Retirements</u>	<u>Balance June 30, 2014</u>
Land	\$ 40,000	\$ -	\$ -	\$ 40,000
Construction in process	<u>110,459</u>	<u>-</u>	<u>110,459</u>	<u>-</u>
Total Assets Not Being Depreciated	<u>\$ 150,459</u>	<u>\$ -</u>	<u>\$ 110,459</u>	<u>\$ 40,000</u>
Building & Improvements	8,888,409	6,800	-	8,895,209
Equipment	2,034,186	113,941	53,793	2,094,334
Vehicles	<u>300,374</u>	<u>-</u>	<u>-</u>	<u>300,374</u>
Total Capital Assets Being Depreciated	<u>\$ 11,222,969</u>	<u>\$ 120,741</u>	<u>\$ 53,793</u>	<u>\$ 11,289,917</u>
Less: Accumulated Depreciation	<u>3,794,918</u>	<u>294,778</u>	<u>50,968</u>	<u>4,038,728</u>
Total Capital Assets Being Depreciated - Net	<u>7,428,051</u>	<u>(174,037)</u>	<u>2,825</u>	<u>7,251,189</u>
Total Capital Assets - Net	<u>\$ 7,578,510</u>	<u>\$ (174,037)</u>	<u>\$ 113,284</u>	<u>\$ 7,291,189</u>

**6. Interfund Transactions**

Interfund transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund, or expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the fund that is reimbursed. Nonrecurring or nonroutine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

**RED RIVER TECHNOLOGY CENTER NO. 19  
STEPHENS COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENTS - GAAP BASIS  
FOR THE YEAR ENDED JUNE 30, 2014**

**7. Employee Retirement System**

Description of Plan

The System is a qualified governmental defined benefit retirement plan. For GASB purposes it is a cost-sharing multiple-employer Public Employee Retirement System. The supervising authority for the management and operation of the System is a 13-member Board of Trustees, which acts as a fiduciary for investment of the funds and the application of plan interpretations. The System provides retirement and disability benefits, annual cost of living adjustments, death benefits and other benefits to plan members and beneficiaries. Oklahoma State Statutes establish benefit provisions and may be amended only through legislative action. The Oklahoma Teachers' Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for the System. The report may be obtained by writing to the Oklahoma Teachers' Retirement System, P.O. Box 53624, Oklahoma City, Oklahoma 73152.

Basis of Accounting

The System's financial statements are prepared in conformity with accounting principles generally accepted in the United States of America. The financial statements have also been prepared in compliance with the requirements of the Government Accounting Standards Board Statement No. 34. The financial statements are prepared on the accrual basis of accounting, under which expenses are recorded when the liability is incurred, revenues are recorded in the accounting period they are earned and become measurable, and investment purchases and sales are recorded as of their trade dates. Member and employer contributions are recognized when due, pursuant to formal commitments. Benefits and refunds are recognized when due and payable.

The pension benefit obligation is a standardized disclosure measure of the present value of pension benefits. This pension valuation method reflects the present value of estimated pension benefits that will be paid in future years as a result of employee services performed to date and is adjusted for the effect of projected salary increases. There are no actuarial valuations performed on individual school districts. The nonfunded pension benefit obligation of the System, as determined as part of the latest actuarial valuation dated June 30, 2014, is as follows:

		<u>Dollars in Millions</u>
Actuarial Accrued Liability	\$	19,576
Actuarial Value of Assets		<u>12,369</u>
 Unfunded Actuarial Accrued Liability	 \$	 <u>7,207</u>

Funding Policy

A participant with five years of creditable service may retire with a normal retirement allowance at the age of sixty-two (62) or with reduced benefits as early as age fifty-five (55). The normal retirement allowance paid monthly for life and then to beneficiaries, if certain options are exercised, equals two percent of the average of the highest three earning years of contributory service multiplied by the number of years of credited service. Retiring members may count up to 120 days of unused accumulated sick leave toward an additional year of service credit. A participant leaving employment before attaining retirement age, but completing five years of service, may elect to vest his accumulated contributions and defer receipt of a retirement annuity until a later date. When a participant dies in active service and has completed ten years of credited service, the beneficiary is entitled to a death benefit of \$18,000.00 and the participant's contributions plus interest. If the beneficiary is a surviving spouse, the surviving spouse may, in lieu of the death benefit, elect to receive, subject to the surviving spousal options, the participant's retirement benefits accrued at the time of death. The contribution rates for the Districts, which are not actuarially determined, and its employees are established by statute and applied to the employee's earnings, plus employer-paid fringe benefits. The employers' contribution rate is 9.5%. Employees contribute 7.0% of covered compensation.

**RED RIVER TECHNOLOGY CENTER NO. 19  
STEPHENS COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENTS - GAAP BASIS  
FOR THE YEAR ENDED JUNE 30, 2014**

**Employee Retirement System (continued)**

Annual Pension Cost

The District's total contribution for 2014, 2013, and 2012 were \$488,357, \$488,357, and \$504,913, respectively. The District's total payroll for fiscal year 2013-14 amounted to \$3,181,004.

On Behalf Contributions

The State of Oklahoma makes retirement contributions each year for teachers employed by Oklahoma School Districts. The contribution amounts are based on the teacher's years of service and amounts paid are prescribed by O.S. 70 Section 17-108.2 subsection A. During fiscal year 2013-14, the State of Oklahoma's contribution was \$26,391. The District recognized revenue and expenditures of this amount during the year.

**8. General Long-Term Debt**

State statutes prohibit the Center from becoming indebted in an amount exceeding the revenue to be received for any fiscal year without approval by the Center's voters.

At June 30, 2014, the Center had not incurred any debt under these provisions.

**9. Lease Commitments**

The Center had no capital lease commitments at June 30, 2014.

**10. Litigation**

The Center is contingently liable for lawsuits and other claims in the ordinary course of its operations. The settlement of such contingencies under the budgetary process would require appropriation of revenues yet to be realized and would not materially affect the financial position of the Center at June 30, 2014.

**11. Contingent Liabilities**

The Center receives significant financial assistance from the United States government in the form of grants and other federal assistance. Entitlement to the resources is generally conditioned upon compliance with terms and conditions of the grant agreements and applicable federal regulations, including the expenditure of the resources for eligible purposes. Substantially all grants are subject to financial and compliance audits by the grantors. Any disallowances as a result of these audits become a liability of the Center. The Center estimates that no material liabilities will result from such audits.

**12. Early Retirement Incentive**

Red River Technology Center has an early retirement incentive policy for certain qualifying employees. The policy permits full-time employees with seven years of continuous employment, and upon attaining the age of 62 years, to officially retire and continue to receive, at center expense, the same health and dental benefits other full-time employed personnel receive. The incentive benefits commence immediately upon official retirement and continue until the last day of the month following the individual's 65<sup>th</sup> birthday. The benefit amounts vary from year to year based on adjustments in insurance premiums. During fiscal year 2013-14, the Center paid \$14,948 on behalf of four retired employees who qualified under the early retirement incentive plan. Early retirement incentive contracts are renewable one year contracts in accordance with Oklahoma State Statutes. No liability has been included in these financial statements at June 30, 2014, for future retirement incentive benefits. Participation in the early retirement program is minimal and benefit amounts are not expected to be material. The following schedule shows the amount of retirement incentive due at June 30, 2014:

**RED RIVER TECHNOLOGY CENTER NO. 19  
STEPHENS COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENTS - GAAP BASIS  
FOR THE YEAR ENDED JUNE 30, 2014**

**Early Retirement Incentive (continued)**

Year ending June 30,	Retirement Incentive
2015	\$ 11,184
2016	9,918
Total	\$ 21,102

**13. Risk Management**

The Center is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; or acts of God. The Center purchases commercial insurance to cover these risks. Settled claims resulting from these risks have not exceeded the commercial insurance coverage in any of the past three fiscal years.

The School also participates in a risk pool for Workers' Compensation coverage in which there is transfer or pooling of risks among the participants of that pool. In accordance with GASB No. 10, the School reports the required contribution to the pool, net of refunds, as insurance expense. The risk pool is the Oklahoma School Assurance Group (OSAG), an organization formed for the purpose of providing workers' compensation coverage to participating schools in the State of Oklahoma in that capacity, OSAG is responsible for providing loss control services and certain fiscal activities, including obtaining contract arrangements for the underwriting, excess insurance agreements, claims processing, and legal defense for any and all claims submitted to them during the plan year. As a member of OSAG, the Center is required to pay fees set by OSAG according to an established payment schedule. A portion of the fees paid by the Center goes into a loss fund for the Center. The fee for the loss fund is calculated by projecting losses based on the schools losses for the last five years. OSAG provides coverage in excess of the Loss Fund, so the Center's liability for claim loss is limited to the balance of the loss fund. If the Center does not use their loss fund in three years, it is returned to them with no interest.

The Center participates in the Oklahoma Public Schools Unemployment Compensation Account under the sponsorship of the Oklahoma State School Boards Association and the cooperative council for Oklahoma School Administration. The account was established to let school districts self-insure unemployment benefits for school employees. The funds are held in the name of each school district as reserves to pay unemployment claims. Each school district is individually liable for that portion of the benefits paid from the fund attributable to wages paid by the school district in the same manner as if no group account had been established. The reserve funds may be withdrawn from the account upon request of the school district. At June 30, 2014, the Red River Technology Center had reserves on deposit with the Oklahoma Public Schools Unemployment Compensation Accounting totaling \$6,882. This amount has been shown as prepaid insurance on the financial statements.

**14. Surety Bonds**

The treasurer is bonded by Farmers Alliance, bond number RSB8007187, for the penal sum of \$100,000 for the term of July 1, 2013, to June 30, 2014.

The encumbrance clerk/minutes clerk is bonded by Farmers Alliance, bond number RSB8007187, for the penal sum of \$100,000 for the term of July 1, 2013, to June 30, 2014.

The superintendent is bonded by Farmers Alliance, bond number RSB8007187, for the penal sum of \$100,000 for the term of July 1, 2013, to June 30, 2014.

The activity fund custodian is bonded by Farmers Alliance, bond number RSB8007187, for the penal sum of \$100,000 for the term of July 1, 2013, to June 30, 2014.

**RED RIVER TECHNOLOGY CENTER NO. 19  
STEPHENS COUNTY, OKLAHOMA  
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
FOR THE YEAR ENDED JUNE 30, 2014**

1. For all federal programs, the Center uses the fund types prescribed by the Oklahoma State Department of Career and Technology Education and conforms to the system of accounting authorized by the State of Oklahoma. General and Building Funds are used to account for resources restricted, or designated for, specific purposes by a grantor. Federal and state financial assistance generally is accounted for in the General Fund.
2. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The Governmental Fund types are accounted for using a current financial measurement focus. All federal grant funds were accounted for in the General Fund. With this measurement focus, only current assets and current liabilities and the fund balance are included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets.

The modified accrual basis of accounting is used for the Governmental Fund types and accrual basis of accounting for Agency funds. This basis of accounting recognizes revenue from all sources when they are received. Federal grant funds are considered to be recognized when encumbered or reserved to the extent of expenditures made under the provisions of the grant.

3. Reconciliation of the Revenue shown on the *Schedule of Expenditures of Federal Awards* to Statement of Revenue, Expenditures and Changes in Fund Balance is as follows:

		Revenue
Schedule of Expenditures of Federal Awards	\$	<u>502,489</u>
Total per Schedule of Expenditures of Federal Awards		
Reconciled Balance	\$	<u><u>502,489</u></u>
Federal Program Revenues:		
General Fund	\$	<u>502,489</u>
Total per Federal Statement of Revenue, Expenditures, And Changes in Fund Balance	\$	<u><u>502,489</u></u>

## REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Board of Education  
Red River Technology Center No. 19  
Stephens County, Oklahoma

I have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Red River Technology Center No. 19, Stephens County, Oklahoma (Center), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Center's financial statements, and have issued my report thereon dated February 23, 2015.

### **Internal Control over Financial Reporting**

In planning and performing my audit of the financial statements, I considered the Center's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Center's internal control. Accordingly, I do not express an opinion on the effectiveness of the District's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Center's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

This report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY OMB CIRCULAR A-133

The Honorable Board of Education  
Red River Technology Center No. 19  
Stephens County, Oklahoma

### Report on Compliance for Each Major Federal Program

I have audited the compliance of Red Rive Technology Center No. 19, Stephens County, Oklahoma (Center's) compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Center's major federal programs for the year ended June 30, 2014. The Center's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

### Auditor's Responsibility

My responsibility is to express an opinion on compliance for each of the Center's major federal programs based on my audit of the types of compliance requirements referred to above. I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major program occurred. An audit includes examining on a test basis, evidence about the Center's compliance with those requirements and performing such other procedures as I consider necessary in the circumstances.

I believe that my audit provides a reasonable basis for my opinion on compliance for each major federal program. However, my audit does not provide a legal determination of the Center's compliance.

### Opinion on Each Major Federal Program

In my opinion, Red River Technology Center, No. 19, Stephens County, Oklahoma, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

## Report on Internal Control Over Compliance

Management of Red River Technology Center No. 19, Stephens County, Oklahoma (Center), is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing my audit of compliance, I considered the Center's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on effectiveness of internal control over compliance. Accordingly, I do not express an opinion on the effectiveness of the Center's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program, on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on, a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

My consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. I did not identify any deficiencies in internal control over compliance that I considered to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of my testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Kerry John Patten, C.P.A.  
Broken Arrow, OK  
February 23, 2015

**RED RIVER TECHNOLOGY CENTER NO. 19  
STEPHENS COUNTY, OKLAHOMA  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
YEAR ENDED JUNE 30, 2014**

**A. SUMMARY OF AUDIT RESULTS**

1. The auditor's report expresses an unqualified opinion on the basic financial statements of Red River Technology Center.
2. There were no audit findings reported of deficiencies in internal control, which the auditor considers to be "significant deficiencies" as defined in A.I.C.P.A. standards.
3. No instances of noncompliance material to the financial statements of Red River Technology Center which would be required to be reported in accordance with Government Auditing Standards, were disclosed during the audit.
4. There were no audit findings reported of deficiencies in internal control over major programs, which the auditor considers to be "significant deficiencies" as defined by A.I.C.P.A. standards.
5. The auditor's report on compliance for the major federal award programs for Red River Technology Center expresses an unqualified opinion on all major federal programs.
6. There were no audit findings that are required to be reported in accordance with OMB Circular A-133 relative to major federal award programs for Red River Technology Center.
7. The programs tested as major programs included: Pell (84.063).
8. The threshold for distinguishing Types A and B programs was \$300,000.00.
9. Red River Technology Center did not qualify as a low-risk auditee.

**B. FINDINGS – FINANCIAL STATEMENTS AUDIT**

1. No matters were reported.

**C. FINDINGS AND QUESTIONED COSTS – MAJOR FEDERAL AWARD PROGRAMS AUDIT**

1. No matters were reported.

SUMMARY OF PRIOR AUDIT FINDINGS  
JULY 1, 2013 TO JUNE 30, 2014**

The summary of prior audit findings is required to report the status of all audit findings reported in the prior audit's schedule of findings and questioned costs relative to federal awards.

The Center had no prior year audit findings relative to federal award programs.

**RED RIVER TECHNOLOGY CENTER NO. 19  
STEPHENS COUNTY, OKLAHOMA  
SCHEDULE OF COMMENTS  
JULY 1, 2013 TO JUNE 30, 2014**

Based on my tests of accounting records and related procedures, I found nothing to indicate that Red River Technology Center No. 19 had not complied with significant compliance rules and regulations of the Oklahoma State Department of Career & Technology Education.

**Previous Year's Audit Comments**

There were no items in the school's 2012-13 audit report which required correction.

I would like to express my appreciation for the courtesies and cooperation extended to us by Center administrators and employees during the course of this audit.

RED RIVER TECHNOLOGY CENTER NO. 19  
STEPHENS COUNTY, OKLAHOMA  
SCHEDULE OF ACCOUNTANT'S PROFESSIONAL LIABILITY INSURANCE AFFIDAVIT  
JULY 1, 2013 TO JUNE 30, 2014

State of Oklahoma )  
County of Tulsa )

The undersigned auditing firm of lawful age, being first duly sworn on oath, says that said firm had in full force and effect Accountant's Professional Liability Insurance in accordance with the "Oklahoma Public School Audit Law" at the time of audit contract and during the entire audit engagement with Red River Technology Center for the audit year 2013-14.
