Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

TOWN OF SPERRY, OKLAHOMA REST HAVEN CEMETERY NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2014 AND 2013

1. Reporting Entity

In evaluating how to define the Town, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth by generally accepted accounting principles as applied to government units. The basic, but not only, criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the ability to significantly influence operations and accountability for fiscal matters. The other criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the Town is able to exercise oversight responsibilities. Based upon the application of these criteria, the following is a brief review of each potential component unit addressed in defining the government's reporting entity.

Rest Haven Cemetery

Rest Haven Cemetery was created to operate and manage cemetery affairs including cash management, lot sales and interments, land acquisitions, capital improvements and maintenance of cemetery property. Trustees for the Cemetery are appointed by members of the Town Board of Trustees.

2. <u>Summary of Significant Accounting Policies</u>

Basis of Presentation

The Cemetery accounts for operations that are financed and operated in a manner similar to a private business enterprise, with the intent of the governing body that the costs, including depreciation, of providing services to the general public on a continuing basis be financed or recovered primarily through user charges.

Basis of Accounting

The Cemetery utilizes the accrual basis of accounting, where revenues are recognized when they are earned and expenses when they are incurred.

3. <u>Cash</u>

For the purposes of the combined balance sheet, cash includes all demand and savings accounts, and certificates of deposit or short-term investments with an original maturity of three-months or less. All cash and certificates are properly collateralized.

4. <u>Property, Equipment and Depreciation</u>

Property and equipment are stated at cost. Depreciation is computed using the straight-line method over the useful lives of the assets which have been estimated as follows:

Building	25 years
Building improvements	10 years
Equipment	5 to 10 years

5. <u>Pension Plan</u>

There is no pension plan for employees.

6. <u>Estimates</u>

The preparation of financial statements in conformity with the accrual basis of accounting used by the Town requires management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

Accordingly, we do not express an opinion on the effectiveness of Rest Haven Cemetery, Sperry, Oklahoma's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audits we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Rest Haven Cemetery, Sperry, Oklahoma's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audits, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.
