Independent Auditor's Report

Regents of the University of Oklahoma
Rogers State University
Norman, Oklahoma

Report on the Audit of the Financial Statements

Opinions

We have audited financial statements of the business-type activities, fiduciary activities, and the discretely presented component unit of Rogers State University (the University), an organizational unit of the Regents of the University of Oklahoma, as of and for the year ended June 30, 2022 and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, fiduciary activities, and the discretely presented component unit of the University, as of June 30, 2022, and the respective changes in its financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the discretely presented component unit, Rogers State University Foundation, Inc. (the Foundation). Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Foundation, is based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*.

Emphasis of Matter

As discussed in *Note 1* to the financial statements, during the current year, the University adopted Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Reporting Entity

As discussed in *Note 1*, the financial statements of the University are intended to present the financial position, changes in financial position, and cash flows of only the activities of the University and Foundation. They do not purport to, and do not, present fairly the financial position of The University of Oklahoma as of June 30, 2022, the changes in its financial position, or its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis and pension and other postemployment benefit information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the University's basic financial statements. The schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 28, 2022 on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

Management's Discussion and Analysis (Unaudited)

Year Ended June 30, 2022

This discussion and analysis of Rogers State University's (the University) financial statements provides an overview of the University's financial activities as of and for the year ended June 30, 2022 with fiscal year 2021 presented for comparative purposes. Management has prepared the financial statements and the related footnote disclosures along with the discussion and analysis.

Financial Analysis of the University as a Whole

The basic financial statements of the University are the statement of net position; statement of revenues, expenses, and changes in net position; and statement of cash flows. The statement of net position presents the financial position of the University at June 30, 2022. The statement of revenues, expenses, and changes in net position summarizes the University's financial activity for the year ended June 30, 2022. The statement of cash flows, presented using the direct method, reflects the effects on cash that resulted from the University's operating activities, investing activities, and capital and noncapital financing activities for the year ended June 30, 2022. The following schedules are prepared from the University's basic financial statements. With the exception of the statement of cash flows, the statements are presented on an accrual basis of accounting whereby revenues are recognized when earned, expenses are recorded when incurred, and assets are capitalized and depreciated. The 2021 financial information contained herein has not been restated for the adoption of GASB 87, *Leases*, disclosed in *Note 1* to the accompanying financial statements because of the single-year presentation of the basic financial statements.

Statement of Net Position

The statement of net position is presented in categories, namely assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position. The current assets include cash and cash equivalents, accounts receivable, and other receivables. The noncurrent assets include cash and cash equivalents restricted for long-term purposes, capital assets, and other assets. Capital assets include land, buildings and improvements, infrastructure, equipment, library materials, and construction in progress. Capital assets, with the exception of land, intangible assets, and construction in progress, are shown net of depreciation.

Deferred outflows of resources are consumptions of net position that are applicable to a future period, including costs associated with debt restructure and pensions.

Liabilities are also classified between current and noncurrent. Current liabilities include accounts payable, accrued expenses, unearned revenue, and the portion of noncurrent liabilities expected to be paid in the upcoming fiscal year. Current liabilities represent obligations due within one year. Noncurrent liabilities include the portion of accrued compensated absences, other financing arrangements, bonds, net pension liability, and lease obligations expected to be paid in fiscal year 2024 or thereafter. Total net position increased from \$21,587,643 in 2021 to \$26,740,085 in fiscal year 2022.

Deferred inflows of resources are acquisition of net position that are applicable to a future period. It includes costs associated with debt restructure, pensions, and other postemployment benefits (OPEB).

Following is a comparison of the summarized net position of the University at June 30:

Condensed Statements of Net Position

	2022	2021	2022 Increase (Decrease)	2022 Percent Change
Assets				
Current assets	\$ 22,009,238	\$ 20,318,608	\$ 1,690,630	8.3%
Noncurrent assets	<u>69,638,621</u>	<u>70,768,929</u>	<u>(1,130,308)</u>	-1.6%
Total assets	91,647,859	91,087,537	560,322	0.6%
Deferred Outflows of Resources	<u>5,360,561</u>	<u>9,552,458</u>	<u>(4,191,897)</u>	-43.9%
Total assets and deferred outflows of resources	<u>\$ 97,008,420</u>	<u>\$ 100,639,995</u>	<u>\$ (3,631,575)</u>	-3.6%
Liabilities				
Current liabilities	5,742,791	5,598,370	144,421	2.6%
Noncurrent liabilities	<u>53,189,774</u>	<u>69,836,125</u>	<u>(16,646,351)</u>	-23.8%
Total liabilities	<u>58,932,565</u>	<u>75,434,495</u>	<u>(16,501,930)</u>	-21.9%
Deferred Inflows of Resources	<u>11,335,770</u>	<u>3,617,857</u>	<u>7,717,913</u>	213.3%
Net Position				
Net investment in capital assets	26,465,704	25,859,555	606,149	2.3%
Restricted	403,660	29,683	373,977	1259.9%
Unrestricted (deficit)	<u>(129,279)</u>	<u>(4,301,595)</u>	<u>4,172,316</u>	-97.0%
Total net position	<u>26,740,085</u>	<u>21,587,643</u>	<u>5,152,442</u>	23.9%
Total liabilities, deferred inflows of resources, and net position	<u>\$ 97,008,420</u>	<u>\$ 100,639,995</u>	<u>\$ (3,631,575)</u>	-3.6%

Total assets increased \$560,322 or 0.6% in 2022. The increase in total assets for 2022 was due to an increase in current assets of cash and cash equivalents.

Deferred outflows decreased \$4,191,897 or 43.9% in 2022 due to actuarial valuation of pensions.

Total liabilities decreased \$16,501,930 or 21.9% in 2022 due to a change in the University's proportionate share of the net pension liability (a noncurrent liability) as described in *Note 7*.

Deferred inflows of resources increased \$7,717,913 or 213.3% in 2022. See *Note 7* for further description of changes year over year.

Statement of Revenues, Expenses, and Changes in Net Position

The statement of revenues, expenses, and changes in net position reports the results of the University's activities and their effect on net position. All the current year's revenues and expenses are recognized when earned or incurred, regardless of when cash is received or paid.

The following summarizes the University's revenues, expenses, and changes in net position for the years ended June 30:

Condensed Statements of Revenues, Expenses, and Changes in Net Position

	2022	2021	2022 Increase (Decrease)	2022 Percent Change
Operating Revenues				
Tuition and fees, net	\$ 13,587,052	\$ 14,429,721	\$ (842,669)	-5.8%
Federal and local grants and contracts	8,372,436	8,841,244	(468,808)	-5.3%
Auxiliary	7,681,243	7,142,910	538,333	7.5%
Other	281,548	84,270	197,278	234.1%
Total operating revenues	29,922,279	30,498,145	(575,866)	-1.9%
Operating Expenses	<u>44,045,537</u>	<u>46,519,368</u>	<u>(2,473,831)</u>	-5.3%
Net Operating Loss	<u>(14,123,258)</u>	<u>(16,021,223)</u>	<u>1,897,965</u>	11.8%
Nonoperating Revenues (Expenses)				
State appropriations, including OTRS	12,486,325	12,247,855	238,470	1.9%
Federal grants	5,807,165	6,406,604	(599,439)	-9.4%
Investment income	225,779	148,527	77,252	52.0%
Interest expense	<u>(1,227,812)</u>	<u>(1,317,071)</u>	<u>89,259</u>	-6.8%
Net nonoperating revenues (expenses)	<u>17,291,457</u>	<u>17,485,915</u>	<u>(194,458)</u>	-1.1%
Income Before Other Revenues	3,168,199	1,464,692	1,703,507	116.3%
Other Revenues	<u>1,984,243</u>	<u>1,358,150</u>	<u>626,093</u>	46.1%
Increase in Net Position	5,152,442	2,822,842	2,329,600	82.5%
Net Position, Beginning of Year	<u>21,587,643</u>	<u>18,764,801</u>	<u>2,822,842</u>	15.0%
Net Position, End of Year	<u>\$ 26,740,085</u>	<u>\$ 21,587,643</u>	<u>\$ 5,152,442</u>	23.9%

Operating revenues include tuition and fees, net of scholarship discounts and allowances, grants and contracts, sales and services of auxiliary enterprises, and other sources of revenue. Operating revenues decreased \$575,866 or 1.9% in 2022.

The predominant source of nonoperating revenues is state appropriations. State appropriations increased \$238,470 or 1.9% in 2022 related to an increase in baseline appropriations from OSRHE.

The University's operating expenses are listed by natural classification, including employee compensation, scholarships, contractual services, supplies, etc. Operating expenses decreased \$2,473,831 or 5.3% in 2022. The decrease in operating expenses in fiscal year 2022 compared to 2021 is due to a change in the University's proportionate share of net pension liability (a noncurrent liability) as described in *Note 8*.

Statement of Cash Flows

The primary purpose of the statement of cash flows is to provide information about the cash receipts and disbursements of an entity during a period. This statement also aids in the assessment of the entity's ability to generate future net cash flows, ability to meet obligations as they come due, and needs for external funding.

Following is a comparison of cash flows for the years ended June 30:

Condensed Statements of Cash Flows

	2022	2021	2022 Increase (Decrease)	2022 Percent Change
Cash Flows Provided By (Used In)				
Operating activities	\$ (9,462,948)	\$ (12,193,235)	\$ 2,730,287	-22.4%
Noncapital financing activities	17,493,103	17,663,996	(170,893)	-1.0%
Capital and related financing activities	(2,635,118)	(2,701,137)	66,019	-2.4%
Investing activities	29,848	346,237	(316,389)	-91.4%
Increase in Cash	5,424,885	3,115,861	2,309,024	74.1%
Cash and Cash Equivalents, Beginning of Year	18,414,478	15,298,617	3,115,861	20.4%
Cash and Cash Equivalents, End of Year	<u>\$ 23,839,363</u>	<u>\$ 18,414,478</u>	<u>\$ 5,424,885</u>	29.5%

Capital Assets and Lease Assets

	2022	2021
Land and land improvements	\$ 14,325,274	\$ 14,325,274
Buildings	87,086,252	87,086,252
Leased building	593,555	-
Equipment	8,235,606	8,239,289
Leased equipment	259,729	-
Library materials	3,409,771	3,424,007
Intangible assets	882,173	882,173
Construction in progress	16,000	41,103
Infrastructure	2,599,596	2,538,589
	<u>117,407,956</u>	<u>116,536,687</u>
Less accumulated depreciation	<u>(52,324,756)</u>	<u>(48,955,643)</u>
Capital assets and lease assets, net	<u>\$ 65,083,200</u>	<u>\$ 67,581,044</u>

In 2022, the University retired \$140,339 in assets, the majority of retired assets coming out of equipment. See *Note 5* for additional information regarding capital assets.

Debt

The University had \$39,979,888 in debt outstanding in 2022 compared to \$42,995,799 in 2021. The table below summarizes these amounts by type:

	2022	2021
Bonds payable	\$ 1,938,015	\$ 2,081,865
Other financing arrangements	<u>38,041,873</u>	<u>40,913,934</u>
	<u><u>\$ 39,979,888</u></u>	<u><u>\$ 42,995,799</u></u>

See *Note 6* for additional information regarding debt.

Economic Outlook

The University's financial position remains strong. The net result of operating and nonoperating revenues and expenses was an increase in net position at June 30, 2022 of \$5,152,442 or 23.9% reflecting the University's efforts to contain costs. Conservative management of fiscal resources ensures the ability to maintain quality academic and student programs, offset cost increases, and keep tuition and fee rates low.

As a regional university, the University is committed to the preservation, transmission, and advancement of knowledge in an environment that fosters small classes, vibrant communities, and successful graduates. The University is committed to its mission to ensure that its students develop the skills and knowledge required to achieve professional and personal goals in dynamic local and global communities.

Rogers State University

Notes to Financial Statements

June 30, 2022

Note 1: Nature of Operations and Summary of Significant Accounting Policies

Nature of Operations

Rogers State University (University) is a regional university operating under the jurisdiction of the Board of Regents of the University of Oklahoma (the Board of Regents) and the Oklahoma State Regents for Higher Education.

Reporting Entity

The University is one of four institutions of higher education in Oklahoma that comprise the Regents of the University of Oklahoma, which in turn is part of the Higher Education Component Unit of the State of Oklahoma.

The Board of Regents has constitutional authority to govern, control, and manage the Regents of the University of Oklahoma, which consists of four institutions. This authority includes but is not limited to the power to designate management, the ability to significantly influence operations, acquire and take title to real and personal property in its name, and appoint or hire all necessary officers, supervisors, instructors, and employees for member institutions.

Accordingly, the University is considered an organizational unit of the Regents of the University of Oklahoma reporting entity for financial reporting purposes due to the significance of its legal, operational, and financial relationships with the Board of Regents, as defined in Section 2100 of the Governmental Accounting Standards Board (GASB) Codification of Governmental Accounting and Financial Reporting Standards.

The University has a fiduciary responsibility for the Other Postemployment Healthcare Plan trust (OPEB), which is reported as a fiduciary component unit under the provisions of GASB 14 and GASB 84. The OPEB statements of fiduciary net position and changes in fiduciary net position are shown as a fiduciary fund in the University's financial statements.

For financial reporting purposes, the University has included all funds, organizations, agencies, boards, commissions, and authorities within the reporting entity defined above. The University has also considered all potential component units for which it is financially accountable and other organizations for which the nature of significance of their relationship with the University are such that the exclusion would cause the University's financial statements to be misleading or incomplete. GASB has set forth criteria to be considered in determining financial accountability. These criteria included appointing a voting majority of an organization's governing body and 1) the ability of the University to impose its will on that organization or 2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the University.

Rogers State University Foundation, Inc.

Rogers State University Foundation, Inc. (the Foundation) is a legally separate, Oklahoma nonprofit corporation organized for the purpose of receiving and administering gifts intended for the University. Accordingly, the Foundation is a component unit of the University. Because the restricted resources held by the Foundation can only be used by, or for the benefit of, the

Rogers State University

Notes to Financial Statements

June 30, 2022

University, the University's management believes that discretely presenting the Foundation's financial statements in the University's financial statements in accordance with guidelines provided by GASB provides users relevant and timely information about resources available to the University. Separate financial statements of the Foundation are prepared and may be obtained by contacting the Foundation's Executive Director.

The University authorizes the Foundation to solicit contributions on its behalf. In the absence of donor restrictions, the Foundation has discretionary control over the amounts and timing of its distributions to the University. During the year ended June 30, 2022, the Foundation provided the University \$1,698,050 in scholarships, awards, and other program support.

The University and the Foundation both have a fiscal year-end of June 30.

Financial Statement Presentation

GASB is the recognized standard-setting body for accounting principles generally accepted in the United States of America (GAAP) applicable to public sector institutions of higher education. The University applies all applicable GASB pronouncements.

Basis of Accounting and Presentation

The accompanying financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting in accordance with GAAP. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-agency transactions have been eliminated.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and deferred inflows and outflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses, and other changes in net position during the reporting period. Actual results could differ from those estimates.

Cash Equivalents

For purposes of the statement of cash flows, the University considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. Funds invested through the State Treasurer's *OK INVEST* cash management investment policy are considered cash equivalents.

Rogers State University

Notes to Financial Statements

June 30, 2022

Restricted Cash and Cash Equivalents

Cash and cash equivalents that are externally restricted to make debt service payments, maintain sinking or reserve funds, make long-term student loans, or to purchase capital or other noncurrent assets are classified as noncurrent assets in the accompanying statement of net position.

Accounts Receivable

Accounts receivable consist of tuition and fee charges to students and charges for auxiliary enterprise services provided to students, faculty, and staff, the majority of each residing in the State of Oklahoma. Accounts receivable also include amounts due from the federal, state, and local governments or private sources, in connection with reimbursement of allowable expenditures made pursuant to the University's grants and contracts. Accounts receivables are recorded net of estimated uncollectible amounts. The University determines its allowance by considering a number of factors, including the length of time accounts receivable are past due, the University's previous loss history, and the condition of the general economy and the industry as a whole. The University writes off specific accounts receivable when they become uncollectible, and payments subsequently received on such receivables are credited to the allowance for doubtful accounts.

Capital Assets and Lease Assets

Capital assets are recorded at cost at the date of acquisition or acquisition value at the date of donation if acquired by gift. The University's capitalization policy for furniture, fixtures, and equipment includes all items with a unit cost of \$5,000 or more and an estimated useful life of greater than one year. Renovations to buildings, infrastructure, and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense was incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 40 years for buildings, 30 years for infrastructure, 20 years for land improvements and building renovations, 10 years for enterprise software, and five years for library materials and equipment.

Capital assets and lease assets are subject to an evaluation of possible impairment when events or circumstances indicate that the related changes in carrying amounts may not be recoverable. If required, impairment losses are reported in the accompanying statement of revenues, expenses, and changes in net position. For 2022, there were no impairment losses.

Intangible assets are reported with capital assets. Intangible assets are subject to amortization over their respective useful life of five years.

Lease assets are initially recorded as the sum of 1) the amount of the initial measurement of the lease liability, 2) lease payments made at or before the commencement of the lease term, less any lease incentives received from the lessor at or before the commencement of the lease term, 3) initial direct costs that are ancillary charges necessary to place the asset into service. Lease assets are amortized on a straight-line basis over the shorter of the lease term or useful life of the underlying asset.

Rogers State University

Notes to Financial Statements

June 30, 2022

Leases

The University is a party as lessee and lessor for various noncancelable long-term leases of equipment and building space. The corresponding lease payable and lease receivable are recorded in an amount equal to the present value of the expected future minimum lease payments paid or received, respectively, discounted by an applicable interest rate.

Unearned Revenues

Unearned revenues include amounts received for tuition and fees and certain auxiliary activities prior to the end of the fiscal year but related to the subsequent accounting period. Unearned revenues also include amounts received from grant and contract sponsors that have not yet been earned.

Compensated Absences

Employee vacation pay is accrued at year-end for financial statement purposes. The liability and expense incurred are recorded at year-end as accrued expenses in the accompanying statement of net position and as a component of compensation and benefit expense in the accompanying statement of revenues, expenses, and changes in net position.

Noncurrent Liabilities

Noncurrent liabilities include 1) principal amounts of revenue bonds payable and other financing arrangements with contractual maturities greater than one year, 2) pension liabilities, 3) lease obligations, and 4) estimated amounts for accrued compensated absences that will not be paid within the next fiscal year. Bond premiums and discounts are amortized over the life of the bonds using the straight-line method, which is not significantly different from the effective interest method.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Oklahoma Teachers' Retirement System (OTRS), other University plans, and additions to/deductions from OTRS' fiduciary net position have been determined on the same basis as reported by OTRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments held by OTRS are reported at fair value.

Other Postemployment Benefit Plan

For purposes of measuring the cost-sharing employer plan's net OPEB liability (asset), deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of OTRS and additions to/deductions from OTRS' fiduciary net position have been determined on the same basis as reported by OTRS. For this

Rogers State University

Notes to Financial Statements

June 30, 2022

purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments held by OTRS are reported at fair value.

For purposes of measuring the single employer plan net OPEB liability (asset), deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, the University uses an independent actuarial valuation based on the University's year-end.

Net Position

Net position of the University is classified as follows:

Net Investment in Capital Assets – The net investment in capital assets component of net position consists of capital assets and lease assets, net of accumulated depreciation and amortization, reduced by the outstanding balances of bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also included in this component of net position. To the extent that debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of net investment in capital assets.

Restricted Net Position, Expendable – Restricted expendable net position includes resources in which the University is legally or contractually obligated to spend resources in accordance with restrictions imposed by external third parties.

Restricted Net Position, Nonexpendable – Nonexpendable restricted net position consists of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity and invested for the purpose of producing present and future income, which may either be expended or added to principal.

Unrestricted Net Position – Unrestricted net position represents resources derived from student tuition and fees, state appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the University and may be used at the discretion of the governing board to meet current expenses for any purpose. These resources also include auxiliary enterprises, which are substantially self-supporting activities that provide for services for students, faculty, and staff.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the University's policy is to first apply the expense toward restricted resources and then towards unrestricted resources.

Classification of Revenues

The University has classified its revenues as either operating or nonoperating revenues according to the following criteria.

Rogers State University

Notes to Financial Statements

June 30, 2022

Operating Revenues – Include activities that have the characteristics of exchange transactions, such as 1) student tuition and fees, net of scholarship allowances or 2) sales and services of educational departments and auxiliary enterprises or 3) most federal, state, and nongovernmental grants and contracts.

Nonoperating Revenues – Include activities that have the characteristics of nonexchange transactions, such as 1) gifts and contributions or 2) other revenue sources that are defined as nonoperating revenues by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Government Entities That Use Proprietary Fund Accounting* or 3) GASB Statement No. 34, *Basic Financial Statements—and Management’s Discussion and Analysis—for State and Local Governments*, such as state appropriations certain governmental grants, and investment income.

Scholarship Discounts and Allowances

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship allowances in the accompanying statement of revenues, expenses, and changes in net position. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the University and the amount that is paid by students and/or third parties making payments on the students’ behalf. Certain governmental grants, such as Pell grants, and other federal, state, or nongovernmental programs are recorded as either operating or nonoperating revenues in the University’s financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the University has recorded a scholarship discount and allowance.

Deferred Outflows of Resources

Deferred outflows are the consumption of net position by the University that are applicable to a future reporting period. At June 30, 2022, the University’s deferred outflows of resources were related to pensions and OPEB.

Deferred Inflows of Resources

Deferred inflows are the acquisition of net position by the University that are applicable to a future reporting period. At June 30, 2022, the University’s deferred inflows of resources were comprised of credits realized on Oklahoma Capital Improvement Authority (OCIA) lease restructures and deferred inflows related to pensions, OPEB, and leases. Lease-related amounts are recognized at the inception of leases in which the University is the lessor and are recorded in an amount equal to the corresponding lease receivable, plus certain additional amounts received from the lessee at or before the commencement of the lease term that relate to future periods, less any lease incentives paid to, or on behalf of, the lessee at or before the commencement of the lease term. The inflow of resources is recognized in a systematic and rational manner over the term of the lease.

Rogers State University

Notes to Financial Statements

June 30, 2022

Income Taxes

The University, as a political subdivision of the State of Oklahoma, is exempt from federal income taxes under Section 115(1) of the Internal Revenue Code, as amended. However, the University may be subject to income taxes on unrelated business income under Internal Revenue Code Section 511(a)(2)(B).

New Accounting Pronouncements Adopted in Fiscal Year 2022

GASB Statement No. 87, *Leases*, was issued June 2017 and improves accounting and financial reporting for leases by governments. This statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

In April 2022, GASB issued Statement No. 99, *Omnibus 2022*. A portion of this standard provides additional information on interpreting and applying GASB 87 by clarifying the definition of a lease term and further explaining what is included and excluded in the term. GASB 99 also provides additional guidance on short-term leases, variable payments, and lease incentives.

The University recorded the cumulative effect of adopting GASB 87 and GASB 99, which resulted in recognizing activity associated with both lessee and lessor agreements. The adoption resulted in no impact to beginning net position as of July 1, 2021.

New Accounting Pronouncements Issued Not Yet Adopted

GASB has also issued several new accounting pronouncements that will be effective for the University in subsequent years. A description of the new accounting pronouncements and the fiscal year in which they are effective is below:

In May 2019, GASB issued Statement No. 91, *Conduit Debt Obligations*. GASB 91 provides a single method of reporting conduit debt obligations by issuers and eliminates diversity in practice associated with commitments extended by issuers, arrangements associated with conduit debt obligations, and related note disclosures. GASB 91 is now effective for reporting periods beginning after December 15, 2021. Earlier application is encouraged.

In May 2020, GASB issued Statement No. 96, *Subscription-Based Information Technology Arrangements*. GASB 96 provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITA) for government end users. GASB 96 defines a SBITA, establishes that a SBITA results in a right-to-use subscription intangible asset and a corresponding liability, provides the capitalization criteria for outlays other than subscription payments, and requires note disclosures regarding a SBITA. To the extent

Rogers State University

Notes to Financial Statements

June 30, 2022

relevant, the standards for SBITAs are based on standards established in GASB 87. GASB 96 is effective for reporting periods beginning after June 15, 2022. Earlier application is encouraged.

In April 2022, GASB issued Statement No. 99, *Omnibus 2022*. A portion of this standard provides additional information on interpreting and applying GASB 96 by clarifying the definition of the SBITA term and further explaining what is included and excluded in the term. GASB 99 also provides additional guidance on short-term SBITBAs and the remeasurement of a subscription liability.

University management is currently evaluating the impact these new standards will have on its financial statements.

Note 2: Deposits and Investments

Deposits

Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. The University's deposit policy for custodial credit risk is described as follows:

Oklahoma Statutes require the State Treasurer to ensure that all state funds either be insured by Federal Deposit Insurance, collateralized by securities held by the cognizant Federal Reserve Bank, or invested in U.S. government obligations. The University's deposits with the State Treasurer are pooled with the funds of other state agencies and then, in accordance with statutory limitations, placed in financial institutions or invested as the State Treasurer may determine, in the state's name.

The University requires that balances on deposit with financial institutions, including trustees related to the University's bond indenture and other financing arrangements, be insured by Federal Deposit Insurance, collateralized by securities held by the cognizant Federal Reserve Bank, or invested in U.S. Government obligations, in the University's name.

At June 30, 2022, the carrying amount of the University's deposits with the State Treasurer and other financial institutions was \$23,839,363. At June 30, 2022, this amount consisted of deposits with the State Treasurer (\$23,836,013) and U.S. financial institutions (\$3,350).

Some deposits with the State Treasurer are placed in the State Treasurer's internal investment pool, *OK INVEST*. *OK INVEST* pools the resources of all state funds and agencies and invests them in (a) U.S. treasury securities which are explicitly backed by the full faith and credit of the U.S. government; (b) U.S. agency securities which carry an implicit guarantee of the full faith and credit of the U.S. government; (c) money market mutual funds which participates in investments, either directly or indirectly, in securities issued by the U.S. Treasury and/or agency and repurchase agreements relating to such securities; (d) investments related to tri-party repurchase agreements which are collateralized at 102% and, whereby, the collateral is held by a third party in the name of the State Treasurer.

Of funds on deposit with the State Treasurer, amounts invested in *OK INVEST* totaled \$11,125,460 at June 30, 2022.

Rogers State University

Notes to Financial Statements

June 30, 2022

For financial reporting purposes, deposits with the State Treasurer that are invested in *OK INVEST* are classified as cash equivalents.

At June 30, 2022, the distribution of deposits in *OK INVEST* is as follows:

	<u>Cost</u>	<u>Market Value</u>
<i>OK INVEST</i> Portfolio		
U.S. agency securities	\$ 3,200,144	\$ 3,101,822
Certificates of deposit	39,434	39,434
Money market mutual funds	504,178	504,178
Mortgage-backed agency securities	2,945,903	2,732,339
Municipal bonds	9,324	9,316
Foreign bonds	38,990	38,630
U.S. Treasury obligations	4,387,487	4,292,288
	<u>\$ 11,125,460</u>	<u>\$ 10,718,007</u>

Agencies and funds that are considered to be part of the State's reporting entity in the State's Annual Comprehensive Financial Report are allowed to participate in *OK INVEST*. Oklahoma Statutes and the State Treasurer establish the primary objectives and guidelines governing the investment of funds in *OK INVEST*. Safety, liquidity, and return on investment are the objectives which establish the framework for the day to day *OK INVEST* management with an emphasis on safety of the capital and the probable income to be derived and meeting the State and its funds and agencies' daily cash flow requirements. Guidelines in the Investment Policy address credit quality requirements and diversification percentages and specify the types and maturities of allowable investments, and the specifics regarding these policies can be found on the State Treasurer's website at <http://www.treasurer.state.ok.us/>.

The State Treasurer, at his discretion, may further limit or restrict such investments on a day-to-day basis. *OK INVEST* includes a substantial investment in securities with an overnight maturity as well as in U.S. government securities with a maturity of up to 10 years. *OK INVEST* maintains an overall weighted average maturity of no more than four years.

Participants in *OK INVEST* maintain an interest in its underlying investments and, accordingly, may be exposed to certain risks. As stated in the State Treasurer information statement, the main risks are interest rate risk, credit/default risk, liquidity risk, and U.S. government securities risk. Interest rate risk is the risk that during periods of rising interest rates, the yield and market value of the securities will tend to be lower than prevailing market rates; in periods of falling interest rates, the yield will tend to be higher. Credit/default risk is the risk that an issuer or guarantor of a security, or a bank or other financial institution that has entered into a repurchase agreement, may default on its payment obligations. Liquidity risk is the risk that *OK INVEST* will be unable to pay redemption proceeds within the stated time period because of unusual market conditions, an unusually high volume of redemption requests, or other reasons. U.S. Government securities risk is the risk that the U.S. government will not provide financial support to U.S. government agencies, instrumentalities, or sponsored enterprises if it is not obligated to do so by law. Various investment restrictions and limitations are enumerated in the State Treasurer's Investment Policy to mitigate

Rogers State University

Notes to Financial Statements

June 30, 2022

those risks; however, any interest in *OK INVEST* is not insured or guaranteed by the State, the FDIC, or any other government agency.

Note 3: Accounts Receivable

Accounts receivables are shown net of allowances for doubtful accounts in the accompanying statement of net position. Accounts receivable consisted of the following at June 30:

Student tuition and fees	\$ 4,493,599
Auxiliary enterprise and other operating activities	468,890
Federal, state, and private grants and contracts	<u>51,154</u>
	5,013,643
Less allowance for doubtful accounts	<u>(3,300,730)</u>
Net accounts receivable	<u><u>\$ 1,712,913</u></u>

Note 4: Leases Receivable

The University as a lessor has entered into lease agreements involving a building with office space and restaurant space. A summary of the University's lease terms and interest rates is as follows:

Lease of building with office space and restaurant space
Annual installments ranging from \$20,375 to \$66,995; imputed interest rates ranging from 0.32% to 1.42%; due dates ranging from September 2022 through May 2036. The balance outstanding at June 30, 2022 was:
<u><u>\$ 417,991</u></u>

The following is a summary of lease receivable transactions for the University for the year ended June 30, 2022:

Beginning Balance, as Restated	Additions	Deductions	Ending Balance
\$ 476,579	\$ -	\$ 58,588	\$ 417,991

During the year ended June 30, 2022, the University recorded \$5,186 in interest income and \$61,065 in lease revenue related to leases receivable.

Rogers State University
Notes to Financial Statements
June 30, 2022

Note 5: Capital Assets and Lease Assets

Following are the changes in capital assets and lease assets for the year ended June 30, 2022:

	Beginning Balance, as Restated	Additions	Adjustments/ Transfers	Retirements	Ending Balance
Capital assets not being depreciated					
Land	\$ 1,052,197	\$ -	\$ -	\$ -	\$ 1,052,197
Construction in progress	41,103	16,000	(41,103)	-	16,000
Total capital assets not being depreciated	1,093,300	16,000	(41,103)	-	1,068,197
Capital assets and lease assets being depreciated/amortized

Revenue Bonds

In May 2013, the University issued \$3,000,000 Federally Taxable Series 2013 revenue bonds. The net proceeds of \$2,854,000 were used to design, construct, and equip a new 17,215-square-foot student dining facility on the Claremore campus. The bonds are primarily secured by bookstore revenues of \$1,040,666 and dining facility revenues of \$150,710. Debt service payments of \$216,510 were 18% of pledged revenues in fiscal year 2022.

The Federally Taxable Series 2013 revenue bonds were issued at a discount of \$18,754. During 2022, the University recognized \$1,150 of amortization, leaving a balance of the unamortized bond discount of \$6,985 as of June 30, 2022.

Rogers State University

Notes to Financial Statements

June 30, 2022

The scheduled maturities of the bonds are as follows:

	Principal	Interest	Total
2023	\$ 150,000	\$ 68,103	\$ 218,103
2024	155,000	64,278	219,278
2025	160,000	60,015	220,015
2026	165,000	55,375	220,375
2027	170,000	50,013	220,013
2028–2032	935,000	155,488	1,090,488
2033	210,000	8,400	218,400
	<u>\$ 1,945,000</u>	<u>\$ 461,672</u>	<u>\$ 2,406,672</u>

Oklahoma Capital Improvement Authority Other Financing Arrangements

OCIA periodically issues bonds, which are allocated to the Oklahoma State Regents for Higher Education (the State Regents), to be used for specific projects at Oklahoma higher education institutions. The University has participated in these projects as discussed below. In each of the transactions, OCIA and the University have entered into a financing arrangement. As a result, the University recognizes its share of the liability and the related assets in connection with the projects being constructed or acquired in its financial statements. Annually, the State Legislature appropriates funds to the State Regents to make monthly lease principal and interest payments on behalf of the University.

In November 2005, OCIA issued its OCIA Bond Issues, 2005 Series F and G. Of the total bond indebtedness, the State Regents allocated \$13,922,702 to the University. Concurrent with the allocation, the University entered into a lease agreement with OCIA, representing the seven projects being funded by the OCIA bonds.

Through June 30, 2021, the University had drawn its entire allotment for expenditures incurred in connection with the projects. Expenditures have been capitalized as investments in capital assets and/or recorded as construction in progress in accordance with University policy. The University has recorded a lease obligation payable to OCIA for the total amount of the allotment less repayments made.

During fiscal year 2014, the University's remaining 2005 lease agreement with OCIA was restructured through a partial refunding of the Series 2005F bonds. OCIA issued new bonds, Series 2014A, to accomplish the refunding. The restructured lease agreement with OCIA secures the OCIA bond indebtedness and any future indebtedness that might be issued to refund earlier bond issues. The University's aforementioned lease agreement with OCIA was automatically restructured to secure the new bond issues. The lease restructuring resulted in a reduction of principal; thus the University has recorded a credit of \$387,424, which is the difference between the reacquisition price and the net carrying amount of the old debt, that is being amortized over the remaining life of the old debt, or the life of the new debt, whichever is shorter. As of June 30, 2022, the remaining deferred inflow of resources totaled \$191,735. This refinancing resulted in an aggregate difference in principal and interest between the original lease agreement and the

Rogers State University

Notes to Financial Statements

June 30, 2022

refinanced lease agreement of \$941,650, which approximates the economic savings of the transaction.

During the year ended June 30, 2022, OCIA made lease principal and interest payments totaling \$914,256 on behalf of the University. These on-behalf payments have been recorded as restricted State appropriations in the University's statement of revenues, expenses, and changes in net position.

Future minimum lease payments under the University's obligations to OCIA are as follows:

	Principal	Interest	Total
2023	\$ 635,849	\$ 280,009	\$ 915,859
2024	652,214	249,021	901,235
2025	679,816	221,474	901,290
2026	713,137	188,067	901,204
2027	745,669	155,436	901,104
2028–2030	<u>2,459,405</u>	<u>244,261</u>	<u>2,703,666</u>
	<u><u>\$ 5,886,090</u></u>	<u><u>\$ 1,338,268</u></u>	<u><u>\$ 7,224,358</u></u>

Oklahoma Development Finance Authority (ODFA) Master Lease Program

During fiscal year 2016, the 2006 lease agreement with ODFA was restructured through a refunding of the Series 2006A bonds. ODFA issued new bonds, Series 2016A to accomplish the refunding. The refinancing resulted in an aggregate difference in principal and interest between the original lease agreement and the refinanced lease agreement of \$388,833, which approximates the economic savings of the transaction.

During fiscal year 2016, the 2006 lease agreement with ODFA was restructured through a refunding of the Series 2006B bonds. ODFA issued new bonds, Series 2016B to accomplish the refunding. The refinancing resulted in an aggregate difference in principal and interest between the original lease agreement and the refinanced lease agreement of \$52,232, which approximates the economic savings of the transaction.

In July 2014, the University entered into a 30-year Master lease agreement with ODFA and the State Regents as a beneficiary of a portion of the proceeds from the ODFA State Regents for Higher Education Master Lease Revenue Bonds, Series 2014D. The University received a net amount of \$11,500,000 for the construction of student apartments. The University makes lease payments to the State Regents, who then forward the payments to the trustee bank.

In June 2019, the University entered into a 13-year lease agreement with ODFA and the State Regents as a beneficiary of a portion of the proceeds from the ODFA State Regents for Higher Education Master Lease Revenue Bonds, Series 2019B. The University received a net amount of \$5,406,000 for refunding of 2007 Series A bonds. The University makes lease payments to the State Regents, who then forward the payments to the trustee bank.

Rogers State University

Notes to Financial Statements

June 30, 2022

In June 2020, the University entered into a 20-year lease agreement with ODFA and the State Regents as a beneficiary of the portion of the proceeds from the ODFA State Regents of Higher Education Master Lease Revenue Bonds, Series 2020A. The University received a net amount of \$13,235,000 for refunding of 2010 Series A, B, and C bonds. The University makes lease payments to the State Regents, who then forward the payments to the trustee bank.

In October 2020, the University entered into a 15-year Master lease agreement with ODFA and the State Regents as a beneficiary of a portion of the proceeds from the ODFA State Regents for Higher Education Master Lease Revenue Bonds, Series 2020C/D. The University received a net amount of \$3,077,000 for refunding of the 2011 Series A bonds. The University makes lease payments to the State Regents, who then forward the payments to the trustee bank.

In November 2020, the University entered into a 5-year Master lease agreement with ODFA and the State Regents as a beneficiary of a portion of the proceeds from the ODFA State Regents for Higher Education Master Lease Revenue Bonds, Series 2020B/C. The University received a net amount of \$281,000 of the proceeds for refunding of the 2010 Series B bonds. The University makes lease payments to the State Regents, who then forward the payments to the trustee bank.

The scheduled maturities of the obligations under the ODFA Master Lease Program are as follows:

	Principal	Interest	Total
2023	\$ 2,001,833	\$ 1,135,563	\$ 3,137,396
2024	2,072,583	1,061,659	3,134,242
2025	2,127,833	984,834	3,112,667
2026	1,878,166	908,701	2,786,867
2027	1,584,583	843,826	2,428,410
2028–2032	8,834,500	3,251,598	12,086,098
2033–2037	6,096,584	1,691,146	7,787,730
2038–2042	4,263,084	673,478	4,936,562
2043–2044	1,179,582	67,910	1,247,492
	<u>\$ 30,038,749</u>	<u>\$ 10,618,715</u>	<u>\$ 40,657,464</u>

Leases Payable

The University as a lessee has entered into lease agreements involving building space, vehicles, printers, and a printing press. A summary of the University's lease terms and interest rates is as follows:

Leases of building space, vehicles, printers, and printing press
 Annual installments ranging from \$2,883 to \$207,465; estimated
 incremental borrowing rates used to discount amounts ranging
 from 0.53% to 4.05%; due dates ranging from June 2025 to
 August 2026. The balance outstanding at June 30, 2022 was:

\$ 658,865

Rogers State University

Notes to Financial Statements

June 30, 2022

Some leases require variable payments based on future performance of the lessee or usage of the underlying asset and are not included in the measurement of the lease liability. Those variable payments are recognized as outflows of resources in the periods in which the obligation for those payments is incurred. During the year ended June 30, 2022, the University made variable payments as required by lease agreements totaling \$194,419.

Future annual lease payments are as follows:

	Principal	Interest	Total
2023	\$ 202,559	\$ 4,906	\$ 207,465
2024	204,285	3,181	207,465
2025	206,044	1,421	207,465
2026	43,097	183	43,280
2027	2,880	2	2,883
	<u>\$ 658,865</u>	<u>\$ 9,693</u>	<u>\$ 668,558</u>

Note 7: Retirement Plans

The University's academic and nonacademic personnel are covered by various retirement plans depending on job classification. The plans available to University personnel include:

Name of Plan/System	Type of Plan
Oklahoma Teachers' Retirement System	Cost-Sharing Multiple Employer Defined Benefit Plan
Rogers State University Defined Contribution Plan	Defined Contribution Plan
Fidelity Investments Plan	Defined Contribution Plan
Supplemental Retirement Annuity	Single Employer Defined Benefit Plan

Rogers State University

Notes to Financial Statements

June 30, 2022

The University does not maintain the accounting records, hold the investments for, or administer these plans. A summary of all pension- and OPEB-related items is as follows:

	Net OPEB Liability (Asset)	Deferred Outflows	Deferred Inflows	OPEB Expense (Benefit)
RSU OPEB	\$ (35,241)	\$ 93,979	\$ 391,830	\$ (56,961)

Supplemental retirement plan	\$ 318,549	\$ -	\$ -	\$ 4,665
OTRS net pension liability	<u>14,766,198</u>	<u>5,185,001</u>	<u>10,066,709</u>	<u>(29,653)</u>
Total	<u><u>\$ 15,084,747</u></u>	<u><u>\$ 5,185,001</u></u>	<u><u>\$ 10,066,709</u></u>	<u><u>\$ (24,988)</u></u>

Oklahoma Teachers' Retirement System

Plan Description

The University, as the employer, participates in OTRS—a cost-sharing multiple-employer defined benefit pension plan administered by OTRS. Title 70 O. S. Sec. 17-105 defines all retirement benefits. The authority to establish and amend benefit provisions rests with the State Legislature. OTRS issues a publicly available financial report that can be obtained at www.ok.gov/OTRS.

Benefits Provided

OTRS provides defined retirement benefits based on members' final compensation, age, and term of service. In addition, the retirement program provides for benefits upon disability and to survivors upon the death of eligible members. Title 70 O. S. Sec. 17-105 defines all retirement benefits. The authority to establish and amend benefit provisions rests with the State Legislature.

Benefit provisions include:

- Members become 100% vested in retirement benefits earned to date after five years of credited Oklahoma service. Members who joined the System on June 30, 1992 or prior are eligible to retire at maximum benefits when age and years of creditable service total 80. Members joining the System after June 30, 1992 are eligible for maximum benefits when their age and years of creditable service total 90. Members whose age and service do not equal the eligible limit may receive reduced benefits as early as age 55, and at age 62 receive unreduced benefits based on their years of service. The maximum retirement benefit is equal to 2% of final compensation for each year of credited service.

Rogers State University

Notes to Financial Statements

June 30, 2022

- Final compensation for members who joined the System prior to July 1, 1992 is defined as the average salary for the three highest years of compensation. Final compensation for members joining the System after June 30, 1992 is defined as the average of the highest five consecutive years of annual compensation in which contributions have been made. The final average compensation is limited for service credit accumulated prior to July 1, 1995 to \$40,000 or \$25,000, depending on the member's election. Monthly benefits are 1/12 of this amount. Service credits accumulated after June 30, 1995 are calculated based on each member's final average compensation, except for certain employees of the two comprehensive universities. Upon the death of a member who has not yet retired, the designated beneficiary shall receive the member's total contributions plus 100% of interest earned through the end of the fiscal year, with interest rates varying based on time of service. A surviving spouse of a qualified member may elect to receive, in lieu of the aforementioned benefits, the retirement benefit the member was entitled to at the time of death as provided under the Joint Survivor Benefit Option.
- Upon the death of a retired member, the System will pay \$5,000 to the designated beneficiary, in addition to the benefits provided for the retirement option selected by the member.
- A member is eligible for disability benefits after ten years of credited Oklahoma service. The disability benefit is equal to 2% of final average compensation for the applicable years of credited service.
- Upon separation from the System, members' contributions are refundable with interest based on certain restrictions provided in the plan, or by the IRC.
- Members may elect to make additional contributions to a tax-sheltered annuity program up to the exclusion allowance provided under the IRC under Code Section 403(b).

Contributions

The contributions requirements of the Plan are at an established rate determine by Oklahoma Statute, amended by the Oklahoma Legislature, and are not based on actuarial calculations. Employees are required to contribute 7% of their annual pay. Participating employers are required to contribute 8.55% of the employees' annual pay and an additional 7.70% for any employees' salaries covered by federal funds. A portion of the contributions received by OTRS are allocated to the Supplemental Health Insurance program. Contributions to the pension plan from the University were \$1,453,732. The State of Oklahoma also made on-behalf contributions to OTRS, of which \$800,387 was recognized by the University; these on-behalf payments did not meet the criteria of a special funding situation.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2022, the University reported a liability of \$14,766,198 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021. The University's proportion of the net pension liability was based on the

Rogers State University

Notes to Financial Statements

June 30, 2022

University's contributions received by the pension plan relative to the total contributions received by pension plan for all participating employers as of June 30, 2021. Based upon this information, the University's proportion was 0.28903%.

For the year ended June 30, 2022, the University recognized pension benefit of \$(29,653). At June 30, 2022, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 973,641	\$ 549,105
Changes of assumptions	2,297,024	147,053
Net difference between projected and actual investment earnings on pension plan investments	-	7,669,385
Changes in University's proportionate share of contributions	451,162	1,674,953
Differences between University contributions and proportionate share of contributions	9,443	26,213
University contributions made subsequent to the measurement date	<u>1,453,732</u>	<u>-</u>
Total	<u><u>\$ 5,185,002</u></u>	<u><u>\$ 10,066,709</u></u>

For the year ended June 30, 2022, \$1,453,732 was reported as deferred outflows of resources related to pensions resulting from University contributions subsequent to the measurement date that will be recognized as a reduction of the net pension liability.

Deferred outflows of resources and deferred inflows of resources at June 30, 2022 will be recognized in pension expense as follows:

2023	\$ (1,727,777)
2024	(1,010,252)
2025	(1,112,690)
2026	(2,420,610)
2027	<u>(64,110)</u>
Total	<u><u>\$ (6,335,439)</u></u>

Actuarial Assumptions

The total pension liability as of June 30, 2022 was determined based on an actuarial valuation prepared as of June 30, 2021 using the following actuarial assumptions:

- Actuarial Cost Method – Entry Age
- Inflation – 2.25%

Rogers State University

Notes to Financial Statements

June 30, 2022

- Future Ad Hoc Cost-of-living Increases – None
- Salary Increases – Composed of 2.25%, plus 0.75% productivity increase rate, plus step-rate promotional increases for members with less than 25 years of service
- Investment Rate of Return – 7.00%
- Retirement Age – Experience-based table of rates based on age, service, and gender. Adopted by the Board in July 2020 in conjunction with the five-year experience study for the period ending June 30, 2019
- Mortality Rates after Retirement – Males and females: 2020 GRS Southwest Region Teacher Mortality Table. Generational mortality improvements in accordance with the Ultimate MP scales are projected from the year 2020
- Mortality Rates for Active Members – Pub-2010 Teachers Active Employee Mortality table. Generational mortality improvements in accordance with the Ultimate MP scales are projected from the year 2010

Asset Class	Target Asset Allocation	Long-Term Expected Real Rate of Return
Domestic equity	43.5%	4.3%
International equity	19.0%	5.2%
Fixed income	22.0%	0.4%
Real estate**	9.0%	4.3%
Alternative assets	6.5%	6.5%
Total	100.0%	

**The Real Estate total expected return is a combination of U.S. Direct Real Estate (unleveraged) and U.S. Value-Added Real Estate (unleveraged)

Discount Rate

A single discount rate of 7.00% was used to measure the total pension liability as of June 30, 2021. This single discount rate was based solely on the expected rate of return on pension plan investments of 7.00%. Based on the stated assumptions and the projection of cash flows, the pension plan's fiduciary net position and future contributions were projected to be available to finance all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The projection of cash flows used to determine this single discount rate assumed that plan member and employer contributions will be made at the current statutory levels and remain a level percentage of payrolls. The projection of cash flows also assumed that the State's contribution plus the matching contributions will remain a constant percent of projected member payroll based on the past five years of actual contributions.

Rogers State University

Notes to Financial Statements

June 30, 2022

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following table presents the net pension liability of the University calculated using the respective discount rate each year, as well as what the University's net pension liability would be using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	1% Decrease (6.00%)	Current Discount (7.00%)	1% Increase (8.00%)
Net pension liability	<u>\$ 24,135,594</u>	<u>\$ 14,766,198</u>	<u>\$ 7,009,612</u>

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued financial report of OTRS, which can be located at www.ok.gov/OTRS.

Rogers State University Defined Contribution Plan

Plan Description

The plan is a Section 401(a) defined contribution plan that became effective January 1, 2015 for certain *Fair Labor Standards Act* nonexempt employees and is administered by Fidelity Investments Inc. The purpose of the plan is to provide retirement benefits for the participants and to distribute the funds accumulated to the participants of the eligible beneficiaries. All nonexempt employees hired after the effective date are allowed a one-time election between participation in OTRS or the defined contribution plan. The Plan provides retirement benefits to eligible employees or their beneficiaries.

Funding Policy

The required contribution rate is 9.0% of pensionable compensation. The University contributes the required amounts for participating members. The University's contributions for the year ended June 30, 2022 were \$138,787.

Fidelity Investments Plan

Plan Description

The plan is a Section 457(b) defined contribution plan that became effective November 1, 2011. For all eligible full-time employees, the University contributes to a defined contribution pension plan (the Plan) administered by the University's Board of Regents. Pension expense is recorded for the amount of the University's required contributions determined in accordance with the terms of the Plan. The Plan provides retirement benefits to eligible employees or their beneficiaries. Benefit provisions and contribution requirements are contained in the plan document and were established and can be amended by action of the University's Board of Regents.

Rogers State University

Notes to Financial Statements

June 30, 2022

Funding Policy

Prior to December 1, 2011, the University contributed 15% of the base salary above \$9,000 for certain employees who were employed prior to January 1, 1999 and 4% of the annual base salary for all other employees in the Plan. Effective December 1, 2011, the University contributed 4% of the annual base salary for all employees in the Plan. Effective July 1, 2013, contributions made by the University were temporarily suspended and have not resumed.

Supplemental Retirement Annuity

Plan Description

The University's Supplemental Retirement Annuity (SRA) plan is a single-employer, defined benefit pension plan administered by the University's Board of Regents. There are no active participants and three individuals are currently receiving benefits. The SRA was established by the University's Board of Regents to provide supplemental retirement and death benefits to certain eligible University employees, or to those eligible employees' beneficiaries. The SRA plan is restricted to certain retirees of the University. The authority to amend the SRA's benefit provisions rests with the University's Board of Regents. The SRA does not issue a stand-alone financial report nor is it included in the financial report of another entity.

Benefits Provided

The SRA will provide a supplemental monthly annuity, based upon the participant's average monthly salary (three highest monthly salary amounts), and taking into consideration OTRS benefits, years of service, and other factors.

Contributions

The University shall make contributions to the annuity contract in such amounts and at such times as it shall deem advisable to provide the benefits as set forth in the SRA. Participants are not permitted to make contributions to the SRA.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2022, the University reported a liability of \$318,549 related to the SRA. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2022. For the year ended June 30, 2022, the University recognized pension expense of \$4,665. All other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions were not recognized for the SRA as such amounts are not material.

Actuarial Assumptions

The total pension liability as determined based on an actuarial valuation prepared as of June 30, 2022 using the following actuarial assumptions:

- Actuarial Cost Method – Entry Age Normal

Rogers State University

Notes to Financial Statements

June 30, 2022

- Amortization Method – Level dollar, closed
- Remaining Amortization Period – 6 years
- Asset Method – Market Value of Assets
- Inflation – 2.0%
- Salary Increases – Not Applicable
- Discount Rate – 4.00%
- Long-Term Expected Rate of Return – 4.00%
- Mortality – Pub-2010 General Retirees Headcount weighted with projection scale MP-2020
- Retirement Age – None since there are no active participants.

Discount Rate

For the year ended June 30, 2022, the discount rate used to measure the total pension liability was 3.95%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined by the client using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rates of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following table presents the net pension liability of the University calculated using the respective discount rate each year, as well as what the University's net pension liability would be using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	1% Decrease 2.95%	Current Discount 3.95%	1% Increase 4.95%
Net pension liability	\$ 435,891	\$ 318,549	\$ 217,164

Balance at June 30, 2022	\$ 1,224,850	\$ 906,301	\$ 318,549

Note 8: Other Postemployment Health and Life Insurance Benefits

Rogers State University Other Postemployment Health and Life Insurance Benefits

Plan Description

The University sponsors healthcare and life insurance coverage to qualifying retirees and their dependents. All employees hired prior to July 1, 2009 and eligible to retire under the provisions of OTRS are eligible to participate. As of January 1, 2022, the University has a total of 81 active and inactive employees eligible to participate. Inactive employees receiving benefits (10), inactive employees entitled to but not receiving benefits (1), and active covered employees (70). The plan does not issue a separate financial report, nor is it included in the financial report of another entity. These assets are accumulated in a trust.

The plan investment objective is "Growth and Income." The intent of the objective is to provide for both current income and future growth to accommodate the plan's future obligations plus normal inflation. The approach is a conservative blend of the Growth and Income approaches resulting in moderate risk. Allocation range: 40%–60% Equity/40%–60% Fixed Income. Account Target: 55% Equity/45% Fixed Income.

Rogers State University

Notes to Financial Statements

June 30, 2022

Benefits Provided

Medical coverage for active employees and retirees under age 65 is offered by the Board of Regents through a self-insured plan administered by Cigna. Retirees receive fully paid coverage to Medicare eligibility (age 65). OTRS pays a portion of the carrier premium with the balance paid by the University. The carrier premium applicable to retiree dependents is the responsibility of the participants. The University also pays for retiree life insurance coverage to age 65. Through a separate fully insured contract, the University sponsors Medicare supplement coverage for former employees eligible for Medicare. Medicare-eligible retirees must pay full carrier rates to maintain coverage.

Contributions

The University contributes the premium cost to carriers, net of the medical insurance supplement provided by OTRS. For the year ended June 30, 2022, contributions were approximately \$89,000, including approximately \$8,000 in OTRS insurance subsidies.

OPEB Liabilities (Assets), OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2022, the University reported an asset of \$35,241. The net OPEB asset was measured as of June 30, 2022, and the total OPEB asset used to calculate the net OPEB asset was determined by an actuarial valuation as of June 30, 2022.

For the year ended June 30, 2022, the University recognized OPEB income of \$(56,961).

Rogers State University

Notes to Financial Statements

June 30, 2022

Schedule of Changes in Total OPEB Liability, Plan Fiduciary Net Position, and Net OPEB Liability (Asset)

The following table presents the changes in total OPEB liability, plan fiduciary net position, and net OPEB liability (asset) of the University for the year ended June 30, 2022:

	Total OPEB Liability	Plan Fiduciary Net Position	Net OPEB Liability (Asset)
Balance, June 30, 2021	\$ 937,942	\$ 956,998	\$ (19,056)
Changes for the year			
Service cost	27,360	-	27,360
Interest on the total pension liability	57,102	-	57,102
Difference between expected and actual experience	(77,249)	-	(77,249)
Employer contributions	-	88,599	(88,599)
Change in assumption	(43,883)	-	(43,883)
Net investment income	-	(102,041)	102,041
Benefit payments	(88,599)	(88,599)	-
Administration charge	-	(7,043)	7,043
Net changes	(125,269)	(109,084)	(16,185)
Balance, June 30, 2022	\$ 812,673	\$ 847,914	\$ (35,241)

At June 30, 2022, the University reported deferred inflows and outflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 163,716
Changes in assumptions	48,579	228,114
Net difference between projected and actual investment earnings on OPEB investments	45,400	-
Total	\$ 93,979	\$ 391,830

Rogers State University

Notes to Financial Statements

June 30, 2022

Deferred outflows of resources and deferred inflows of resources to OPEB will be recognized in OPEB expense (income) as follows:

2023	\$ (88,854)
2024	(90,174)
2025	(94,803)
2026	(3,833)
2027	(20,187)
2028 and thereafter	<u>-</u>
	<u><u>\$ (297,851)</u></u>

Actuarial Assumptions

The total pension liability was determined based on an actuarial valuation prepared as of June 30, 2022, using the following actuarial assumptions:

- Discount Rate and Expected Return on Plan Assets – 6.2%
- CPI Inflation Rate over Long Term – 2.5% per year
- Dental – 3.5% per year
- Medicare Supplement and Part D Rx – 5.0% per year
- Trend of Contributions from OTRS – None
- Mortality – Pub-2010 Public Retirement Plans Headcount-Weighted Teachers Mortality Tables using Scale MP-2021 Full Generational Improvement
- Participation for Future Retirees < 65 – 85% of future eligible retirees are assumed to elect medical insurance with the University upon retirement. This considers University participation experience over multiple years. 100% of future eligible retirees are assumed to elect life insurance with the University upon retirement.
- Participation when Lifetime Turn – 100%
- Retirement Age – Retirement rates are based on those used for the Teachers' Retirement System of Oklahoma (TRS) pension actuarial valuation (first adopted by TRS for the June 30, 2020 actuarial valuation)
- Medicare Eligibility Age – Age 65
- Salary Scale (per employee) – 2.5% per year

Discount Rate

A single discount rate of 6.20% was used to measure the total OPEB liability (asset) as of June 30, 2022. This single discount rate was based solely on the expected rate of return on OPEB plan investments of 6.20%. Based on the stated assumptions and the projection of cash flows, the

Rogers State University

Notes to Financial Statements

June 30, 2022

OPEB plan's fiduciary net position and future contributions were projected to be available to finance all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability (asset).

Sensitivity of the Net OPEB Asset to Changes in the Discount Rate

The following presents the net OPEB asset of the employer calculated using the respective discount rate, as well as what the Plan's net OPEB liability (asset) would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage-point higher than the current rate:

	1% Decrease 5.20%	Current Discount 6.20%	1% Increase 7.20%
Net OPEB liability (asset)	<u>\$ 11,047</u>	<u>\$ (35,241)</u>	<u>\$ (78,677)</u>

The healthcare cost trend rate is 7.00% in 2022, decreasing to 6.50% in 2023, and decreasing annually by 0.25% or 0.50% to an ultimate rate of 4.50% for 2030, and later years.

	1% Decrease	Cost Trend Assumption	1% Increase
Net OPEB liability (asset)	<u>\$ (96,754)</u>	<u>\$ (35,241)</u>	<u>\$ 33,863</u>

Oklahoma Teachers' Retirement System Other Postemployment Health Insurance Benefits

Plan Description

The University, as the employer, participates in the Supplemental Health Insurance Program—a cost-sharing multiple-employer defined benefit OPEB plan administered by OTRS. Title 74 O. S. Sec. 1316.3 defines the health insurance benefits. The authority to establish and amend benefit provisions rests with the State Legislature. OTRS issues a publicly available financial report that can be obtained at www.ok.gov/OTRS.

Benefits Provided

OTRS pays a medical insurance supplement to eligible members who elect to continue their employer-provided health insurance. The supplement payment is between \$100 and \$105 per month provided the member has 10 years of Oklahoma service prior to retirement.

Contributions

Employer and employee contributions are made based upon the TRS Plan provisions contained in Title 70, as amended. However, statutes do not specify or identify any particular contribution source to pay the health insurance subsidy. Based on the contribution requirements of Title 70, employers and employees contribute a single amount based on a single contribution rate as

Rogers State University

Notes to Financial Statements

June 30, 2022

described in *Note 6*; from this amount, OTRS allocates a portion of the contributions to the supplemental health insurance program. The cost of the supplemental health insurance program averages 0.15% of normal cost, as determined by an actuarial valuation. At June 30, 2022, contributions allocated to the OPEB plan from the University were \$17,969.

OPEB Liabilities (Assets), OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2022, the University reported an asset of \$368,146 for its proportionate share of the net OPEB asset. The net OPEB asset was measured as of June 30, 2021, and the total OPEB asset used to calculate the net OPEB asset was determined by an actuarial valuation as of June 30, 2021. The University's proportion of the net OPEB asset was based on the University's contributions received by the OPEB plan relative to the total contributions received by the OPEB plan for all participating employers as of June 30, 2021. Based upon this information, the University's proportion was 0.28903%.

For the year ended June 30, 2022, the University recognized OPEB income of \$(53,707). At June 30, 2022, the University reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 57,636
Changes of assumptions	50,039	-
Net difference between projected and actual investment earnings on OPEB plan investments	-	197,448
Changes in proportion	5,636	2,343
Differences between University contribution and proportionate share of contributions	7,937	12,554
University contributions made subsequent to the measurement date	<u>17,969</u>	<u>-</u>
Total	<u><u>\$ 81,581</u></u>	<u><u>\$ 269,981</u></u>

The \$17,969 reported as deferred outflows of resources related to OPEB resulting from University contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability (asset) in the year ended June 30, 2023.

Rogers State University

Notes to Financial Statements

June 30, 2022

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

2023	\$ (52,912)
2024	(43,139)
2025	(45,869)
2026	(61,027)
2027	(2,555)
Thereafter	<u>(867)</u>
	<u>\$ (206,369)</u>

Actuarial Assumptions

The total OPEB liability as of June 30, 2022 was determined based on an actuarial valuation prepared as of June 30, 2021 using the following actuarial assumptions:

- Actuarial Cost Method – Entry Age
- Inflation – 2.25%
- Future Ad Hoc Cost-of-Living Increases – None
- Salary Increases – Composed of 2.25% inflation, plus 0.75% productivity increase rate, plus step-rate promotional increases for members with less than 25 years of service.
- Investment Rate of Return – 7.00%
- Retirement Age – Experience-based table of rates based on age, service, and gender. Adopted by the Board in July 2020 in conjunction with the five-year experience study for the period ending June 30, 2019.
- Mortality Rates after Retirement – Males and females: 2020 GRS Southwest Region Teacher Mortality Table. Generational mortality improvements in accordance with the Ultimate MP scales are projected from the year 2020.
- Mortality Rates for Active Members – Pub-2010 Teachers Active Employee Mortality table. Generational mortality improvements in accordance with the Ultimate MP scales are projected from the year 2010

Rogers State University
Notes to Financial Statements
June 30, 2022

Asset Class	Allocation	Rate of Return
Domestic equity	43.5%	4.3%
International equity	19.0%	5.2%
Fixed income	22.0%	0.4%
Real estate**	9.0%	4.3%
Alternative assets	6.5%	6.5%
Total	100.0%	

**The Real Estate total expected return is a combination of U.S. Direct Real Estate (unleveraged) and U.S. Value-Added Real Estate (unleveraged)

Discount Rate

A single discount rate of 7.00% was used to measure the total OPEB liability as of June 30, 2021. This single discount rate was based solely on the expected rate of return on OPEB plan investments of 7.00%. Based on the stated assumptions and the projection of cash flows, the OPEB plan's fiduciary net position and future contributions were projected to be available to finance all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability. The projection of cash flows used to determine this single discount rate assumed that plan member and employer contributions will be made at the current statutory levels and remain a level percentage of payrolls. The projection of cash flows also assumed that the State's contribution plus the matching contributions will remain a constant percent of projected member payroll based on the past five years of actual contributions.

Sensitivity of the Net OPEB Asset to Changes in the Discount Rate

The following presents the net OPEB asset of the employer calculated using the respective discount rates, as well as what the Plan's net OPEB asset would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage-point higher than the current rate:

	1% Decrease (6.00%)	Current Discount (7.00%)	1% Increase (8.00%)
Net OPEB asset	<u>\$ (236,515)</u>	<u>\$ (368,146)</u>	<u>\$ (479,682)</u>

OPEB Plan Fiduciary Net Position

Detailed information about the OPEB plan's fiduciary net position is available in the separately issued financial report of OTRS; which can be located at www.ok.gov/OTRS.

Rogers State University

Notes to Financial Statements

June 30, 2022

Note 9: Funds Held in Trust by Others

Oklahoma State Regents Endowment Trust Fund

In connection with the Oklahoma State Regents' Endowment Program (the Endowment Program), the State of Oklahoma has matched contributions received under the Endowment Program. At June 30, 2022, the state match amounts, plus retained accumulated earnings totaled \$2,410,120 and is invested by the Oklahoma State Regents for Higher Education on behalf of the University. The University is entitled to receive an annual distribution of earnings of 4.5% of the market value at year-end on these funds. Legal title of these endowment funds is retained by the Oklahoma State Regents of Higher Education; only the funds available for distribution, or \$191,005 at June 30, 2022, have been reflected as assets in the accompanying statement of net position.

Note 10: Related-Party Transactions

The University is the beneficiary of a foundation that provides support for the University by way of scholarships and other direct resources. The University contracts with the Foundation to provide limited services and office space in exchange for the support the University receives. For the year ended June 30, 2022, administrative services provided by the University for the benefit of the Foundation were \$202,198. Scholarships awarded by the Foundation are remitted to the University after the University pays the award recipient. Such amounts were \$904,042 for 2022. Other support provided by the Foundation to the University during the year ended June 30, 2022 amounted to \$794,008 for total Foundation support of the University of \$1,698,050.

Note 11: Commitments and Contingencies

The University conducts certain programs pursuant to various grants and contracts, which are subject to audit by federal and state agencies. Costs questioned as a result of these audits, if any, may result in refunds to these governmental agencies from various sources of the University.

During the ordinary course of business, the University may be subjected to various lawsuits and civil action claims. Management believes that resolution of any such matters pending at June 30, 2022 will not have a material adverse impact to the University.

Note 12: Risk Management

The University is exposed to various risks of loss from torts; theft of, damage to, and destruction of assets; errors and omissions; employee injuries and illnesses; natural disasters; and employee health, life, and accident benefits. Commercial insurance coverage is purchased for claims arising from such matters other than torts, property, and workers' compensation. Settled claims have not exceeded this commercial coverage in any of the three preceding years.

The University, along with other state agencies and political subdivisions, participates in the State of Oklahoma Risk Management Program public entity risk pool currently operating as a common risk management and insurance program for its members. The University pays annual premiums to

Rogers State University

Notes to Financial Statements

June 30, 2022

the pool for its tort, property, and liability insurance coverage. The Oklahoma Risk Management pool's governing agreement specifies that the pool will be self-sustaining through member premiums and will reinsure through commercial carriers for claims in excess of specified stop-loss amounts.

Note 13: Rogers State University Foundation

Summary of Significant Accounting Policies

Nature of Activities and Organization

The Foundation supports the academic, staff, and alumni programs of the University. The University in turn pays for a substantial portion of the operating expenses of the Foundation, including all salaries and related expenses, and provides office space for the Foundation's use. The Foundation and the University have certain management and board members in common.

The RSU Foundation Broadcasting Towers, LLC (the Towers), a wholly owned subsidiary of the Foundation, is the owner of one broadcasting tower used primarily by the University.

Principles of Consolidation

The financial information for the Foundation included in the above financial statements includes the accounts of the Foundation and its wholly owned subsidiary. All significant intercompany transactions have been eliminated.

Cash and Cash Equivalents

The Foundation considers all liquid investments with an original maturity of three months or less to be cash equivalents.

Investments

Investments in marketable securities with readily determinable fair values are reported at their fair market value in the statement of financial position. Unrealized gains and losses are included in the Foundation's statement of activities.

Promises to Give

Unconditional promises to give are recognized as revenues or gains in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional.

Property, Plant, and Equipment

The Foundation capitalizes major expenditures for property, plant, and equipment at cost. Donated property and equipment are recorded as contributions at their estimated fair value.

Rogers State University

Notes to Financial Statements

June 30, 2022

Depreciation is computed on the straight-line basis over the following estimated useful lives:

Leased land	50 years
Radio tower and building	30–40 years
Equipment and furnishings	5–10 years
Vehicles	3 years

The Foundation's policy is to capitalize property and equipment over \$500 with lesser amounts expensed currently.

Contributed Services

Contributed services are recognized as contributions if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Foundation. During the year ended June 30, 2022, the value of contributed services meeting the requirements for recognition in the financial statements totaled \$202,198.

Income Taxes

The Foundation is a nonprofit organization under Section 501(c)(3) of the Internal Revenue Code and is exempt from federal and state income taxes.

The Foundation files its Forms 990 in the U.S. federal jurisdiction and the state of Oklahoma. The Foundation is generally no longer subject to examination by the Internal Revenue Service for tax years before June 30, 2018.

Revenue Recognition

The Foundation recognizes contributions when cash, securities or other assets, an unconditional contribution, or notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met.

The Foundation recognizes revenue from program service fees when the related services are performed. The Foundation records special events revenue based on the value of what is provided to a donor and contribution revenue for the difference. All goods and services are transferred at a point in time.

Rogers State University

Notes to Financial Statements

Rogers State University

Notes to Financial Statements

June 30, 2022

Fair Value Measurements

Fair value of investments at June 30, 2022 is as follows:

	Fair Value	Level 1 Inputs
Without donor restrictions	\$ 5,198,664	\$ 5,198,664
With donor restrictions	17,991,801	17,991,801
Total investments	<u>\$ 23,190,465</u>	<u>\$ 23,190,465</u>

Level 1 Inputs – Fair values for investments are determined by reference to quoted market prices in active markets for which the Foundation is invested.

Endowments

The Foundation endowments consist of approximately 190 individual funds established for a variety of purposes. As required by GAAP, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law – In accordance with the requirements of accounting standards related to endowments, and the *Oklahoma Uniform Prudent Management of Institutional Funds Act* (OUPMIFA), the Foundation will report the market value of an endowment as perpetual in nature. As a result, the Foundation classifies as “not subject to appropriation or expenditure” 1) the original value of gifts donated to the endowment, 2) the original value of subsequent gifts donated to the endowment, 3) all realized and unrealized gains and losses of the endowment, and 4) less any income distribution in accordance with the spending policy.

In accordance with OUPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1) The duration and preservation of the fund;
- 2) The purposes of the foundation and the donor-restricted endowment fund;
- 3) General economic conditions;
- 4) The possible effect of inflation and deflation;
- 5) The expected total return from income and the appreciation of investments;
- 6) Other resources of the foundation;
- 7) The investment policies of the foundation.

Return Objectives and Risk Parameters – The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs

Rogers State University

Notes to Financial Statements

June 30, 2022

supported by the endowment while seeking to maintain the purchasing power of the endowment assets. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to produce results which generate a dependable, increasing source of income and appreciation while assuming a moderate level of investment risk. The Foundation expects its endowment funds, over time, to provide an average rate of return of approximately 7% annually. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives – To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives while reducing risk to acceptable levels.

Spending Policy and How the Investment Objectives Relate to Spending Policy – The Foundation has a policy of appropriating for distribution each year the equivalent of 4% of its endowment fund's fair value as of the immediately preceding January 1. In establishing this policy, the Foundation considered the long-term expected return on its endowment. Accordingly, over the long term, the Foundation expects the current spending policy to allow its endowment to grow at an average of 3% annually. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

Endowment net asset composition by type of fund as of June 30, 2022:

	Without Donor Restrictions	With Donor Restrictions
Donor-restricted endowment funds	\$ -	\$ 17,352,706
Total endowment funds	<u>\$ -</u>	<u>\$ 17,352,706</u>

Rogers State University

Notes to Financial Statements

June 30, 2022

Changes in endowment net assets for the year ended June 30, 2022:

	Without Donor Restrictions	With Donor Restrictions
Endowment net assets, beginning of year	\$ -	\$ 19,156,100
Investment return	-	(2,200,082)
Other income	-	6,865
Losses on promises to give	-	1,479,284
Contributions	-	(15,000)
Transfers – board-designated	-	(1,074,461)
	<hr/>	<hr/>
Endowment net assets, end of year	<u>\$ -</u>	<u>\$ 17,352,706</u>

The historical dollar value of the permanently restricted endowments is \$15,010,208 as compared to the fair market value of \$17,352,706 at June 30, 2022. The difference between the historical dollar value and fair value is a gain of \$2,342,498 in 2022. The current year increase in the unrealized gain of \$3,221,232 for 2022 is included with the investment return allocated to net assets with donor restrictions.

Leases

The Towers leases space on the television tower under certain operating lease agreements. The Towers also provides tower space for broadcasting equipment used by the University's television station. For the year ended June 30, 2022, tower rental income donated to the University totaled \$169,279.

Noncash Donations

During the year ended June 30, 2022, the Foundation received the following noncash donations of services and free use of facilities that have been reflected in the financial statements of the Foundation:

Free use of facilities	\$ 169,279
Professional services	<u>202,198</u>
	<hr/>
Total	<u>\$ 371,477</u>

As discussed above under "Leases," rental income was donated for tower space during the year ended June 30, 2022 with a fair value of \$169,279.

The University contributed professional services to the Foundation during the year ended June 30, 2022 with a fair value of \$202,198.

Rogers State University
Notes to Financial Statements
June 30, 2022

Off-Balance Sheet Risk and Concentrations

The Foundation has a potential concentration of credit risk in that it periodically maintains deposits with financial institutions in excess of amounts insured by the FDIC. At June 30, 2022, the Foundation's deposit accounts subject to FDIC Insurance were fully insured.

Liquidity and Availability of Resources

The table below reflects the Foundation's financial assets as of June 30, 2022 reduced by amounts that are not available for general use due to contribution or donor-imposed restrictions within one year of the financial statement date. Noncurrent portions of investments, cash surrender value of life insurance, and promises to give have been included in the calculation of financial assets as those amounts are subject to donor-imposed restrictions.

Cash and cash equivalents	\$ 335,496
Investments, total	23,190,465
Cash surrender value – life insurance	80,500
Promises to give, net	<u>450,388</u>
 Total financial assets	 24,056,849
 Less those unavailable for general expenditure within one year, due to	
Contractual or donor-imposed restrictions	
Restricted by donor with time or purpose restrictions	(5,662,854)
Not subject to appropriation or expenditure	<u>(17,352,706)</u>
 Financial assets available to meet cash needs for general expenditure	
within one year	<u><u>\$ 1,041,289</u></u>

It is the policy of the Foundation to maintain adequate cash reserves on hand to meet its current obligations in a timely manner.

Rogers State University
Notes to Schedule of Expenditures of Federal Awards
Year Ended June 30, 2022

Notes to Schedule

1. The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Rogers State University (the University) under programs of the federal government for the year ended June 30, 2022. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the University, it is not intended to and does not present the financial position, changes in net position, or cash flows of the University.
2. Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance or other regulatory requirements, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The University has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Independent Auditor's Report

Regents of the University of Oklahoma
Rogers State University
Norman, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the business-type activities, the discretely presented component unit, and the fiduciary activities of Rogers State University (the University) as of and for the year ended June 30, 2022 and the related notes to the financial statements, which collectively comprise the University's basic financial statements, and have issued our report thereon dated October 28, 2022, which contained an "Emphasis of Matter" paragraph regarding a change in accounting principles. Our report includes a reference to other auditors who audited the financial statements of Rogers State University Foundation, Inc. (the Foundation), as described in our report on the University's financial statements. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards* and, accordingly, this report does not include reporting on internal control over financial reporting or compliance and other matters associated with the Foundation or that are reported on separately by those auditors who audited the financial statements of the Foundation.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the University's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any

Regents of the University of Oklahoma
Rogers State University

deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the University's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance

Independent Auditor's Report

Regents of the University of Oklahoma
Rogers State University
Norman, Oklahoma

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Rogers State University's (the University) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the University's major federal programs for the year ended June 30, 2022. The University's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the University complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the "Auditor's Responsibilities for the Audit of Compliance" section of our report.

We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the University's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the University's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the University's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the University's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the University's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the University's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2022-001, 2022-002, 2022-003, and 2022-04. Our opinion on each major federal program is not modified with respect to these matters.

Government Auditing Standards require the auditor to perform limited procedures on the University's response to the noncompliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The University's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the "Auditor's Responsibilities for the Audit of Compliance" section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and, therefore, material weaknesses or significant

Regents of the University of Oklahoma
Rogers State University

deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2022-001, 2022-002, 2022-03, and 2022-04 to be significant deficiencies.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards require the auditor to perform limited procedures on the University's response to the internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The University's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response. The University is responsible for preparing a corrective action plan to address each audit finding included in our auditor's report. The University's corrective action plan was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on it.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Schedule of Findings and Questioned Costs

Year Ended June 30, 2022

Summary of Auditor's Results

Financial Statements

1. Type of report the auditor issued on whether the financial statements audited were prepared in accordance with GAAP:
☒ Unmodified ☐ Qualified ☐ Adverse ☐ Disclaimer
2. Internal control over financial reporting:
 Significant deficiency(ies) identified? ☐ Yes ☒ None reported
 Material weakness(es) identified? ☐ Yes ☒ No
3. Noncompliance material to the financial statements noted? ☐ Yes ☒ No

Federal Awards

4. Internal control over major federal awards programs:
 Significant deficiency(ies) identified? ☒ Yes ☐ None reported
 Material weakness(es) identified? ☐ Yes ☒ No
5. Type of auditor's report issued on compliance for major federal program(s):
☒ Unmodified ☐ Qualified ☐ Adverse ☐ Disclaimer
6. Any audit findings disclosed that are required to be reported by 2 CFR 200.516(a)? ☒ Yes ☐ No
7. Identification of major federal programs:

Assistance Listing

Number(s)	Name of Federal Program or Cluster
	Student Financial Assistance Cluster
84.007	Federal Supplemental Educational Opportunity Grants
84.033	Federal Work-Study Program
84.063	Federal Pell Grant Program
84.268	Federal Direct Student Loans
84.425E, 84.425F	Education Stabilization Fund – COVID-19

8. Dollar threshold used to distinguish between Type A and Type B programs: \$762,989.
9. Auditee qualified as a low-risk auditee? ☐ Yes ☒ No

Rogers State University

Schedule of Findings and Questioned Costs, continued

Year Ended June 30, 2022

Findings Required to be Reported by the Uniform Guidance

Reference Number	Finding
2022-001	<p>Federal Program – Student Financial Assistance Cluster Assistance Listing Nos. 84.007, 84.033, 84.063, 84.268 U.S. Department of Education Program Year 2021–2022</p> <p>Criteria or Specific Requirement – Return of Title IV Funds – CFR § 668.22</p> <p>Condition – The University failed to complete Return of Title IV Fund calculations for multiple students within the required time frame for completion. The University is responsible for completing Return of Title VI Fund calculations and returning related funds within the required time frame and for establishing internal controls to ensure that such procedures are completed within the federal requirements.</p> <p>Questioned Costs – N/A</p> <p>Context – Out of a population of 139 students with Return of Title IV Fund calculations completed in the Spring and Fall semesters of the 2022 aid year, 14 were selected for testing. Of those students, five students’ returns were not computed and returned within the required time frame based on the date that the University became aware of the students’ withdrawal from courses. Our sample was not, and was not intended to be, statistically valid.</p> <p>Effect – The University returned funds outside of the required time frame and as such either the University or the student were able to hold funds longer than they should have been allowed to do so.</p> <p>Cause – The University did not have appropriate controls in place to ensure timely completion of the processes surrounding the Return of Title IV Funds.</p> <p>Identification as a Repeat Finding, if Applicable – N/A</p> <p>Recommendation – The University should ensure the design and appropriate operating effectiveness of controls surrounding the Return of Title VI Funds process to ensure that all returns are completed on a timely basis and within the required time frame.</p> <p>Views of Responsible Officials and Planned Corrective Actions – Management agrees with the finding. The department’s procedures have been updated to include a report that will identify students that need Return of Title IV Funds calculated and returned. Reports are ran every two weeks to ensure that all students who need Return of Title IV Funds calculated and returned will be identified and returned within the required time frame.</p>
