INDEPENDENT AUDITOR'S REPORT

Board of Directors

Cherokee County Rural Water District No. 12

Report on the Financial Statements

I have audited the accompanying financial statements of the Cherokee County Rural Water District No. 12 (the District), as of and for the year ended December 31, 2019, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinions.

Opinions

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of business-type activities of the Cherokee County Rural Water District No.

(Continued)

12. as of December 31, 2019 and the respective changes in its financial position and its cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

The District has not presented the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who consider it to be an essential part of financial reporting for placing the basic financial statements in the appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, I have also issued my report dated May 28, 2020, on my consideration of the Cherokee County Rural Water District No. 12's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Cherokee County Rural Water District No. 12's internal control over financial reporting and compliance.

NOTES TO THE FINANCIAL STATEMENTS

CHEROKEE COUNTY RURAL WATER DISTRICT NO. 12
P.O. BOX 190
HULBERT, OK 74441

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2019

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cherokee County Rural Water District No. 12 was incorporated under the Rural Water District Act of Oklahoma, for the purpose of acquiring water rights, and to build and acquire pipelines and other facilities and to operate the same for the purpose for furnishing water to serve the need of owners and occupants of land located within the district. The District is exempt from federal and state income tax.

The membership consists of approximately 70 users. The board of Directors consists of 7 members serving 3- year terms with 1 operator. Vacant Seats are elected at the end of October to start in January of following year.

The more significant of the government's accounting policies are describe below.

A. Reporting Entity

The District complies with GASB Statement No 14, "The Financial Reporting Entity." This statement establishes standards for defining and reporting on the financial reporting entity. It defines component units as legally separate organizations for which the elected officials of the primary government are financially accountable and together organizations for which the nature and significance of their relationship with primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The District considered all potential component units in determining what organizations should be included in the financial statements. Based on these criteria, there are no component units to include in the District's financial statements.

B. Measurement Focus and Basis of Accounting and Basis of Presentation- Fund Accounting

The District's fund is enterprise fund. Enterprise funds are proprietary funds used to account for business-like activities provided to the general public. These activities are finance primarily by user charges and the measurements of financial activity focuses on net income measurement similar to the private sector.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Measurement Focus and Basis of Accounting and Basis of Presentation- Fund Accounting (Continued)

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with Generally Accepted Accounting Principles (GAAP) promulgated in the United States of America. The accounting and financial reporting treatment is accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and liabilities associated with the operation are included on the statement of net assets. The statement of activities presents increases (e.g. revenues) and decreases (e.g. expenses) in net total assets. Depreciation expense is provide for capital assets based upon estimated useful lives.

Financial activity is accounted for on the flow of economic resources measurement focus using the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recoded at the time liabilities are incurred. In compliance with the Governmental Accounting Standards Board (GASB) Statement No. 34 "Basic Financial Statement- and Management's Discussion and Analysis-for State and Local Governments which requires the classification of net assets into three components- invested in capital assets, net of related debt, restricted; and unrestricted.

C. Assets, Liabilities, and Net Assets

1. Deposits and investments

Oklahoma statutes authorize the District to invest in certificates of deposit, repurchase agreements, passbooks, banker's acceptances, and other available bank investments provided that all deposits are fully covered by approved securities pledged to secure those funds. In addition, the District can invest in direct debt securities of the United States unless such investment is expressly prohibited by law.

All the bank deposits are held at financial institutions and are carried at cost. For purposes of statement of cash flows, the District considers cash and highly liquid investment with an initial maturity of three months or less to be cash equivalents.

III. Other Information

A. Risk Management

The District is exposed to various risk of loss related to torts: theft of, damage to, and destruction of assets: errors and omissions: injuries to employees and natural disaster. The District purchases commercial insurance to cover these risks, including general and auto liability, property damage, and public officials liability. There were no significant reductions in insurance coverage from the prior year. settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

B. GRDA Agreement

On August 14, 2019 the District entered into a 20 year conservation easement with the Grand River Dam Authority. The purpose of the agreement is to assure that the property will be retained predominantly in its aesthetic, scenic, historical, archeologic, and scientific values and prevent any use of the property that will significantly impair or interfere with the conservative values of the property. In exchange the District received a lump sum payment of \$148,672.20, the District shall use the proceeds received from this agreement in a manner consistent with its conservation purposes, and therefore have set up separate bank accounts and general ledger accounts in order to track those funds.

C. Subsequent Events

Management has evaluated subsequent events through May 28, 2020, which is the date the financial statements were available to be issued and have determined that no additional information needs to be added to the financial statements.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT
AUDITING STANDARDS**

To the Board of Directors
Cherokee County Rural Water District No. 12

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the accompanying financial statements of the Cherokee County Rural Water District No. 12 (the District), as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated May 28, 2020.

Internal Control Over Financial Reporting

Management of the District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing my audit of the financial statements, I considered the District's internal control over financial reporting in order to determine our auditing procedures that are appropriate for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, I do not express an opinion on the effectiveness of the District's internal control over financial reporting.

My consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and responses, we did not identify a significant deficiency in the internal controls that we do not consider to be a material weakness.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that material misstatement of the District's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. I consider this deficiency, described in the accompanying schedule of findings and responses, not to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

District's Response to Findings

The District's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

This report is intended solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purposes.

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED DECEMBER 31, 2019**

Criteria: The District's management is responsible for internal controls over financial reporting. This include controls over the fair and complete presentation of the District's annual financial statements in accordance with GAAP. The preparation of financial statement in accordance with GAAP requires internal controls over both (1) recording, processing and summarizing accounting data (i.e., maintaining books and records), and (2) reporting government-wide and fund financial statements, including the related footnotes (i.e., external financial reporting). Professional audit standards clearly indicate that the external financial statement auditor cannot take the responsibility for any part of managements control activities or be a component of the internal controls over financial reporting.

Responsible Official's Response: The District concurs with the recommendation and will strive to expand their knowledge and understanding of the presentation and disclosure of the financial statements.
