**INDEPENDENT AUDITOR'S REPORT**

The Honorable Board of Education  
Santa Fe South Elementary School  
No. G-001 OU Charter  
Oklahoma City, Oklahoma County, Oklahoma

***Report on the Financial Statements***

We have audited the accompanying fund type and account group financial statements of Santa Fe South Elementary School, No. G-001 OU Charter, Oklahoma City, Oklahoma, component unit of Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise Santa Fe South Elementary School, No. G-001 OU Charter, Oklahoma City, Oklahoma's basic financial statements as listed in the table of contents.

***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting and financial reporting regulations prescribed or permitted by the Oklahoma State Department of Education as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

***Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles***

As discussed in Note 1, Santa Fe South Elementary School, No. G-001 OU Charter, Oklahoma City, Oklahoma, prepares its financial statements in conformity with the accounting and financial reporting regulations prescribed or permitted by the Oklahoma State Department of Education, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The differences between the regulatory basis of accounting and accounting principles generally accepted in the United States of America are also described in Note 1. In addition, the financial statements of the School are intended to provide the financial position and changes in financial position of the University of Oklahoma of Cleveland County, Oklahoma, of only that portion of the governmental activities attributable to the transactions of the School.

As discussed in Note 1, the financial statements referred to above do not include the General Fixed Asset Account Group. The amount that should be recorded in the General Fixed Asset Account Group is not known.

As discussed in Note 1, the financial statements present only the financial position of Santa Fe South Elementary School, No. G-001 OU Charter, Oklahoma City, Oklahoma, and do not purport to, and do not, present fairly the financial position of Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma as of June 30, 2013, and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

### ***Adverse Opinion on U.S. Generally Accepted Accounting Principles***

In our opinion, because of the School's policy to prepare its financial statements on the basis of accounting discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles paragraphs, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Santa Fe South Elementary School, No. G-001 OU Charter, Oklahoma City, Oklahoma, as of June 30, 2013, or the results of its operations for the year then ended.

### ***Opinion on Regulatory Basis of Accounting***

However, in our opinion, except for the omission of the general fixed asset account group as discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles paragraphs, the financial statements referred to above present fairly, in all material respects, the cash and unencumbered cash balances arising from regulatory basis transactions of each fund type and account group of Santa Fe South Elementary School, No. G-001 OU Charter, Oklahoma City, Oklahoma, as of June 30, 2013, and the revenues it received and expenditures it paid for the year then ended, on the regulatory basis of accounting described in Note 1.

### ***Other Matters***

Our audit was conducted for the purpose of forming an opinion on the fund type and account group financial statements that collectively comprise Santa Fe South Elementary School, No. G-001 OU Charter, Oklahoma City, Oklahoma's basic financial statements. The accompanying supplementary information such as the Combining Financial Statements and Schedule of Expenditures of Federal Awards, as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Combining Financial Statements and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the fund type and account group financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, except for the financial statements being prepared in compliance with the regulatory basis as prescribed by the Oklahoma State Department of Education as discussed in Note 1, such information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

*Other Reporting Required by Government Auditing Standards*

In accordance with Government Auditing Standards, we have also issued our report dated November 18, 2013, on our consideration of Santa Fe South Elementary School, No. G-001 OU Charter, Oklahoma City, Oklahoma's, internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Santa Fe South Elementary School, No. G-001 OU Charter, Oklahoma City, Oklahoma's internal control over financial reporting and compliance.

**NOTES TO COMBINED FINANCIAL STATEMENTS**

**OF**

**SANTA FE SOUTH ELEMENTARY SCHOOL  
NO. G-001 OU CHARTER  
OKLAHOMA CITY, OKLAHOMA**

**SANTA FE SOUTH ELEMENTARY SCHOOL  
NO. G-001 OU CHARTER  
OKLAHOMA CITY, OKLAHOMA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2013**

1. **Nature of Organization and Summary of Significant Accounting Policies**

The basic financial statements of Santa Fe South Elementary School, No. G-001 OU Charter, Oklahoma City, Oklahoma (the "School"), component unit of Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma, have been prepared in conformity with another comprehensive basis of accounting as prescribed by the Oklahoma State Department of Education.

The financial statements present only the financial position of Santa Fe South Elementary School, No. G-001 OU Charter, Oklahoma City, Oklahoma, and do not purport to, and do not, present fairly the financial position of Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma as of June 30, 2013, and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America. The more significant of the School's accounting policies are described below.

The University of Oklahoma ("OU"), has contracted with Santa Fe South Elementary School ("Santa Fe South Schools, Inc.") for the operation of the School, a charter school under the Oklahoma Charter School Act.

The school receives funding from local, state, and federal government sources and must comply with the applicable requirements of these funding source entities.

A. **Reporting Entity**

The School is governed by the board of directors of Santa Fe South Schools, Inc. The financial data of the School is also reported within the general fund of the District's financial statements. The accompanying financial statements are intended to present only the results of the operations of the School and not that of the general fund of the District.

The School's activities are reported for federal and Oklahoma tax purposes by Santa Fe South Schools, Inc. Santa Fe South Schools, Inc. is an organization described in Internal Revenue Code Section 501(c)(3). As such, the income of the School is subject to federal or state income taxes only to the extent it generates income from unrelated activities. The School had no unrelated income in the year ended June 30, 2013.

**SANTA FE SOUTH ELEMENTARY SCHOOL  
NO. G-001 OU CHARTER  
OKLAHOMA CITY, OKLAHOMA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2013**

**Summary of Significant Accounting Policies, (Continued)**

In evaluating how to define the school, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria established by the Governmental Accounting Standards Board (GASB). The basic -- but not the only -- criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the School and/or its citizens, or whether the activity is conducted within the geographic boundaries of the School and is generally available to its patrons. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the School is able to exercise oversight responsibilities. Based upon the application of these criteria, there are no potential component units included in the School's reporting entity. Although, the School is a component unit of Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma.

**B. Fund Accounting**

The School uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain school functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

Funds are classified into three categories: governmental, proprietary and fiduciary. Each category, in turn, is divided into separate "fund types."

**SANTA FE SOUTH ELEMENTARY SCHOOL  
NO. G-001 OU CHARTER  
OKLAHOMA CITY, OKLAHOMA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2013**

**Summary of Significant Accounting Policies, (Continued)**

**Fund Accounting, (Continued)**

**Governmental Fund Types**

Governmental Funds are used to account for all or most of a government's general activities, including the collection and disbursement of earmarked monies (Special Revenue Funds), the acquisition or construction of general fixed assets (Capital Projects Funds), and the servicing of general long-term debt (Debt Service Funds).

**General Fund** - The General Fund is used to account for all financial transactions except those required to be accounted for in another fund. Major revenue sources include state funding under the Foundation and Incentive Aid Program. Expenditures include all costs associated with the daily operations of the school except for programs funded for building repairs and maintenance, school construction and debt service on bonds and other long-term debt. The General Fund includes federal and state restricted monies that must be expended for specific programs.

**Fiduciary Fund Types**

Fiduciary funds are used to account for assets held on behalf of outside parties, including other governments, or on behalf of other funds within the District. Agency funds generally are used to account for assets that the District holds on behalf of others as their agent and do not involve measurement of results of operations.

**Agency Fund** - The Agency Fund is the School Activities Fund which is used to account for monies collected principally through fundraising efforts of the students and District-sponsored groups. The administration is responsible, under the authority of the Board, for collecting, disbursing and accounting for these activity funds.

**Account Groups**

Account groups are not funds and consist of a self-balancing set of accounts used only to establish accounting control over long-term debt and general fixed assets not accounted for in proprietary funds. The only account group applicable to the School is the general fixed assets account group. As the School does not maintain a record of general fixed assets, the general fixed assets account group is not presented at June 30, 2013.

**SANTA FE SOUTH ELEMENTARY SCHOOL

OKLAHOMA CITY, OKLAHOMA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2013**

**Summary of Significant Accounting Policies, (Continued)**

**Fund Accounting, (Continued)**

**Memorandum Only - Total Column**

The total column on the financial statements is captioned "memorandum only" to indicate that it is presented only to facilitate financial analysis. Data in this column does not present financial position, results of operations or cash flows in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

**C. Basis of Accounting**

The School prepares its financial statements in a presentation format that is prescribed by the Oklahoma State Department of Education. This format is essentially the generally accepted form of presentation used by state and local governments prior to the effective date of GASB Statement No. 34, *Basic Financial Statements - Management's Discussion and Analysis - for State and Local Governments*. This format differs significantly from that required by GASB Statement No. 34.

The basic financial statements are essentially prepared on a basis of cash receipts and disbursements modified as required by the regulations of the Oklahoma State Department of Education as follows:

- Encumbrances represented by purchase orders, contracts and other commitments for the expenditure of monies are recorded as expenditures when approved.
- Investments are recorded as assets when purchased.
- Warrants payable are recorded as liabilities when issued.
- Long-term debt is recorded when incurred.

This regulatory basis of accounting differs from accounting principles generally accepted in the United States of America, which require revenues to be recognized when they become available and measurable, or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred for governmental fund types.

**SANTA FE SOUTH ELEMENTARY SCHOOL  
NO. G-001 OU CHARTER  
OKLAHOMA CITY, OKLAHOMA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2013**

**Summary of Significant Accounting Policies, (Continued)**

**D. Budgets and Budgetary Accounting**

Budgets are maintained in the OCAS system of accounting and are included in the financial statements.

**E. Assets, Liabilities and Fund Equity**

**Cash and Cash Equivalents** - The School considers all cash on hand, demand deposits and highly liquid investments, with an original maturity of three months or less when purchased, to be cash and cash equivalents.

**Investments** - Investments consist of direct obligations of the United States Government and Agencies or certificates of deposit with maturities greater than three months when purchased. All investments are recorded at cost, which approximates market value.

**Inventories** - The value of consumable inventories at June 30, 2013, is not material to the financial statements.

**Warrants Payable** - Warrants are issued to meet the obligations for goods and services provided to the School. The School recognizes a liability for the amount of outstanding warrants that have yet to be redeemed by the School's treasurer.

**Fixed Assets and Property, Plant and Equipment** - The General Fixed Asset Account Group is not presented.

**Compensated Absences** - As the School reports under the regulatory basis of accounting, expenditures are generally recognized when encumbered/reserved rather than at the time the related fund liability is incurred. Thus, compensated absences have not been presented.

**Cash Fund Balance** - Cash fund balance represents the funds not encumbered by purchase order, legal contracts, and outstanding warrants.

**SANTA FE SOUTH ELEMENTARY SCHOOL  
NO. G-001 OU CHARTER  
OKLAHOMA CITY, OKLAHOMA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2013**

**Summary of Significant Accounting Policies, (Continued)**

**F. Revenue, Expenses and Expenditures**

**Local Revenues** - Revenue from local sources is the money generated from within the boundaries of the School and available to the School for its use. Local sources of revenues for the School include contributions, supplies and materials sold, commissions, and reimbursements.

**Intermediate Revenues** - Revenues from intermediate sources are the amounts of money from funds collected by an intermediate administrative unit, or a political subdivision between the School and the State, and distributed to schools in amounts that differ in proportion to those collected within such systems.

**State Revenues** - Revenues from state sources for current operations are primarily governed by the state aid formula under the provisions of Article XVIII, Title 70, Oklahoma Statutes. The State Board of Education administers the allocation of state aid funds to school districts based on information accumulated from the districts.

After review and verification of reports and supporting documentation, the State Department of Education may adjust subsequent fiscal period allocations of money for prior year errors disclosed by review. Normally, such adjustments are treated as reductions or additions of revenue of the year when the adjustment is made.

The School receives revenue from the state to administer certain categorical educational programs. State Board of Education rules require that revenue earmarked for these programs be expended only for the program for which the money is provided and require that the money not expended as of the close of the fiscal year be carried forward into the following year to be expended for the same categorical programs. The State Department of Education requires that categorical, educational program revenues be accounted for in the general fund.

**Federal Revenues** - Federal revenues consist of revenues from the federal government in the form of operating grants or entitlements. An operating grant is a contribution to be used for a specific purpose, activity or facility. A grant may be received either directly from the federal government or indirectly as a pass-through from another government, such as the State.

**SANTA FE SOUTH ELEMENTARY SCHOOL  
NO. G-001 OU CHARTER  
OKLAHOMA CITY, OKLAHOMA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2013**

**Summary of Significant Accounting Policies, (Continued)**

**Revenue, Expenses and Expenditures, (Continued)**

**Non-revenue Receipts** - Nonrevenue receipts represent receipts deposited into a fund that are not considered new revenues to the School, but rather the return of assets that also includes miscellaneous receipts.

**Interfund Transactions** - Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund or expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the fund that is reimbursed. All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers. Nonrecurring or non routine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers. There were no operating transfers or residual equity transfers during fiscal year 2013.

G. **Statement of Cash Flows**

Since the School does not currently have any Proprietary Fund Types, the statement of cash flows has not been presented in the fiscal 2013 accompanying financial statements.

H. **GASB 34**

In June 1999, the Governmental Accounting Standards Board (GASB) issued statement 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*. GASB Statement 34 establishes new financial reporting requirements for state and local governments throughout the United States of America. The School, along with other Oklahoma charter schools requested and received an exemption from the District to delay the adoption of GASB Statement 34 beginning with fiscal year 2003. When implemented, GASB Statement 34 will require new information and will restructure much of the financial information to include the accrual basis of accounting as prescribed by accounting principles generally accepted in the United States of America that will provide readers a broad overview of the School's finances, in a manner similar to a private-sector business.

**SANTA FE SOUTH ELEMENTARY SCHOOL  
NO. G-001 OU CHARTER  
OKLAHOMA CITY, OKLAHOMA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2013**

2. **Cash and Investments**

The School's investment policies are governed by state statute. Permissible investments include direct obligations of the United States Government and Agencies; certificates of deposit of savings and loan associations, and bank and trust companies; and savings accounts or savings certificates of savings and loan associations, and trust companies. Collateral is required for demand deposits and certificates of deposit for all amounts not covered by federal deposit insurance.

**Deposits** - The District's cash deposits at June 30, 2013, are categorized to give an indication of the level of risk assumed by the School at year end as follows:

**Deposit Categories of Credit Risk**

- (A) Insured or collateralized with securities held by the School or by its agent in the District's name.
- (B) Collateralized with securities held by the pledging financial institution's trust department or agent in the District's name.
- (C) Uncollateralized.

	Category			Bank Balance
	(A)	(B)	(C)

Totals	\$ 307,608.56	\$ 653,880.63	\$ 0.00	\$ 961,489.19

3. **Other Information**

A. **Investment Income**

Investment income deposits to the General Fund account are receipted as allocated by the School Treasurer. School Funds are required to be invested in accordance with Title 70 of the Oklahoma Statutes, Article 5, Section 115. Interest income on investments totaled \$4,902.11 for the year ended June 30, 2013.

**SANTA FE SOUTH ELEMENTARY SCHOOL  
NO. G-001 OU CHARTER  
OKLAHOMA CITY, OKLAHOMA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2013**

**Other Information, (Continued)**

**B. Risk Management**

The School is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The School purchases commercial insurance to cover these risks of loss, including general and auto liability, property damage, and public officials liability. Management believes such coverage is sufficient to preclude any significant uninsured losses to the School. Settled claims have not exceeded this insurance coverage in any of the past three fiscal years.

**C. Health Care Coverage**

Medical insurance is paid for employees in the amount of the full premium for full time eligible employees and partial payment consistent with the amount of preauthorized work for part time eligible employees. The School will pay 50% of dependent coverage if employees cover the remaining 50%. Part time employees are eligible if they work at least 30 hours per week. The School pays the applicable percentage of the premiums in relation to full time rates.

**D. Contingencies**

**Grantor Agencies** - Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already received, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the School expects such amounts, if any, to be immaterial.

**Facilities Acquisition and Construction** - During the year ended June 30, 2013, the School posted expenditures for the General Fund totaling \$565,048.22 into their accounting records using the expenditure code 4000 Facilities Acquisition and Construction from the Oklahoma Cost Accounting System (OCAS) expenditure codes. The School made these expenditures to purchase buildings to be used as School sites. At the end of the fiscal year June 30, 2013, the School submitted their accounting data to the Oklahoma State Department of Education (OSDE). The OSDE later examined the School's financial data and determined that errors existed. These errors related to the School using expenditure code 4000 Facilities Acquisition and Construction for the building purchases. The OSDE's position is that the School is not allowed to purchase

**Contingencies, (Continued)**

**Facilities Acquisition and Construction, (Continued)**

buildings out of the General Fund. Title 70 Oklahoma Statutes § 1-117 require that expenditures from the General Fund shall be noncapital in nature. They define a capital expenditure as an expenditure which results in the acquisition of fixed assets or additions to fixed assets. Included in their definition of capital expenditures are purchases of land or existing buildings, purchase of real property, construction of buildings, additions to buildings, remodeling of buildings if such remodeling involves changes to roof structures or load bearing walls, and installments and lease payments on property that results in the acquisition of property.

Article X, Section 10, of the Oklahoma Constitution provides for a building fund for a school district that consists of monies derived from the proceeds of a building fund levy, voted by the people of a school district for the purpose of capital expenditures that may be used for purchasing, remodeling, and erecting buildings. It is the School's position that neither the Oklahoma Constitution nor Oklahoma Statutes contain a provision allowing charter schools to levy taxes that could be used for the purchase or construction of buildings. Therefore, there is not a very practical way for a charter school to use a fund other than the General Fund to acquire additional building properties to serve additional students when the need arises. The School was growing and needed buildings for additional classes, and without a way to levy taxes to purchase the buildings, the School used General Funds to make the purchases.

The School and OSDE are trying to reach an agreement on how to properly handle this disparity. The Facilities Acquisition and Construction expenditures are shown in the current year financial statements as capital outlay expenditures in the General Fund.

**E. Employee Benefit Plan**

The School participates in a defined contribution salary deferral plan which covers substantially all employees. Under the plan the School contributes 7% of an employee's monthly gross wages. Employee contributions to the plan are voluntary and may be made up to 10% of monthly gross wages.

OKLAHOMA CITY, OKLAHOMA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2013**

**Other Information, (Continued)**

**Employee Benefit Plan, (Continued)**

School employees are 100% vested with their first contribution. The School has no control over the fund, and employees may remove what they have contributed at any time, but must leave the School's contribution in the plan until termination of employment.

Upon termination, the employee has the option to (1) remove all funds contributed by him or her or on their behalf, (2) leave the employee and employer contributions made on his or her behalf in the plan and continue to draw interest, or (3) roll the funds over into another qualified plan.

**F. Surety Bonds**

The School has a public employee dishonesty bond with Ohio Casualty Insurance Company, bond number 3-821-159, which covers Christopher Brewster for the penal sum of \$100,000.00 from July 1, 2012 until June 30, 2013. The School has a Treasurer's bond with Liberty Mutual, bond number 5096658, which covers Ronald L. Grant, Jr. for the penal sum of \$100,000.00 from February 17, 2013 until February 17, 2014. The School has bond number 5097212 with Ohio Casualty Insurance Company, which covers Aidee Ramirez for the penal sum of \$10,000.00 from February 15, 2013 until February 15, 2014. In addition, the School has bond number 5097210 with Ohio Casualty Insurance Company, which covers Maritza Santiago-Resto for the penal sum of \$10,000.00 from February 15, 2013 until February 15, 2014.

**G. Subsequent Events**

Management has evaluated subsequent events through November 18, 2013, which is the date the financial statements were available to be issued and have determined that no additional information needs to be added to the financial statements.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND  
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH  
*GOVERNMENT AUDITING STANDARDS*

The Honorable Board of Education  
Santa Fe South Elementary School  
No. G-001 OU Charter  
Oklahoma City, Oklahoma County, Oklahoma

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the fund type and account group financial statements of Santa Fe South Elementary School, No. G-001 OU Charter, Oklahoma City, Oklahoma, component unit of Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise Santa Fe South Elementary School, No. G-001 OU Charter, Oklahoma City, Oklahoma's basic financial statements, and have issued our report thereon dated November 18, 2013. As stated in our report, the financial statements were prepared in compliance with the cash basis as prescribed by the Oklahoma State Department of Education, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. In addition, the financial statements present only the financial position of Santa Fe South Elementary School, No. G-001 OU Charter, Oklahoma City, Oklahoma, and do not purport to, and do not, present fairly the financial position of Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma as of June 30, 2013, and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America. In our report, our opinion was qualified because the omission of the General Fixed Assets Account Group results in an incomplete presentation. In accordance with accounting principles generally accepted in the United States America, Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma, has issued separate primary government financial statements for which we have issued our report dated November 18, 2013. Our audit, described below, does not include the results of our testing of the primary government internal controls over financial reporting or compliance and other matters that are reported separately in our report issued to the primary government.

***Internal Control over Financial Reporting***

In planning and performing our audit of the financial statements, we considered Santa Fe South Elementary School, No. G-001 OU Charter, Oklahoma City, Oklahoma's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we do not express an opinion on the effectiveness of the entity's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### ***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether Santa Fe South Elementary School, No. G-001 OU Charter, Oklahoma City, Oklahoma's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* in the United States of America.

However, we noted certain matters that we have reported to the Board of Education and administrative employees of Santa Fe South Elementary School, No. G-001 OU Charter, Oklahoma City, Oklahoma, in a separate statement of audit comments included with this report.

### ***Purpose of this Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH  
MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE  
REQUIRED BY OMB CIRCULAR A-133

The Honorable Board of Education  
Santa Fe South Elementary School  
No. G-001, OU Charter  
Oklahoma City, Oklahoma County, Oklahoma

***Report on Compliance for Each Major Federal Program***

We have audited Santa Fe South Elementary School, No. G-001, OU Charter, Oklahoma City, Oklahoma's compliance with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement that could have a direct and material effect on each of Santa Fe South Elementary School, No. G-001, OU Charter, Oklahoma City, Oklahoma's major federal programs for the year ended June 30, 2013. Santa Fe South Elementary School, No. G-001, OU Charter, Oklahoma City, Oklahoma's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Santa Fe South Elementary School, No. G-001, OU Charter, Oklahoma City, Oklahoma's basic financial statements do not include the operations of their primary government, Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma, which expended \$577,356.69 in federal awards, or the operations of Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma's other component unit, Santa Fe South Middle School, No. E-011 OKC Charter, Oklahoma City, Oklahoma, which expended \$381,151.27 in federal awards that is not included in the schedule during the year ended June 30, 2013. Our audit described below, did not include the operations of Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma, or Santa Fe South Middle School, No. E-011 OKC Charter, Oklahoma City, Oklahoma because we have issued separate reporting entity financial statements for which we have issued our reports dated November 18, 2013. The financial statement audit of the primary government, Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma, was performed in accordance with OMB Circular A-133. The financial statement audit of Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma's other component unit, Santa Fe South Middle School, No. E-011 OKC Charter, Oklahoma City, Oklahoma, was performed in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States.

### ***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of Santa Fe South Elementary School, No. G-001, OU Charter, Oklahoma City, Oklahoma's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Santa Fe South Elementary School, No. G-001, OU Charter, Oklahoma City, Oklahoma's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Santa Fe South Elementary School, No. G-001, OU Charter, Oklahoma City, Oklahoma's compliance.

### ***Opinion on Each Major Federal Program***

In our opinion, Santa Fe South Elementary School, No. G-001, OU Charter, Oklahoma City, Oklahoma, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013.

### ***Report on Internal Control over Compliance***

Management of Santa Fe South Elementary School, No. G-001, OU Charter, Oklahoma City, Oklahoma, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Santa Fe South Elementary School, No. G-001, OU Charter, Oklahoma City, Oklahoma's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the entity's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

AUDIT COMMENTS  
JUNE 30, 2013**

CURRENT YEAR

1. During our audit, we noted that some of the equipment purchased with federal funds was not properly labeled as required by the federal program guidelines. All equipment purchased with federal funds should be labeled with the name of the federal program and the fiscal year the equipment was purchased in for tracking purposes.
2. During our audit of the payroll records, we noted some extra duty pay where remunerations for services exceeding \$500.00 did not have a written extra duty contract as required by Title 70 § 5-123 of the Oklahoma Statutes.

PRIOR YEAR

1. During our audit of the Activity Fund, we found instances where money being receipted by sponsors was not being forwarded to the Activity Fund Custodian on a timely basis. Per 70 O.S. 5-129, state law requires that sponsors forward their money daily to the Activity Fund Custodian.

The School implemented procedures to correct the prior year audit comment.

Audit Response for Santa Fe South Middle School – 55G001

To Whom It May Concern,

The following are the audit responses to the 2013 SFS Elementary School Audit

*Comment 1: During our audit, we noted that some of the equipment purchased with federal funds was not properly labeled as required by the federal program guidelines. All equipment purchased with federal funds should be labeled with the name of the federal program and the fiscal year the equipment was purchased in for tracking purposes.*

Response: All staff have been trained and procedures set in place to ensure proper labeling and inventory of all equipment purchased, including all equipment and materials purchased with federal program funds.

*Comment 2: During our audit of the payroll records, we noted some extra duty pay where remunerations for services exceeding \$500.00 did not have a written extra duty contract as required by Title 70 5-123 of the Oklahoma Statutes.*

Response: All personnel files have been checked and all personnel receiving extra-duty in excess of \$500 have extra- duty contracts on file. Personnel have been trained and procedures are in place to verify that this will not be an issue in the future.

Other Finding 3: In this finding, it is pointed out that the School posted expenditures for the General Fund totaling \$565,048.22 into our accounting records using the expenditure code 4000 Facilities Acquisition and Construction from the OCAS expenditure Codes. We are currently working with the SDE to reach an agreement as to how this is to be handled.

Other Finding 4: Property purchased with School's funds was titled in the name of SFS Development, the Development company established to hold all property for the use of SFS Schools. The school is now in the process, however, of conveying this title to SFS Schools where it is held in the School's name.

Respectfully,

Chris Brewster  
Superintendent  
Santa Fe South Schools

Audit Response for Santa Fe South Elementary School – 55G001

Oklahoma State Department of Education:

1. Activity Fund custodians have been instructed on proper money handling procedures and have reassured us that money will be deposited in a timely fashion. An employee has been assigned to check the safe periodically to ensure custodians are complying with the law. Furthermore, money handling procedures will be covered with all employees at a faculty meeting in the Fall and in the Spring.

Respectfully,

Ronnie Grant  
Business Manager  
Santa Fe South Schools, Inc.
