**INDEPENDENT AUDITOR'S REPORT**

The Honorable Board of Education  
Santa Fe South Schools, Inc.  
Santa Fe South High School  
No. E-007, OKC Charter  
Oklahoma City, Oklahoma County, Oklahoma

***Report on the Financial Statements***

We have audited the accompanying fund type and account group financial statements of Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007, OKC Charter, Oklahoma City, Oklahoma, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007, OKC Charter, Oklahoma City, Oklahoma's basic financial statements of the School's primary government as listed in the table of contents.

***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting and financial reporting regulations prescribed or permitted by the Oklahoma State Department of Education as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

***Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles***

As discussed in Note 1, Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007, OKC Charter, Oklahoma City, Oklahoma, prepares its financial statements in conformity with the accounting and financial reporting regulations prescribed or permitted by the Oklahoma State Department of Education, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The differences between the regulatory basis of accounting and accounting principles generally accepted in the United States of America are also described in Note 1. In addition, the financial statements of the School are intended to provide the financial position and changes in financial position of the Independent School District No. 89 of Oklahoma County, Oklahoma, also known as the Oklahoma City Public Schools, of only that portion of the governmental activities attributable to the transactions of the School.

As discussed in Note 1, the financial statements referred to above do not include the General Fixed Asset Account Group. The amount that should be recorded in the General Fixed Asset Account Group is not known.

As discussed in Note 1, the financial statements referred to above include only the primary government of Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma, which consists of all funds, organizations, institutions, agencies, departments, and offices that comprise the School's legal entity. The financial statements do not include financial data for the School's legally separate component units, which accounting principles generally accepted in the United States of America require to be reported with the financial data of the School's primary government.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

***Adverse Opinion on U.S. Generally Accepted Accounting Principles***

In our opinion, because of the School's policy to prepare its financial statements on the basis of accounting discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles paragraphs, and because the School's financial statements do not include financial data for the School's legally separate component units also discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles paragraphs, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007, OKC Charter, Oklahoma City, Oklahoma, as of June 30, 2013, or the results of its operations for the year then ended. In accordance with accounting principles generally accepted in the United States of America, Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007, OKC Charter, Oklahoma City, Oklahoma has issued separate component unit reporting entity financial statements for which we have issued our reports dated November 18, 2013.

### *Opinion on Regulatory Basis of Accounting*

However, in our opinion, except for the omission of the general fixed asset account group as discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles paragraphs, the financial statements referred to above present fairly, in all material respects, the cash and unencumbered cash balances arising from regulatory basis transactions of each fund type and account group of Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007, OKC Charter, Oklahoma City, Oklahoma, as of June 30, 2013, and the revenues it received and expenditures it paid for the year then ended, on the regulatory basis of accounting described in Note 1.

### *Other Matters*

Our audit was conducted for the purpose of forming an opinion on the fund type and account group financial statements that comprise Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007, OKC Charter, Oklahoma City, Oklahoma's basic financial statements. The accompanying supplementary information such as the Combining Financial Statements and Schedule of Expenditures of Federal Awards, as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Combining Financial Statements and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the fund type and account group financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, except for the financial statements being prepared in compliance with the regulatory basis as prescribed by the Oklahoma State Department of Education as discussed in Note 1, such information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### *Other Reporting Required by Government Auditing Standards*

In accordance with Government Auditing Standards, we have also issued our report dated November 18, 2013, on our consideration of Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007, OKC Charter, Oklahoma City, Oklahoma's, internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007, OKC Charter, Oklahoma City, Oklahoma's internal control over financial reporting and compliance.

1. **Nature of Organization and Summary of Significant Accounting Policies**

The basic financial statements of Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma (the "School") have been prepared in conformity with another comprehensive basis of accounting as prescribed by the Oklahoma State Department of Education. The more significant of the School's accounting policies are described below.

Independent School District No. 89 of Oklahoma County, Oklahoma, also known as the Oklahoma City Public Schools (the "District"), has contracted with Santa Fe South High School ("Santa Fe South Schools, Inc.") for the operation of the School, a charter school under the Oklahoma Charter School Act.

Santa Fe South Schools, Inc. is an Oklahoma not-for-profit corporation.

The school receives funding from local, state, and federal government sources and must comply with the applicable requirements of these funding source entities.

A. **Reporting Entity**

The School is governed by the board of directors of Santa Fe South Schools, Inc. The financial data of the School is also reported within the general fund of the District's financial statements. The accompanying financial statements are intended to present only the results of the operations of the School and not that of the general fund of the District.

The School's activities are reported for federal and Oklahoma tax purposes by Santa Fe South Schools, Inc. Santa Fe South Schools, Inc. is an organization described in Internal Revenue Code Section 501(c)(3). As such, the income of the School is subject to federal or state income taxes only to the extent it generates income from unrelated activities. The School had no unrelated income in the year ended June 30, 2013.

**Summary of Significant Accounting Policies, (Continued)**

In evaluating how to define the school, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria established by the Governmental Accounting Standards Board (GASB). The basic -- but not the only -- criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the School and/or its citizens, or whether the activity is conducted within the geographic boundaries of the School and is generally available to its patrons. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the School is able to exercise oversight responsibilities. Based upon the application of these criteria, there are two component units, Santa Fe South Middle School, No. E-011 OKC Charter, Oklahoma City, Oklahoma, and Santa Fe South Elementary School, No. G-001 OU Charter, Oklahoma City, Oklahoma, which the school has elected to exclude from the School's reporting entity.

As referred to above, the financial statements include only the primary government of Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma, which consists of all funds, organizations, institutions, agencies, departments, and offices that comprise the School's legal entity. The financial statements do not include financial data for the School's legally separate component units, Santa Fe South Middle School, No. E-011 OKC Charter, Oklahoma City, Oklahoma, and Santa Fe South Elementary School, No. G-001 OU Charter, Oklahoma City, Oklahoma, which accounting principles generally accepted in the United States of America requires to be reported with the financial data of the School's primary government.

**Summary of Significant Accounting Policies, (Continued)**

**B. Fund Accounting**

The School uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain school functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

Funds are classified into three categories: governmental, proprietary and fiduciary. Each category, in turn, is divided into separate "fund types."

**Governmental Fund Types**

Governmental Funds are used to account for all or most of a government's general activities, including the collection and disbursement of earmarked monies (Special Revenue Funds), the acquisition or construction of general fixed assets (Capital Projects Funds), and the servicing of general long-term debt (Debt Service Funds).

**General Fund** - The General Fund is used to account for all financial transactions except those required to be accounted for in another fund. Major revenue sources include state funding under the Foundation and Incentive Aid Program. Expenditures include all costs associated with the daily operations of the school except for programs funded for building repairs and maintenance, school construction and debt service on bonds and other long-term debt. The General Fund includes federal and state restricted monies that must be expended for specific programs.

**Special Revenue Fund** - The Special Revenue Fund of the School consists of the Coop Fund.

**Fund Accounting, (Continued)**

**Fiduciary Fund Types**

Fiduciary funds are used to account for assets held on behalf of outside parties, including other governments, or on behalf of other funds within the District. Agency funds generally are used to account for assets that the District holds on behalf of others as their agent and do not involve measurement of results of operations.

**Agency Fund** - The Agency Fund is the School Activities Fund which is used to account for monies collected principally through fundraising efforts of the students and District-sponsored groups. The administration is responsible, under the authority of the Board, for collecting, disbursing and accounting for these activity funds.

**Account Groups**

Account groups are not funds and consist of a self-balancing set of accounts used only to establish accounting control over long-term debt and general fixed assets not accounted for in proprietary funds. The only account group applicable to the School is the general fixed assets account group. As the School does not maintain a record of general fixed assets, the general fixed assets account group is not presented at June 30, 2013.

**Memorandum Only - Total Column**

The total column on the financial statements is captioned "memorandum only" to indicate that it is presented only to facilitate financial analysis. Data in this column does not present financial position, results of operations or cash flows in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

**Summary of Significant Accounting Policies, (Continued)**

**C. Basis of Accounting**

The School prepares its financial statements in a presentation format that is prescribed by the Oklahoma State Department of Education. This format is essentially the generally accepted form of presentation used by state and local governments prior to the effective date of GASB Statement No. 34, *Basic Financial Statements - Management's Discussion and Analysis - for State and Local Governments*. This format differs significantly from that required by GASB Statement No. 34.

The basic financial statements are essentially prepared on a basis of cash receipts and disbursements modified as required by the regulations of the Oklahoma State Department of Education as follows:

- Encumbrances represented by purchase orders, contracts and other commitments for the expenditure of monies are recorded as expenditures when approved.
- Investments are recorded as assets when purchased.
- Warrants payable are recorded as liabilities when issued.
- Long-term debt is recorded when incurred.

This regulatory basis of accounting differs from accounting principles generally accepted in the United States of America, which require revenues to be recognized when they become available and measurable, or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred for governmental fund types.

**D. Budgets and Budgetary Accounting**

Budgets are maintained in the OCAS system of accounting and are included in the financial statements.

**E. Assets, Liabilities and Fund Equity**

**Cash and Cash Equivalents** - The School considers all cash on hand, demand deposits and highly liquid investments, with an original maturity of three months or less when purchased, to be cash and cash equivalents.

NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2013**

**Summary of Significant Accounting Policies, (Continued)**

**Assets, Liabilities and Fund Equity, (Continued)**

**Investments** - Investments consist of direct obligations of the United States Government and Agencies or certificates of deposit with maturities greater than three months when purchased. All investments are recorded at cost, which approximates market value.

**Inventories** - The value of consumable inventories at June 30, 2013, is not material to the financial statements.

**Warrants Payable** - Warrants are issued to meet the obligations for goods and services provided to the School. The School recognizes a liability for the amount of outstanding warrants that have yet to be redeemed by the School's treasurer.

**Fixed Assets and Property, Plant and Equipment** - The General Fixed Asset Account Group is not presented.

**Compensated Absences** - As the School reports under the regulatory basis of accounting, expenditures are generally recognized when encumbered/reserved rather than at the time the related fund liability is incurred. Thus, compensated absences have not been presented.

**Cash Fund Balance** - Cash fund balance represents the funds not encumbered by purchase order, legal contracts, and outstanding warrants.

**F. Revenue, Expenses and Expenditures**

**Local Revenues** - Revenue from local sources is the money generated from within the boundaries of the School and available to the School for its use. Local sources of revenues for the School include contributions, supplies and materials sold, commissions, and reimbursements.

**Intermediate Revenues** - Revenues from intermediate sources are the amounts of money from funds collected by an intermediate administrative unit, or a political subdivision between the School and the State, and distributed to schools in amounts that differ in proportion to those collected within such systems.

FOR THE YEAR ENDED JUNE 30, 2013**

**Summary of Significant Accounting Policies, (Continued)**

**Revenue, Expenses and Expenditures, (Continued)**

**State Revenues** - Revenues from state sources for current operations are primarily governed by the state aid formula under the provisions of Article XVIII, Title 70, Oklahoma Statutes. The State Board of Education administers the allocation of state aid funds to school districts based on information accumulated from the districts.

After review and verification of reports and supporting documentation, the State Department of Education may adjust subsequent fiscal period allocations of money for prior year errors disclosed by review. Normally, such adjustments are treated as reductions or additions of revenue of the year when the adjustment is made.

The School receives revenue from the state to administer certain categorical educational programs. State Board of Education rules require that revenue earmarked for these programs be expended only for the program for which the money is provided and require that the money not expended as of the close of the fiscal year be carried forward into the following year to be expended for the same categorical programs. The State Department of Education requires that categorical, educational program revenues be accounted for in the general fund.

**Federal Revenues** - Federal revenues consist of revenues from the federal government in the form of operating grants or entitlements. An operating grant is a contribution to be used for a specific purpose, activity or facility. A grant may be received either directly from the federal government or indirectly as a pass-through from another government, such as the State.

**Non-revenue Receipts** - Nonrevenue receipts represent receipts deposited into a fund that are not considered new revenues to the School, but rather the return of assets that also includes miscellaneous receipts.

**Summary of Significant Accounting Policies, (Continued)**

**Revenue, Expenses and Expenditures, (Continued)**

**Interfund Transactions** - Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund or expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the fund that is reimbursed. All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers. Nonrecurring or non routine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers. There were no operating transfers or residual equity transfers during fiscal year 2013.

**G. Statement of Cash Flows**

Since the School does not currently have any Proprietary Fund Types, the statement of cash flows has not been presented in the fiscal 2013 accompanying financial statements.

**H. GASB 34**

In June 1999, the Governmental Accounting Standards Board (GASB) issued statement 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*. GASB Statement 34 establishes new financial reporting requirements for state and local governments throughout the United States of America. The School, along with other Oklahoma charter schools requested and received an exemption from the District to delay the adoption of GASB Statement 34 beginning with fiscal year 2003. When implemented, GASB Statement 34 will require new information and will restructure much of the financial information to include the accrual basis of accounting as prescribed by accounting principles generally accepted in the United States of America that will provide readers a broad overview of the School's finances, in a manner similar to a private-sector business.

2. **Cash and Investments**

The School's investment policies are governed by state statute. Permissible investments include direct obligations of the United States Government and Agencies; certificates of deposit of savings and loan associations, and bank and trust companies; and savings accounts or savings certificates of savings and loan associations, and trust companies. Collateral is required for demand deposits and certificates of deposit for all amounts not covered by federal deposit insurance.

**Deposits** - The District's cash deposits at June 30, 2013, are categorized to give an indication of the level of risk assumed by the School at year end as follows:

**Deposit Categories of Credit Risk**

- (A) Insured or collateralized with securities held by the School or by its agent in the District's name.
- (B) Collateralized with securities held by the pledging financial institution's trust department or agent in the District's name.
- (C) Uncollateralized.

	Category			Bank Balance
	(A)	(B)	(C)

3. **Other Information**

A. **Investment Income**

Investment income deposits to the General Fund account are receipted as allocated by the School Treasurer. School Funds are required to be invested in accordance with Title 70 of the Oklahoma Statutes, Article 5, Section 115. Interest income on investments totaled \$865.13 for the year ended June 30, 2013.

NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2013**

**Other Information, (Continued)**

**B. Risk Management**

The School is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The School purchases commercial insurance to cover these risks of loss, including general and auto liability, property damage, and public officials liability. Management believes such coverage is sufficient to preclude any significant uninsured losses to the School. Settled claims have not exceeded this insurance coverage in any of the past three fiscal years.

**C. Health Care Coverage**

Medical insurance is paid for employees in the amount of the full premium for full time eligible employees and partial payment consistent with the amount of preauthorized work for part time eligible employees. The School will pay 50% of dependent coverage if employees cover the remaining 50%. Part time employees are eligible if they work at least 30 hours per week. The School pays the applicable percentage of the premiums in relation to full time rates.

**D. Contingencies**

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already received, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the School expects such amounts, if any, to be immaterial.

**E. Employee Benefit Plan**

The School participates in a defined contribution salary deferral plan which covers substantially all employees. Under the plan the School contributes 7% of an employee's monthly gross wages. Employee contributions to the plan are voluntary and may be made up to 10% of monthly gross wages.

**Other Information, (Continued)**

**Employee Benefit Plan, (Continued)**

School employees are 100% vested with their first contribution. The School has no control over the fund, and employees may remove what they have contributed at any time, but must leave the School's contribution in the plan until termination of employment.

Upon termination, the employee has the option to (1) remove all funds contributed by him or her or on their behalf, (2) leave the employee and employer contributions made on his or her behalf in the plan and continue to draw interest, or (3) roll the funds over into another qualified plan.

**F. Surety Bonds**

The School has a public employee dishonesty bond with Ohio Casualty Insurance Company, bond number 3-821-159, which covers Christopher Brewster for the penal sum of \$100,000.00 from July 1, 2012 until June 30, 2013. The School has a Treasurer's bond with Liberty Mutual, bond number 5096658, which covers Ronald L. Grant, Jr. for the penal sum of \$100,000.00 from February 17, 2013 until February 17, 2014. In addition, the School has bond number 3927403, which covers Janet Cartmill for the penal sum of \$10,000.00 from July 1, 2012 until June 30, 2013.

**G. Subsequent Events**

Management has evaluated subsequent events through November 18, 2013, which is the date the financial statements were available to be issued and have determined that no additional information needs to be added to the financial statements.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND  
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH  
*GOVERNMENT AUDITING STANDARDS*

The Honorable Board of Education  
Santa Fe South Schools, Inc.  
Santa Fe South High School  
No. E-007 OKC Charter  
Oklahoma City, Oklahoma County, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the fund type and account group financial statements of Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the primary government of Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma's basic financial statements, and have issued our report thereon dated November 18, 2013. As stated in our report, the financial statements were prepared in compliance with the cash basis as prescribed by the Oklahoma State Department of Education, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. In addition, the financial statements referred to above include only the primary government of Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma, which consists of all funds, organizations, institutions, agencies, departments, and offices that comprise the School's legal entity. The financial statements do not include financial data for the School's legally separate component units, which accounting principles generally accepted in the United States of America require to be reported with the financial data of the School's primary government. In our report, our opinion was qualified because the omission of the General Fixed Assets Account Group results in an incomplete presentation. In accordance with accounting principles generally accepted in the United States America, the component units of Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma, which are Santa Fe South Middle School, No. E-011 OKC Charter, Oklahoma City, Oklahoma and Santa Fe South Elementary School, No. G-001 OU Charter, Oklahoma City, Oklahoma have issued separate component unit financial statements for which we have issued our reports dated November 18, 2013. Our audit, described below, does not include the results of our testing of the component unit internal controls over financial reporting or compliance and other matters that are reported separately in our reports issued to the component units.

### ***Internal Control Over Financial Reporting***

In planning and performing our audit of the financial statements, we considered Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we do not express an opinion on the effectiveness of the entity's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying Schedule of Findings and Questioned Costs as numbers 2013-1, 2013-2, and 2013-3 that we consider to be significant deficiencies.

### ***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* in the United States of America and which are described in the accompanying Schedule of Findings and Questioned Costs as numbers 2013-1, 2013-2, and 2013-3.

We noted certain matters that we have reported to the Board of Education and administrative employees of Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma, in a separate statement of audit comments included with this report.

### *Response to Findings*

Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma's response to the findings identified in our audit are described in the accompanying Corrective Action Plan. Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

### *Purpose of this Report*

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH  
MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE  
REQUIRED BY OMB CIRCULAR A-133

The Honorable Board of Education  
Santa Fe South Schools, Inc.  
Santa Fe South High School  
No. E-007, OKC Charter  
Oklahoma City, Oklahoma County, Oklahoma

***Report on Compliance for Each Major Federal Program***

We have audited Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007, OKC Charter, Oklahoma City, Oklahoma's compliance with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement that could have a direct and material effect on each of Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007, OKC Charter, Oklahoma City, Oklahoma's major federal programs for the year ended June 30, 2013. Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007, OKC Charter, Oklahoma City, Oklahoma's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007, OKC Charter, Oklahoma City, Oklahoma's basic financial statements do not include the operations of its component units, Santa Fe South Middle School, No. E-011 OKC Charter, Oklahoma City, Oklahoma, which expended \$381,151.27 in federal awards and Santa Fe South Elementary School, No. G-001 OU Charter, Oklahoma City, Oklahoma, which expended \$626,254.85 in federal awards that are not included in the schedule during the year ended June 30, 2013. Our audit described below, did not include the operations of Santa Fe South Middle School, No. E-011 OKC Charter, Oklahoma City, Oklahoma, or Santa Fe South Elementary School, No. G-001 OU Charter, Oklahoma City, Oklahoma because we have issued separate reporting entity financial statements for which we have issued our reports dated November 18, 2013. The financial statement audit of the component unit, Santa Fe South Elementary School, No. G-001 OU Charter, Oklahoma City, Oklahoma, was performed in accordance with OMB Circular A-133. The financial statement audit of the other component unit, Santa Fe South Middle School, No. E-011 OKC Charter, Oklahoma City, Oklahoma, was performed in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States.

***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

### *Auditor's Responsibility*

Our responsibility is to express an opinion on compliance for each of Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007, OKC Charter, Oklahoma City, Oklahoma's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007, OKC Charter, Oklahoma City, Oklahoma's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Santa Fe South High School, No. E-007, OKC Charter, Oklahoma City, Oklahoma's compliance.

### *Opinion on Each Major Federal Program*

In our opinion, Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007, OKC Charter, Oklahoma City, Oklahoma complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013.

### *Other Matters*

The results of our auditing procedures disclosed an instance of noncompliance, which is required to be reported in accordance with OMB Circular A-133 and which is described in the accompanying Schedule of Findings and Questioned Costs as item 2013-3. Our opinion on each major federal program is not modified with respect to this matter.

Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma's response to the noncompliance findings identified in our audit are described in the accompanying Corrective Action Plan. Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

### *Report on Internal Control Over Compliance*

Management of Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007, OKC Charter, Oklahoma City, Oklahoma is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Santa Fe South Schools,

Inc., Santa Fe South High School, No. E-007, OKC Charter, Oklahoma City, Oklahoma's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the entity's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified a certain deficiency in internal control over compliance, as described in the accompanying Schedule of Findings and Questioned Costs as item 2013-3 that we consider to be a significant deficiency.

Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma's response to the internal control over compliance findings identified in our audit are described in the accompanying Corrective Action Plan. Santa Fe South Schools, Inc., Santa Fe South High School, No. E-007 OKC Charter, Oklahoma City, Oklahoma's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

**FINANCIAL STATEMENT FINDINGS**

**SIGNIFICANT DEFICIENCIES:**

**2013-1 Error in an expense coded to a federal project in the accounting system**

**Condition:** During our audit, we noted where the School expended funds in the amount of \$6,478.85 for the purchase of Nook tablets that were never received because the order was unfulfilled by the vendor. This expenditure was later reimbursed under the federal program Title I, Part A, Project 511. Since the expenditure was never completed and the tablets never received, the School should not have issued a check to the vendor, or filed for, and received reimbursement from the federal program. The School must now make arrangements on how to repay \$6,478.85 to the federal program Title I, Part A, Project 511. The expenditures shown in the included Schedule of Expenditures of Federal Awards for Title I, Part A, Project 511 have been corrected for this error.

**Criteria:** Internal controls should be in place to provide effective oversight of the School's financial reporting and internal control by accounting personnel and those charged with governance.

**Cause:** The School's internal control procedures of not issuing a check, or making a federal claim for reimbursement for a purchase until the corresponding order is received and in good condition by accounting personnel and management that were to provide effective oversight of the School's financial reporting were not followed.

**Effect:** The School issued a check for the purchase of tablets that were never received in the amount \$6,478.85, and later received an unwarranted reimbursement of this expenditure from a federal program. These errors led to the School's accounting records being submitted to the Oklahoma State Department of Education with errors.

**Recommendation:** The School should not issue a check, or make a federal claim for reimbursement for a purchase until the corresponding order is received and in good condition by accounting personnel and management.

**2013-2 Expense made against prior year funds, but no reserves were set up in the prior year**

**Condition:** During our audit of the Coop Fund, we noted an instance where an expense totaling \$611.60 was made against prior year funds, but no reserves had been set up in the prior year to cover this expense in the School's accounting system.

**OKLAHOMA COUNTY, OKLAHOMA**  
**SCHEDULE OF FINDINGS AND QUESTIONED COSTS, (CONTINUED)**  
**FOR THE YEAR ENDED JUNE 30, 2013**

**FINANCIAL STATEMENT FINDINGS, (CONTINUED)**

Criteria: Internal controls should be in place to provide for a proper cutoff and inclusion of expenditures at fiscal year end to ensure expenditures are recorded in the proper period in the School's accounting system and to ensure the proper amount of reserves are set up at fiscal year end to cover all expenses incurred by the School for which a check had yet to be issued.

Cause: The School's internal control procedure of reviewing the accounting records for completeness and accuracy by accounting personnel and management that were to provide effective oversight of the School's financial reporting failed to detect a prior year expense for which a reserve needed to be set up in the School's accounting records.

Effect: Due to a reserve not being set up in the prior year for \$611.60, the School's accounting records were submitted to the Oklahoma State Department of Education in the prior year with an error.

Recommendation: The School's accounting personnel and management must continually monitor and review the accounting records at year end looking for expenditures that should be classified as reserves to ensure the proper cutoff and recording of expenditures in the School's accounting records.

Audit Finding Corrective Action Plan for Santa Fe South High School – 55E007

To Whom It May Concern,

The following include Corrective Plan for the Financial Statement Findings in the 2013 SFS High School Audit.

## **2013-1 Error in an expense coded to a federal project in the accounting system**

In this instance, our former business manager was responsible for the expenditure of school funds prior to the purchase being received. This purchase, in the amount of \$6,478.85 for Nook tablets was, in turn, submitted for Title I project 511 reimbursement. The school never took delivery of the tablets.

When this error was discovered, a number of conversations were had with both the auditors and the SDE as to the best way to correct this issue. Ultimately, the school cut a check back to the SDE for amount inappropriately claimed by the school. The letter and check number are included in the attachments.

Procedures have been reviewed and significantly tightened up in order to keep this from happening in the future. We have hired a new business manager and she has been trained specifically in this area as well as in related procedures which ensure that the school does not issue a check or make a federal claim for a reimbursement until the corresponding order is received and in good condition.

## **2013-2 Expense made against prior year funds, but no reserves were set up in the prior year.**

In this case, the school made an expense totaling \$611.60 against prior year funds in our Coop Fund, but no reserves had been established.

This was due to a simple oversight and we have now established internal controls that will keep this from happening again in the future. Personnel will continually monitor and review the accounting records at year end looking for expenditures that should be classified as reserves to ensure the proper cutoff and recording of expenditures in the School's accounting records.

AUDIT COMMENTS  
JUNE 30, 2013**

CURRENT YEAR

1. During our audit of the payroll records, we noted some extra duty pay where remunerations for services exceeding \$500.00 did not have a written extra duty contract as required by Title 70 § 5-123 of the Oklahoma Statutes.

PRIOR YEAR

1. During our audit of the Activity Fund, we noted instances where invoices were not signed to verify receipt of goods or services. The person receiving goods or services should sign the invoice, statement, or delivery ticket to indicate that the goods or services were received and in good condition.
2. During our audit of the Activity Fund, we noted instances where money being receipted by the Activity Fund Custodian was not being timely deposited. Per 70 O.S. 5-129, state law requires that the custodian make deposits of funds upon collection of \$100, or weekly at a minimum.

The School implemented procedures to correct the prior year audit comments.

Audit Response for Santa Fe South High School – 55E011

Oklahoma State Department of Education:

1. Invoices will be given to whomever made the purchase and payment will not be remitted until the invoice is returned with a signature and a note approving payment. An employee will check payment folders for compliance with this request throughout the year. Ongoing training will take place throughout the year to ensure everyone is aware of the process.
2. Activity Fund custodians have been instructed on proper money handling procedures and have reassured us that money will be deposited in a timely fashion. An employee has been assigned to check the safe periodically to ensure custodians are complying with the law. Furthermore, money handling procedures will be covered with all employees at a faculty meeting in the Fall and in the Spring.
