# **INDEPENDENT AUDITOR'S REPORT**

Board of Directors Seminole County Rural Water District No. 7 Seminole, Oklahoma

We have audited the accompanying financial statements of the business-type activities of the Seminole County Rural Water District No. 7 (the District), Seminole, Oklahoma, as of and for the year ended June 30, 2013, which collectively comprise the District's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the District as of June 30, 2013, and the respective changes in financial position and cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

#### Other Matters

The District has not presented the Management's Discussion and Analysis that governmental accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board (GASB), who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 11, 2013 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting or on compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors Seminole County Rural Water District No. 7 Seminole, Oklahoma

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the accompanying financial statements of the Seminole County Rural Water District No. 7 (the District), Seminole, Oklahoma, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated October 11, 2013.

#### Internal Control Over Financial Reporting

Management of the District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting in order to determine our auditing procedures that are appropriate for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

Our consideration of the internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and responses, we identified a certain deficiency in the internal controls that we considered to be a material weakness.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material* 

weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and responses as item 13-1, to be a material weakness.

### **Compliance**

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

# District's Response to Findings

The District's response to the finding identified in our audit is described in the accompanying schedule of findings and responses. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# SEMINOLE COUNTY RURAL WATER DISTRICT NO. 7 DISPOSITION OF PRIOR YEAR AUDIT FINDINGS JUNE 30, 2013

There were no prior year audit findings.

# SEMINOLE COUNTY RURAL WATER DISTRICT NO. 7 SCHEDULE OF FINDINGS AND RESPONSES JUNE 30, 2013

13-1 *Criteria* – The segregation of duties and responsibilities between different individuals for custody of assets, recordkeeping for those assets, and reconciliation of those asset accounts is an important control activity needed to adequately protect the District's assets and ensure accurate financial reporting.

*Condition* - Presently the same individual performs all accounting functions; receives utility service related payments and is responsible for service billing and adjustment, also makes bank deposits, writes checks and reconciles the monthly bank statements and prepares monthly financial reports.

Cause – The District's limited size and staffing resources have made it difficult for management to provide sufficient staffing to fully segregate incompatible duties in a cost-effective manner.

Effect or Potential Effect – Without sufficient segregation of duties, the risk significantly increases that errors and fraud related to the accounting functions, including misappropriation of assets, could occur and not be detected within a timely basis.

Recommendation - While it may not be cost effective to hire additional administrative staff that would be necessary in order to adequately segregate the responsibilities, the District should consider a formal evaluation of their risks associated with this lack of segregation of duties. In response to the identified risks, consideration should be given to identifying and implementing controls that could help mitigate the risks associated with the lack of segregation of duties.

Management Response – Management agrees with this finding, and will provide adequate staffing once annual collections increase enough to justify the extra expense.

# **Note 1 – Significant Accounting Policies**

### **Business Activity**

Seminole County Rural Water District No. 7 (the District) was formed under the provisions of Title 82, O.S. 1981, Sections 1324.1-1324.26 inclusive. The District operates as a nontaxable government agency to service residents of the Seminole County Rural Water District No. 7. The District's primary income is from the sale of water to its members.

### **Basis of Accounting**

The accrual basis of accounting is followed for all accounts. Revenues are recorded when earned and expenses are recognized when incurred. This policy is in accordance with generally accepted accounting principles.

#### Cash

The District's accounts at June 30, 2013, and are comprised as follows:

First United Bank, Seminole, OK-	
Operating account	\$ 7,679
Construction account	4,259
Total	\$ 11,938

The District's cash deposits at June 30, 2013, are categorized to give an indication of the level of risk assumed by the district at year-end.

#### Investments

The District had no outstanding investments at June 30, 2013.

### Statement of Cash Flows

For purposes of the statement of cash flows, the District considers all highly liquid investments, such as certificates of deposit, as cash equivalents.

### **Note 1 – Significant Accounting Policies**

#### Federal Income Tax

The District is exempt from all federal and state income taxes.

### Collateral Pledged

It appears that all funds were adequately insured by F.D.I.C. as of June 30, 2013, as the total balances of all cash and investments did not exceed \$250,000.

#### **Prior Year Information**

Prior year information is shown on the financial statements for comparative purposes only. No assurance is given on prior year amounts.

### Contributed Capital

The District has received grant proceeds to assist in the construction of the water system from the Oklahoma Water Resources Board in the amount of \$150,000 in the 2010-11 fiscal year. The District also received \$180,000 from the Chickasaw Nation Health System to assist in the construction of the water system, and \$8,000 to purchase benefit units for tribal members in the District (which will become part of contributed capital upon completion of the water system project). In 2011-12, the District received \$836,046 from Rural Development for the water system project. In 2012-13 year, the District received an additional 98,633 from Rural Development, along with \$20,000 from the Chickasaw Nation Health System for continued assistance in the water system project.

# Note 2 – Reserve for Contributed Capital

According to the District by-laws, the consideration paid for benefit units is classified as a donation to the District, and will be refunded to the member only if the project is abandoned prior to the beginning of construction. As the construction process continues, and the project is assured of existence and continuance, these funds will be transferred to the member equity section of the balance sheet, and classified as contributed capital. This transfer will be made in the 2013-14 fiscal year, the first full year of continued operation.

# Note 3 – Capital Assets

Capital (fixed) assets are valued at cost, and depreciation is computed by use of the straight-line method. The estimated useful life of these assets range from five to 40 years.

Capital (fixed) asset information for the 2012-13 fiscal year is as follows:

	Balance at July 1, 2012	Additions	Deductions	Balance at June 30, 2013
Caoital Assets (at cost): Water distribution system Construction in progress Buildings and equipment	\$ - 2,237,028	2,516,749 - -	(2,237,028)	2,516,749 - -
Total depreciated capital assets	2,237,028	2,516,749	(2,237,028)	2,516,749
Less accumulated depreciation for: Water distribution system Buildings and equipment	<u>-</u>	(62,919)	<u>-</u>	(62,919)
Total accumulated depreciation		(62,919)		(62,919)
Capital assets, net	\$ 2,237,028	2,453,830	(2,237,028)	2,453,830

# **Note 4 – Long-Term Debt**

Notes payable consist of two notes to the Office of Rural Economic & Community Development. The notes payable at June 30<sup>th</sup>, are detailed as follows:

	2013	2012
Note No. 91-01, Rural Economic & Community Development, issued for \$1,019,000, dated 8-21-06, at 3.75% interest due in monthly installments of \$4,199, until paid;	\$ 1,011,729	1,018,895
Note No. 91-03, Rural Economic & Community Development, issued for \$295,000, dated 7-29-10, at 3.00% interest due in monthly installments of \$1,086, until paid;	292,519	295,976
Less: Current Maturities	(16,980)	
Total	\$ 1,287,268	1,314,871

Note 4 – Long-Term Debt – cont'd

The amounts of principal and interest to be paid in future fiscal years are as follows:

Year	Fr	d	he
rear	E1	ıut	∃u.

June 30,	Lo	an 91-01		Loan 91-03	Total
2014	\$	12,664		4,315	16,979
