INDEPENDENT AUDITORS' REPORT

Board of Directors
Rural Water District No. 5
Sequoyah County
Gore, Oklahoma

I have audited the accompanying financial statements of the business-type activities of Rural Water District No. 5, Sequoyah County, Gore, Oklahoma as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise Rural Water District No. 5's basic financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statement that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for our audit opinions.

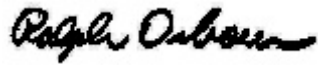

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of Rural Water District No. 5 as of December 31, 2014, and the respective changes in financial position and cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Rural Water District No. 5 has not presented Management's Discussion and Analysis that the Governmental Accounting Standards Board has determined is necessary to supplement, although not required to be part of, the basic financial statement.

In accordance with *Government Auditing Standards*, I have also issued my report dated March 19, 2015, on my consideration of Rural Water District No. 5's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of my audit.

RURAL WATER DISTRICT NO. 5
SEQUOYAH COUNTY, OKLAHOMA
GORE, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Rural Water District No. 5, Sequoyah County, Oklahoma (the "District") was organized on May 5, 1977 by the Sequoyah County Board of County Commissioners under the provisions of the Rural Water District Act (Title 82, O.S. Supp 1972, Sections 1324.1 to 1324.26) for the purpose of providing a water works system including all physical facilities, improvements and services necessary for executing that purpose in Sequoyah County. Since the District is a political subdivision of the State of Oklahoma, under Title 82, it is exempt from Federal and State income taxes.

The membership consists of approximately 607 benefit unit holders, each entitled to one vote. Subscribers to benefit units pay a \$1,500 subscription fee, which is non refundable, and entitles the holder to one line from the District's water system. The Board of Directors consists of 5 members serving 3 year terms. The vacant Board seats are filled at the annual meeting, and the Board of Directors elects a Chairman, Vice-Chairman, Secretary, and Treasurer.

Government-Wide and Fund Financial Statements

The District is a special purpose governmental entity engaged only in business type activities. The District prepares financial statements required for enterprise funds.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The financial statements of the District are prepared in accordance with generally accepted accounting principles (GAAP). The District's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements and applicable Financial Accounting Standards (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless they conflict with GASB pronouncements. The District's reporting entity does not apply FASB pronouncements or APB opinions issued after November 30, 1989.

The financial statements report using the economic resources measurement focus and the accrual basis of accounting. Reimbursements are reported as reductions to expenses. Revenues are recorded when earned and expenses recorded when a liability is incurred, regardless of the timing of related cash flows.

Operating income reported in financial statements include revenues and expenses related to the primary, continuing operations of the District. Principal operating revenues are charges to customers for sales or services. Principal operating expenses are the cost of providing goods or services and include administrative expenses and depreciation of capital assets. Other revenues and expenses are classified as non-operating in the financial statements.

RURAL WATER DISTRICT NO. 5
SEQUOYAH COUNTY, OKLAHOMA
GORE, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

FUND TYPES AND MAJOR FUNDS

The District reports all activity within a single fund.

Investments

The District follows Governmental Accounting Standards Board (GASB) Statement No. 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools," which requires marketable securities to be carried at fair value. The District considers highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. The District did not report any investments at December 31, 2014.

Capital Assets, Depreciation, and Amortization

The District's property, plant, equipment, and infrastructure with useful lives of more than one year are stated at historical cost or at estimated historical cost for those items not previously reported. The District maintains infrastructure assets records consistent with all other capital assets. Donated assets are stated at fair value on the date donated. The District generally capitalizes assets with as purchase and construction outlay occur. The cost of normal maintenance and repairs that do not add to the assets value or materially extend useful lives are not capitalized. Capital assets are depreciated using the straight-line method with one-half year depreciation in the year acquired and one-half in the year of disposal. When capital assets are disposed, the cost and applicable accumulated depreciation are moved from the respective accounts, and the resulting gain or loss is recorded in operations.

Estimated useful lives, in years, for depreciable assets are as follow:

Buildings	20 - 50 years
Water and sewer system	30 - 50 years
Machinery, and equipment	5 - 10 years
Improvements	10 - 20 years

Compensated Absences

At December 31, 2014, it is not believed that accrued benefits, if any, are significant and would not be materially affect the financial statements.

Reserves and Designations

Reserves represent those portions of fund balance not available for expenditure or legally segregated for a specific future use. Restricted net assets represent tentative plans for future use of financial resources.

RURAL WATER DISTRICT NO. 5
SEQUOYAH COUNTY, OKLAHOMA
GORE, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTE B - DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS

Custodial Credit Risk

Custodial credit risk is the risk that in the event of failure of counterparty, the District will not be able to recover the value of its deposits or investments. Deposits are exposed to custodial credit risk if they are uninsured and uncollateralized. Investment securities are exposed to custodial credit risk if they are uninsured, are not registered in the name of the District, and are held by counterparty or the counterparty's trust department but not in the name of the District. The District's policy requires that all deposits and investments in excess of amounts covered by federal deposit insurance be fully collateralized by the entity holding the deposits or investments. As of December 31, 2014, all of the District's deposits and investments were either covered by federal deposit insurance or were fully collateralized.

Deposits

The District had deposits at financial institutions with a carrying amount of approximately \$158,353 at December 31, 2014. The bank balance of the deposits at December 31, 2014 was approximately \$161,340.

Credit Risk

Fixed-income securities are subject to credit risk. However, the District did not have fixed income securities at December 31, 2014.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Board of Directors monitor's the investment performance on an ongoing basis to limit the District's interest rate risk. As of December 31, 2014, the District's deposits consisted of demand deposits and certificates of deposit with a maturity of 12 months or less.

 GORE, OKLAHOMA
 NOTES TO FINANCIAL STATEMENTS
 DECEMBER 31, 2014

NOTE C - RESTRICTED ASSETS

USDA RURAL DEVELOPMENT

The District has reported as restricted assets cash held by a trustee bank for use in relation to the note payable listed in Note E. The cash reported in the Statement of Net Assets is restricted as indicated. This cash is not available for other purposes.

The Loan Resolution Security Agreements with the USDA Rural Development requires a reserve fund to be funded at 10% of the monthly installment until the balance is equal to the annual installment amount (\$3,722 X 12 = \$44,664). At December 31, 2014, the total balance in the debt service reserve accounts at Lakeside State Bank, Chelsea, Oklahoma was \$47,476.

Debt Service Reserve Account	\$ 47,823
Less: Excess Funds	<u>(3,159)</u>
Net Required Reserve	<u>\$ 44,664</u>

2025 - 2029	93,036	18,564	111,600
2030 - 2031	4,479	1,189	5,668
Total	<u>\$ 312,069</u>	<u>\$ 113,238</u>	<u>\$ 425,307</u>

RURAL WATER DISTRICT NO. 5
SEQUOYAH COUNTY, OKLAHOMA
GORE, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014

NOTE F - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District carries commercial insurance for risk of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTE G - CONTRACTS

The District purchases water for resale from Sequoyah County Water Association, Sallisaw, Oklahoma, under the terms of a Water Purchase Agreement dated September 29, 2009. The contract extends for an initial term fifty (50) years and thereafter is to be reviewed annually for successive one year terms until terminated. The price paid by the District is determined based on costs incurred by the Authority in producing the water purchased. The contract contains terms defining the costs to be considered.

NOTE H - PENSION

The District participates in a pension plan through AIM for full time employees. Employees can contribute up to 5% of their annual salary. The District matches up to 3% and is not liable for any amounts above this amount. The District's contributions to the plan for the years ended December 31, 2014, 2013, and 2012 were \$2,713, \$2,478, and \$2,122, respectively, equal to the required contributions for each year.

Note N - SUBSEQUENT EVENTS

Management has evaluated subsequent events through March 19, 2015, the date on which the financial statements were available to be issued. The Authority does not believe there are any events requiring disclosure.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors
Rural Water District No. 5
Sequoyah County
Gore, Oklahoma

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of Rural Water District No. 5, Sequoyah County, Gore, Oklahoma, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise Rural Water District No. 5's basic financial statements and have issued my report thereon dated March 19, 2015 which did not include Management's Discussion and Analysis.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered Rural Water District No. 5's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Rural Water District No. 5's internal control. Accordingly, I do not express an opinion of the effectiveness of Rural Water District No. 5's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Rural Water District No. 5, Sequoyah County, Gore, Oklahoma's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of the Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Sincerely,

Ralph Osborn
Certified Public Accountant
Bristow, Oklahoma
