Report on the Financial Statements

I have audited the accompanying financial statements of the business-type activities of the Housing Authority of the City of Shawnee (Authority), Oklahoma, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinions

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Housing Authority of the City of Shawnee, Oklahoma, as of December 31, 2018, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages i-vii be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Housing Authority of the City of Shawnee, Oklahoma's basic financial statements. The accompanying Financial Data Schedule is presented for purposes of additional analysis and is not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The accompanying Financial Data Schedule and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the accompanying Financial Data Schedule and the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued my report dated May 10, 2019, on my consideration of the Housing Authority of the City of Shawnee, Oklahoma's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Housing Authority of the City of Shawnee, Oklahoma's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
December 31, 2018

Introduction

This Management's Discussion and Analysis (MD&A) of the Shawnee Housing Authority (Authority) provides an introduction and overview to the financial statements of the Shawnee Housing Authority for the fiscal year ended December 31, 2018. The Shawnee Housing Authority presents this discussion and analysis of its financial performance during the fiscal year ended December 31, 2018, to assist the reader in focusing on significant financial issues.

The primary focus of the Authority's financial statements is on the statements of its single enterprise fund encompassing all programs administered by the Shawnee Housing Authority. The information contained herein in this MD&A should be considered in conjunction with the Authority's financial statements and related notes to the financial statements.

The Authority has five individual programs. They include the Low Rent program, a Centralized Office Cost Center (COCC), the Capital Fund Program (CFP), the Housing Choice Voucher program (HCV), and the Resident Opportunity and Supportive Services Program (ROSS).

- The Low Rent Program consists of 442 dwelling units. Funding is provided based on dwelling rents paid by the tenants and operating fund payments received by the Department of Housing & Urban Development based on a formula. The Low Rent Program is separated into 2 projects (AMPs).
- The COCC operates as a business activity program of the Authority. Revenue is generated through management, bookkeeping, and asset management fees paid by the other programs and other entities.
- The Capital Fund Program is also a formula-based program from HUD. The purpose of this program is to provide funding for the modernization and improvement of the Low Rent Public Housing Program. These resources allow the Housing Authority to provide capital improvements for the current dwelling structures and assist in their operations.
- The Housing Choice Voucher Program provides rental assistance to aid low income families with affordable, decent, safe, and sanitary rental housing. The Authority provides rental assistance in the form of a housing assistance payment to a landlord on behalf of the tenant. The Authority currently has 497 units available. Funds are provided by HUD to provide rental assistance payments. The Authority is provided an administrative fee for the purpose of covering the administrative costs of the program. The administrative fee is computed by HUD on an annual basis.
- The Resident Opportunity and Supportive Services Program is a competitive grant provided by HUD, used by the Authority to provide social services to such as economic independence support.

Additionally, HUD has entered into Annual Contributions Contract with the Authority for the purpose of administering housing and housing relating programs described herein. The Authority is not subject to federal or state income taxes and is not required to file federal or state income tax returns.

The financial statements of the Authority have been prepared in conformity with generally accepted accounting principles (GAAP). GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this Note.

1A. Financial Reporting Entity

The Authority’s financial reporting entity comprises the following:

Primary Government:	Housing Authority
---------------------	-------------------

In determining the financial reporting entity, the Authority complies with the provisions of GASB Statement No. 14 as amended by GASB No. 39 and No. 61, “The Financial Reporting Entity,” and includes all component units of which the Authority appointed a voting majority of the units’ board; the Authority is either able to impose its will on the unit or a financial benefit or burden relationship exists. On the basis of the application of these criteria, there are no component units which are required to be included in the Authority’s financial statements.

1B. Basis of Presentation

The accounts of the reporting entity are organized into funds, each of which is considered to be separate accounting entities. The operations of each fund are reported as a separate set of self-balancing accounts that are comprised of each fund’s assets, liabilities, fund equity, revenues, and expenditure/expenses. Funds consist of three major categories: governmental, proprietary and fiduciary. Funds within each major category are grouped by fund type in the combined financial statements. The Authority uses the following fund:

Proprietary Fund Types - This fund is used to account for the Authority’s ongoing activities that are similar to those often found in the private sector. The accounting objectives are a determination of net income, financial position and changes in cash flow. All assets and liabilities associated with a proprietary fund’s activities are included on its statement of net position. Proprietary fund equity is segregated into net investment in capital assets and restricted and unrestricted net position. The following are the Authority’s proprietary fund types:

Enterprise Fund - Enterprise funds are used to account for business-like activities provided to the general public. These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector. The reporting entity includes all of the Authority’s programs as an enterprise fund.

1B. Basis of Presentation - (Continued)

The Authority operates the following programs in the enterprise fund:

Low Rent – The objective of the program is to provide decent, safe and sanitary housing and related facilities for eligible low-income individuals.

Capital Fund Program – The purpose of this program is to provide funds annually to Housing Authorities for the modernization of the housing development and for management improvements.

Housing Choice Vouchers – The objective of the program is to help low-income families obtain decent, safe, and sanitary housing through a system of rental assistance. HUD reimburses the Authority for the rental supplements paid to private landlords and the administrative costs of managing the program.

Resident Opportunity and Supportive Services – The objective of this program is to provide housing residents with supportive services, resident empowerment activities and assistance in becoming economically self-sufficient.

Central Office Cost Center (COCC) – Under the Asset Management rule, the purpose of this program is to provide day-to-day operation of other programs of the Housing Authority in lieu of property management, asset management, bookkeeping, program management and fee for service fee.

1C. Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

Measurement Focus - The proprietary fund utilizes an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or non-current) associated with their activities are reported. Proprietary fund equity is classified as net position.

Basis of Accounting - In the financial statements, the proprietary fund utilizes the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

1D. Budgets

Budgets are prepared for regulatory purposes in accordance with the Authority’s contract with HUD on an annual basis for all operating programs and on a project length basis for capital projects funds which are approved by the Board of Commissioners and submitted to HUD for their approval, if required.

1E. Estimates and assumptions

The preparation of financial statements in conformity with generally accepted accounting principles require management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from those estimates.

1F. Assets, Liabilities and Equity

Cash and Investments

For the purpose of the Statement of Net Position, “cash and cash equivalents” includes all demand, savings accounts, and certificates of deposits or short-term investments with an original maturity of three months or less. For the purpose of the Statement of Cash Flows, “cash and cash equivalents” include all demand and savings accounts, and certificates of deposit or short-term investments with an original maturity of three months or less.

Investments are carried at fair value except for short-term U.S. Treasury obligations, if any, with a remaining maturity at the time of purchase of one year or less. Those investments, if any, are reported at amortized cost. Fair value is based on quoted market price. Additional cash and investment disclosures are presented in Notes 2B and 3A.

Inter-fund Receivables and Payables

During the course of operations, numerous transactions occur within individual funds that may result in amounts owed between funds. Inter-fund receivables and payables between funds are eliminated for financial statement presentation.

Receivables

Receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivable balances consist of tenant, fraud recovery, PHA projects, HUD and accrued interest.

Inventories

Inventories are accounted for under the consumption method and recorded at lower of cost or market. Inventories consist primarily of maintenance materials and supplies held for consumption. The cost of these supplies is regarded as an expenditure at the time the items are consumed. Inventories are classified as current assets on the Statement of Net Position, net of an allowance for obsolete inventory.

Fixed Assets

Fixed assets in the proprietary fund types are stated at historical cost, or estimated historical cost if actual is unavailable, except for donated fixed assets which are recorded at their estimated fair value at the date of donation. It is the policy of the Authority to capitalize all assets with a cost of \$2,500 or greater. The cost of maintenance and repairs are charged to operations as incurred. Costs of major additions, improvements, and betterments are capitalized.

Depreciation of all exhaustible fixed assets is charged as an expense against operations and is recorded in the Statement of Revenues, Expenses and Changes in Net Position with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Building	15-40 years
Furniture, equipment and machinery - administrative	3-10 years

1F. Assets, Liabilities and Equity – (Continued)

Restricted Assets

Restricted assets include cash of the proprietary fund that are legally restricted as to their use. The primary restricted assets are related to the security deposit fund, resident council fund, HAP fund and FSS escrow accounts under the Low Rent and Housing Choice Voucher program.

Compensated Absences

The Authority's policies regarding vacation time permit employees to accumulate earned but unused vacation leave. The liability for these compensated absences is recorded as long-term and short-term liabilities based on historical trends. Amounts not expected to be paid within the next fiscal year are classified as long-term liabilities.

Equity Classifications

Equity is classified as net position and displayed in three components:

- 1) Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowing that are attributable to the acquisition, construction, or improvement of those assets.
- 2) Restricted net position - Consists of net position with constraints placed on the use either by (i) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; (ii) law through constitutional provisions or enabling legislation.
- 3) Unrestricted net position - All other net position that do not meet the definition of "restricted" or "net investment in capital assets."

Use of Restricted/Unrestricted Net Position

When an expense is incurred for purposes for which both restricted and unrestricted are available, the Authority's policy is to apply restricted assets to fund restricted costs and then unrestricted as they are needed.

1G. Revenues, Expenditures, and Expenses

Operating Revenues and Expenses

Operating revenues and expenses are those that result from providing services and delivering goods and/or services. It also includes all revenue and expenses not related to capital and related financing, non-capital financing, or investing activities.

Inter-fund Transfers

Permanent reallocation of resources between programs of the reporting entity is classified as inter-fund transfers. For the purposes of the Statement of Revenues, Expenses and Changes in Net Position, all inter-fund transfers between individual programs, if any, have been eliminated.

The plan was adopted by the Board in 1972. Only the Board has the authority to approve any amendments to the plan. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible for the plan after six months of service. The plan requires the Authority to contribute 3% plus matching of employee contribution up to 5.5% of covered wages. Benefits are fully vested at the end of 5 years of service.

The employer contributions for the years ended December 31, 2018, 2017 and 2016 were \$109,099, \$106,178 and \$105,743 respectively.

4B. Financial Data Schedule

The Authority prepares its Financial Data Schedule (FDS) in accordance with HUD requirements in a prescribed format which differs from the presentation of the basic financial statements. The FDS format excludes depreciation expense, extraordinary maintenance, casualty losses and Housing Assistance Payment (HAP) expense and includes investment income and capital contributions in operating activities, which differs from the presentation of basic financial statements.

4D. Contingencies

The Authority is subject to possible examinations made by Federal and State authorities who determine compliance with terms, conditions, laws and regulations governing other grants given to the Authority in the current and prior years. No significant violations of finance-related legal or contractual provisions occurred.

4E. Affiliated Organizations

The Authority, through cooperative management service agreements, provides management services to the Housing Authority of the City of Stroud, the Housing Authority of the City of Tecumseh, Housing Authority of the Town of Prague, Linden-Shawnee Partners, LP and the Housing Authority of the City of Seminole. Through these activities the Authority earned income of approximately \$202,860 in FY 2018, which is included in other operating revenue in the accompanying Statement of Revenues, Expenses, and Changes in Net Position. Additionally, the Authority provides the Development Enterprises of Central Oklahoma (DECO) management services as documented in the services agreement between the two organizations. The services provided by this agreement are paid based on actual costs incurred. The Authority recognized \$19,638 of fees and \$12,000 rental income in connection with this agreement for FY 2018, which is also included in the accompanying Statement of Revenues, Expenses, and Changes in Net Position. These affiliations do not meet the criteria under GASB 14, as amended by GASB 39 and 61, for the inclusion in the reporting entity of the Authority, nor do they represent related parties.

4F. Risk Management

The Authority is exposed to various risks of losses related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employee's health and life; and natural disasters. Claims liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. The Authority manages these various risks of loss as follows:

<u>Type of Loss</u>	<u>Method Managed</u>
a. Torts, errors and omissions	Purchased insurance with Housing Authority Property Insurance, A Mutual Co.
b. Injuries to employees (workers' compensation)	Purchased insurance with CompSource Oklahoma. Claims are administered by the same company.
c. Physical property loss and natural disasters	Purchased commercial insurance with \$5,000 deductibles.
d. Health and life	Purchased health with Blue Cross Blue Shield of Oklahoma - Life insurance is provided by Dearborn National and Kansas City Life Insurance.

Management believes such coverage is sufficient to preclude any significant uninsured losses to the Authority. Settled claims have not exceeded this insurance coverage in any of the past three fiscal years.

Management evaluated the activity of the Authority through May 10, 2019 and concluded that no subsequent events have occurred that would require adjustment to or disclosures within these financial statements.

4H. Economic Dependency

The Authority is primarily dependent upon HUD for the funding of operations; therefore, the Authority is affected more by the federal budget than by local economic conditions. The funding of programs could be significantly affected by the 2019 federal budget.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Commissioners
Housing Authority of the City of Shawnee
Shawnee, Oklahoma

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the Housing Authority of the City of Shawnee (Authority), Oklahoma, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Authority’s basic financial statements, and have issued my report thereon dated May 10, 2019.

Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered the Authority’s internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority’s internal control. Accordingly, I do not express an opinion on the effectiveness of the Authority’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority’s financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Board of Commissioners
Housing Authority of the City of Shawnee
Shawnee, Oklahoma

Report on Compliance for Each Major Federal Program

I have audited the Housing Authority of the City of Shawnee (Authority), Oklahoma’s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Authority’s major federal programs for the year ended December 31, 2018. The Authority’s major federal programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

Management’s Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor’s Responsibility

My responsibility is to express an opinion on compliance for each of the Authority’s major federal programs based on my audit of the types of compliance requirements referred to above. I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Authority’s compliance with those requirements and performing such other procedures as I considered necessary in the circumstances.

I believe that my audit provides a reasonable basis for my opinion on compliance for each major federal program. However, my audit does not provide a legal determination of the Authority’s compliance.

Opinion on Each Major Federal Program

In my opinion, the Housing Authority of the City of Shawnee, Oklahoma, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2018.

Report on Internal Control Over Compliance

Management is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing my audit of compliance, I considered the Authority’s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, I do not express an opinion on the effectiveness of the Authority’s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

My consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. I did not identify any deficiencies in internal control over compliance that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of my testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
