The sufficiency of the procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The Town of Devol has agreed to and acknowledges that the procedures performed are appropriate to meet the intended purpose of assisting users in evaluating the selected financial information and compliance requirements of the Town of Devol for the fiscal year ended June 30, 2023. This report may not be suitable for any other purpose. The procedures may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion on compliance, and an opinion or conclusion on the related financial statements and schedules. Procedures and Finding

As to the **Town of Devol** as of and for the fiscal year ended June 30, 2023:

- 1. Procedures Performed:** From the Town's trial balances and other accounting records, we compiled a cash basis schedule of changes in fund balances for each fund and compared the schedule results to the statutory prohibition of creating fund balance deficits to report any noted instances of noncompliance.

Findings: We found no instances of non-compliance as a result of applying the procedure.

- 2. Procedures Performed:** From the Town's trial balances and other accounting records, we prepared a cash basis budget and actual financial schedule for the General Fund and any other major funds and compared the actual expenditures reported to the authorized appropriations to report any noted instances of noncompliance with the appropriate limitations. A major fund is any fund whose revenues, expenditures or ending fund balance exceeds 10% of the Town's total revenues, expenditures or fund balances and exceeds 5% of the entity-wide total revenues, expenditures or fund balances.

- 4. Procedures Performed:** We compared the Town's uninsured deposits to fair value of pledged collateral to report any amounts of uninsured and uncollateralized deposits.

Findings: This procedure does not apply. The Town's bank account balances did not exceed the FDIC limit of \$250,000.

- 5. Procedures Performed:** We compared the Town's use of material restricted revenues and resources to their restrictions to report any noted instances of noncompliance.

Findings: We found no instances of noncompliance as a result of applying the procedure.

6. Procedures Performed: We compared the accounting for the Town's activities by fund to the legal and contractual requirements for separate funds to report any noted instances of noncompliance.

- Two invoices from the Department of Environmental Quality, which should have been paid from the Public Works Authority's bank account, were paid from General Fund.
- In September 2022, deposits from utility income were deposited into the General Fund's bank account instead of the Public Works Authorities bank account.
- The Gas Excise tax was deposited into the Public Works Authority's bank account instead of the General Fund's bank account.
