# **INDEPENDENT AUDITOR'S REPORT**

Board of Directors Wagoner County Rural Water District No. 4 Broken Arrow, Oklahoma

We have audited the accompanying financial statements of the business-type activities of the Wagoner County Rural Water District No. 4 (the District), Broken Arrow, Oklahoma, as of and for the year ended June 30, 2015, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the District as of June 30, 2015, and the respective changes in financial position and cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 8, 2015, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts grants and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with

Government Auditing Standards and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5-6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express and opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole on the basis of accounting generally accepted in the United States.

### **RURAL WATER DISTRICT NO. 4, WAGONER COUNTY**

### MANAGEMENT'S DISCUSSION AND ANALYSIS

### JUNE 30, 2015

Our discussion and analysis of the Rural Water District No. 4, Wagoner County's financial performance provides an overview of the District's financial activities for the fiscal year ended June 30, 2015. Please read it in conjunction with the District's financial statements that begin on page 11.

### FINANCIAL HIGHLIGHTS

- The District's total operating revenues exceeded total operating expenses by \$2,405,900.
- The District had total investments of \$689,838 and earned a total of \$1,732 in interest in 2013-14. Interest rates continue to be minimal due to economic conditions.
- Membership numbers continued to be strong in 2014-15, with total users exceeding 10,300 at fiscal year-end. Substantial growth of the District is projected to continue.
- A rate increase of 1% was approved in 2014, effective 10-1-14. Another rate increase of 2% was approved in 2015, effective 10-1-15. These increases are necessary to keep up with the rising costs of water, chemicals, materials and supplies.

#### **Using This Report**

This report is presented in a format consistent with the presentation requirements of the Governmental Accounting Standards Board (GASB) Statement No. 34, as applicable to the District's basis of accounting.

#### **Basis of Accounting**

The District has elected to present its financial statements in the accrual basis of accounting. According to the accrual basis, revenues are recorded when earned and expenses are recognized when incurred. This policy is in accordance with generally accepted accounting principles.

### The Financial Statements

One of the most important questions asked about the District's finances is, "Is the District as a whole better off or worse off as a result of the year's activities?" The statement of Assets, Liabilities and Net Assets, the Statement of Revenues, Expenses and Changes in Net Assets, and the Statement of Cash Flows report information about the District and about its activities in a way that helps answer this question.

These three statements report the District's net assets and the changes in them. You can think of the District's net assets – the difference between assets and liabilities – as one way to measure the District's financial health or financial position. Over time, increases or decreases in the District's net assets are one indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in water rates paid or charged and the condition of the District's water system, to assess the overall health of the District.

The District has only one type of fund or activity, which is defined as *Business-type activities*. This is considered a proprietary fund. This means the District charges a fee to customers to help it cover all or most of the cost of certain services it provides.

### **Fixed Assets**

At June 30, 2015 the District had \$23,185,052 invested in fixed assets, net of depreciation, including land, buildings, the water system, vehicles and equipment. The District purchased some fixed assets in 2014-15, including water system improvements, vehicles, and electronic meter reading equipment, increasing total fixed assets by \$1,461,774.

### Long-Term Debt

The District is indebted to Oklahoma Water Resources Board on three notes obtained for extensive water and sewer systems and extensions, one note from Branch Bank & Trust, one note from Rural Development, and one other CDBG note. The outstanding principal balance owed on the notes decreased from \$13,152,566 to \$11,769,001 during the 2014-15 fiscal year.

### **Economic Factors and Next Year's Budget and Rates**

The District will continue to accelerate payments on their long-term debt when possible.

The District's operating budget for fiscal year 2015-16 will remain much like previous years budgets.

A 2% rate increase, effective 10-1-15, will be used to keep up with the rising costs of water, chemicals, materials and supplies.

### **Contacting the District's Management**

This report is designed to provide our customers and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information contact the District Office at 9816 S. 239<sup>th</sup> East Ave., Broken Arrow, OK 74014 or call (918) 258-2331.

### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors Wagoner County Rural Water District No. 4 Broken Arrow, Oklahoma

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the accompanying financial statements of the Wagoner County Rural Water District No. 4 (the District), Broken Arrow, Oklahoma, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated September 8, 2015.

#### Internal Control Over Financial Reporting

Management of the District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting in order to determine our auditing procedures that are appropriate for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting reporting.

Our consideration of the internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified no deficiencies in the internal controls that we considered to be material weaknesses.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material* 

*weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

#### Compliance

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### WAGONER COUNTY RURAL WATER DISTRICT NO. 4 Broken Arrow, Oklahoma

Notes to the Financial Statements June 30, 2015

#### **Note A – Significant Accounting Policies**

#### Nature of Organization

The Wagoner County Rural Water District No. 4 (the District) was created under the provisions of Title 82 of Oklahoma Statutes, Section 1324.1 - 1324.35 and the Laws of the State of Oklahoma. The purpose of this District is to provide water services to users.

#### Basis of Accounting

The accrual basis of accounting is followed for all accounts. Revenues are recorded when earned and liabilities are recognized when incurred. This policy is in accordance with generally accepted accounting principles.

The District follows GASB issued Statement No. 34 "Basic Financial Statements and Management's Discussion and Analysis for State and Local Government." This statement established financial reporting requirements for state and local governments throughout the United States.

#### Cash and equivalents

The District's cash accounts at June 30, 2015 are detailed as follows:

Cash on hand	\$	100
Arvest Bank, Coweta, Ok-		
Operations account		111,889
Reserve account		685,626

#### Investments

The District's investments are detailed as follows:

Edward Jones, Tulsa, Ok-	
Money Market	\$ 2,463
Government Bonds	354,463
Certificates of Deposit	282,912
First Bank & Trust, Wagoner, Ok-	
Certificate of deposit no. 17106	 50,000
Total Investments	\$ 689,838

#### Collateral Pledged

#### Deposit Categories of Credit Risk

- (A) Insured by Federal Deposit Insurance
- (B) Collateralized with securities held by the pledging financial institution's trust department or agent in the District's name
- (C) Uncollateralized

	 Category					
	 (A)	(	B)	(C)	 Bank Balance	Carrying Amount
Cash Investments	\$ 770,315 300,000		35,726 89,838		1,206,041 689,838	1,110,976 689,838
Total	\$ 1,070,315	8	25,564	0	 1,895,879	1,800,814

#### Accounts Receivable

Billings for accounts receivable at June 30, 2015 were \$489,359. No allowance for doubtful accounts was computed because the effect of bad debts on the financial statements is not considered material.

### WAGONER COUNTY RURAL WATER DISTRICT NO. 4 Broken Arrow, Oklahoma Notes to the Financial Statements

June 30, 2015

### Note A – Significant Accounting Policies – cont'd

#### Prior Year Information

Prior year financial statement information is included in the other supplementary information section for comparative purposes only. No opinions are issued on these amounts, and are included as memorandum.

#### Retirement and Deferred Compensation Plans

The District has no formal retirement plan, but does offer employees a qualified Section 457 Deferred Compensation Plan. The District matches employee's contributions up to \$300 per month. There are no post-employment benefits provided.

#### Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District carries commercial insurance, including workers compensation, for risk of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

#### Fixed Assets

Fixed assets are valued at cost, depreciation is computed by use of the straight-line method. The estimated useful lives of these assets are as follows:

Land	n/a
Office furniture & fixtures	5 years
Equipment & tools	5 years
Transportation equipment	5 years
Water & sewer system	40 years
Buildings	25 years
Computer equipment	3 years
