## INDEPENDENT AUDITOR'S REPORT

The Board of Education  
Wes Watkins Technology Center No. 25  
Hughes, Oklahoma

### **Report on the Financial Statements**

I have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Wes Watkins Technology Center No. 25, Hughes County, Oklahoma, as of and for the year ended June 30, 2019, which collectively comprise the basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

### **Opinion**

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Wes Watkins Technology Center as of June 30, 2019, and the respective changes in its financial position and, where applicable, cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Auditing Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

### Other Supplementary Information

My audit was conducted for the purpose of forming opinions on the fund type and account group financial statements within the combined financial statements. The combining fund statements-regulatory basis, and other schedules as listed in the table of contents, under supplementary information, are presented for purposes of additional analysis and are not a required part of the combined financial statements of the District. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards is the responsibility of management and was derived from and relates directly to the underlying accounting records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial and other additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the supplementary information including the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the financial statements taken as a whole.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued my report dated February 21, 2020, on my consideration of Wes Watkins Technology Center No. 25, Hughes County, Oklahoma's, internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of my audit.

Kerry John Patten, C.P.A.  
Broken Arrow, OK

## **MANAGEMENT DISCUSSION AND ANALYSIS**

**Wes Watkins Technology Center School District 25**  
**Hughes County, Oklahoma**  
Management's Discussion and Analysis  
June 30, 2019

This section of Wes Watkins Technology Center's (the District) annual financial report presents discussion and analysis of the District's financial performance during the fiscal year ended June 30, 2018. To fully understand the District's financial performance, read it in conjunction with the basic financial statements and the notes to the financial statements.

The Management Discussion and Analysis (MD&A) is an element of the new reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, issued June 1999. Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

**Organization**

The District is part of the public school system of Oklahoma under the general direction and control of the Oklahoma State Board of Career and Technology Education. The District includes the following public school districts: Bearden, Graham-Dustin, Hanna, Holdenville, Mason, Moss, Okemah, Weleetka, and Wetumka. The District includes portions of four counties: Hughes, McIntosh, Okfuskee and Okmulgee. The District provides educational opportunities to high school students and adults who reside or work in the district. These programs are generally grouped into the following career areas: health careers, information technology and trade/industrial/technical.

- Regular Programs – The District offers over twenty career majors. These career majors are designed to lead to industry certifications, licenses, employment, or continuing education. One academic math program and one academic science program is offered to high school students.
- Adult and Continuing Education – These classes are designed around specific curriculum and are designed to provide an introduction to or enhance knowledge of specific topics. Continuing education and licensing classes are offered in several areas including real estate, insurance, and health.
- Business and Industry Services – The District provides customized industry training to employers in our district. This may include pre-employment, safety, skills based, or management skills.

**Financial Highlights**

The district's state formula allocation for FY19 was \$2,224,641 for Regular Operations plus allocations for Existing Industry Training and Firefighter Training.

There was an increase of 6.08% in the district's valuation from FY18 to FY19. The District's net assessed valuation for FY19 was \$144,563,330.

**Wes Watkins Technology Center School District 25**  
**Hughes County, Oklahoma**  
Management's Discussion and Analysis  
June 30, 2019

**Financial Statements**

The financial statements consist of three parts: management discussion and analysis, the basic financial statements, and required supplementary information. The three parts together provide a comprehensive overview of the financial condition of Wes Watkins Technology Center. The basic financial statements include two kinds of statements that present different views of the District. The first two statements are district-wide financial statements – the Statement of Net Assets and the Statement of Activities. These provide both long-term and short-term information about the district's overall financial status.

The remaining statements are fund financial statements that focus on individual parts of the District's operations in more detail than the district-wide statements.

- The governmental funds statements tell how basic services were financed in the short term and well as what remains for future spending. The governmental fund is the general fund.
- Proprietary fund statements offer short- and long-term financial information about the activities that are operated like a business. The District has no proprietary funds.
- Fiduciary fund statements provide information about financial relationships where the District acts solely as a trustee or agent for the benefit of others, to whom the resources in questions belong. The fiduciary fund is the School Activity Fund.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and reports the financial statements.

**Overview of Financial Statements**

*District-wide Statements*

The district-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the District's assets and liabilities with the difference reported as net position. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two district-wide statements report the District's net assets and how they have changed. Net position, the difference between the District's assets and liabilities, are one way to measure the District's financial health or position.

Over time, increases or decreases in the District's net position are an indication of whether its financial health is improving or deteriorating, respectively. To assess the overall financial health of the District, you need to consider additional factors such as changes in property tax base, changes in funding by the federal and state governments, and changes in student enrollment.

See disclaimer in auditor's report

**Wes Watkins Technology Center School District 25**  
**Hughes County, Oklahoma**  
Management's Discussion and Analysis  
June 30, 2019

The district-wide financial statements of the District are divided into two categories:

- **Governmental Activities** – All of the District's basic services are included here such as instruction, business and industry services, administration, and community services. Local property taxes, state appropriations, federal grants, tuition, and fees finance most of these activities.
- **Business-type Activities** – The District has certain services, which are secondary to the basic services of the District, and fees are charged to help it cover the costs of these services. None of these services currently requires reporting as a business type activity.

*Fund Financial Statements*

The District's financial statements provide detailed information about each fund – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs; state law requires certain funds.

- **Governmental Funds** – Most of the District's activities are reported in governmental funds, which focus on the determination of financial position and change in financial position, not on income determination. They are reported using the current financial resources measurement focus and the modified accrual basis of accounting. This method of accounting provides for recording income (revenue) when they are both measurable and available, and encumbering expenditures when the purchase commitment is made, a liability is incurred (purchase order is issued). The governmental fund statements provide a detailed short-term view of the District operations and the services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the District programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.
- **Proprietary Funds** – These funds are used to account for activities that are similar to business operations in the private sector; or where the reporting is on determining net income, financial position, changes in financial position, and a significant portion of funding through user charges. The District is not currently using any proprietary funds.
- **Fiduciary Funds** – The District is the trustee or fiduciary for assets that belong to others, such as student activity funds. The District is responsible for ensuring that assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. The District excludes these activities from the district-wide financial statements because it cannot use these assets to finance its operations.

**Hughes County, Oklahoma**  
 Management's Discussion and Analysis  
 June 30, 2019

Most of the District's net assets are invested in capital assets (buildings, land, and equipment). The remaining unrestricted net assets are undesignated. These unrestricted funds are used to fund the cash flow needs during the first half of the fiscal year.

*Statement of Activities*

The results of this year's operations as a whole are reported in the Statement of Activities. All expenses are reported in the first column. Specific charges, grants, revenues, and subsidies that directly relate to specific expense categories are represented to determine the final amount of the District's activities that are supported by other general revenues. The largest general revenue category is State Formula Funding.

The table below takes the information from that Statement of Activities, rearranges it slightly, so you can see our total revenues for the year.

TOTAL REVENUE		Fiscal Year Ended June 30, 2019	
	Governmental Activities		
Revenues	<u>2018</u>	<u>2019</u>	
Program Revenues			
Charges for Services	\$162,840	\$149,072	
Operating Grants and Contributions	357,589	631,762	
General Revenues			
Property Taxes	1,398,655	1,480,648	
State Formula Funding and Industry Training	2,126,904	2,224,641	
Reimbursements	0.00	0.00	
Other (Local, State, Federal, Interest, Donation)	<u>27,683</u>	<u>40,600</u>	
Total Revenue	<u>\$4,073,671</u>	<u>\$4,526,723</u>	

The following table shows the District's largest functions – instructional programs, instructional support, operational support, and student financial aid.

TOTAL COST OF SERVICES		Fiscal Year Ended June 30, 2019	
	Governmental Activities		
	<u>2018</u>	<u>2019</u>	
Instruction	\$1,473,299	\$1,624,340

Other Outlays	13,199	15,406	
Bank Charges		20	
Depreciation – Unallocated	<u>273,210</u>	<u>145,238</u>	
Total Expenses	<u>3,980,330</u>	<u>4,690,881</u>	

See disclaimer in auditor's report

**Wes Watkins Technology Center School District 25**  
**Hughes County, Oklahoma**  
Management's Discussion and Analysis  
June 30, 2019

**Financial Analysis of Wes Watkins Technology Center's Funds**

At June 30, 2019, the District's general fund reported a fund balance of \$737,340, \$678,406 on June 30, 2018, and \$720,936 on June 30, 2017. The primary source of revenue for the governmental fund is State Formula Funding. State Formula Funding is received in monthly installments and property tax revenue is not received evenly throughout the fiscal year. The governmental fund must carry forward a fund balance large enough to finance the first six months of each fiscal year.

The fiduciary fund (activity fund) reported total net restricted fund balance of \$15,679 at June 30, 2019, \$13,958 at June 30, 2018, and \$13,754 at June 30, 2017.

The District is a service entity and as such is labor intensive. In FY19 76% of general fund expenditures were for personnel costs (including salaries, wages, and employee benefits).

**Budgetary Highlights**

The District is required by state law to prepare an annual budget. A preliminary budget must be submitted to the Board of Education by December 31, for the fiscal year beginning the following July 1. If the preliminary budget requires an additional levy, the District must hold an election on the first Tuesday in February to approve the levy. If the preliminary budget does not require an additional levy, it becomes the legal budget. If an election is held and the taxes are approved, then the preliminary budget becomes the legal budget.

**Capital Asset and Debt Administration**

*Capital Assets*

At June 30, 2019, the District had \$3,641,893 in governmental funds invested in a broad range of capital assets, including land, school buildings, furniture and equipment.

*Debt Administration*

Bond Obligations

As of June 30, 2019, the District has no outstanding bond obligations.

Leases

The District has entered into operating leases for copiers and buses.

Management's Discussion and Analysis  
June 30, 2019

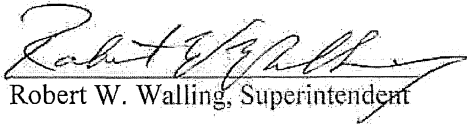

**Factors Bearing on Wes Watkins Technology Center's Future**

There are many factors that may have a positive or negative impact on the District's financial status in the future. The District is not aware of any factors that have a reasonable possibility of occurring, which will negatively impact the District's future operations.

**Contacting Wes Watkins Technology Center's Financial Management**

This financial report is designed to provide citizens, taxpayers, parents, students, and creditors with a general overview of the District's finances and to show accountability for the money it receives. If you have questions about this report or wish to request additional financial information, please contact the Business Office, Wes Watkins Technology Center, 7892 Highway 9, Wetumka, Oklahoma, 74883.

Respectfully submitted,

  
Robert W. Walling, Superintendent

  
Kala Miller, Director of Finance

**WES WATKINS TECHNOLOGY CENTER NO. 25  
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES  
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES,  
FOR THE YEAR ENDED JUNE 30, 2019**

Net change in fund balances - governmental funds \$ (249,164)

Amounts reported for governmental activities in the statement of activities  
are different because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement of net position and allocated over their estimated useful lives as annual depreciation expenses in the statement of activities. This is the amount by which capital outlays exceeds depreciation in the period.

Capital outlay expenditures	\$ 149,714	
Depreciation expense	<u>(145,238)</u>	4,476

Some property taxes will not be collected for several months after the fiscal year ends, and are not considered as "available" revenues in the governmental funds, but are deferred. They are, however, recorded as revenues the Statement of Activities. 18,771

Governmental funds report district pension contributions as expenditure. However, the Statement of Activities reports the cost of pension benefits earned net of employee contributions as pension expense. 61,759

Change in Net Position of Governmental Activities \$ (164,158)

The notes to the financial statements are an integral part of this statement.

**NOTES TO THE FINANCIAL STATEMENTS**

**WES WATKINS TECHNOLOGY CENTER NO. 25  
HUGHES COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2019**

**1. Summary of Significant Accounting Policies**

The financial statements of the Wes Watkins Technology Center No. 25 (the "Center") have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") as applied to government units. The governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Center's accounting policies are described below.

**A. Reporting Entity**

In accordance with the Governmental Accounting Standards Board Statement No. 14, "The Financial Reporting Entity," the Center has presented the entities, which comprise the primary government in the basic financial statements.

The Center is a corporate body for public purposes created under Title 70 of the Oklahoma Statutes and, accordingly, is a separate entity for operating and financial reporting purposes. The Center is part of the public school system of Oklahoma under the general direction and control of the State Board of Education and is financially dependent on the State of Oklahoma for support. The general operating authority for the public school system is the Oklahoma School Code contained in Title 70, Oklahoma Statutes.

The governing body of the Center is the Board of Education composed of five elected members. The appointed superintendent is the executive officer of the Center.

As required by accounting principles generally accepted in the United States of America, the basic financial statements present the reporting entity which consists of the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion could cause the Center's basic financial statements to be misleading or incomplete.

**B. Basis of Presentation**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the Center. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: 1) tuition or fees paid by students or citizens of the Center and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items, including state aid, that are not properly included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

**Fund Financial Statements**

The Technology Center segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Statements for governmental activities present each fund as a separate column on the fund financial statements.

Governmental funds are used to account for all or most of a government's general activities. The measurement focus of governmental funds is on the sources uses and balance of current financial resources. The Center has presented the following governmental funds:

**WES WATKINS TECHNOLOGY CENTER NO. 25  
HUGHES COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2019**

**Summary of Significant Accounting Policies (continued)**

Fund Financial Statements

General Fund – The General Fund is used to account for all financial transactions except those required to be accounted for in another fund. Major revenue sources include state and local property taxes and state funding under Formula Operations. Expenditures include all costs associated with the daily operations of the schools except for programs funded for building repairs and maintenance, school construction and debt service on bonds and other long-term debt.

Special Revenue Fund – The Center's Building Fund is a Special Revenue Fund and consists of monies derived from property taxes levied for the purpose of creating, remodeling or repairing buildings and for purchasing furniture and equipment.

Fiduciary Fund Types

Fiduciary funds are used to account for assets held on behalf of outside parties, including other governments, or on behalf of other funds within the Center. When these assets are held under the terms of a formula trust agreement, either a private purpose trust fund or a permanent fund is used.

Agency Fund – The Center's Agency Fund consists of the Activity fund. The Center's Activity fund is used to account for monies collected that are held on behalf of others as their agent and do not involve the measurement of results of operations. The administration is responsible under the authority of the Board, for collecting, disbursing and accounting for these funds.

The Center's Fiduciary Funds have been excluded from the government-wide financial statements.

Account Groups

GASB Statement No. 34 eliminates the presentation of account groups, but provides for these records to be maintained and incorporates the information into the governmental column in the government-wide statement of net assets.

C. Basis of Accounting

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

Property taxes and interest and certain state and federal grants associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

**WES WATKINS TECHNOLOGY CENTER NO. 25  
HUGHES COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2019**

**Summary of Significant Accounting Policies (continued)**

**D. Budgets and Budgetary Accounting**

A budget is legally adopted by the Board of Education for the General Fund and Special Revenue Fund that includes revenues and expenditures. These budgets are prepared on a budgetary basis of accounting. Budgetary control is maintained by fund, function, and activity and budgeted expenditures may not exceed appropriations at the fund level.

Amendments may be made to the budget without approval by the governing body at the function and activity levels. Fund level budgetary amendments require approval of the governing body.

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting – under which purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable fund balance – is utilized in all governmental funds of the Center. Appropriations which are not spent lapse at the end of the fiscal year and encumbrances are reversed. On the first day of the following fiscal year, the encumbrances are reinstated and the expenditures are applied against that year's budget.

**E. Management Estimates – Use of Estimates**

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets, liabilities, and fund equity, the disclosure of contingent assets and liabilities, and the reported revenues and expenditures. Actual results could differ from those estimates.

**F. Net Position and Fund Balances**

The government-wide financial statements utilize a net position presentation. Net position is categories of investment in fixed assets (net of related debt), restricted net position, and unrestricted net position.

Net Investment in Capital Assets – is intended to reflect the portion of net position, which is associated with non-liquid capital related debt. The net related debt is debt less the outstanding liquid assets and any associated unamortized cost.

Restricted Net Position – are liquid assets generated from revenues and not bond proceeds, which have third party (statutory bond covenant or granting agency) limitations on their use. The Center would typically use restricted net position first, as appropriate opportunities arise, but reserve the right to selectively defer the use thereof to a future project or replacement equipment acquisition.

Unrestricted Net Position – represent unrestricted liquid assets.

Governmental Fund Financial Statements – The Center has adopted Governmental Accounting Standards Board Statement No. 54, which redefined how fund balances of the governmental funds are presented in the financial statements. The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the Center is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications available in the governmental fund financial statements are as follows:

Non-spendable – Amounts that are not in a spendable form such as prepaid expenses, inventory, or required to be maintained intact such as the corpus of permanent fund.

Restricted – Amounts that are designated for specific purposes by their providers such as bondholders, grantors, or imposed by law through constitutional provisions or enabling legislation. The Building Fund is restricted by statute to certain capital related costs.

Committed – Amounts designated for specific purposes by the Center's highest level of decision making authority (Board of Education) and cannot be used for any other purposes unless the same highest level (Board of Education) takes action to remove or change the designation.

**WES WATKINS TECHNOLOGY CENTER NO. 25  
HUGHES COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2019**

**Summary of Significant Accounting Policies (continued)**

The Center commits a portion of the fund balance to honor the commitments made by the Center for encumbrances (purchase orders) for which goods or services have not yet been received. The fund balance committed to encumbrances will be equivalent to the purchase orders rolled forward from one fiscal year to the next fiscal year.

Assigned – Amount the Center intends to use for specific purposes; intent can be expressed by the governing body or by an official to which the governing body delegates the authority.

The Center assigns a portion of the fund balance in both the general fund and building fund for funding the cash flow needs during the first half of each fiscal year. The superintendent and the chief financial officer will determine the amount of assigned fund balance at the end of each fiscal year.

Unassigned – Amounts that are available for any purposes; reported only in the general fund. Fund balance represents the funds not restricted in use by statute nor encumbered by purchase order or legal contract.

**G. Assets, Liabilities and Cash Fund Balances**

Cash – The Center considers all cash on hand and demand deposits to be cash investments.

Investments - Investments consist of direct obligations of the United States Government and Agencies. All investments are recorded at cost, which approximates market value.

Property Tax Revenue and Receivables – The Center is authorized by state law to levy property taxes, which consist of ad valorem taxes on real and personal property within the Center. The County Assessor, upon receipt of the certification of tax levies from the county excise board, extends the tax levies on the tax roll for submission to the county treasurer prior to October 1. The county treasurer must commence tax collection within fifteen days of receipt of the tax rolls. The first half of taxes is due prior to January 1. The second half is due prior to April 1.

If the first payment is not made timely, the entire tax becomes due and payable on January 2. The second half of taxes becomes delinquent on April 1 of the year following the year of assessment. If taxes are delinquent and unpaid for a period of three years or more the real estate may be sold for such taxes.

Uncollected taxes assessed on valuations made each year are recorded in the Center's combined financial statements. Uncollectible personal and real property taxes are deemed to be immaterial because the property can be sold for the amount of taxes due.

Inventories – The cost of consumable materials and supplies on hand are immaterial to the financial statements, and the Technology Center has therefore chosen to report these items as expenditures/expenses at the time of purchase.

Capital Assets – Capital assets, which include property, plant and equipment, are reported in the government-wide financial statements.

All purchased capital assets are valued at cost when historical records exist and at an estimated historical cost where no historical records exist. Donated capital assets are valued at their fair market value on the date donated.

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable.

Assets capitalized have an original cost of \$2,500 or more. Depreciation has been calculated on each class of depreciable property using the straight-line method. Estimated useful life's are as follows:

Buildings and structures	20-50 years
Equipment & Fixtures	5-15 years
Vehicles	10 years

**WES WATKINS TECHNOLOGY CENTER NO. 25  
HUGHES COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2019**

**Summary of Significant Accounting Policies (continued)**

Compensated Absences – The Center did not have any Compensated Absences for FY2018-19.

Long-Term Debt – Long-term debt is recognized as a liability of the applicable governmental activities statement on net assets.

H. Revenue, Expenses and Expenditures

Revenues are classified by source as follows:

Local – Revenue from local sources is revenue produced within the Center, which includes ad valorem taxes. It is available for current educational expenses and for other purposes authorized by the Technology Center.

Intermediate – Revenue from intermediate sources is revenue from funds collected by an intermediate administrative unit or political sub-division, like a county or municipality, and redistributed to the Technology Center.

State – Those revenues received from the State, which are dedicated or are appropriated by the State legislature. Some of this aid is restricted for specific purposes.

The Center receives revenue from the state to administer certain categorical educational programs. State Board of Education rules require that revenue earmarked for these programs be expended only for the program for which the money is provided and require that the money not expended as of the close of the fiscal year be carried forward into the following year to be expended for the same categorical programs. The State Department of Career & Technology Education requires that categorical educational program revenues be accounted for in the general fund.

Federal – Revenue from Federal sources is money originating from the Federal government and made available to the Technology Center either as direct grants or under various programs passed-through the State Department of Career & Technology Education.

Expenditures are classified by function as follows:

Instruction Expenditures – Instruction expenditures include the activities dealing directly with the interaction between teachers and students. Teaching may be provided for students in a school classroom, in another location, such as a home or hospital, and in other learning situations, such as those involving co-curricular activities. It may also be provided through some other approved medium, such as television, radio, telephone and correspondence. Examples of expenditures that might be included here are the activities of teacher assistant of any type (clerks, graders, teaching machines, etc.), which assist in the instructional process. The activities of tutors, translators, and interpreters would be recorded here. Department chairpersons who teach for any portion of time are included here. Tuition/transfer fees paid to other LEAs would be included here.

Support Services Expenditures – Support services expenditures provide administrative, technical (such as guidance and health) and logistical support to facilitate and enhance instruction. These services exist as adjuncts for fulfilling the objective of instruction, community services and enterprise programs, rather than as entitles within them.

Operation of Non-Instructional Services Expenditures – Activities concerned with providing non-instructional services to students, staff, and the community.

**WES WATKINS TECHNOLOGY CENTER NO. 25  
HUGHES COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2019**

**Summary of Significant Accounting Policies (continued)**

Facilities Acquisition and Construction Services Expenditures – Consist of activities involved with the acquisition of land and buildings; remodeling buildings; the construction of buildings and additions to buildings; initial installation or extension of service systems and other built-in equipment; and improvement to sites.

Other Outlays Expenditures – A number of outlays of governmental funds are not properly classified as expenditures, but still require budgetary or accounting control. These are classified as Other Outlays. These include debt service payments (principal and interest).

Other Uses Expenditures – This includes scholarships provided by private gifts and endowments; student aid and staff awards supported by outside revenue sources (i.e., foundations). Also, expenditures for self-funded employee benefit programs administered either by the District or a third party administrator.

Deferred outflows of resources: Deferred outflows are the consumption of net position by the center that are applicable to a future reporting period. At June 30, 2019, the center's deferred outflows of resources were comprised of deferred outflows related to pensions and other post-employment benefits.

Deferred inflows of resources: Deferred inflows are the acquisition of net position by the center that are applicable to a future reporting period. At June 30, 2019, the center deferred inflows of resources were comprised of deferred inflows to pensions and other post-employment benefits.

**2. Deposit Categories of Credit Risk**

Collateral is required for demand deposits and certificates of deposit for all amounts not covered by federal deposit insurance. The Center's investment policies are governed by state statute. Permissible investments include:

1. Direct obligations of the United States Government to the payment of which the full faith and credit of the government is pledged.
2. Obligations to the payment of which the full faith and credit of the state is pledged.
3. Certificates of deposits of banks when such certificates of deposits are secured by acceptable collateral as in the deposit of other public monies.
4. Savings accounts or savings certificates of savings and loan associations to the extent that such accounts or certificates are fully insured by the Federal Savings and Loan Insurance Corporation.
5. Repurchase agreements that have underlying collateral consisting of those items specified in paragraphs 1 and 2 of this section including obligations of the United States, its agencies and instrumentalities, and where collateral has been deposited with a trustee of custodian bank in an irrevocable trust or escrow account established for such purposes.
6. County, municipal or school direct debt obligations for which an ad valorem tax may be levied or bond and revenue anticipation notes, money judgments against such county, municipality or school ordered by a court of record or bonds or bond and revenue anticipation notes issued by a public trust for which such county, municipality or school is a beneficiary thereof. All collateral pledged to secure public funds shall be valued at no more than market value.

**WES WATKINS TECHNOLOGY CENTER NO. 25  
HUGHES COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2019**

**Deposit Categories of Credit Risk (continued)**

7. Money market mutual funds regulated by the Securities and Exchange Commission and which investments consist of obligations of the United States, its agencies and instrumentalities, and investments in those items listed above.
8. Warrants, bonds or judgments of the school.
9. Qualified pooled investment programs, the investments of which consist of those items specified above, as well as obligations of the United States agencies and instrumentalities, regardless of the size of the Center's budget. To be qualified, a pooled investment program for school funds must be governed through an Interlocal cooperative agreement formed pursuant to Title 70 Section 5-117b, and the program must competitively select its investment advisors and other professionals. Any pooled investment program must be approved by the Board of Education.

**Custodial Credit Risk:**

Deposits and Investments - The Center's demand deposits are required by law to be collateralized by the amount that is not federally insured. The Center has a written investment policy, which permits investments as authorized by State Statute.

**Interest Rate Risk:**

Investments are made based upon prevailing market conditions at the time of the transaction with the intent to hold the instrument until maturity. However, the Center has no formal written policy addressing interest rate risk.

**Credit Risk:**

The Center has no formal written policy addressing credit risk.

**WES WATKINS TECHNOLOGY CENTER NO. 25  
HUGHES COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2019**

**3. Capital Assets**

A summary of changes in general fixed assets for the year ended June 30, 2019, follows:

	Balance July 1, 2018	Additions	Adjustments	Retirements	Balance June 30, 2019
Land	\$ 80,000	\$ -	\$ -	\$ -	\$ 80,000
Construction in progress	135,234	-	(135,234)	-	-
Total Assets Not Being Depreciated	\$ 215,234	\$ -	\$ (135,234)	\$ -	\$ 80,000
<u>Capital Assets Being Depreciated</u>					
Building & Improvements	\$ 6,377,083	\$ -	\$ 135,234	\$ 152,734	\$ 6,359,583
Equipment	914,290	149,714	-	-	1,064,004
Vehicles	76,185	-	-	-	76,185
Total Capital Assets Being Depreciated	7,417,263	149,714	135,234	152,734	7,499,772
Less:					
Accumulated Depreciation	3,945,375	145,238	-	152,734	3,937,879
Total Capital Assets Being Depreciated - Net	3,422,183	4,476	135,234	-	3,561,893
Total Capital Assets - Net	\$ 3,637,417	\$ 4,476	-	\$ -	\$ 3,641,893

**4. Accounts Receivable**

Accounts receivables consist of Ad Valorem tax, Interest Income, and Federal grant receivables. Receivables detail by fund at June 30, 2019, is as follows:

Governmental Funds

	General	Building	Total Governmental
Receivables			
Ad valorem taxes	\$ 34,170	35,109	69,279
Interest receivable	980	29	1,009
Due from other Governments	18,820	-	18,820
Gross Receivables	53,970	35,138	89,108
Less deferred revenue	(26,431)	(27,714)	(54,145)
Net total receivables	\$ 27,539	7,424	34,963

**5. Interfund Transactions**

Interfund transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund, or expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the fund that is reimbursed. Nonrecurring or nonroutine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

**WES WATKINS TECHNOLOGY CENTER NO. 25  
HUGHES COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2019**

**6. Employee Retirement System**

Description of Plan

The District participates in the state-administrated Teacher's Retirement System of Oklahoma (the "system"), which is a cost-sharing multiple-employer public employee retirement system. The supervising authority for the management and operation of the System is a 13-member Board of Trustees, which acts as a fiduciary for investment of the funds and the application of plan interpretations. The System provides retirement and disability benefits, annual cost of living adjustments, death benefits and other benefits to plan members and beneficiaries. Oklahoma State Statutes establish benefit provisions and may be amended only through legislative action. The District has no responsibility or authority for the operation and administration of the system nor has it any liability, except for contribution requirements. The Oklahoma Teachers' Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for the System. The report may be obtained by writing to the Oklahoma Teachers' Retirement System, P.O. Box 53624, Oklahoma City, Oklahoma 73152.

Basis of Accounting

The System's financial statements are prepared using the cash basis of accounting, except for accruals of interest income. Plan member contributions are recognized in the period in which the contributions are made. Benefits and refunds are recognized when paid. The pension benefit obligation is a standardized disclosed measure of the present value of pension benefits. This pension valuation method reflects the present value of estimated pension benefits that will be paid in future years as a result of employee services performed to date and is adjusted for the effect of projected salary increases. There are no actuarial valuations performed on individual school districts. The System has an under-funded pension benefit obligation as determined as part of the latest actuarial valuation.

Funding Policy

The District, the State of Oklahoma, and the participating employee make contributions. The contribution rates for the District and its employees are established by and may be amended by Oklahoma Statutes. The rates are not actuarially determined. The rates are applied to the employee's earnings plus employer-paid fringe benefits. The required contribution for the participating members is 7.0% of compensation. Additionally, OTRS receives "federal matching contributions" for positions whose funding comes from federal sources or certain grants. The matching contribution rate for FY 2019 was 7.70%. The District and State are required to contribute 14.5% of applicable compensation. Contributions received by the System from the State of Oklahoma are from its revenues from sales tax, use taxes, corporate income taxes and individual income taxes. The District contributed 9.5% and the State of Oklahoma plus the federal contribution contributed the remaining 5.0% during this year. The District is allowed by the Oklahoma Teachers' Retirement System to make the required contributions on behalf of the participating members. The school is required to pay 16.5% for any compensated retired teachers already receiving retirement benefits.

Annual Pension Cost

The Center's total contribution for 2019, 2018, and 2017 were \$346,244, \$310,555 and \$307,159, respectively. The Center's total payroll for fiscal year 2018-19 amounted to \$2,062,007.

On Behalf Contributions

The State of Oklahoma makes retirement contributions each year for teachers employed by Oklahoma School Districts. The contribution amounts are based on the teacher's years of service and amounts paid are prescribed by O.S. 70 Section 17-108.2 subsection A. During fiscal year 2018-19, the State of Oklahoma's contribution was \$15,626. The Center recognized revenue and expenditures of this amount during the year.

**WES WATKINS TECHNOLOGY CENTER NO. 25  
HUGHES COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2019**

**Employee Retirement System (continued)**

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the Center reported a liability of \$2,619,562 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2018.

The center's proportion of the net pension liability was based on the Center's contributions received by the pension plan relative to the total contributions received by pension plan for all participating employers as of June 30, 2018. Based upon this information, the center's proportion was .04334072 percent.

For the year ended June 30, 2019, the center recognized pension expense of \$198,226. At June 30, 2019, the Center reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$	\$ 181,078
Changes of assumptions	245,574	134,173
Net difference between projected and actual earnings on pension plan investments	-	45,536
Differences in center's proportionate share of contributions and changes in proportion	-	93,009
System contributions during measurement date	-	3,576
Center contributions subsequent to the measurement date	<u>198,226</u>	<u>-</u>
Total	<u>\$ 443,800</u>	<u>\$ 457,372</u>

Deferred pension outflows totaling \$198,226 resulting from the center's contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. The deferred outflows totaling \$(211,200) resulting from the difference between projected and actual earnings on pension plan investments will be recognized in pension expense over five years. The deferred inflows totaling \$45,536 resulting from differences between expected and actual experience will be recognized in pension expense using the average expected remaining service life of the plan participants. The average expected remaining life of the plan participants is determined by taking the calculated total future service years of the plan participants divided by the number of people in the Plan including retirees. The total future service years of the plan participants are estimated at 5.59 years at June 30, 2018, and are determined using the mortality, termination, retirement and disability assumptions associated with the Plan.

**WES WATKINS TECHNOLOGY CENTER NO. 25  
HUGHES COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2019**

**Employee Retirement System (continued)**

Deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

Year ended,	
2020	\$ 56,302
2021	45
2022	(157,747)
2023	(98,358)
2024	<u>(11,442)</u>
\$	<u><u>(211,200)</u></u>

**Actuarial assumptions:** The total pension liability as of June 30, 2019, was determined based on an actuarial valuation prepared as of June 30, 2018 using the following actuarial assumptions:

- Actuarial Cost method-Entry Age Normal
- Inflation – 2.50 percent
- Future Ad Hoc Cost-of-living Increases – None
- Salary Increases-Composed of 3.25 percent wage inflation, including 2.50 percent price inflation, plus a service related component ranging from 0.00 to 8.00 percent based on years of service.
- Investment Rate of Return-7.50 percent
- Retirement Age-Experience-based table of rates based on age, service, and gender. Adopted by the Board in May 2015 in conjunction with the five year experience study for the period ending June 30, 2014
- Mortality Rates after Retirement – Males: RP-2000 Combined Healthy mortality table for males with White Collar Adjustments. Generational mortality improvements in accordance with Scale BB from the table's base year of 2000. Females: GRS Southwest Region Teacher Mortality Table, scaled at 105%. Generational mortality improvements in accordance with Scale BB from the table's base year of 2012.
- Mortality Rates for Active Members – RP-2000 Employee Mortality tables, with male rates multiplied by 60% and female rates multiplied by 50%.

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic Equity	38.5%	7.5%
International Equity	19.0%	8.5%
Fixed Income	23.5%	2.5%
Real Estate*	9.0%	4.5%
Alternative Assets	10.0%	6.1%
Total	<u>100.00%</u>	

\*\*The Real Estate total expected return is a combination of US Direct Real Estate (unlevered) and US Value added Real Estate (unlevered).

**WES WATKINS TECHNOLOGY CENTER NO. 25  
HUGHES COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2019**

**Employee Retirement System (continued)**

Discount rate – A single discount rate of 7.50% was used to measure the total pension liability as of June 30, 2019. This single discount rate was based solely on the expected rate of return on pension plan investments of 7.50%. Based on the stated assumptions and the projection of cash flows, the pension plan’s fiduciary net position and future contributions were projected to be available to finance all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine total pension liability.

Sensitivity of the Center’s proportionate share of the net pension liability to changes in the discount rate

The following presents the Center’s proportionate share of the net pension liability calculated using the discount rate of 7.50%, as well as what the Center’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.50%) or 1-percentage point higher (8.50%) than the current rate:

	<u>1% Decrease (6.50%)</u>	<u>Current Discount Rate (7.50%)</u>	<u>1% Increase (8.50%)</u>
Center’s proportionate share of the net pension liability	<u>\$ 8,604,702</u>	<u>\$ 6,051,383</u>	<u>\$ 3,913,823</u>

Pension plan fiduciary net position – Detailed information about the pension plan’s fiduciary net position is available in the separately issued TRS financial report that can be obtained at <http://www.ok.gov/trs/> or by writing to the Oklahoma Teachers Retirement System, P.O. Box 53624, Oklahoma City, Oklahoma 73152 or by calling 405-521-2387

**7. OTHER POST-EMPLOYMENT BENEFITS (OPEB)**

Plan Description – The District as the employer, participates in the Supplemental Health Insurance Program – a cost sharing multiple-employer defined benefit OPEB plan administered by the Oklahoma Teachers Retirement System (OTRS). Title 74 O. S. Sec. 1316.3 defines the health insurance benefits. The authority to establish and amend benefit provisions rests with the State Legislature. OTRS issues a publicly available financial report that can be obtained at [www.ok.gov/OTRS](http://www.ok.gov/OTRS)

Benefits Provided – OTRS pays a medical insurance supplement to eligible members who elect to continue their employer provided health insurance. The supplement payment is between \$100 and \$105 per month, remitted to the Oklahoma Management Enterprise Services Employees Group Insurance Division, provided the member has ten (10) years of Oklahoma service prior to retirement.

Contributions – Employer and employee contributions are made based upon the TRS Plan provisions contained in Title 70, as amended. However the statutes do not specify or identify any particular contribution source to pay the health insurance subsidy. Based on the contribution requirements of Title 70 employers and employees contribute a single amount based on a single contribution rate as described in Note 7; from this amount OTRS allocates a portion of the contributions to the supplemental health insurance program. The cost of the supplemental health insurance program averages 1.5% of normal cost, as determined by an actuarial valuation. Contributions allocated to the OPEB plan from the District were \$2,903.

OPEB Liabilities (Assets), OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB – At June 30, 2019, the District reported an asset of \$28,009 for its proportionate share of the new OPEB asset. The net OPEB asset was measured as of June 30, 2018, and the total OPEB asset used to calculate the net OPEB asset was determined by an actuarial valuation as of June 30, 2018. The District’s proportion of the net OPEB asset was based on the District’s contributions received by the OPEB plan relative to the total contributions received by the OPEB plan for all participating employers as of June 30, 2018. Based upon this information, the District’s proportion was 0.04334072% percent.

**WES WATKINS TECHNOLOGY CENTER NO. 25  
HUGHES COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2019**

**OTHER POST-EMPLOYMENT BENEFITS (OPEB) (continued)**

For the year ended June 30, 2019, the District recognized OPEB expense of (\$3,516). At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 7,805
Net difference between projected and actual earnings on OPEB plan investments	-	11,604
Changes in proportion	119	
Contributions during measurement date	1,381	-
District contributions subsequent to the measurement date	1,328	-
<b>Total</b>	<b>\$ 2,828</b>	<b>\$ 19,409</b>

The \$1,328 reported as deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability (asset) in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30:	
2020	\$ (4,916)
2021	(4,916)
2022	(4,916)
2023	(2,266)
2024	(776)
Thereafter	(118)
	<b>\$ (17,908)</b>

FOR THE YEAR ENDED JUNE 30, 2019**

**OTHER POST-EMPLOYMENT BENEFITS (OPEB) (continued)**

**Actuarial Assumptions** – The total OPEB liability (asset) as of June 30, 2019, was determined based on an actuarial valuation prepared as of June 30, 2018 using the following actuarial assumptions:

- Actuarial Cost method-Entry Age
- Inflation – 2.50%
- Future Ad Hoc Cost-of-living Increases – None
- Salary Increases-Composed of 3.25% inflation, including 2.50% price inflation, plus a service-related component ranging from 0.00% to 8% based on years of service.
- Investment Rate of Return-7.50%
- Retirement Age-Experience-based table of rates based on age, service, and gender. Adopted by the Board in May 2015 in conjunction with the five year experience study for the period ending June 30, 2014
- Mortality Rates after Retirement – Males: RP-2000 Combined Healthy mortality table for males with White Collar Adjustments. Generational mortality improvements in accordance with Scale BB from the table's base year of 2000. Females: GRS Southwest Region Teacher Mortality Table, scaled at 105%. Generational mortality improvements in accordance with Scale BB from the table's base year of 2012.
- Mortality Rates for Active Members – RP-2000 Employee Mortality tables, with male rates multiplied by 60% and female rates multiplied by 50%.
- Health care trend rate – not applicable as the benefit provided is a set dollar amount not impacted by health care costs.

Asset Class	Target Asset Allocation	Long-Term Expected Real Rate of Return
Domestic Equity	38.5%	7.5%
International Equity	19.0%	8.5%
Fixed Income	23.5%	2.5%
Real Estate**	9.0%	4.5%
Alternative Assets	10.0%	6.1%
Total	100.00%	

\*\* The Real Estate total expected return is a combination of US Direct Real Estate (unlevered) and US Value added Real Estate (unlevered).

**Discount Rate** – A single discount rate of 7.50% was used to measure the total OPEB liability (asset) as of June 30, 2019. This single discount rate was based solely on the expected rate of return on OPEB plan investments of 7.50%. Based on the stated assumptions and the projection of cash flows, the OPEB plan's fiduciary net position and future contributions were projected to be available to finance all projected future payments of current plan members. Therefore, the long term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability (asset). The projection of cash flows used to determine this single discount rate assumed that plan member and employer contributions will be made at the statutory levels and remain a level percentage of payrolls. The projection of cash flows also assumed that the State's contribution plus the matching contributions will remain a constant percent of projected member payroll based on the past five years of actual contributions.

**WES WATKINS TECHNOLOGY CENTER NO. 25  
HUGHES COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2019**

**OTHER POST-EMPLOYMENT BENEFITS (OPEB) (continued)**

Sensitivity of the Net OPEB Liability (Asset) to Changes in the Discount Rate – The following presents the net OPEB liability (asset) of the employer calculated using the discount rate of 7.5%, as well as what the Plan's net OPEB liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point higher (8.5%) than the current rate:

	1% Decrease (6.5%)		Current Discount Rate (7.5%)		1% Increase (8.5%)
Employer's Net OPEB Liability (asset) \$	(9,837)	\$	(28,009)	\$	(43,536)

OPEB Plan Fiduciary Net Position – Detailed information about the OPEB plan's fiduciary net position is available in the separately issued financial report of the OTRS; which can be located at [www.ok.gov/OTRS](http://www.ok.gov/OTRS).

**8. General Long-Term Debt**

State statutes prohibit the Center from becoming indebted in an amount exceeding the revenue to be received for any fiscal year without approval by the Center's voters.

At June 30, 2019, the Center had not incurred any debt under these provisions.

**9. Litigation**

The Center is contingently liable for lawsuits and other claims in the ordinary course of its operations. The settlement of such contingencies under the budgetary process would require appropriation of revenues yet to be realized and would not materially affect the financial position of the Center at June 30, 2019.

**10. Contingent Liabilities**

The Center receives significant financial assistance from the United States government in the form of grants and other federal assistance. Entitlement to the resources is generally conditioned upon compliance with terms and conditions of the grant agreements and applicable federal regulations, including the expenditure of the resources for eligible purposes. Substantially all grants are subject to financial and compliance audits by the grantors. Any disallowances as a result of these audits become a liability of the Center. The Center estimates that no material liabilities will result from such audits.

**11. Risk Management**

The Center is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; or acts of God. The Center purchases commercial insurance to cover these risks. Settled claims resulting from these risks have not exceeded the commercial insurance coverage in any of the past three fiscal years.

**12. Use of Estimates**

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**WES WATKINS TECHNOLOGY CENTER NO. 25  
HUGHES COUNTY, OKLAHOMA  
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
FOR THE YEAR ENDED JUNE 30, 2019**

1. For all federal programs, the Center uses the fund types prescribed by the Oklahoma State Department of Career and Technology Education and conforms to the system of accounting authorized by the State of Oklahoma. The General Fund is used to account for resources restricted, or designated for, specific purposes by a grantor.
2. The accounting and financial reporting treatment applied to a fund is determined by its' measurement focus. The Governmental Fund types are accounted for using a current financial measurement focus. All Federal grant funds were accounted for in the General Fund. With this measurement focus, only current assets and current liabilities and the fund balance are included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets.

The modified accrual basis of accounting is used for the Governmental Fund types. This basis of accounting recognizes revenue in the accounting period in which they become susceptible to accrual, i.e., both measurable and available, and expenditures in the accounting period in which the fund liability is incurred, and certain compensated absences and claims and judgments, which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Federal grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant, and accordingly, when such funds are received, they are recorded as deferred revenue until earned.

3. The District has not elected to use the de minimus indirect cost rate allowed under the Uniform Guidance.
4. Reconciliation of the Schedule of Expenditures of Federal Awards to Statement of Revenue, Expenditures and Changes in Fund Balance is as follows:

Total Federal Revenue as reflected on		
"Schedule of Federal Awards Expended"	\$	<u>408,782</u>
Total Federal Revenue as reflected on		
"Statement of Revenue, Expenditures and Changes In Fund Balance"		
General Fund		<u>408,782</u>
Reconciled Total	\$	<u>408,782</u>

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Board of Education  
Wes Watkins Technology Center No. 25  
Hughes County, Oklahoma

I have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Wes Watkins Technology Center No. 25, Hughes County, Oklahoma (Center), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Center's financial statements, and have issued my report thereon dated February 21, 2020.

### **Internal Control over Financial Reporting**

In planning and performing my audit of the financial statements, I considered the Center's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Center's internal control. Accordingly, I do not express an opinion on the effectiveness of the Center's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

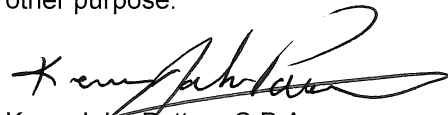

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material or significant deficiencies may exist that have not been identified. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. I did identify certain deficiencies in internal control, described in the Schedule of Comments on page 44 as item 2019-1 that I consider to be a significant deficiency.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Center's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards.

### **Purpose of this Report**

This report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**WES WATKINS TECHNOLOGY CENTER NO. 25  
HUGHES COUNTY, OKLAHOMA  
SUMMARY OF PRIOR AUDIT FINDINGS  
JULY 1, 2018 TO JUNE 30, 2019**

The summary of prior audit findings is required to report the status of all audit findings reported in the prior audit's schedule of findings and questioned costs relative to federal awards.

The Center had no prior year audit findings relative to federal award programs.

**WES WATKINS TECHNOLOGY CENTER NO. 25  
HUGHES COUNTY, OKLAHOMA  
SCHEDULE OF COMMENTS  
JULY 1, 2018 TO JUNE 30, 2019**

The following condition represents an area noted during my review of the centers accounting system in which I feel improvements in the internal control and/or operational efficiency may be attained. I have also noted, as required, any noncompliance with Oklahoma State Department of Career and Technology.

**Condition 2019-1:**

Records relating to capital assets are not complete or accurate. Several adjusting journal entries were necessary to reconcile the balance of capital assets at July 1, 2018 to the capital asset balance at June 30, 2019. Previous year construction in progress amounts had not been transferred to the appropriate asset category. The accumulated depreciation listing of depreciable assets had not been updated for purchases of new vehicles. The accumulated depreciation listing totals for depreciation expense and year-end accumulated depreciation did not appear to be accurate. New assets are not entered into the capital asset software until year-end or later.

**Recommendation:**

A complete physical inventory is the only way to establish initial accountability. These physical inventories are also required periodically, thereafter to ensure the capital asset systems continued accuracy. Taking an inventory involves making a physical inspection or otherwise ascertaining the existence of capital assets and making sure they are listed in the capital assets system in some systematic manner.

To maintain the accuracy and completeness of recorded amounts, departmental supervisors should conduct periodic follow-up inventories of all fixed assets. The results of these inventories should be compared to detailed inventory records and any variances should be investigated.

Additionally, an appropriate individual should assign and attach an asset tag to newly purchased items placed into service and report the location to the asset coordination for updating the capital asset software.

The capital assets of the Technology Center should be reconciled each year. In order to accomplish this the center must have:

- Beginning and end-of-year balances.
- Capital asset acquisitions for the year
- Sales or other capital asset dispositions.
- Current and accumulated depreciation expense.

We recommend the School Board require property records for all capital assets and require annual physical inventories of all Technology Center Assets. The board should require additions to the asset list be reconciled to purchases and inventory tags be attached to district property and equipment. Buildings and building improvements that extend the buildings life should be capitalized to the Technology Center's capital asset system. Construction in progress should be accumulated as it occurs and added to the capital asset system when placed in service.

Previous Year's Audit Comments

This finding was also included in the 2017-18 audit report.

I would like to express my appreciation for the courtesies and cooperation extended to us by Center administrators and employees during the course of this audit.
