## INDEPENDENT AUDITOR'S REPORT

To the City Council  
City of Yukon, Oklahoma

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Yukon, Oklahoma, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Yukon, Oklahoma, as of June 30, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and the pension plan schedules, on pages 7-15 and 66-72, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Yukon, Oklahoma's basic financial statements. The nonmajor governmental combining statements and the general fund accounts and the enterprise fund combining schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining statements and schedules and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the nonmajor governmental combining statements, schedule of expenditures of federal and state awards and the schedule of debt service coverage requirements are fairly stated in all material respects in relation to the basic financial statements as a whole.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated March 11, 2022, on our consideration of the City of Yukon, Oklahoma's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Yukon, Oklahoma's internal control over financial reporting and compliance.

**MANAGEMENT DISCUSSION AND ANALYSIS**

**CITY OF YUKON, OKLAHOMA  
ANNUAL FINANCIAL REPORT  
As of and for the Year Ended June 30, 2021**

---

Our discussion and analysis of the City of Yukon’s financial performance provides an overview of the City’s financial activities for the fiscal year ended June 30, 2021. Please read it in conjunction with the City’s financial statements, which follow this section.

***FINANCIAL HIGHLIGHTS***

- For the fiscal year ended June 30, 2021, the City’s total net position increased by \$2.6 million or 4.3 % from the prior year.
- During the year, the City’s expenses for governmental activities were \$37.7 million and were funded by program revenues of \$6.1 million and further funded with taxes and other general revenues that totaled \$31.1 million.
- In the City’s business-type activities, such as utilities, revenues excluding transfers exceeded expenses by \$3.2 million.
- At June 30, 2021, the General Fund reported an unassigned fund balance of \$9.3 million.
- For budgetary reporting purposes, the General Fund reported revenues and transfers over estimates by \$4,461,744 or a positive 17.3%, while expenditures and transfers were under the final appropriations by approximately \$1,090,480 or 4.1%.

***OVERVIEW OF THE FINANCIAL STATEMENTS***

The financial statements presented herein include all of the activities of the City of Yukon (the “City”) and its component units using the integrated approach as prescribed by GASB Statements No. 14, 34, and 39 and 61. Included in this report are governmental-wide statements for each of two categories of activities – governmental and business-type. The government-wide financial statements present the complete financial picture of the City from the economic resources measurement focus using the accrual basis of accounting. They present governmental activities and business type activities separately and combined. These statements include all assets of the City (including infrastructure capital assets) and deferred outflows, as well as all liabilities (including all long-term debt) and deferred inflows.

**About the City**

The City of Yukon is a municipality with a population of approximately 23,630 located in central Oklahoma. The City is a Council-Manager form of government that provides for three branches of government:

- Legislative – the City Council is the governing body elected by the citizens
- Executive – the City Manager is the Chief Executive Officer and is appointed by the City Council
- Judicial – the Municipal Judge is a practicing attorney appointed by the City Manager

The City provides typical municipal services such as public safety, street maintenance, culture, parks and recreation, and certain utility services including water, wastewater, and sanitation.

***The City’s Financial Reporting Entity***

This annual report includes all activities for which the City of Yukon City Council is fiscally responsible. These activities, defined as the City’s financial reporting entity, are operated within separate legal entities that make up the primary government.

(Unaudited. See accompanying auditor’s report.)

The City’s financial reporting entity includes the primary government (City of Yukon), two active blended component units and one inactive blended component unit as follows:

- **The City of Yukon** – that operates the public safety, streets, culture, parks and recreation, and administrative activities
- **The Yukon Municipal Authority** – that operates the water, sewer, and sanitation services of the City (blended component unit)
- **The Yukon Economic Development Authority** – that promotes economic and community development in the Yukon area (blended component unit)
- **The Yukon Educational Facilities Authority** – that promotes growth and development of commerce, education, and industry (inactive blended component unit)

### **Using This Annual Report**

This annual report is presented in a format that substantially meets the presentation requirements of the Governmental Accounting Standards Board (GASB) in accordance with generally accepted accounting principles. The presentation includes financial statements that communicate the City’s financial condition and changes therein on the accrual basis of accounting at two distinct levels:

- **The City as a Whole** (a government-wide presentation)
- **The City’s Funds** (a presentation of the City’s major and aggregate non-major funds)

### **Reporting the City as a Whole**

#### **The Statement of Net Position and the Statement of Activities**

One of the most frequently asked questions about the City’s finances is, “Has the City’s overall financial condition improved, declined or remained steady over the past year?” The Statement of Net Position and the Statement of Activities report information about the City as a whole and about its activities in a way that helps answer this question. These statements include all assets, deferred outflows, liabilities and deferred inflows using the accrual basis of accounting. All of the current year’s revenues and expenses are taken into account regardless of when cash is received or paid.

These two government-wide statements report the City’s net position and changes in it from the prior year. You can think of the City’s net position – the difference between assets, deferred outflows, liabilities and deferred inflows – as one way to measure the City’s financial condition, or position.

Over time, increases or decreases in the City’s net position are one indicator of whether its financial health is improving, deteriorating, or remaining steady. However, you must consider other nonfinancial factors, such as changes in the City’s tax base, the condition of the City’s roads, and the quality of services to assess the overall health and performance of the City.

As mentioned above, in the Statement of Net Position and the Statement of Activities, we divide the City into two kinds of activities:

(Unaudited. See accompanying auditor’s report.)

**CITY OF YUKON, OKLAHOMA**  
**ANNUAL FINANCIAL REPORT**  
**As of and for the Year Ended June 30, 2021**

---

- Governmental activities – Most of the City’s basic services are reported here, including the police, fire, general administration, streets, and parks. Sales taxes, franchise fees, fines, and state and federal grants finance most of these activities.
- Business-type activities – The City charges a fee to customers to help cover all or most of the cost of certain services it provides. The City’s water, wastewater, and sanitation are reported here.

**Reporting the City’s Most Significant Funds - Fund Financial Statements**

The fund financial statements provide detailed information about the most significant funds – not the City as a whole. Some funds are required to be established by State law and by bond covenants. However, management establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants and other money.

*Governmental funds* – Most of the City’s basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City’s general government operations and the basic service it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City’s programs. The differences of results in the Governmental Fund financial statements to those in the Government-Wide financial statements are explained in a reconciliation following the Governmental Fund financial statement.

*Proprietary funds* – When the City charges customers for the services it provides – whether to outside customers or to other units of the City – these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position, the Statement of Revenues, Expenses and Changes in Fund Net Position and Statement of Cash Flows. In fact, the City’s enterprise funds are essentially the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows.

**A FINANCIAL ANALYSIS OF THE CITY AS A WHOLE**

**Net Position**

As noted earlier, net position may serve over time as a useful indicator of a government’s financial position. In the case of the primary government, assets and deferred outflows exceeded liabilities and deferred inflows by \$64.1 million at the close of the most recent fiscal year.

The largest portion of the City's net position reflects its net investment in capital assets (e.g., land, buildings, machinery, and equipment). For 2021, this net investment in capital assets amounted to \$49.2 million. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Explanations for the changes in excess of 20% and \$300,000 are explained below:

**Governmental Activities:**

Deferred outflow of resources (25% increase of 1.6 million) - Increased due to differences in actual investment earnings versus projected investment earnings in defined benefit retirement plans

Deferred inflow of resources (49% decrease of \$1.2 million) - Decreased due to differences in actual investment earnings versus projected investment earnings in defined benefit retirement plans

**Business-type Activities:**

Non-current liabilities (55% decrease of \$2.9 million) – Mainly due to the net effect of regular debt payoff

Net investment in capital assets (21% increase of \$2.2 million) – Mainly due to the net effect of regular debt payoff and the purchase of additional capital assets

(Unaudited. See accompanying auditor's report.)

Explanations for the changes in excess of 20% and \$300,000 are explained below:

**Governmental Activities:**

Operating grants and contributions – (131% increase of \$2.4 million) - Resulting primarily from an increase in operating grant revenue due to CARES money.

Capital grants and contributions – (99% decrease of \$2.0 million) - Resulting primarily from a decrease in street capital grants as well as reimbursements of shares of capital projects.

Public Safety – (22% increase of \$3.5 million) - Resulting primarily from increase in fire and police pension expenses

**Business-type Activities:**

Capital grants and contributions – (100% decrease of \$937,000) Resulting from a decrease in capital contributed for stormwater and sewer

(Unaudited. See accompanying auditor's report.)

**ANNUAL FINANCIAL REPORT**

**Governmental Activities**

To aid in the understanding of the statement of activities some additional explanation is given. Of particular interest is the format that is significantly different than a typical statement of revenues, expenses, and changes in fund balance. You will notice that expenses are listed in the first column with revenues from that particular program reported to the right. The result is a net (expense)/revenue. The reason for this kind of format is to highlight the relative financial burden of each of the functions on the City's taxpayers. It also identifies how much each function draws from the general revenues or if it is self-financing through fees and grants or contributions. All other governmental revenues are reported as general. It is important to note all taxes are classified as general revenue even if restricted for a specific purpose.

**A FINANCIAL ANALYSIS OF THE CITY'S FUNDS**

As the City completed its 2021 fiscal year, the governmental funds reported a combined fund balance of \$35.0 million or a 5.5% decrease of \$2.0 million from the prior year. The largest decrease was \$1.9 million in the General Fund and related to decreased capital contributions, proceeds from long-term debt, and operational costs.

**General Fund Budgetary Highlights**

Actual revenues and transfers in were over final estimates by \$4.5 million or 17.3%, and expenditures were under final appropriations by \$1.1 million or 4.1%.

**Economic Factors and Next Year’s Budget and Rates**

The City’s budget for next fiscal year includes the following highlights:

The City of Yukon will continue to operate under a tight budget in order to continue improving its overall financial position. During this fiscal year, the City should see the completion or advancement of several major projects, most notably, phase two of the State Highway 4 project, the new Emergency Operations Center (EOC), and phase II of the I-40 & Frisco Road Interchange. The overall budget has increased \$424,780 from the previous year with notable funds outline below:

- The General Fund is \$1.9 million more
- The Capital Improvement Fund is \$0.4 million less
- The Grant Fund is \$1.2 million less

**Contacting the City’s Financial Management**

This report is designed to provide our citizens, taxpayers, customers and creditors with an understanding of the City’s finances and to demonstrate the City’s accountability for the resources it receives. If you have questions about this report or need additional financial information, contact the City’s Treasurer’s Office at Yukon City Hall, 500 West Main Street in Yukon, Oklahoma.

**CITY OF YUKON, OKLAHOMA  
ANNUAL FINANCIAL REPORT  
As of and for the Year Ended June 30, 2021**

---

**FOOTNOTES TO THE BASIC FINANCIAL STATEMENTS**

**Footnotes to the Basic Financial Statements:**

**1. Financial Reporting Entity**

The City's financial reporting entity includes the primary government (City of Yukon) and two active blended component units and one inactive blended component unit as noted below. This annual report includes all activities for which the City of Yukon City Council/Manager is fiscally responsible.

In determining the financial reporting entity, the City complies with the provisions of Governmental Accounting Standards Board Statement No. 14, "The Financial Reporting Entity", as amended by Statement 61 and includes all component units for which the City is financially accountable.

**The City of Yukon** – that provides the public safety, health and welfare, streets and highways, parks and recreation, and administrative activities.

The City of Yukon has a population of approximately 23,630 located in central Oklahoma. The City is a Council/Manager form of government that provides for three branches of government:

- Legislative – the City Council is the governing body elected by the citizens
- Executive – the City Manager is the Chief Executive Officer and is appointed by the City Council
- Judicial – the Municipal Judge is a practicing attorney appointed by the City Manager

The City provides typical municipal services such as public safety, street maintenance, culture, parks and recreation and airport.

**Blended Component Units:**

**The Yukon Municipal Authority (YMA)** –that operates the water, sewer and sanitation services of the City – City Council serves as Authority Trustees and City Management serves as management of the trust.

**The Yukon Economic Development Authority (YEDA)** – that promotes economic and community development in the Yukon area. City Council appoints 7 trustees – two of which are City Council members; YEDA almost exclusively provides services to the City.

**The Yukon Educational Facilities Authority (YEFA)** – promotes growth and development of commerce, education, and industry. City Council serves as Authority Trustees. This component unit is inactive.

Each of these component units are Public Trusts established pursuant to Title 60 of Oklahoma State law. Public Trusts (Authorities) have no taxing power. The Authorities are generally created to finance City services through issuance of revenue bonds or other non-general obligation debt and to enable the City Council to delegate certain functions to the governing body (Trustees) of the Authority. The Authorities generally retain title to assets which are acquired or constructed with Authority debt or other Authority generated resources. In addition, the City has leased certain existing assets at the creation for the Authorities to the Trustees on a long-term basis. The City, as beneficiary of the Public Trusts, receives title to any residual assets when a Public Trust is dissolved.

## **2. Basis of Presentation and Accounting**

### *Government-Wide Financial Statements:*

The statements of net position and activities are reported on the accrual basis of accounting and economic resources measurement focus. Under the accrual basis of accounting, revenues are recognized when earned and expenses (including depreciation and amortization) are recorded when the liability is incurred or economic asset used.

Program revenues in the Statement of Activities, are revenues that are derived directly from each activity or from parties outside of the City's taxpayers. The City has the following program revenues in each activity:

- Public Safety – Fire, Police, Ambulance – fines and forfeitures, restricted operating grants, and restricted capital grants
- Transportation – Restricted capital grants.
- Culture, parks, and recreation – cemetery revenues, pool fees, park fees, and restricted operating and capital grants
- General Government – license and permits, plat and abatement fees, demolition fees, and restricted operating grants
- Water and wastewater– water and wastewater service charges
- Sanitation – sanitation service charges
- Stormwater – stormwater fees

All other governmental revenues are reported as general. All taxes are classified as general revenue even if restricted for a specific purpose.

The funds of the financial reporting entity are described below.

### *Governmental Funds:*

The City's governmental funds include:

#### Major Funds:

- General Fund – accounts for all activities not accounted for in other special-purpose funds. For financial statement reporting purposes the General Fund contains the following combining accounts:
  - Public Employee Sales Tax Account (PEST)
  - General Reserve Account
  - Municipal Court Account
  - Escrow Account
- 1996 Sales Tax Capital Projects Fund (reported as a capital project fund) – accounts for one penny sales taxes restricted for capital improvements and equipment, as well as hotel/motel taxes restricted for economic development, tourism, conventions, and parks/recreation.

**CITY OF YUKON, OKLAHOMA  
ANNUAL FINANCIAL REPORT  
As of and for the Year Ended June 30, 2021**

---

Aggregated Non-Major Funds (reported as Other Governmental Funds):

Special Revenue Funds:

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

- Special Revenue Fund – accounts for restricted revenues for various programs and projects.
- CDBG Fund – accounts for CDGB grant activity.
- Yukon Economic Development Authority Fund – accounts for tax increment sales, use, and hotel/motel taxes generated from within the TIF district equal to 90% of the non-dedicated two cents sales and use tax, as well as 90% of the five cents hotel/motel tax to be used for construction of an interchange at Frisco Road and Interstate 40, as well as the creation of an attractive viable commercial corridor south of Interstate 40 on and east of Frisco Road.
- Hotel/Motel Tax Fund – accounts for hotel/motel tax revenues received other than those within the TIF District as noted above.

Capital Project Fund:

- Capital Projects Fund – accounts for oil and gas receipts to be used for capital projects.

Debt Service Fund:

- Debt Service Fund – accounts for property taxes used to pay general obligation bonds debt service.

The governmental funds are reported on the modified accrual basis of accounting. On the modified accrual basis of accounting revenues are recorded when earned and measurable and available to pay current financial obligations, while expenditures are recorded when incurred and payable from current financial resources. The City defines revenue availability as collected within 60 days of period end.

The reconciliation of the governmental funds financial statements to the governmental activities presentation in the government-wide financial statements is the result of the use of the accrual basis of accounting and economic resources measurement focus at the government-wide level.

The General Fund and the 1996 Sales Tax Capital Projects Fund are considered major funds and are therefore displayed in separate columns. All other governmental funds are considered non-major funds and are aggregated under the column Other Governmental Funds.

**CITY OF YUKON, OKLAHOMA  
ANNUAL FINANCIAL REPORT  
As of and for the Year Ended June 30, 2021**

*Proprietary Funds:*

The City's proprietary funds include:

**Enterprise Funds**

- Yukon Municipal Authority (YMA) Water and Sewer Fund that accounts for the activities of the public trust in providing water and sewer services to the public. For financial reporting purposes, it includes the following accounts: YMA Capital and Utility Billing Account, YMA Water and Sewer Operations Account, and YMA Bond Account.
- YMA Sanitation Fund accounts for the activities of the public trust in providing sanitation services to the public.
- City Stormwater Fund accounts for stormwater services.

For purposes of the statement of revenues, expenses and changes in net position, operating revenues and expenses are considered those whose cash flows are related to operating activities, while revenues and expenses related to financing, capital and investing activities are reported as non-operating or transfers and contributions.

**3. Cash, Cash Equivalents, and Investments**

For the purpose of the statements of net position, balance sheets, and statement of cash flows, cash and cash equivalents includes all demand and savings accounts, certificates of deposit or short-term investments with an original maturity of three-months or less. Trust account investments in open-ended mutual fund shares are also considered cash equivalents for reporting purposes.

At June 30, 2021, the reporting entity held the following deposits and investments:

**Primary Government:**

*Custodial Credit Risk* – Exposure to custodial credit risk related to deposits exists when the City holds deposits that are uninsured and uncollateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the City’s name or collateralized without a written or approved collateral agreement. Exposure to custodial credit risk related to investments exists when the City holds investments that are uninsured and unregistered, with securities held by the counterparty or by its trust department or agent but not in the City’s name.

The City’s policy as it relates to custodial credit risk is to secure its uninsured deposits with collateral, valued at no more than market value. At June 30, 2021, the City was exposed to no custodial risk.

*Investment Interest Rate Risk* – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

*Investment Credit Risk* - The City is currently working with the City Attorney to revise the investment policy for adaptation during the new re-codification. The City has limited its investment choices to state law as follows:

- a. Direct obligations of the U. S. Government, its agencies and instrumentalities to which the full faith and credit of the U. S. Government is pledged, or obligations to the payment of which the full faith and credit of the State is pledged.
- b. Certificates of deposit or savings accounts that are either insured or secured with acceptable collateral with in-state financial institutions, and fully insured certificates of deposit or savings accounts in out-of-state financial institutions.
- c. With certain limitation, negotiable certificates of deposit, prime bankers acceptances, prime commercial paper and repurchase agreements with certain limitations.
- d. County, municipal or school district tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality or school district.
- e. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligations of the National Mortgage Association.
- f. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs a., b., c., d., and e.

*Concentration of Investment Credit Risk* – Exposure to concentration of credit risk is considered to exist when investments in any one issuer represent a significant percent of total investments of the City (any over 5% are disclosed). Investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are excluded from this consideration. The City places no limit on the amount it may invest in any one issuer.

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

**CITY OF YUKON, OKLAHOMA  
ANNUAL FINANCIAL REPORT  
As of and for the Year Ended June 30, 2021**

The City has the following recurring fair value measurements as of June 30, 2021:

- Money Market Mutual Funds of \$10,069,863 are valued using quoted market prices (Level 1 inputs).

*Restricted Cash and Investments* – The amounts reported as restricted assets of the Statement of Net Position are comprised of amounts restricted for utility deposits, debt service, debt reserve, restricted use resources or construction purposes. The restricted assets as of June 30, 2021 are as follows:

**5. Capital Assets and Depreciation**

*Capital Assets:*

Capital assets consist of land, construction in progress, buildings and building improvements, machinery and equipment, vehicles, and infrastructure. Capital assets are reported at actual or estimated historical cost if actual is unavailable, and reported in the government-wide financial statements. Donated capital assets are recorded at their fair value at the date of donation. Prior to July 1, 2002, governmental activities' infrastructure assets were not capitalized. These assets (back to July 1, 1980) are valued at estimated historical cost. The City capitalized some of the infrastructure assets in the fiscal year ended June 30, 2005; while the remaining infrastructure assets were valued and capitalized in the fiscal year ended June 30, 2007, complying with GASB 34 standards. Proprietary fund capital assets are also reported in their respective funds.

The City capitalizes assets with cost in excess of \$5,000 as purchases and construction outlays occur. Capital assets are depreciated using the straight-line method. Estimated useful lives, in year, for depreciable assets are as follows:

Buildings	40 years
Building Improvements	20-40 years
Vehicles	2-5 years
Office Equipment	7 – 10 years
Computer Equipment	3-5 years
Infrastructure	25 – 50 years

## **Pledge of Future Revenues**

*Sales Tax and Net Utilities Revenue Pledge* - The City has pledged one cent (or 25%) of future sales tax revenues and .75 cent (or 18.75%) of future use tax revenues as well as net water and sewer utilities revenue to repay \$15,000,000 of Series 2012 and 2013 Sales Tax and Utility System Revenue Bonds. Proceeds from the bonds provided financing for utility and governmental capital assets. The bonds are payable through 2023. The total principal and interest payable for the remainder of the life of these bonds is \$3,319,926. Total pledged sales taxes, use taxes, and net water and sewer utilities revenue received in the current fiscal year were \$12,361,417. Debt service payments for the current fiscal year of \$1,663,642 were 13.5% of the pledged sales taxes, use taxes, and net water and sewer utilities revenue.

*Sales Tax Pledge* - The City has also pledged an additional 2 cents (or 50%) of future sales tax revenues to repay \$55,380,000 of Series 2015A, 2017B, 2017, 2018, 2019, and 2020 Sales Tax Revenue Notes. Proceeds from the bonds provided for the refinancing of the Series 2005A, 2005B, 2007, 2010, and 2011 Sales Tax and Utility System Revenue Bonds which were used for utility and governmental capital assets and new governmental and utility assets. The bonds are payable through 2022, 2031, 2031, 2032, 2032, and 2033 respectively. The total principal and interest payable for the remainder of the life of these notes are \$49,330,039. Total pledged sales taxes received in the current fiscal year was \$12,000,951. Debt service payments for the current fiscal year of \$3,541,085 were 29.5% of the pledged sales taxes.

## **7. Net Position and Fund Balances**

### *Fund Statements:*

Governmental fund equity is classified as fund balance. Fund balance is further classified as non-spendable, restricted, committed, assigned and unassigned. These classifications are defined as:

- a. Non-spendable – includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.
- b. Restricted – consists of fund balance with constraints placed on the use of resources either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or (2) laws through constitutional provisions or enabling legislation.
- c. Committed – includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the city’s highest level of decision-making authority. The City’s highest level of decision-making authority is made by ordinance, while the Yukon Economic Development Authority’s highest level of decision-making authority is by resolution.
- d. Assigned – includes amounts that are constrained by the city’s intent to be used for specific purposes but are neither restricted nor committed. Assignments of fund balance may be made by city council action or management decision when the city council has delegated that authority. Assignments for transfers and interest income for governmental funds are made through the budgetary process.

**CITY OF YUKON, OKLAHOMA**  
**ANNUAL FINANCIAL REPORT**  
**As of and for the Year Ended June 30, 2021**

- e. Unassigned – represents fund balance that has not been assigned to other funds and has not been restricted, committed, or assigned to specific purposes within the General Fund.

It is the City’s policy to first use restricted fund balance prior to the use of the unrestricted fund balance when an expense is incurred for purposes for which both restricted and unrestricted fund balance are available. The City’s policy for the use of unrestricted fund balance amounts require that committed amounts would be reduced first, followed by assigned amounts and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

The following tables show the fund balance classifications as shown on the Governmental Funds Balance Sheet:

**CITY OF YUKON, OKLAHOMA  
ANNUAL FINANCIAL REPORT  
As of and for the Year Ended June 30, 2021**

---

Equity is classified as net position and displayed in three components:

- f. *Net investment in capital assets* - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- g. *Restricted net position* - Consists of net position with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- h. *Unrestricted net position* - All other net position that does not meet the definition of “restricted” or “net investment in capital assets.”

*Minimum Fund Balance (Reserve) Ordinance*

In 2003, city voters approved an additional .25 cent sales tax to be earmarked for replenishing and maintaining a reserve account at a level equal to 25% of the previous fiscal year’s revenues as determined by the City Council. The City Council has determined that the minimum reserve requirement is based only on the revenues of the General Fund. Any sales taxes received after that level is obtained, is to be deposited in the General Fund to be used and expended only as approved in individual circumstances by the City Council. At June 30, 2021, there was \$6,877,758 on deposit in the General Reserve Account for that purpose, equivalent to 29.0% of the previous year’s General Fund total revenue.

**8. Internal and Interfund Balances and Transfers**

The City’s policy is to eliminate interfund transfers and balances in the statements of activities and net position to avoid the grossing up of balances. Only the residual balances transferred between governmental and business-type activities are reported as internal transfers and internal balances and then offset in the total column in the government-wide statements. Interfund transfers and balances between funds are not eliminated in the fund financial statements.

*Transfers:*

Internal transfers between funds, accounts and activities for the year ended June 30, 2021 were as follows:

**9. Revenues**

**Sales Tax:**

Sales tax revenue represents a 4 cents tax on each dollar of taxable sales of which is recorded as follows:

- 2 cents is recorded in the General Fund except as noted in the last bullet.
- 1 cent is recorded in the 1996 Sales Tax Capital Project Fund to be used for capital improvements and equipment per voter election.
- .25 cents is recorded in the General Reserve Account (an account of the General Fund) to be used first to establish and maintain a reserve account at a level equal to 25% of the previous year's revenues as determined by the City Council; and second, any remainder to be deposited in the General Fund to be used and expended as determined by the City Council.
- .75 cents is recorded in the Public Employees Sales Tax Account (an account of the General Fund).
- 90% of the 2 cents sales tax collected within the TIF #1 District is transferred from the General Fund to the Yukon Economic Development Fund to be used to pay eligible project costs related to the construction of an interchange at Frisco Road and Interstate 40, as well as creation of an attractive viable commercial corridor south of Interstate 40 on and east of Frisco Road.

**Property Tax:**

Under State law, municipalities are limited in their ability to levy a property tax. Such tax may only be levied to repay principal and interest on general obligation bonded debt approved by voters and any court-assessed judgments.

At the present time the City levies a property tax to fund the annual debt service requirements of general obligation bonds outstanding.

The property tax levy, as determined by the City’s debt service needs, is submitted to the County Excise Board for approval. County assessors determine the taxable value of real estate and personal property in the County. A State Board of Equalization hears complaints on real estate values with the power to equalize assessments. Under present State law, the ratio of assessed value to true value cannot be less than 11 percent nor more than 13½ percent.

Property taxes levied by the City are billed and collected by the County Treasurer’s Office and remitted to the City in the month following collection. Property taxes are levied normally in October and are due in equal installments on December 31 and March 31. Property taxes unpaid for the fiscal year are attached by an enforceable lien on property in the following October. Property taxes levied, but not collected during the year or within 60 days of year-end are reported as deferred revenue.

For the year ended June 30, 2021, the City’s net assessed valuation of taxable property was \$203,931,478. The taxes levied by the City per \$1,000 of net assessed valuation for the year ended June 30, 2021 was \$3.70.

**10. Other Post-Employment Benefits**

*Plan description:* The City’s defined benefit OPEB plan provides OPEB to eligible retirees and their dependents. The City Council has the authority to establish and amend benefit provisions. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

*Benefits provided:* The City provides medical, dental, and vision benefits to eligible retirees and their dependents. The benefits are provided in accordance with State law, the City of Yukon Health Benefits Plan Amended and Restated July 1, 2014, and the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). The retirees and dependents pay 100% of the active employee coverage rates; this results in the retirees and beneficiaries receiving an implicit rate subsidy. Retirees and dependents coverage ceases at age 65 and are no longer eligible for the City’s OPEB plan. All active employees who retire directly from the City after age 55 with 8 years of service may participate.

*Employees covered by benefit terms:* At June 30, 2021 the following employees were covered by the benefit terms:

Active Employees	201
Inactives or beneficiaries currently receiving benefit payments	<u>10</u>
Total	<u>211</u>

*Total OPEB Liability* – The City’s total OPEB liability of \$419,593 was measured as of June 30, 2021, and was determined by an actuarial valuation as of June 30, 2021.

**CITY OF YUKON, OKLAHOMA  
ANNUAL FINANCIAL REPORT  
As of and for the Year Ended June 30, 2021**

Actuarial Assumptions- The total OPEB liability was determined based on an actuarial valuation prepared as of June 30, 2021 using the following actuarial assumptions:

- Actuarial Cost Method - Entry Age Normal
- Discount Rate – 2.16%, based on June 30, 2020 published Bond Pay Go-20 bond index
- Participation Rate – 100% of active and retirees will elect to continue coverage
- Turnover –employee rates are based on actual experience of the Oklahoma Municipal Retirement Fund.
- Retirement Rates:

	1% Decrease (3.50%)	Current Discount Rate (4.50%)	1% Increase (5.50%)
Employers' total OPEB liability	\$ 375,419	\$ 419,593	\$ 471,413

**OPEB Expense**- For the year ended June 30, 2021, the City recognized OPEB expense of \$32,961.

For purposes of measuring the total OPEB liability, deferred outflows of resources, and deferred inflows and OPEB expense for the single employer other postemployment benefit plan the measurement has been prepared in accordance with GASB Statement No. 75.

## **11. Risk Management**

The City is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employee health and life; and natural disasters. The City manages these various risks of loss as follows:

- General Liability and Physical Property – Covered through participation in Oklahoma Municipal Assurance Group risk entity pool.
- Workers’ Compensation – Covered through participation in Oklahoma Municipal Assurance Group risk entity pool.
- Employee’s Group Medical – Purchased commercial insurance

## **12. Commitments and Contingencies**

### *Litigation:*

The City is party to various legal proceedings which normally occur in the course of governmental operations. The financial statements do not include accruals or provisions for loss contingencies that may result from these proceedings. State statutes provide for the levy of an ad valorem tax over a three-year period by a City “Sinking Fund” for the payment of any court assessed judgment rendered against the City. These statutory provisions do not apply to the City’s public trust Authorities. While the outcome of the above noted proceedings cannot be predicted, due to the insurance coverage maintained by the City and the State statute relating to judgments, the City feels that any settlement or judgment not covered by insurance would not have a material adverse effect on the financial condition of the City.

### *Federal and State Award Programs:*

The City of Yukon participates in various federal or state grant/loan programs from year to year. The grant/loan programs are often subject to additional audits by agents of the granting or loaning agency, the purpose of which is to ensure compliance with the specific conditions of the grant or loan. Any liability for reimbursement which may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

### *Construction Commitments:*

At June 30, 2021 the City had awarded construction contracts totaling approximately \$1,804,255 and of this amount, \$1,286,007 was still outstanding.

## **13. Pension Plan Participation**

The City of Yukon participates in four pension or retirement plans:

- Oklahoma Firefighter’s Pension and Retirement System (OFPRS) – a statewide cost-sharing plan
- Oklahoma Police Pension and Retirement System (OPPRS) – a statewide cost-sharing plan
- Oklahoma Municipal Retirement Fund – an agent multiple-employer defined benefit plan
- Oklahoma Municipal Retirement Fund – agent multiple-employer defined contribution plans

**CITY OF YUKON, OKLAHOMA

**Summary of Significant Accounting Policies** - For purposes of measuring the net pension asset, net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Oklahoma Firefighters Pension & Retirement System (OFPRS), Oklahoma Police Pension & Retirement System (OPPRS) and Oklahoma Municipal Retirement Fund (OkMRF) and additions to/deductions from OFPRS, OPPRS and OkMRF’s fiduciary net position have been determined on the same basis as they are reported by OFPRS, OPPRS and OkMRF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments held by these funds are reported at fair value.

For purposes of measuring the total OPEB liability, deferred outflows of resources, and deferred inflows and OPEB expense for the single employer other postemployment benefit plan the measurement has been prepared in accordance with GASB Statement No. 75.

*Fire Plan:*

**Plan description** - The City of Yukon, as the employer, participates in the Firefighters Pension & retirement—a cost-sharing multiple-employer defined benefit pension plan administered by the Oklahoma Firefighters Pension & Retirement System (FPRS). Title 11 of the Oklahoma State Statutes grants the authority to establish and amend the benefit terms to the FPRS. FPRS issues a publicly available financial report that can be obtained at [www.ok.gov/fprs](http://www.ok.gov/fprs).

**Benefits provided** - FPRS provides defined retirement benefits based on members’ final average compensation, age, and term of service. In addition, the retirement program provides for benefits upon disability and to survivors upon death of eligible members. The Plan’s benefits are established and amended by Oklahoma statute. Retirement provisions are as follows:

**CITY OF YUKON, OKLAHOMA  
ANNUAL FINANCIAL REPORT  
As of and for the Year Ended June 30, 2021**

---

Normal Retirement:

- Hired Prior to November 1, 2013  
Normal retirement is attained upon completing 20 years of service. The normal retirement benefit is equal to 50% of the member's final average compensation. Final average compensation is defined as the monthly average of the highest 30 consecutive months of the last 60 months of participating service. For volunteer firefighters, the monthly pension benefit for normal retirement is \$150.60 per month
  
- Hired After November 1, 2013  
Normal retirement is attained upon completing 22 years of service. The normal retirement benefit is equal to 55% of the member's final average compensation. Final average compensation is defined as the monthly average of the highest 30 consecutive months of the last 60 months of participating service. Also participants must be age 50 to begin receiving benefits. For volunteer firefighters, the monthly pension benefit for normal retirement is \$165.66 per month.

All firefighters are eligible for immediate disability benefits. For paid firefighters, the disability in-the-line-of-duty benefit for firefighters with less than 20 years of service is equal to 50% of final average monthly compensation, based on the most recent 30 months of service. For firefighters with over 20 years of service, a disability in the line of duty is calculated based on 2.5% of final average monthly compensation, based on the most recent 30 months, per year of service, with a maximum of 30 years of service. For disabilities not in the line of duty, the benefit is limited to only those with less than 20 years of service and is 50% of final average monthly compensation, based on the most recent 60-month salary as opposed to 30 months. For volunteer firefighters, the not-in-the-line-of-duty disability is also limited to only those with less than 20 years of service and is \$7.53 per year of service. For volunteer firefighters, the in-the-line-of-duty pension is \$150.60 with less than 20 years of service or \$7.53 per year of service, with a maximum of 30 years.

A \$5,000 lump sum death benefit is payable to the qualified spouse or designated recipient upon the participant's death. The \$5,000 death benefit does not apply to members electing the vested benefit.

**Contributions** - The contributions requirements of the Plan are at an established rate determine by Oklahoma Statute and are not based on actuarial calculations. Employees are required to contribute 9% percent of their annual pay. Participating cities are required to contribute 14% of the employees' annual pay. Contributions to the pension plan from the City were \$518,163. The State of Oklahoma also made on-behalf contributions to FPRS in the amount of \$1,183,004 (modified-accrual); these on-behalf payments did not meet the criteria of a special funding situation. For full-accrual reporting the amount of on-behalf payments made were \$1,137,328.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions** - At June 30, 2021, the City reported a liability of \$13,525,118 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The City's proportion of the net pension liability was based on the City's contributions received by the pension plan relative to the total contributions received by pension plan for all participating employers as of June 30, 2020. Based upon this information, the City's proportion was 1.097896% percent.

**CITY OF YUKON, OKLAHOMA  
ANNUAL FINANCIAL REPORT  
As of and for the Year Ended June 30, 2021**

For the year ended June 30, 2021, the City recognized pension expense of \$3,043,568. At June 30, 2021, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,723,781	\$ 181,474
Changes of assumptions	-	229,197
Net difference between projected and actual earnings on pension plan investments	198,803	-
Changes in proportion and differences between City contributions and proportionate share of contributions	864,550	111,766
City contributions during measurement date	473	11,663
City contributions subsequent to the measurement date	518,163	-
Total	<u>\$ 3,305,770</u>	<u>\$ 534,100</u>

The \$518,163 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2022	\$ 596,705
2023	731,853
2024	572,344
2025	352,605
2026	-
Total	<u>2,253,507</u>

**Actuarial Assumptions**-The total pension liability was determined by an actuarial valuation as of July 1, 2020, using the following actuarial assumptions, applied to all prior periods included in the measurement:

Inflation:	2.75%
Salary increases:	2.75% to 10.50% average, including inflation
Investment rate of return:	7.5% net of pension plan investment expense

Mortality rates were based on the Pub-2010 Public Safety Table, with adjustments for generational mortality improvement using scale MP-2018 for healthy lives and no mortality improvement for disabled lives.

The actuarial assumptions used in the July 1, 2020, valuation were based on the results of an actuarial experience study for the period July 1, 2013, to June 30, 2018.

**CITY OF YUKON, OKLAHOMA  
ANNUAL FINANCIAL REPORT  
As of and for the Year Ended June 30, 2021**

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2020, are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Fixed income	20%	4.38%
Domestic equity	47%	7.41%
International equity	15%	9.82%
Real estate	10%	7.70%
Other assets	8%	5.67%

**Discount Rate**-The discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, determined by State statutes. Projected cash flows also assume the State of Oklahoma will continue contributing 36% of the insurance premium, as established by statute. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the Net Pension Liability to Changes in the Discount Rate**-The following presents the city's proportionate share of the net pension liability calculated using the discount rate of 7.5%, as well as what the city's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.5%) or 1-percentage-point higher (8.5%) than the current rate:

	1% Decrease 6.5%	Current Discount Rate 7.5%	1% Increase 8.5%
Employer's net pension liability	\$ 17,564,867	\$ 13,525,118	\$ 10,145,329

**Pension plan fiduciary net position** - Detailed information about the pension plan's fiduciary net position is available in the separately issued financial report of the FPRS which can be located at [www.ok.gov/FPRS](http://www.ok.gov/FPRS).

*Police Plan:*

**Plan description** - The City of Yukon, as the employer, participates in the Oklahoma Police Pension and Retirement Plan—a cost-sharing multiple-employer defined benefit pension plan administered by the Oklahoma Police Pension and Retirement System (OPPRS). Title 11 of the Oklahoma State Statutes, through the Oklahoma Legislature, grants the authority to establish and amend the benefit terms to the OPPRS. OPPRS issues a publicly available financial report that can be obtained at [www.ok.gov/OPPRS](http://www.ok.gov/OPPRS).

**Benefits provided** - OPPRS provides retirement, disability, and death benefits to members of the plan. The normal retirement date under the Plan is the date upon which the participant completes 20 years of credited service, regardless of age. Participants become vested upon completing 10 years of credited service as a contributing participant of the Plan. No vesting occurs prior to completing 10 years of credited service. Participants' contributions are refundable, without interest, upon termination prior to normal retirement. Participants who have completed 10 years of credited service may elect a vested benefit in lieu of having their accumulated contributions refunded. If the vested benefit is elected, the participant is entitled to a monthly retirement benefit commencing on the date the participant reaches 50 years of age or the date the participant would have had 20 years of credited service had employment continued uninterrupted, whichever is later.

Monthly retirement benefits are calculated at 2.5% of the final average salary (defined as the average paid base salary of the officer over the highest 30 consecutive months of the last 60 months of credited service) multiplied by the years of credited service, with a maximum of 30 years of credited service considered.

Monthly benefits for participants due to permanent disability incurred in the line of duty are 2.5% of the participants' final average salary multiplied by 20 years. This disability benefit is reduced by stated percentages for partial disability based on the percentage of impairment. After 10 years of credited service, participants who retire due to disability incurred from any cause are eligible for a monthly benefit based on 2.5% of their final average salary multiplied by the years of service. This disability benefit is also reduced by stated percentages for partial disability based on the percentage of impairment. Effective July 1, 1998, once a disability benefit is granted to a participant, that participant is no longer allowed to apply for an increase in the dollar amount of the benefit at a subsequent date.

Survivor's benefits are payable in full to the participant's beneficiary upon the death of a retired participant. The beneficiary of any active participant killed in the line of duty is entitled to a pension benefit.

**Contributions**- The contributions requirements of the Plan are at an established rate determine by Oklahoma Statute and are not based on actuarial calculations. Employees are required to contribute 8% of their annual pay. Participating cities are required to contribute 13% of the employees' annual pay. Contributions to the pension plan from the City were \$519,021. The State of Oklahoma also made on-behalf contributions to OPPRS in the amount of \$327,748 during the calendar year and this is reported as both an expenditure and a revenue in the General Fund Statement of Revenues, Expenditures, and Changes in Fund Balance. In the government-wide Statement of Activities, revenue is recognized for the state's on-behalf contributions on an accrual basis of \$433,575. These on-behalf payments did not meet the criteria of a special funding situation.

**CITY OF YUKON, OKLAHOMA  
ANNUAL FINANCIAL REPORT  
As of and for the Year Ended June 30, 2021**

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions** - At June 30, 2021, the City reported a liability of \$1,235,735 for its proportionate share of the net pension asset. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The City's proportion of the net pension liability was based on the City's contributions received by the pension plan relative to the total contributions received by pension plan for all participating employers as of June 30, 2020. Based upon this information, the City's proportion was 1.076002%.

For the year ended June 30, 2021, the City recognized pension expense of \$1,449,737. At June 30, 2021, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 31,969	\$ 335,593
Changes of assumptions	126,946	-
Net difference between projected and actual earnings on pension plan investments	1,457,974	-
Changes in proportion and differences between City contributions and proportionate share of contributions	20,024	6,204
City contributions during measurement date	2,207	4,932
City contributions subsequent to the measurement date	519,021	-
Total	<u>\$ 2,158,141</u>	<u>\$ 346,729</u>

The \$519,021 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a decrease of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:		
2022	\$	179,646
2023		373,677
2024		481,138
2025		281,386
2026		<u>(23,456)</u>
	\$	<u>1,292,391</u>

**Actuarial Assumptions**-The total pension liability was determined by an actuarial valuation as of July 1, 2020, using the following actuarial assumptions, applied to all prior periods included in the measurement:

Inflation:	2.75%
Salary increases:	3.5% to 12% average, including inflation
Investment rate of return:	7.5% net of pension plan investment expense

Cost-of-living adjustments: Police officers eligible to receive increased benefits according to repealed Section 50-120 of Title 11 of the Oklahoma Statutes pursuant to a court order receive an adjustment of 1/3 to 1/2 of an increase or decrease of any adjustment to the base salary of a regular police officer, based on an increase in base salary of 3.5% (wage inflation).

Mortality rates: Active employees (pre-retirement) RP-2000 Blue Collar Healthy Combined table with age set back 4 years with fully generational improvement using Scale AA.

Active employees (post-retirement): RP-2000 Blue Collar Healthy Combined table with fully generational improvement using scale AA.

Disabled pensioners: Blue Collar Healthy Combined table with age set forward 4 years.

The actuarial assumptions used in the July 1, 2020, valuation were based on the results of an actuarial experience study for the period July 1, 2012, to June 30, 2017.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2020, are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>
Fixed income	5.11%
Domestic equity	6.80%
International equity	11.45%
Real estate	8.60%
Private Equity	11.58%
Commodities	0.00%

The current allocation policy is that approximately 60% of assets in equity instruments, including public equity, long-short hedge, venture capital, and private equity strategies; approximately 25% of assets in fixed income to include investment grade bonds, high yield and non-dollar denominated bonds, convertible bonds, and low volatility hedge fund strategies; and 15% of assets in real assets to include real estate, commodities, and other strategies.

**Discount Rate**-The discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, determined by State statutes. Projected cash flows also assume the State of Oklahoma will continue contributing 14% of the insurance premium, as established by statute. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected

future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the Net Pension Liability (Asset) to Changes in the Discount Rate**-The following presents the net pension liability (asset) of the employers calculated using the discount rate of 7.5%, as well as what the Plan's net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage point lower (6.5%) or 1-percentage-point higher (8.5%) than the current rate:

	1% Decrease 6.5%	Current Discount Rate 7.5%	1% Increase 8.5%
Employers' net pension liability (asset)	\$ 4,365,351	\$ 1,235,735	\$ (1,411,263)

**Pension plan fiduciary net position** - Detailed information about the pension plan's fiduciary net position is available in the separately issued financial report of the OPPRS; which can be located at [www.ok.gov/OPPRS](http://www.ok.gov/OPPRS).

*Employee Defined Benefit Plan:*

**Discount Rate** – The discount rate used to value benefits was the long-term expected rate of return on plan investments, 7.50% since the plan’s net fiduciary position is projected to be sufficient to make projected benefit payments.

The City has adopted a funding method that is designed to fund all benefits payable to participants over the course of their working careers. Any differences between actual and expected experience are funded over a fixed period to ensure all funds necessary to pay benefits have been contributed to the trust before those benefits are payable. Thus, the sufficiency of pension plan assets was made without a separate projection of cash flows.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation (2.75%). Best estimates of arithmetic real rates of return for each major asset class included in the pension plan’s target asset allocation as of July 1, 2020 are summarized in the following table:

***Changes in Net Pension Liability***-The total pension liability was determined based on an actuarial valuation performed as of July 1, 2020 which is also the measurement date. There were no changes in assumptions or changes in benefit terms that affected measurement of the total pension liability. There were also no changes between the measurement date of July 1, 2020 and the City's report ending date of June 30, 2021, that would have had a significant impact on the net pension liability. The following table reports the components of changes in net pension liability:

*Employee Defined Contribution Plan:*

The City has also provided a defined contribution plan and trust known as the City of Yukon Plan and Trust in the form of The Oklahoma Municipal Retirement System Master Defined Contribution Plan (OkMRF). The defined contribution plan is available to all full-time employees hired after June 30, 2014, except for those employees participating in another state or local retirement system including police officers, firefighters, and the city manager. Benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate after 90 days of employment and must make contributions to the plan, based upon employee contributions under the pick-up option, at a rate of 5% of covered payroll. These picked-up contributions are made by the employer and paid in lieu of contributions by the employee. Additionally, the employer intends to make contributions to the plan in varying amounts each year. During this fiscal year, the city contributed an additional 14.86% of covered payroll. The City's contributions for each employee (and interest allocated to the employee's account) are vested after 7 years of employment. City contributions for, and interest forfeited by, employees who leave employment prior to fully vesting shall decrease the required employer contributions. The authority to establish and amend the provisions of the plan rest with the City Council.

For the year ended June 30, 2021, the following amounts related to the defined contribution plan:

Employee contributions made	\$ 182,003
Employer contributions made	\$ 522,739

*City Manager Defined Contribution Plan:*

The City also has a defined contribution plan and trust known as the City of Yukon City Manager Retirement Plan and Trust (CMO Plan). The plan is administered by JP Morgan Chase Bank of Oklahoma City, Oklahoma. According to state law, the authority for establishing or amending the plan's provisions and contribution requirements rests with the city council. This plan is available only to the City Manager. The city manager is eligible to participate upon employment and must contribute 5% to the plan, based upon contributions under the pick-up option. These picked-up contributions are made by the employer and paid in lieu of contributions by the city manager. Additionally, the employer intends to make contributions to the plan in varying amounts each year. During this fiscal year, the city contributed 6.0%. Contributions to the plan for the current fiscal year were \$5,203 (employee) and \$6,244 (employer).

**14. Use of Estimates**

Certain estimates are made in the preparation of the financial statements, such as estimated lives for capital assets depreciation. Estimates are based on management's best judgments and may vary from actual results.

**15. Compliance**

**Budgetary Compliance**

The City prepares and administers their budgets at the department level. This is the legal level of control. Expenditures did not exceed appropriation within any department at June 30, 2021.

**Use of Restricted Reserves**

As discussed in Note 8, the voter-approved reserve requirement is such that .25 cents of restricted sales tax must be deposited into and maintained in the General Reserve Account until the minimum balance of 25% of the prior year General Fund revenue is obtained. The following table shows the change in the General Reserve cash and investment balances and the required minimum balance:

**Footnotes to Budgetary Comparison Schedules:**

1. The budgetary comparison schedule is reported on a non-GAAP budgetary basis that report revenues and expenditures on a cash basis. For budgetary purposes expenditures are recorded in the period when paid and revenues are recorded in the period received.
2. The legal level of appropriation control is the department level within a fund. Transfers of appropriation within a fund require the approval of the City Manager. All supplemental appropriations require the approval of the City Council. Supplemental appropriations must be filed with the Office of the State Auditor and Inspector.
3. The budgetary basis differs from the modified accrual basis as shown in the schedule below:

	General Fund
Total revenue- budgetary basis	\$ 30,183,957
Total expense- budgetary basis	(25,488,035)
Change in fund balance-budgetary basis	4,695,922
Revenue accruals	(252,479)
Expenditures accruals	(1,461,730)
Debt service transfers in	1,029,597
Other transfers	(5,161,664)
Change in fund balance-GAAP basis	\$ (1,150,354)

**Note 1. Basis of Presentation**

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of the City of Yukon, Oklahoma (the "City") under programs of the federal government for the year ended June 30, 2021. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the City.

**Note 2. Summary of Significant Accounting Policies**

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

**Note 3. Indirect Cost Rate**

The City has not elected to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

**SINGLE AUDIT AND INTERNAL CONTROL AND COMPLIANCE INFORMATION**

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the City Council  
City of Yukon, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Yukon, Oklahoma, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise City of Yukon, Oklahoma's basic financial statements, and have issued our report thereon dated March 11, 2022.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered City of Yukon, Oklahoma's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Yukon, Oklahoma's internal control. Accordingly, we do not express an opinion on the effectiveness of City of Yukon, Oklahoma's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether City of Yukon, Oklahoma's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Honorable Mayor and Members of the City Council  
City of Yukon, Oklahoma

**Report on Compliance for Each Major Federal Program**

We have audited the City of Yukon, Oklahoma's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City of Yukon, Oklahoma's major federal programs for the year ended June 30, 2021. City of Yukon, Oklahoma's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of the City of Yukon, Oklahoma's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Yukon, Oklahoma's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City of Yukon, Oklahoma's compliance.

***Opinion on Each Major Federal Program***

In our opinion, the City of Yukon, Oklahoma, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

**Report on Internal Control over Compliance**

Management of the City of Yukon, Oklahoma, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Yukon, Oklahoma's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Yukon, Oklahoma's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
