INDEPENDENT AUDITOR'S REPORT

The Honorable Board of Education
Zaneis School District No. CO72
Wilson, Oklahoma

Report on the Financial Statements

We have audited the accompanying fund type and account group financial statements of Zaneis School District No. CO72, Carter County, Oklahoma, as of and for the year ended June 30, 2020, and the related notes to the financial statements which collectively comprise the District's regulatory financial statements as listed in the table of contents.

Management's Responsibility of the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Oklahoma State Department of Education as described in Note 1. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risks assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepting Accounting Principles

As discussed in Note 1, the financial statements are prepared by Zaneis School District No. CO72, Carter County, Oklahoma, on the basis of the financial reporting provisions of Oklahoma State Department of Education, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to comply with the requirements of Oklahoma State Department of Education. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statement referred to in the first paragraph do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Zaneis School District No. CO72, Carter County, Oklahoma as of June 30, 2020, the changes in its financial position for the year then ended.

Basis for Qualified Opinion on General Fixed Asset Account Group

As discussed in Note 1, the combined financial statements referred to above do not include the General Fixed Asset Account Group which should be included to conform with financial reporting provisions of Oklahoma State Department of Education. The amount that should be recorded in the General Fixed Asset Account Group is not known.

Qualified Opinion

In our opinion, except for the effects of the matters described in the “Basis for Qualified Opinion on General Fixed Asset Account Group” paragraph, the financial statements referred to above present fairly, in all material respects, the assets, liabilities and fund equity arising from regulatory basis transactions of each fund type and account group of Zaneis School District No. CO72, Carter County, Oklahoma, as of June 30, 2020, and the revenues collected and expenses paid and budgetary results for the year then ended on the basis of accounting described in Note 1.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Zaneis School District No. CO72, Carter County, Oklahoma financial statements as a whole. The accompanying Combining Schedules of Special Revenue Fund Financial Statements – Regulatory Basis, Combining Statement of Changes in Cash Balances – Regulatory Basis – Activity Funds, and Schedule of Expenditures of Federal Awards is presented for purpose of additional analysis and is not a required part of the basic financial statements.

The Combining Schedules of Special Revenue Fund Financial Statements – Regulatory Basis, Combining Statement of Changes in Cash Balances – Regulatory Basis – Activity Funds, and Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The statement of statutory fidelity and honesty bonds and schedule of accountant’s professional liability insurance have not been subjected to the auditing procedures applied in the basic financial statements and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 5, 2021 on our consideration of Zaneis School District No. CO72, Carter County, Oklahoma’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contract and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Zaneis School District No. CO72, Carter County, Oklahoma’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering Zaneis School District No. CO72, Carter County, Oklahoma’s internal control over financial reporting and compliance.

Zaneis School District No. CO72
Carter County, Oklahoma
Notes to Combined Financial Statements
June 30, 2020

1. Summary of Significant Accounting Policies

The basic financial statements of the Zaneis School District, CO72, Carter County, Oklahoma (the "District") have been prepared in conformity with another comprehensive basis of accounting as prescribed by the Oklahoma State Department of Education. The more significant of the District's accounting policies are described below.

A. The Reporting Entity

The District is a corporate body for public purposes created under Title 70 of the Oklahoma Statutes and accordingly is a separate entity for operating and financial reporting purposes. The District is part of the public school system of Oklahoma under the general direction and control of the State Board of Education and is financially dependent on state of Oklahoma for support. The general operating authority for the public school system is the Oklahoma School Code contained in Title 70, Oklahoma Statutes.

The governing body of the District is the Board of Education composed of elected members. The appointed administrative principal is the executive officer of the District.

In evaluating how to define the district, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria established by the Governmental Accounting Standards Board (GASB). The basic, but not the only, criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the District and/or its citizens, or whether the activity is conducted within the geographic boundaries of the district and is generally available to its patrons. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the District is able to exercise oversight responsibilities. Based upon the application of these criteria, there are no potential component units included in the District's reporting entity.

B. Fund Accounting

The District uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain district functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

Funds are classified into two categories: governmental and fiduciary. Each category, in turn, is divided into separate "fund types."

Governmental Fund Types

Governmental funds are used to account for all or most of a government's general activities, including the collection and disbursement of earmarked monies (special revenue funds), the acquisition or construction of general fixed assets (capital projects funds), and the servicing of general long-term debt (debt service funds).

General Fund - The general fund is used to account for all financial transactions except those required to be accounted for in another fund. Major revenue sources include state and local property taxes and state funding under the Foundation and Incentive Aid Program. Expenditures include all costs associated with the daily operations of the schools except for programs funded for building repairs and maintenance, school construction and debt service on bonds and other long-term debt. The general fund includes federal and state restricted monies that must be expended for specific programs.

Special Revenue Fund - The special revenue fund consists of the District's Building Fund, Child Nutrition Fund, and Municipal Tax Fund. The Building fund consists of monies derived from property taxes levied for the purpose of erecting, remodeling, or repairing buildings and for purchasing furniture and equipment. The Child Nutrition Fund derives monies from local sources for meals. Reimbursements are received from state and federal sources for reimbursement of free and reduced lunches. The Municipal Sales Tax Fund consists of monies derived from a county sales tax collected on behalf of the school district for purposes of technology equipment and instruction and classroom materials.

1. Summary of Significant Accounting Policies (continued)

B. Fund Accounting (continued)

Fiduciary Fund Types

Agency Fund - The Agency fund is the School Activities fund which is used to account for monies collected principally through fundraising efforts of the students and District-sponsored groups. The administration is responsible, under the authority of the Board, of collecting, disbursing and accounting for these activity funds.

Account Groups

Account groups are not funds and consist of a self-balancing set of accounts used only to establish accounting control over long-term debt and general fixed assets not accounted for in proprietary funds. The District does not include a general fixed-assets account group.

General Long-Term Debt Account Group - This account group was established to account for all long-term debt of the District, which is offset by the amount available in the debt service fund and the amount to be provided in future years to complete retirement of the debt principal.

General Fixed Asset Account Group - This account group is used to account for property, plant and equipment of the school district. The District does not maintain the fixed asset records necessary to account for this account group.

Memorandum Only - Total Column

The total column on the basic regulatory financial statements is captioned "memorandum only" to indicate that it is presented only to facilitate financial analysis. Data in this column does not present financial position, results of operations or cash flows in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

C. Basis of Accounting and Presentation

The District prepares its financial statements in a presentation format that is prescribed by the Oklahoma State Department of Education. This format is essentially the generally accepted form of presentation used by state and local governments prior to the effective date of GASB Statement No. 34, *Basic Financial Statements-Management's Discussion and Analysis-for*

Zaneis School District No. CO72
Carter County, Oklahoma
Notes to Combined Financial Statements
June 30, 2020

State and Local Governments. This format significantly differs from that required by GASB 34.

The basic financial statements are essentially prepared on a basis of cash receipts and disbursements modified as required by the regulations of the Oklahoma State Department of Education (OSDE) as follows:

- Encumbrances represented by purchase orders, contracts, and other commitments for the expenditure of monies and are recorded as expenditures when approved.
- Investments are recorded as assets when purchased.
- Warrants payable are recorded as liabilities when issued.
- Long-term debt is recorded when incurred.
- Accrued compensated absences are recorded as an expenditure and liability when the obligation is incurred.

This regulatory basis of accounting differs from accounting principles generally accepted in the United States of America, which require revenues to be recognized when they become available and measurable, or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred for governmental fund types.

Estimates - The preparation of financial statements in conformity with the regulatory basis of accounting requires the District to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Noncash Transactions - The District received federal food commodities in the amount of \$13,935 passed through the State Department of Human Services and used in the Child Nutrition program. In addition, the State of Oklahoma paid approximately \$10,611 directly to the teacher retirement fund on behalf of the District's employees.

D. Budgets and Budgetary Accounting

The District is required by state law to prepare an annual budget. No later than October 1, each board of education shall prepare a financial statement and estimate of needs to be filed with the applicable count clerk and the State Department of Education. Once the county excise board has approved the estimate of needs, the board shall adopt a final budget within 45 days or the second regularly scheduled board meeting. No later than 15 days prior to adoption of a final budget, the board must conduct a public hearing for purposes of taking public comments. The final budget may be revised upon approval of the Board of Education in open meeting.

Zaneis School District No. CO72
Carter County, Oklahoma
Notes to Combined Financial Statements

1. Summary of Significant Accounting Policies (continued)

D. Budget and Budgetary Accounting (continued)

Under current Oklahoma Statutes a formal budget is required for all funds except for trust and agency funds. Budgets are presented for all funds that include the originally approved budgeted appropriations for expenditures and final budgeted appropriations as adjusted for supplemental appropriations and approved transfers between budget categories.

E. Assets Liabilities and Fund Equity

Investments – The District’s investment policies are governed by Oklahoma Statutes. Permissible investments include direct obligations of the United States government and agencies, certificates of deposits of savings and loan associations, and bank and trust companies; and savings accounts or savings certificates of savings and loan associations, banks and trust companies. Collateral is required for all amounts not covered by FDIC insurance.

Property Tax Revenues - The District is authorized by state law to levy property taxes which consist of ad valorem taxes on real and personal property within the District. The County Assessor, upon receipt of the certification of tax levies from the county excise board, extends the tax levies on the tax roll for submission to the county treasurer prior to October 1. The county treasurer must commence tax collection within fifteen days of receipt of the tax rolls. The first halves of taxes are due prior to January 1. The second half is due prior to April 1.

If the first payment is not made timely, the entire tax becomes due and payable on January 2. Second half taxes become delinquent on April 1 of the year following the year of assessment. If not paid for a period of three years or more as of the date such taxes first become due, the property is offered for sale for the amount of taxes due.

Inventories - The value of consumable inventories at June 30, 2020 is not material to the financial statements.

Compensated Absences - Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure of the governmental funds that will pay it. There are no amounts of vested or accumulated vacation leave.

1. Summary of Significant Accounting Policies (continued)

E. Assets Liabilities and Fund Equity (continued)

Long-Term Debt - Long-term debt is recognized as a liability of a governmental fund when due, or when resources have been accumulated in the debt service fund for payment early in the following year. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. The remaining portion of such obligations is reported in the general long-term debt account group.

Fund Balance - Fund balance represents the funds not encumbered by purchase order, legal contracts, and outstanding warrants.

F. Revenue, Expenses and Expenditures

State Revenues - Revenues from state sources for current operations are primarily governed by the state aid formula under the provisions of Article XVIII, Title 70, Oklahoma Statutes. The State Board of Education administers the allocation of state aid funds to school districts based on information accumulated from the districts. Approximately 75% of the District's General Fund revenue comes from state sources.

After review and verification of reports and supporting documentation, the State Department of Education may adjust subsequent fiscal period allocations of money for prior year errors disclosed by review. Normally, such adjustments are treated as reductions or additions of revenue of the year when the adjustment is made.

The District receives revenue from the state to administer certain categorical educational programs. State Board of Education rules require that revenue earmarked for these programs be expended only for the program for which the money is provided and require that the money not expended as of the close of the fiscal year be carried forward into the following year to be expended for the same categorical programs. The State Department of Education requires that categorical education program revenues be accounted for in the general fund.

Interfund Transactions - Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund or expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the fund that is reimbursed.

Zaneis School District No. CO72
 Carter County, Oklahoma
 Notes to Combined Financial Statements
 June 30, 2020

1. Summary of Significant Accounting Policies (continued)

F. Revenue, Expenses and Expenditures (continued)

All other interfund transactions, except quasi-external transactions which are reimbursements, are reported as transfers. Nonrecurring or nonroutine permanent transfers of equity are reported as residual equity transfers.

2. Cash

Custodial Credit Risk - Custodial credit risk for deposits is the risk that in the event of a bank failure, the District's deposits may not be returned or the District will not be able to recover collateral securities in the possession of an outside party. The District's policy requires collateral for demand deposits and certificates of deposit for all amounts not covered by federal deposit insurance.

As of June 30, 2020, cash deposits were fully insured or collateralized by a pledging bank's agent in the District's name. All funds were held as demand deposits at a local bank.

3. General Long Term Debt

General long-term debt of the District consists of a capital lease. The following is a summary of the long-term debt transactions of the District for the year ended June 30, 2020:

	Beginning Balance	Additions	Reductions	Ending Balance
Capital Lease Obligations	\$ 88,811	\$ -	\$ 21,264	\$ 67,547
	\$ 88,811	\$ -	\$ 21,264	\$ 67,547

Capital Leases

The District entered into a lease agreement as lessee for financing the acquisition of land. For accounting purposes since the title transfers at the end of the lease term, it has been recorded at the present value of the future minimum lease payments. The leases contain a clause which provides the ability to terminate the agreement at the end of each fiscal year. The District has recorded the liability for future lease payments in the general long-term debt group.

3. General Long Term Debt (continued)

The lease purchase agreement was in the amount of \$110,000 at an interest rate of 3.031% payable in five annual payments of \$23,929 starting May 31, 2019, with final payment on May 31, 2023 for a total amount to be paid of \$119,643.

Future Minimum lease payment on this lease is as follows:

<u>Year Ended June 30,</u>	<u>Amount Due</u>
2021	\$ 23,929
2022	23,929
2023	<u>23,929</u>

Less: Interest	<u>(4,239)</u>
Total	<u>\$ 67,547</u>

4. Employee Retirement System

Teachers' Retirement System of Oklahoma

Plan Description – The System provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. The ability to establish and amend benefit provisions is the responsibility of the state legislature. The System issues a publicly available financial report that includes financial statements and required supplementary information for the employees of the District. The System issues a publicly available financial report that can be obtained at <http://www.ok.gov/trs/>.

Benefits Provided – The System provides defined retirement benefits based on members' final compensation, age, and term of service. In addition, the retirement program provides for benefits upon disability and to survivors upon the death of eligible members. Title 70 O.S. Sec. 17-105 defines all retirement benefits. The authority to establish and amend benefit provisions rests with the State Legislature. Benefit provisions include

Funding Policy – Under the System, contributions are made by the District, the State of Oklahoma and participating employees. Participation is required for all teachers and other certified staff and is options for all other employees of public education institutions who work at least 20 hours per week.

Contributions – In accordance with *Oklahoma Statutes*, System members are required to contribute 7.00% of applicable compensation. For the year ended June 30, 2020, qualifying employee contributions were reduced by a retirement credit of \$11,439 provided by Enrolled House Bill 1873 and paid by the State of Oklahoma as on-behalf payments. For the year ended June 30, 2020, the District had a statutory contribution rate of 9.5% plus 7.70% as a match for salaries funded by federal programs. The contribution requirements of System

members and the District are established and may be amended by the state legislature. For the year ended June 30, 2020, the District contributions to the System were \$132,062.

Pension plan fiduciary net position – Detailed information about the pension plan’s fiduciary net position is available in the separately issued TRS financial report that can be obtained at <http://www.ok.gov/trs/>.

5. Other Post-Employment Benefits (OPEB)

In addition to the retirement plan described in Note 4, the District participates in the state-administered Supplemental Health Insurance Program (OPEB Plan) within Teachers’ Retirement System of Oklahoma (the OPEB System), which is a cost-sharing multiple-employer defined benefit OPEB plan administered by the Teacher Retirement System (TRS).

Plan Description – The OPEB System provides pays a monthly health insurance premium supplement for each retired member who is enrolled in the health insurance plan provided by the State and Education Employees Group Health and Dental Insurance plan or in an insurance program provided by a participating education employer who provides health insurance coverage to former employees, provided the retired member had at least ten (10) years of Oklahoma service prior to retirement.

Benefits Provided – All retirees are eligible except for special retirees (as defined) and spouses and beneficiaries as long as they have at least 10 years of service. Retirees who elect such coverage receive the smaller of (i) a Medicare supplement benefit, if eligible, or (ii) an amount between \$100 and \$105 per month, depending on service and final average compensation. Payments made on the retirees’ behalf to the Employees Group Insurance Division of the Office of Management and Enterprise Services, if the member continues health coverage under that Plan, or (ii) to the member’s former employer, if the member retains health coverage under a plan maintained by the former employer.

Contributions – Employer and employee contributions are made based upon the TRS Plan provisions contained in State Statute Title 70, as amended. However, the statutes do not specify or identify any particular contribution source to pay the health insurance subsidy. The cost of the subsidy averages 0.15% of normal cost, as determined by an actuarial valuation.

OPEB plan fiduciary net position – Detailed information about the OPEB plan’s fiduciary net position is available in the separately issued TRS financial report that can be obtained at <http://www.ok.gov/trs/>.

6. Contingencies

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

During 2020, the world-wide coronavirus pandemic impacted local, national and global economies. The District is closely monitoring their operations and available fund balances and actively working to minimize current and future impacts of this unprecedented situation. As of the date of issuances of these financial statements, the current and future full impacts to the District is not known.

7. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions and natural disasters for which the District carries commercial insurance. There have been no significant reductions in coverage from prior year and settlements have not exceeded coverage in the past three years.

8. Tax Abatement

The State of Oklahoma has authorized by Oklahoma State Statutes Title 31 to offer Homestead and Veterans exemptions to Ad Valorem property taxes. These exemptions reduce the ad valorem taxes remitted to the District. For the year ended June 30, 2020, the district had the \$9,180 in abated ad valorem tax revenues.

9. Subsequent Event

The District has evaluated subsequent events through April 5, 2021, the date which the financial statements were available to be issued.

Note 4: Subrecipients

Zaneis School District No. C072, Carter County, Oklahoma did not have any awards that have been passed through to subrecipients.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Board of Education
Zaneis School District No. CO72
Wilson, Oklahoma

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the accompanying fund type and account group financial statements of Zaneis School District No. CO72, Carter County Oklahoma, as of and for the year ended June 30, 2020, and the related notes to the financial statement which collectively comprise the Zaneis School District No. CO72, Carter County Oklahoma's regulatory financial statements and have issued our report thereon dated April 5, 2021. Our report included an adverse opinion on U.S. Generally Accepted Accounting Principles and a qualified opinion due to the omission of the general fixed asset account group.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Zaneis School District No. CO72 Carter County, Oklahoma's internal control over financial reporting (internal control) to determine the as a basis for designed audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Zaneis School District No. CO72 Carter County, Oklahoma's internal control. Accordingly, we do not express an opinion on the effectiveness of Zaneis School District No. CO72 Carter County, Oklahoma's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be

material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses as items 2020-001 and 2020-002 that we consider to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Zaneis School District No. CO72, Carter County Oklahoma's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in accompanying schedule of findings and responses as item 2020-002.

Zaneis School District No. CO72, Carter County Oklahoma's Response to Findings

Zaneis School District No. CO72, Carter County Oklahoma's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. Zaneis School District No. CO72, Carter County Oklahoma's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Schedule of Findings and Responses

For the Year Ended June 30, 2020

2020-001 Financial Reporting

Condition: The District does not have a financial reporting system in place to ensure that all financial information is disclosed in the appropriate accounting period and in accordance with the regulatory basis of accounting and State Department of Education guidelines. In addition, the District does not report a general fixed asset account group as required by the State Department of Education guidelines.

Criteria: The responsibility for the financial statements remains with management even when the preparation of the financial statements is transferred to a service provider. An individual with sufficient awareness of disclosure requirements should be designated to oversee the preparation of the financial statements.

Cause: The internal control structure of the District focuses primarily on daily operations. The District does have a system of financial reporting that determines the trial balances used in financial statement preparation are final. The District does not currently have a system in place to determine appropriate financial statement disclosures. The District also does not have a system for accounting for general fixed assets.

Effect: Potential that financial statement disclosures will be incomplete. Scope limitation on the audit for the general fixed asset account group.

Recommendation: We recommend that the District evaluate the costs of providing for the additional assistance needed for the year-end financial reporting process to determine it is in accordance with accounting and regulatory requirements.

*Views of Responsible Officials
and Planned Corrective*

Action: The District's current budget constraints do not allow for the addition of an outside consultant to assist in the year-end financial reporting process. Management reviews disclosures as presented to determine that they are accurate.

Schedule of Findings and Responses
For the Year Ended June 30, 2020

2020-002 Identification and classification of employees vs. contractors

Condition: Payment are being classified as independent contractor payments through accounts payable for services that do not meet the requirements of the Internal Revenue Service (IRS).

Criteria: According to IRS Publication 15-A, a worker is an employee when the business has the right to direct and control the work performed by the worker, even if the right is not exercised. A worker is an employee if the Entity has the right to direct or control the financial and business aspects of the worker's job.

Cause: Misclassification of job duties as independent contractor rather than employee

Context: Three of the 25 purchase orders tested were for payments to workers for cleaning duties and teacher aid duties which were paid on a contractor basis. However, the duties of these positions would qualify the workers as employees.

Effect: District could be liable for employment taxes on misclassified workers.

Recommendation: We recommend that workers that do not meet the IRS guidelines as independent contractors be classified as employees. We also recommend that all workers classified as independent contractor be reviewed for compliance with IRS guidelines.

*Views of Responsible Officials
and Planned Corrective*

Action: The District will use recommendation and revise procedures to properly identify employees.
